Directors' Review, 30 September 2018

The Directors of your Company are pleased to present the Condensed Interim Financial Statements (Un-audited) for the nine months ended 30 September 2018.

Your Company's Gross premium income (inclusive of Takaful) was Rs.20.83 billion during the first nine months of 2018 (2017: Rs.22.54 billion). New individual life regular premium income was Rs.4.43 billion (2017: Rs.3.19 billion), an increase of 38.8%, mainly driven by the bancassurance distribution channel. Renewal premium was Rs.12.08 billion (2017: Rs.10.41 billion) an increase of 15.97%. Inclusive of renewal premium, the total individual life regular premium business increased by 21.3% to Rs.16.5 billion (2017: 13.6 billion). Single premium business was Rs.2.12 billion (2017: Rs.6.99 billion). Group Benefits business was Rs.2.21 billion (2017: Rs.1.95 billion), a growth of 13.19%.

Your company's window takaful operations are in the third year of business. The total family takaful contribution was Rs.2.07 billion (2017: 1.62 billion). Out of this, Rs.1.91 billion (2017: Rs.1.49 billion) was from Individual family takaful business (a growth of 28.19%) while Rs.154.7 million (2017: Rs.124.15 million) was from Group Family Takaful (a growth of 24.6%). The Company expects this line of business to continue on a growth trajectory during 2018.

Your Company had a Profit after Tax of Rs.996.16 million (2017: Rs.1.214 billion). The reduction is due to drop in group life profitability as well as new business strain on the investment linked business. The Earnings per Share is Rs.9.96 (Restated 2017: Rs.12.15).

Interim Dividend: The Directors have pleasure in declaring an Interim Dividend of Rs.1.25 per share. i.e. 12.50%. This cash dividend is in addition to Interim cash dividend of Rs.2.50 per share i.e. 25% declared and paid during the year 2018.

Your Directors would like to place on record their appreciation for the contributions made by the EFU Life Head Office team and all distribution channels towards the development and growth of the Company. We would also like to thank the Securities and Exchange Commission of Pakistan for its guidance, and our main reinsurer Munich Re for its continuous support. Last but not least we would like to thank all our clients for their continued confidence in the Company.

Waqf deed also governs the relationship of the Company and policyholders for the management of Takaful operations, investment of policyholders' funds and shareholders' funds as approved by the Shariah Advisor appointed by the Company.

2 BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

- 2.1 The condensed interim financial information of the Company for the Nine months period ended 30 September 2018 has been prepared in accordance with the requirements of the International Accounting Standard 34 'Interim Financial Reporting' as applicable in Pakistan, provisions of and directives issued under the Companies Act, 2017, the Insurance Ordinance, 2000 and Insurance Rules, 2017. In case requirements differ, the provisions or directives of the Companies Act, 2017, Insurance Ordinance, 2000 and Insurance Rules, 2017 shall prevail.
- 2.2 The condensed interim financial information does not include all the information and disclosures required in the annual financial statements, Accordingly, the condensed interim financial information should be read in conjunction with the Company's annual financial statements as at and for the year ended 31 December 2017 except for the changes as disclosed in note no.5.
- 2.3 Standards, interpretations and amendments to approved accounting standards that are not yet effective

The following revised standards, amendments and interpretations with respect to the approved accounting standards would be effective from the dates mentioned below against the respective standard or interpretation:

IFRS 9 'Financial Instruments' and amendment - Prepayment Features with Negative Compensation (effective for annual periods beginning on or after 1 July 2018 and 1 January 2019 respectively). IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments. A new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. The Company is currently in the process of analyzing the potential impact of changes required in classification and measurement of financial instruments and the impact of expected loss model on adoption of the standard.

IFRS 16 'Leases' (effective for annual period beginning on or after 1 January 2019). IFRS 16 replaces existing leasing guidance. including IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-1 5 'Operating Leases-

Incentives' and SIC-27 ' Evaluating the Substance of Transactions Involving the Legal Form of a Lease'. IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard i.e. lessor continue to classify leases as finance or operating leases. The Company is currently in the process of analyzing the potential impact of its lease arrangements that will result in recognition of right to use assets and liabilities on adoption of the standard.

Amendment to IFRS 4 'Insurance Contracts'- Applying IFRS 9 'Financial Instruments' with IFRS 4 (effective for annual periods beginning on or after 1 July 2018). The amendment address issue arising from the different effective dates of IFRS 9 and the forthcoming new standard IFRS 17 'Insurance Contracts'. The amendments introduce two alternative options for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS. The overlay approach allows an entity applying IFRS 9 from 1 July 2018 onwards to remove from profit or loss the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied.

2.4 Standards, interpretations and amendments to published approved accounting standards that are effective but not relevant

There are certain new standards, amendments to the approved accounting standards and new interpretations that are mandatory for accounting periods beginning on or after 1 July 2017. However, these do not have any significant impact on the Company's financial reporting and therefore have not been detailed in these condensed interim financial information.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and method of computation adopted in the preparation of the condensed interim financial information are consistent with those followed in the preparation of the annual financial statements of the Company for the year ended 31 December 2017 except for the changes as disclosed in note no. 5.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The financial risk management objectives and policies are consistent with those disclosed in the financial statements of the Company for the year ended 31 December 2017.

