DIRECTORS' REVIEW

The directors of your Company are pleased to present un-audited condensed financial statements of the Company for the quarter ended September 30, 2018.

Financial Position at a Glance

A brief financial analysis of the Company for the quarter is summarized below:

Operating Results	July- September 2018	July- September 2017	Increase/ Decrease
	Amount in PKR million		
Turnover	11,125	10,129	10.82%
Net Turnover	8,484	7,675	10.54%
Gross Profit	2,545	2,604	(2.27%)
Gross Profit %	30.00%	33.93%	393 bps
Selling & Distribution Cost	1,269	1,306	(2.83%)
Administrative Expenses	124	108	14.81%
Operating Profit	1,171	1,169	0.17
Profit After Tax	801	817	(1.96%)
Earnings Per Share - Rupees	13.91	14.19	(1.96%)

Financial Performance Highlights

Net turnover of the Company grew by 10.54% mainly on account of price adjustments made to offset the impact of increase in cost of production. However, despite the increase in selling prices, the gross profit margin of the Company dropped by 393 bps over the corresponding period last year as the Company did not pass on the full impact of devaluation of PKR and increase in the commodity prices due to competitive dynamics of the industry.

The Company rationalized its spending on media and promotion resulting in decrease of 2.83% in the selling and distribution cost. Administrative expenses of the Company grew by 14.81% mainly due to increase in employee related cost and depreciation expense.

Net turnover, gross profit and selling and distribution cost of corresponding period has been restated due to implementation of IFRS 15 as detailed in note 3 to the unaudited condensed interim financial statements.

Business Performance Highlights

Personal care continues to deliver steady growth resulting in share gain for bar soap business.

Due to pressure on margins, the Company took selective price increases on its brands to partially neutralize the impact of increased costs and devaluation.

Tax avoidance by unorganized sector in detergent powder and dishwashing bar market is helping the regional players to gain momentum. Due to these non-filers in the industry, the organized sector does not have a level playing field.

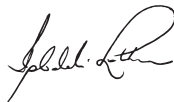

Future Outlook

The PKR has continued its slide against US Dollar and has depreciated by more than 6% in the current month. Further devaluation of rupee is expected. The international economic outlook also looks uncertain and it is expected that the prices of key commodities may increase further.

Acknowledgement

We would like to extend our sincere gratitude to our customers for their trust in our brands. We are thankful to our bankers, shareholders and suppliers for their continued support. We also appreciate our employees for their relentless dedication and immense contribution to the Company.

ڈائریکٹرز رپورٹ

کمپنی ڈائریکٹرز مسرت کے ساتھ کمپنی کے 30 ستمبر 2018 کو اختتام پذیر ہونے والی سہ ماہی کے غیر آڈٹ شدہ مختصر مالیاتی گوشوارے پیش کرتے ہیں۔

مالیاتی صورتحال ایک نظر میں

اس سہ ماہی کے لیے کمپنی کا مختصر مالیاتی جائزہ ذیل کے مطابق ہے:

کاروباری نتائج	جولائی - ستمبر 2018	جولائی - ستمبر 2017	اضافہ / (کمی)
	(روپے ملین میں)		
مجموعی آمدنی	11,125	10,129	10.82%
خالص آمدنی	8,484	7,675	10.54%
مجموعی منافع	2,545	2,604	(2.27%)
مجموعی منافع %	30.00%	33.93%	(393 بنیادی پوائنٹس)
فروخت اور ترسیل کے اخراجات	1,269	1,306	(2.83%)
% انتظامی اخراجات	124	108	14.81%
آپریٹرز سے منافع	1,171	1,169	0.17
بعد از ٹیکس منافع	801	817	(1.96%)
فی شیئر آمدنی (روپے)	13.91	14.19	(1.96%)

مالیاتی کارکردگی کی جھلکیاں

کمپنی کی خالص آمدنی میں 10.54% کے اضافے کی بنیادی وجہ قیمتوں میں مطابقت تھی جو پیداواری لاگت میں اضافے کے اثرات کو متوازن کرنے کے لیے کی گئی۔ قیمتوں میں اضافے کے باوجود کمپنی کا مجموعی منافع گزشتہ سال کی اسی مدت کے مقابلے میں 393 بنیادی پوائنٹس سے کم ہوا، چونکہ کمپنی نے انڈسٹری کے مسابقتی محرکات کی وجہ سے روپے کی قدر میں ہونے والی کمی اور اشیاء تصرف کی قیمتوں میں اضافے کے مجموعی اثرات صارف پر منتقل نہیں کئے۔

کمپنی کے فروخت اور ترسیل کے اخراجات میں 2.83% کمی واقع ہوئی جس کی وجہ میڈیا اور پرموشنل سرگرمیوں کی مدد میں اخراجات میں استدلال تھا۔ انتظامی اخراجات میں 14.81% اضافہ ہوا جس کی بنیادی وجہ ملازمین اور ڈیپارٹمنٹل سیشن سے متعلق اخراجات ہیں۔

IFRS 15 کو لاگو کرنے کی وجہ سے متعلقہ مدت کی خالص آمدنی، مجموعی منافع اور فروخت و ترسیل کے اخراجات دوبارہ بیان کیے گئے ہیں، جس کی تفصیل غیر آڈٹ شدہ مختصر عیوری مالیاتی گوشواروں کے نوٹ 3 میں درج ہے۔

کاروباری کارکردگی کی جھلکیاں

پرسنل کیئر میں مستقل بنیادوں پر بتدریج نمو کے نتیجے میں بارسوپ بزنس کے شیئرز میں اضافہ ہوا ہے۔

منافع پر دباؤ کے نتیجے میں چند برانڈز کی قیمتوں میں اضافہ کیا گیا تاکہ اخراجات میں اضافے اور روپے کی قدر میں کمی کے اثرات کو جزوی طور پر زائل کیا جاسکے۔

ڈسٹریبیوٹرز اور ڈسٹریبیوٹرز واشنگ بار مارکیٹ میں غیر منظم کاروباری طبقہ کے ٹیکس بچانے کی وجہ سے انہیں کاروبار میں نمو حاصل کرنے میں مدد مل رہی ہے۔ انڈسٹری کے ان نان فیکٹریز کی وجہ سے منظم طبقہ کو اپنا کاروباری حجم بڑھانے کے یکساں مواقع حاصل نہیں ہیں۔

مستقبل کی توقعات

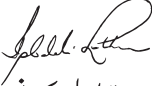

پاکستانی روپیہ امریکی ڈالر کے مقابلے میں مسلسل کمی کا شکار ہے اور رواں ماہ کے دوران اس میں 6% سے زائد کمی واقع ہو چکی ہے۔ جبکہ روپے کی قدر میں مزید کمی کی توقع ہے۔ بین الاقوامی معاشی منظر نامہ بھی غیر یقینی نظر آ رہا ہے اور اہم اشیاء تصرف کی قیمتوں میں مزید اضافہ کی توقع کی جاسکتی ہے۔

اظہار تشکر

ہم اپنے صارفین کے انتہائی مشکور ہیں کہ انہوں نے ہمارے برانڈز پر اپنا اعتماد برقرار رکھا۔ ہم اپنے بینکرز، شیئرز، ہولڈرز اور سپلائرز کی مسلسل معاونت پر انکے شکر گزار ہیں۔ ہم اپنے ملازمین کی انتھک لگن اور قابل قدر کردار کی تعریف کرتے ہیں۔

2.7 The accounting policies and the methods of computation adopted in the preparation of these condensed interim financial statements are same as those applied in the preparation of the financial statements for the year ended June 30, 2018 except for those specified in note 3 below.

3. CHANGE IN ACCOUNTING POLICY

3.1 IFRS 9 'Financial Instruments'

IFRS 9 has replaced the multiple classification and measurement models in IAS 39 'Financial Instruments: Recognition and Measurement' with a single model having two classification categories (i.e. amortised cost and fair value). It has also introduced an expected credit loss impairment model. Following the application of IFRS 9, the Company's policy for financial instruments stands amended as follows:

Financial assets

The Company classifies its financial assets at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

a) Financial assets at amortised cost

Financial assets at amortised cost are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are those financial assets which are either designated in this category or not classified in any of the other categories.

All financial assets are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. Regular purchases and sales of investments are recognised at trade date i.e. the date on which the Company commits to purchase or sell the asset.

Financial assets are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the profit or loss.

Gains and losses arising on financial assets at amortised cost and financial assets at fair value through profit or loss are recognised in profit or loss. Interest calculated under effective interest method, dividend, impairment and foreign exchange gains and losses on financial assets at fair value through other comprehensive income are also recognised in profit or loss. Gains and losses from changes in fair value of financial assets at fair value through other comprehensive income are recognised in other comprehensive income and, in case of debt instruments, are reclassified to profit or loss on derecognition or reclassification.

Financial assets are derecognised when the rights to receive cash flows from the assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables, the Company applies the simplified approach, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Financial liabilities

Financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised costs are initially measured at fair value minus transaction costs. Financial liabilities at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the profit or loss.

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the profit or loss.

Off-setting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount is reported in the financial statements if the Company has a legally enforceable right to set-off the transaction and also intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The aforesaid change in accounting policy resulted in reclassification of investment in mutual funds amounting to Rs 2,200 million as at July 1, 2018 from available for sale to fair value through profit or loss since its cash flows do not represent solely payments of principal and interest. In accordance with the transitional provisions in IFRS 9, comparative figures have not been restated and the reclassification is recognised in the opening statement of financial position.

The effect of change in accounting policy is summarised below:

Effect on statement of changes in equity	As at June 30, 2018	Reclassification	As at July 1, 2018
	----- (Rupees in '000) -----		
Unappropriated profit	12,937,587	949	12,938,536
Surplus on revaluation of investments	5	(949)	(944)

Further, the classification terms used for remaining financial assets have been changed as follows:

S. No.	Term as per IAS 39	Term as per IFRS 9
1.	Loans and receivables	Amortised Cost
2.	Available for sale	Fair value through other comprehensive income

3.2 IFRS 15 'Revenue from Contracts with Customers'

IFRS 15 introduces a single five-step model for revenue recognition with a comprehensive framework based on core principle that an entity should recognise revenue representing the transfer of promised goods or services under separate performance obligations under the contract to customer at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Following the application of IFRS 15, the Company's policy for revenue recognition stands amended as follows:

Revenue recognition

- Revenue from sale of goods is recognised when the Company satisfies a performance obligation by transferring promised goods to customer. Goods are transferred when the customer obtains their control (i.e. on dispatch of goods to customers). Revenue is recognised at transaction price (which excludes estimates of variable consideration).
- Profit on bank balances is recognised on a time proportion basis on the principal amount outstanding and at the applicable rate.
- Insurance commission income is recognised as and when received.
- Gains / (losses) arising on disposal of investments are recognised on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities measured at 'fair value' are included in profit or loss / other comprehensive income in the period in which they arise.

The aforesaid change in accounting policy resulted in reclassification of certain payments / rebates from selling and distribution costs to trade and other discounts because they meet the criteria of variable consideration and do not constitute distinct goods / services.

The effect of change in accounting policy is summarised below:

Quarter ended September 30, 2017

Effect on statement of profit or loss and other comprehensive income	As previously reported	Reclassification	As reported after reclassification
	----- (Rupees in '000) -----		
Trade and other discounts	(595,126)	(255,862)	(850,988)
Selling and distribution costs	(1,561,688)	255,862	(1,305,826)

4. SIGNIFICANT ACCOUNTING ESTIMATES , JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

The preparation of these condensed interim financial statements in conformity with the approved accounting standards as applicable in Pakistan for interim reporting requires management to make estimates, assumptions and use judgments that affect the application of policies and reported amounts of assets and liabilities and income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on the historical experience and other factors, including reasonable expectations of future events. Revision to accounting estimates are recognised prospectively commencing from the period of revision.

Judgements and estimates made by the management in the preparation of these condensed interim financial statements are same as those applied to financial statements as at and for the year ended June 30, 2018.

The Company's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended June 30, 2018.
