Dividend:

کمپنی نے 30 جون 2018 کو ختم ہونے والے سال کے مالی نتیجہ کے تحت، بورڈ آف ڈائریکٹرز نے 130% کیس Dividend کی سفارش کی ہے جو کہ 13 روپے فی شیئر بنتا ہے۔

مستقبل پر نظر:

بین الاقوامی قیمتوں میں استحکام اور پاکستانی روپیہ کی قدر میں کمی کے ساتھ ساتھ، ہم نے اپنے پرائیمری ممبرین سیل کی 500 ملین روپے کی لاگت سے BMR کر رہے ہیں۔ یہ BMR بجلی کی کم قیمت پر ہماری کاسٹک کی فی ٹن پیداوار میں اضافہ کریگی۔ کاسٹک سوڈا کی اضافی پیداوار ہمسایہ ممالک کو برآمد کرنے کے لیے دستیاب ہوگی۔ LC کا قیام عمل میں لایا جا چکا ہے اور منصوبہ کو موجودہ مالی سال کی تیسری سہ ماہی کے اختتام تک مکمل کرنے کی منصوبہ بندی کی گئی ہے (انشاء اللہ)۔ کمپنی کی ٹیکسٹائل ڈویژن میں 552 اسپنڈل کے 04 نئے رنگ فریمز کی تنصیب کے بعد ہماری Our Head Cost میں کمی آئی ہے۔ ہم اپنی ٹیکسٹائل ڈویژن میں تقریباً 350 ملین روپے کی لاگت سے کچھ اہم BMR اور پرانی مشینری کو جدید سٹکس مشینری سے تبدیل کرنے کا منصوبہ ہے جس سے ہماری یارن کی کوالٹی بہتر ہوگی بلکہ کارکردگی بھی بہتر ہوگی۔ یہ منصوبہ مالی سال 2017-18 کے اختتام پر مکمل ہو جائے گا (انشاء اللہ)۔

ہم توجہ مرکوز کر رہے ہیں اور ہماری ترقی کا ایجنڈا مزید متنوع اور نئی مصنوعات کی لائنوں کو شامل ہونے پر ہے جو حصہ داروں کی مالیت پائیدار بنیادوں پر پیدا کرتی ہے۔ بین الاقوامی مارکیٹ میں کونکے کی بڑھتی ہوئی قیمتیں، بجلی اور قدرتی گیس کی قیمت میں بڑھتا ہوا اضافہ، اور درآمد کی گئی RLNG کی قیمت کے ساتھ اکیچینج ریٹ میں ناموافق رد و بدل یہ وہ عوامل ہیں جن کا کمپنی کو سامنا ہے۔

اعترافات:

ہم اس موقع پر اپنے محترم کاروباری شراکت داروں کی مستقل حوصلہ افزائی، مدد اور اعتماد کا شکریہ ادا کرتے ہیں۔ کمپنی اپنے ملازمین کی مستقل مزاجی، محنت، لگن اور صلاحیتوں کی معترف ہے اور اس پر فخر کرتی ہے۔

ملک کے مجموعی طور پر معاشی ماحول اور بین الاقوامی سطح پر کاسٹک سوڈا کی مستحکم قیمت برآمدات کے مواقع کیے گئے جو کمپنی کی مالی کارکردگی کو بہتر کرنے کا باعث بنا۔ دھماگہ کی اوسط قیمت میں اور فروخت میں بھی اس سال 2017-18 میں پچھلے سال کی نسبت بہتری آئی۔

مالی سال 2015 میں ایک کواپریٹو ہاؤسنگ سوسائٹی کے ساتھ زمین کی فروخت (سرمایہ کاری کی جائیداد) کا معاہدہ باہمی رضامندی سے کچھ قانونی غیر حل شدہ معاملات کی بنا پر منسوخ کر دیا گیا۔ تاہم مارچ 2018 میں کمپنی نے 1510K-10M زمین جو RB 199 میں واقع ہے ستارہ ڈویلپر (پرائیویٹ) لمیٹڈ کے ساتھ 2,190 ملین روپے کے عوض فروخت کے ایک نئے معاہدے میں داخل ہوئی ہے۔ یہ کارروائی منصفانہ مارکیٹ کی شرح کی بنیاد پر کی گئی۔ معاہدے کی 20% رقم، 438 ملین روپے بطور ایڈوانس بھی موصول ہو چکی ہے اور بقید رقم 1752 ملین روپے 6 سال کی مدت میں موصول ہوگی۔ بقیہ موصول کی جانے والی رقم کا اندراج بعوض 1317 ملین روپے Amortized Cost پر کتابوں میں درج کیا گیا ہے۔

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

AUDITORS' REPORT

To the members

Following are the key audit matters:

Key audit matter	How the matter was addressed in our audit
<p>Revenue Recognition</p> <p>The Company's sales comprise of revenue from the sale of chemicals and textiles (note 30) to the financial statements</p> <p>Revenue from the sale is recognized, when significant risks and rewards of ownership are transferred to the customer i.e. on dispatch of goods and transfer of risk and rewards of ownership (note 5.17).</p> <p>We identified revenue recognition as key audit matter as it is one of the key performance indicators of the Company considering its monetary value, because of the potential risk that revenue transactions may not have been recognized based on transfer of risk and rewards to the customers, in line with the accounting policy adopted and may not have been recognized in the appropriate period.</p>	<p>Our audit procedures to address the Key Audit Matter included the following:</p> <ul style="list-style-type: none"> obtaining an understanding of and assessing the design and implementation and operating effectiveness of controls around recognition of revenue ; assessing the appropriateness of the Company's accounting policies for revenue recognition and compliance of those policies with applicable accounting standards; checked on sample basis the recorded sales transactions based on underlying supporting documents; and tested timeliness of revenue recognition by comparing individual sales transactions before and after the year end to underlying supporting documents.
<p>Sale of investment property</p> <p>The Company holds land as investment property valued using the cost method i.e. at cost less any identified impairment loss (note 5.3).</p> <p>The Company had entered into an agreement for sale of land in financial year 2015 with a Cooperative Housing Society which was cancelled during the year due to certain unresolved issues and the Company took over the possession of such land. Further, in March 2018, the Company entered into a fresh agreement for sale of same land with an associated undertaking (note 11.1).</p> <p>In view of the estimates of monetary values involved, compliance of legal requirements, along with accounting of the resulting transactions, we have identified this area as a Key Audit Matter.</p>	<p>Our audit procedures to address the Key Audit Matter included the following:</p> <ul style="list-style-type: none"> made inquiries with the management to understand the underlying transactions; reviewed analysis of transactions, related vouchers, legal advices and receipts of monies received by management; read relevant documents such as new sales agreement, valuation report, board minutes, to verify facts and circumstances stated by management; and assessed the reasonableness of assumptions used in computing the discounted cash flows to arrive at the amounts to be incorporated in the financial statements and adequacy of the related disclosures in the financial statements.

AUDITORS' REPORT

To the members

Key audit matter	How the matter was addressed in our audit
<p>Change in accounting policy as a result of changes in the Companies Act 2017</p> <p>As referred to in note 3.1 to the accompanying financial statements, the Companies Act, 2017 (the Act) became applicable for the first time for the preparation of the Company's annual financial statements for the year ended June 30, 2018 due to which the Company has changed its accounting policy to account for surplus on revaluation of fixed assets (refer note 6) with retrospective effect. Previously, surplus on revaluation was presented in the financial statements below the equity and changes in surplus was taken directly to equity. Due to change in accounting policy, surplus on revaluation will be part of the equity and revaluation changes will be taken through other comprehensive income.</p> <p>We have considered the above as a Key Audit Matter due to the significant amount of surplus on revaluation of fixed assets, the complexity involved in the calculations for retrospective application and compliance with the disclosure requirements of IAS 8 Accounting Policies and Changes in Accounting Estimates and Errors.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> obtained workings for retrospective accounting of surplus on revaluation of fixed assets; re-performed the calculations based on the working and valuation reports of the respective years; reviewed that values of fixed assets, surplus on revaluation of fixed assets and gain / loss on assets disposed-off have been properly restated in the financial statements; and assessed if the change in accounting policy has been properly disclosed by the management in the financial statements of the Company in accordance with IAS-8.

Information other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance opinion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' REPORT

To the members

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITORS' REPORT

To the members

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The responsibility for compliance with the Regulation is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2018.

4. SIGNIFICANT ESTIMATES

The preparation of financial statements in conformity with IFRS's requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, incomes and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2018

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Significant areas requiring the use of management estimates in these financial statements relate to the useful life of property, plant and equipment and intangibles, revaluation of land, building and plant and machinery, provision for doubtful receivables, slow moving inventory, measurement of defined benefit obligations and assumptions used in discounted cash flow projections for deferred sale receivable. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted are set out below :

5.1 Property, plant and equipment

Property, plant and equipment and capital work in progress are stated at cost except free hold land, building on freehold land (factory) and plant & machinery less accumulated depreciation and accumulated impairment losses, if any. Building on freehold land (factory) and plant and machinery are stated at revalued amount less accumulated depreciation and accumulated impairment losses, if any. Freehold land is stated at revalued amount. Capital work-in-progress is stated at cost less impairment in value, if any. Cost includes borrowing cost as referred in accounting policy of borrowing cost.

Assets' residual values, if significant and their useful lives are reviewed and adjusted, if appropriate, at each statement of financial position date.

When significant parts of an item of property, plant and equipment have different useful lives, they are recognized as separate items of property, plant and equipment. Repair and maintenance costs are charged to income during the year in which they are incurred.

Depreciation is charged to income applying the reducing balance method at the rates specified in Property, plant and equipment note to these financial statements. Depreciation on additions and disposals during the year is charged on the basis of proportionate period of use.

Surplus arising on revaluation of property, plant and equipment is recognized, net of tax, in other comprehensive income and accumulated in reserves in shareholders' equity and is shown in equity. Revaluation is carried out with sufficient regularity to ensure that the carrying amounts of the assets does not differ materially from the fair value. Accumulated depreciation at the date of revaluation is eliminated against the cost of the asset and net amount is restated to the revalued amount of the asset. The surplus on revaluation of property, plant and equipment to the extent of incremental depreciation charged on the related property, plant and equipment during the year is part of statement of changes in equity.

Gains or losses on disposal of assets, if any, are recognized as and when incurred. Surplus arising on revaluation is credited to surplus on revaluation of property, plant and equipment. The surplus on revaluation of property, plant and equipment to the extent of incremental depreciation charged on the related assets is transferred by the Company to its un-appropriated profit.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2018

Capital work-in-progress

All expenditure connected with specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to specific assets as and when these assets are available for use.

5.2 Intangible Assets

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets are recognized when it is probable that the expected future economic benefits will flow to the entity and the cost of the asset can be measured reliably. Cost of the intangible asset (i.e. Computer software) include purchase cost and directly attributable expenses incidental to bring the asset for its intended use. Cost associated with maintaining computer software are recognized as an expense as and when incurred.

Intangible assets are stated at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is charged over estimated useful life of the asset on a systematic basis applying the reducing balance method. Useful life of intangible operating assets are reviewed, at each reporting date and adjusted if the impact of amortization is significant.

5.3 Investment property

Investment property, which is property held to earn rentals and/ or for capital appreciation, is valued using the cost method i.e. at cost less any accumulated depreciation and any identified impairment loss.

Depreciation on buildings is charged to income on reducing balance method at the rate of 10% per annum. Depreciation on additions to investment property is charged from the month in which a property is acquired or capitalized while no depreciation is charged for the month in which the property is disposed off. Any gain or loss on disposal of investment property, calculated as difference between present value of the proceeds from disposal and the carrying amount is recognised in the profit and loss account.

5.4 Investments

Regular way purchase or sale of investments

All purchases and sales of investments are recognized using trade date accounting. Trade date is the date that the Company commits to purchase or sell the investment.

Investment in associates

Associates are all entities over which the Company has significant influence, but not control, generally accompanying a shareholding of 20% or more of the voting rights or common directorship. These investments are initially recognized at cost and are subsequently valued using equity method less impairment losses, if any. Disposal of investment in associates is recognized by the Company on ceasing to have significant influence on associates.

At each reporting date, the Company reviews the carrying amounts of the investments in associates to assess whether there is any indication that such investments have suffered an impairment loss. If any such indication exists, the recoverable amount is estimated in order to determine the extent of the impairment loss, if any. In making an estimate of recoverable amount of these investments, the management considers future stream of cash flows and an estimate of the terminal value of these investments. Impairment losses are recognised as expense in the statement of profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2018

Available for sale

Investment securities held by the Company which may be sold in response to needs for liquidity or changes in interest rates or equity prices are classified as available for sale. These investments are initially recognized at fair value plus transaction cost and subsequently re-measured at fair value using quoted market prices. The investments for which quoted market price is not available, are measured at costs as it is not possible to apply any other valuation methodology. Gains and losses arising from re-measurement at fair value is recognized in other comprehensive income until sold, collected, or otherwise disposed off at which time, the cumulative gain or loss previously recognized in equity is included in profit and loss account.

De-recognition

All investments are derecognized when the rights to receive cash flows from the investments have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

5.5 Stores, spare parts and loose tools

These are valued at lower of cost and net realizable value less allowance for the obsolete and slow moving items. Cost is determined using moving average method. Items in transit are valued at cost comprising invoice value and other charges incurred thereon, up to reporting date.

Net realizable value represents estimated selling price in the ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sales.

5.6 Stock-in-trade

These are valued at lower of cost and net realizable value. Cost is determined as follows: -

Raw and packing materials	Average cost except for those in transit which are stated at invoice price plus other charges paid thereon up to the reporting date.
Work-in-process	Average manufacturing cost
Finished goods	Average manufacturing cost
Waste	Net realizable value

Net realizable value represents estimated selling price in the ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sale.

5.7 Trade debts and other receivables

Trade debts and other receivables are carried at original invoice amount less an estimate made for doubtful receivables based on review of outstanding amounts at the year end. Balances considered bad and irrecoverable are written off when identified.

5.8 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand, balances with banks, highly liquid short-term investments that are convertible to known amount of cash and are subject to insignificant risk of change in value, and short-term running finance under mark-up arrangements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2018

5.9 Impairment

Non Financial Assets

The Company assesses at each statement of financial position date whether there is any indication that assets except deferred tax assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in profit and loss account. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Where impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of the amount that would have been determined (net of depreciation and amortization) had no impairment loss been recognized. Reversal of impairment loss is recognized as income.

Financial Assets

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events had a negative effect on the estimated future cash flows of that asset. Individually significant financial assets or securities are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

5.10 Borrowings

Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the income statement over the period of the borrowings using the effective interest method. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of liability for at least 12 months after the statement of financial position date.

5.11 Employee retirement benefits

Defined contribution plan - Chemical division

The Company operates an approved funded contributory provident fund scheme for all its employees eligible for benefit. Equal monthly contributions are made by the Company and employees at the rate from 6.5% to 8.33% of basic salary depending upon the length of service of an employee. The Company's contribution to the fund is charged to profit and loss account for the year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2018

Defined benefit plan - Textile division

The Company operates an unfunded gratuity scheme for all those permanent employees who have completed minimum qualifying period of service as defined under the respective scheme. Provision is made to cover the obligation under scheme on the basis of actuarial valuation and is charged to income. The most recent Actuarial Valuation was carried out at June 30, 2018 using "Projected Unit Credit Method". The amount recognized in the balance sheet represents the present value of defined benefit obligation as adjusted for unrecognized actuarial gains and losses.

5.12 Trade and other payables

Liabilities for trade and other amounts payable are measured at cost which is the fair value of the consideration to be paid in future for goods and services received whether billed to the Company or not.

5.13 Provisions

Provisions are recognized when the Company has a present, legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

5.14 Taxation

6. CHANGE IN ACCOUNTING POLICY

The specific provision / section in the repealed Companies Ordinance, 1984 relating to the surplus on revaluation of fixed assets has not been carried forward in the Companies Act, 2017. Accordingly, in accordance with the requirements of International Accounting Standard (IAS) 16, Property, Plant and Equipment, surplus on revaluation of fixed assets would now be presented under equity.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2018

Following the application of IAS 16, the Company's accounting policy for surplus on revaluation of land and building stands amended as follows:

Increases in the carrying amounts arising on revaluation of land, buildings and plant and machinery are recognised, net of tax, in other comprehensive income and accumulated in revaluation surplus in shareholders' equity. To the extent that increase reverses a decrease previously recognised in the statement of profit or loss, the increase is first recognised in the statement of profit or loss. Decreases that reverse previous increases of the same asset are first recognised in other comprehensive income to the extent of the remaining surplus attributable to the asset. All other decreases are charged to the statement of profit or loss. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to the statement of profit or loss and depreciation based on the asset's original cost, net of tax, is reclassified from revaluation surplus on property, plant and equipment to unappropriated profit.

The change in accounting policy has been accounted for retrospectively in accordance with the requirements of IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' and comparative figures have been restated.

7.4 The Company had revalued its freehold land, building and plant & machinery at June 30, 2016. The revaluation had been carried out by Hamid Mukhtar & Company (Private) Limited, an independent valuer not connected to the Company and is on the panel of Pakistan Banks Association as 'Any Amount' asset valuer. It is also on the panel of State Bank of Pakistan and possesses appropriate qualification and recent experience in the fair value measurements in the relevant locations. The basis used for the revaluation of freehold land, buildings and machinery were as follows:

Land

Fair market rate of the land was assessed through inquiries in the vicinity of land and information obtained through property dealers of the area.

Buildings

New construction value (new replacement value of each item of the buildings) was arrived at by looking at the condition of the buildings. Valuer applied 3% per annum depreciation on "Written Down Value" basis to arrive at fair depreciated market value on "Going Concern" basis.

Machinery (Textile)

Inquiries were made from market to obtain prevalent replacement values of similar local and imported machinery items.

Machinery (Chemical)

Capitalized cost of the plant and machinery each year since its commissioning was taken as basis for revaluation. This cost has been escalated because of exchange rate increase. An average inflation rate in international prices with due consideration on the increase in international prices of the metals like mild steel, copper etc. has then been applied to arrive at an "Escalation Rate Factor", which has been instrumental for arriving at "New Replacement Values".

Depreciation due to usage has been applied on all assets of machinery at 10% per annum on written down value basis to arrive at a fair present / depreciated market value of the assets.

40.1 Credit risk and concentration of credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. To manage credit risk the Company maintains procedures covering the application for credit approvals, granting and renewal of counterparty limits and monitoring of exposures against these limits. As part of these processes the financial viability of all counterparties is regularly monitored and assessed.

The Company is exposed to credit risk from its operating activities primarily for local trade debts, sundry receivables and other financial assets.

The Company's credit risk exposures are categorized under the following headings:

40.1.1 Counterparties

The Company conducts transactions with the following major types of counterparties for its financial assets at amortised cost:

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2018

Trade debts

Trade debts are essentially due from local customers against sale of yarn, fabric caustic soda, hydrochloric acid, and other allied products and from foreign customers against supply of caustic soda (Liquid and flakes) and calcium chloride. The Company does not expect these counterparties to fail to meet their obligations. The majority of sales to the Company's customers are made on specific terms. Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and controls relating to customer credit risk management. Credit limits are established for all customers based on internal rating criteria. Credit quality of the customer is assessed based on an extensive credit rating. Outstanding customer receivables are regularly monitored and any shipments to foreign customers are generally covered by letters of credit or other form of credit insurance.

Bank and investments

The Company limits its exposure to credit risk by only investing in highly liquid securities and only with counterparties that have a credit rating of at least A1 and A. Given these high credit ratings, management does not expect any counterparty to fail to meet its obligations.

40.2 Liquidity risk management

Liquidity risk reflects the Company's inability in raising funds to meet commitments. Management closely monitors the Company's liquidity and cash flow position. This includes maintenance of balance sheet liquidity ratios, debtors and creditors concentration both in terms of the overall funding mix and avoidance of undue reliance on large individual customer.

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has built an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. Included in note 27.1 to these financial statements is the amount of additional undrawn facilities that the Company has at its disposal to further reduce liquidity risk.

40.2.1 Liquidity and interest risk table

The following table details the Company's remaining contractual maturity for its financial liabilities at amortised cost. The table has been drawn up based on the undiscounted cash flows of financial liabilities under long term financing agreements based on the earliest date on which the Company can be required to pay. 40.4 Equity Price Risk Management

The Company's listed and unlisted equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all equity investment decisions.

At the reporting date, the exposure to unlisted equity securities at fair value was Rs 25.04 million (2017: 5 Million).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2018

At the reporting date, the exposure to listed equity securities at fair value was Rs. 352.25 million (2017: Rs. 274.88 million). An increase of 25% on the KSE market index would have an impact of approximately Rs. 88.06 million on the income or equity attributable to the Company, depending on whether or not the increase is significant and prolonged. A decrease of 25% in the value of the listed securities would impact equity in a similar amount but will not have an effect on income unless there is an impairment charge associated with it.

40.4.1 Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1 Quoted prices (unadjusted) in active markets for individual assets or liabilities.
- Level 2 inputs, other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

	Level 1	Level 2	Level 3	Total

Total	274,882,920	-	-	274,882,920

There were no transfers between the levels during the year.

40.5 Determination of fair values

Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Available for sale investments as disclosed in other financial assets in listed entities, are presented at fair value by using quoted prices at Pakistan Stock Exchange as at June 30, 2018, and investment in other than listed entities are presented at fair value in reference to breakup value of shares. The carrying values of all other financial assets and liabilities reflected in the financial statements approximate their fair values.