In preparing this condensed interim financial information, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements as at the year ended 31 December 2017.

5. CHANGE IN ACCOUNTING POLICY

- a) The SECP vide SRO 89(1)/2017 dated February 9, 2017 has issued Insurance Rules, 2017 (the Rules) which requires every insurer to prepare their financial statements as per the presentation and disclosure requirements prescribed in Annexure II of the Rules. In view of the applicability of the Rules, the Company has changed its presentation and disclosure format to comply with the requirements of the said Rules.
- b) As a result, retained earnings on other than participating business which was previously reported in Balance of Life Fund, will now be reported in Statement of Changes in Equity net of deferred tax as Ledger Account D. Further, any loss on statutory fund will be transferred to Profit and Loss Account, which was previously retained in statutory fund as capital contribution.
- c) During the period, the Company has changed its accounting policy for the valuation of the Available for Sale investments of Non Unit linked business to comply with the requirements of the Insurance Accounting Regulations, 2017 issued by the SECP vide its SRO 88(1)/2017 dated February 9, 2017, which requires the valuation of Available for Sale investments at fair value. In line with the requirements provided in the Rules, subsequent to initial recognition, the quoted Available for Sale investments are to be valued at market value and any unrealised gains or losses arising on the revaluation of Available for Sale investments is charged to Other Comprehensive Income and transferred to revaluation reserve. On derecognition or impairment of Available for Sale investments, the cumulative gains or losses previously reported in revaluation reserve are reclassified to the Profit and Loss Account for the period. This change in accounting policy has been applied retrospectively in accordance with the requirements of IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors', and

comparatives have been restated to confirm to the changed policy. Further, previously Available for Sale investment relating to the units assigned to policies of Unit Linked businesses were subsequently measured at fair value and the difference was recorded in the Revenue Account. During the period, the Company has reclassified such investments portfolio as Financial Assets at Fair Value through Profit and Loss account, designated upon initial recognition to meet the requirements of Insurance Accounting Regulation, 2017. However, it has no effects on the financial results.

d) Previously, subsequent to initial recognition, the quoted Available for Sale investments for Non Unit linked portfolio were stated at lower of cost or market value (market value being taken as lower if the reduction is other than temporary) in accordance with the requirements of the SEC Insurance Rules, 2002.

Accordingly, retrospective adjustments have been made in this condensed interim financial information and comparatives have been revised as follows:

15. CONTINGENCIES AND COMMITMENTS

15.1 The Income tax assessment of the Company for tax year 2017 has been finalized. The tax department has reopened the assessment order issued under Sec 122(5A) for the tax year 2009-2016 and has raised a demand of Rs. 56.31 million against dividend income so received by the Company to be taxed at corporate rate instead of reduced rates available in the First schedule of Income Tax Ordinance 2001. The Company filed an appeal for tax year 2009-2013 before CIT appeals where the case was decided against the Company. The Company has filed an appeal before Appellate Tribunal for the same tax years where the case was decided in favour of the Company. For tax year 2014 and tax year 2016, the Company filed an appeal before CIT appeals against the order, where the case was decided in favour of the Company. For the tax year 2015, the Company has filed an appeal before CIT appeals. No provision has been made in respect of aforementioned additional demand.

In 2013, Income Tax Department imposed an additional tax demand under section 151(1)(d) on account of non-deduction of withholding tax on surrender and maturity amounting to Rs.13.833 million and Rs.15.014 million for Tax Years 2012 and 2013 respectively. The Company filed an appeal before Commissioner Inland Revenue (Appeals) and the same was dismissed. The Company filed second appeal before the Appellate Tribunal against the order of CIT. The learned Appellate Tribunal Inland revenue has now decided the case in Company's favour. Subsequent to the period, the department has filed review application against the order in Honourable Court of Sindh. The decision is still pending.

In 2015 and 2016, The searle company Limited issued bonus shares (76,031 shares and 342,480 shares respectively) after withholding 5 percent of bonus shares (3,801.55 shares and 18,707.44 shares respectively) and the IBL Healthcare Ltd. issued bonus shares (46,625 shares and 80,311 shares respectively) after withholding 5 percent of bonus shares (2,331.26 shares and 4,031 shares respectively). In this regard, a constitutional petition had been filed by the Company in Sindh High Court challenging the applicability of withholding tax provision on bonus shares received by the Company. The honorable high court decided the case against the Company. Subsequently, the Company filed an appeal with a larger bench of the Sindh High Court and in response the Sindh High Court has suspended the earlier judgement until the next date of hearing, which has not yet been decided. The Company is of the view that the case will be decided in its favour and no provision has been made for the aforementioned tax.

15.2 Bank guarantees amounting to Rs.17.27 million have been given in respect of Group Life coverage. These bank guarantees will expire by 16th January 2020.

FAIR VALUE 30

nvestments on the balance sheet are carried at fair value except for investments in non unit-linked funds which are stated at lower of cost or market value and unquoted nvestments which are stated at cost. The Company is of the view that the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are essentially short term in nature.

The Company's accounting policy on fair value measurements of its investments is discussed in note 5 to this condensed interim financial information.

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs)

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:
