/ Chairman's Review

I am pleased to share the key financial results and overall performance of the Board and effectiveness of its role in achieving the Company's objectives. The Board exercised its professional duties with integrity, honesty and diligence. I, as Chairman of the Board, ensured that the board meetings are held in a professional manner focusing on achieving the goals in the best interest of the Company.

Despite of awful challenges, the Company continued focus on strategic priorities, operational excellence and continued to move robustly and has surpassed preceding records by attaining highest ever sales of Rs. 15 Billion. The margins were affected owing to inflation and devaluation of rupee. During the period under review, we transpired that Company was able to increase export sales by 54%.

The composition of the Board of Directors reflects mix of varied backgrounds and rich experience in the fields of business, finance and regulations. It represents a reasonable balance of executive, non-executive and independent directors having strong financial and analytical abilities, core competencies and knowledge to lead the company.

For the financial year ended September 30, 2018, the Board's overall performance and effectiveness has been assessed as Satisfactory. Improvement is an ongoing process leading to action plans.

The Board of Directors of the Company received agendas and supporting written material including follow up materials in sufficient time prior to the board and its committee meetings. The board meets frequently enough to adequately discharge its responsibilities.

The Board met the duties as required under the Companies Act, 2017 and Listed Companies (Code of Corporate Governance), Regulations 2017.

/ NEW DENISOL® PURE INDIGO 30 liq

Break new ground with Aniline-Free* Indigo for denim.

Archroma moves forward with full scale production of its new Aniline-Free Denisol® Pure Indigo in Pakistan.

Archroma, a global leader in color and specialty chemicals towards sustainable solutions, announced that the production of its new aniline-free* Denisol® Pure Indigo has been accelerated due to the high demand encountered on the market. Denisol® Pure Indigo is generating a strong interest in the denim industry and that the plant had been able to start production at maximum capacity to meet the demand.

Denisol® Pure Indigo 30 liq allows a cleaner way to produce the traditional, iconic indigo blue color that consumers associated with denim and jeans.

The Archroma site in Jamshoro - Pakistan was earmarked to produce Denisol® Pure Indigo owing to its state-of-the-art sustainable facilities – the site made headlines in 2012 being what Archroma believed to be the industry's first zero liquid discharge plant.

"True to our commitment towards continuous innovation, Archroma challenges the status quo in the deep belief that we can make our industry sustainable. Denisol® Pure Indigo is result of our efforts to challenge accepted technologies in order to find a better way to advance sustainability, and it is therefore extremely exciting to see that brands, retailers and manufacturers are eager to offer a more sustainable denim to consumers. We owe the successful launch of Denisol® Pure Indigo to the shared vision of the textile value chain to preserve our planet and its people, after all - **it's our nature**".

Denim is one of the most important textile exports of Pakistan and we are proud to be associated with our partners in their success. Our plant has a sizeable capacity to meet their demand. We are fully convinced that the new innovation, Denisol® Pure Indigo, will further enhance the sustainability and the value of denim fashion in flourishing local and export trends. Brand owners, retailers as well as end consumers will benefit from these cleaner production ethics".

Archroma is a recognized leader in integrated solutions, offering best-in-class auxiliaries for bespoke process packages.

/ NEW DENISOL® PURE INDIGO 30 liq

Archroma's new aniline-free* indigo dye, Denisol® Pure Indigo 30 liq, reduces risk when producing the traditional, iconic indigo blue that consumers associate with denim and jeans.

During production, some of the aniline stays locked into the indigo pigment and is difficult to wash off the fabric. The remainder of the aniline impurity, approximately 300 metric tons, is discharged during dyeing. This can be an issue as aniline is toxic to aquatic life. In addition, exposure levels to factory workers can be high.

The toxic chemical is therefore starting to feature on the restricted substance lists (RSL) of some major clothing brands and retailers.

For designers and brand owners who long for authentic indigo inspiration, the new Denisol® Pure Indigo 30 liq now also makes it possible to produce indigo dyed denim without high levels aniline impurities.

From fiber to finish, Archroma offers a scope of possibilities for effects and colors, from the authentic roots of indigo to the most innovative and eco-advanced solutions.

APPROACHING DENIM WITH A CLEAR MIND

- 2009 Archroma launches Advanced Denim, a dyeing technology for minimal water consumption
- 2014 Archroma introduces eco-advanced manufacture of pre-reduced indigo solution in a "zero liquid discharge" plant
- 2018 Archroma launches groundbreaking aniline-free* pre-reduced indigo solution

The Archroma Way: Safe, efficient and enhanced. It's our nature.

To the members of Archroma Pakistan Limited
Review Report on Statement of Compliance contained in Listed Companies
(Code of Corporate Governance) Regulations, 2017

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2017 ("the Regulations") prepared by the Board of Directors of **Archroma Pakistan Limited** ("the Company") for the year ended 30 September 2018 in accordance with the requirements of regulation 40 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 September 2018.

Opinion

We have audited the annexed financial statements of **Archroma Pakistan Limited** (the Company), which comprise the statement of financial position as at 30 September 2018, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

in our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 September 2018 and of the profit and other comprehensive loss, the changes in equity and its cash flows for the year then ended.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

KPMG Taseer Hadi & Co.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

KPMG Tasear Hadi & Co.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

3. BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards or IFAS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

3.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except as stated otherwise.

3.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupees which is the Company's functional and presentation currency. All financial information presented in Pakistan Rupees has been rounded to the nearest thousand of rupees, unless stated otherwise.

3.4 Critical accounting estimates and judgments

The preparation of these financial statements in conformity with approved accounting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Information about judgments made by the management in the application of approved accounting standards, as applicable in Pakistan that have the most significant effects on the amount recognized in the financial statements and information about assumptions and estimation uncertainties with significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities in the next year are described in the following notes:

- i) estimation of useful lives and residual values of operating fixed assets (notes 5.1 and 6.1);
- ii) estimation in writing down items of stores and spares to their net realisable value (notes 5.3 and note B);

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

- iii) estimation in writing down items of stock-in-trade to their net realisable value (notes 5.4 and 9);
- iv) estimation of provision for impairment of trade debts (notes 5.5 and 10);
- v) provision for taxation (notes 5.6 and 32);
- vi) measurement of defined benefit obligation and other long term employment benefits : key actuarial assumptions (notes 5.11 and 28);
- vii) lease classification (notes 5.17 and 16);
- viii) Recognition and measurement of provisions and contingencies (notes 5.13 and 23).

4. ACCOUNTING STANDARDS, INTERPRETATIONS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING STANDARDS

4.1 Standards, interpretations and amendments to published approved accounting standards that are effective and relevant:

- Disclosure initiative - amendments to 'IAS 7, 'Statement of Cash Flows' became effective during the year requiring entities to explain changes in their liabilities for which cash flows have been or will be classified as financing activities in the Statement of Cash Flows. The amendment resulted in an additional disclosure which has been included in these financial statements.
- The Companies Act, 2017 ('the Act') has also brought certain changes with regards to preparation and presentation of annual financial statements of the Company. These changes include change in nomenclature of primary financial statements and disclosure requirements in the fourth schedule to the Act have been revised resulting in the elimination of duplicate disclosures to align with the IFRSs and incorporation of significant additional disclosures, which have been included in these financial statements.

4.2 Standards, interpretations and amendments to published approved accounting standards that are effective but not relevant:

There are certain new standards, amendments to the approved accounting standards and new interpretations that are mandatory for accounting periods beginning on or after 1 October 2017. However, these do not have any significant impact on the Company's financial reporting and therefore have not been detailed in these financial statements.

4.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective:

The following are the new standards, amendments to existing approved accounting standards and new interpretations that will be effective for the periods beginning on or after 1 October 2018, that may have an impact on the financial statements of the Company.

- Transfers of Investment Property (Amendments to IAS 40 'Investment Property' effective for annual periods beginning on or after 1 January 2018) clarifies that an entity shall transfer a property to, or from, investment property when, and only when there is a change in use. A change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. In isolation, a change in management's intentions for the use of a property does not provide evidence of a change in use. The amendments are not likely to have an impact on Company's financial statements.

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

- Annual Improvements to IFRSs 2014-2016 Cycle (Amendments to IAS 28 'Investments in Associates and Joint Ventures') (effective for annual periods beginning on or after 1 January 2018) clarifies that a venture capital organization and other similar entities may elect to measure investments in associates and joint ventures at fair value through profit or loss, for each associate or joint venture separately at the time of initial recognition of investment. Furthermore, similar election is available to non-investment entity that has an interest in an associate or joint venture that is an investment entity, when applying the equity method, to retain the fair value measurement applied by that investment entity associate or joint venture to the investment entity associate's or joint venture's interests in subsidiaries. This election is made separately for each investment entity associate or joint venture. The amendments are not likely to have an impact on Company's financial statements.
- IFRIC 22 'Foreign Currency Transactions and Advance Consideration' (effective for annual periods beginning on or after 1 January 2018) clarifies which date should be used for translation when a foreign currency transaction involves payment or receipt in advance of the item it relates to. The related item is translated using the exchange rate on the date the advance foreign currency is received or paid and the prepayment or deferred income is recognized. The date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it), would remain the date on which receipt of payment from advance consideration was recognized. If there are multiple payments or receipts in advance, the entity shall determine a date of the transaction for each payment or receipt of advance consideration. The application of interpretation is not likely to have an impact on Company's financial statements.
- IFRIC 23 'Uncertainty over Income Tax Treatments' (effective for annual periods beginning on or after 1 January 2019) clarifies the accounting for income tax when there is uncertainty over income tax treatments under IAS 12. The interpretation requires the uncertainty over tax treatment be reflected in the measurement of current and deferred tax. The application of interpretation is not likely to have an impact on Company's financial statements.
- IFRS 15 'Revenue from contracts with customers' (effective for annual periods beginning on or after 1 July 2018). IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognized. It replaces existing revenue recognition guidance, including IAS 18 'Revenue', IAS 11 'Construction Contracts' and IFRIC 13 'Customer Loyalty Programmes'. Management is in the process of assessing implications of this standard on its revenue recognition.
- IFRS 9 'Financial Instruments' and amendment 1 – Prepayment Features with Negative Compensation (effective for annual periods beginning on or after 1 July 2018 and 1 January 2019 respectively). IFRS 9 replaces the existing guidance in IAS 39 'Financial Instruments: Recognition and Measurement'. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. The Company is currently in the process of analyzing the potential impact of changes required in classification and measurement of financial instruments and the impact of expected loss model, on adoption of the standard.
- IFRS 16 'Leases' (effective for annual period beginning on or after 1 January 2019). IFRS 16 replaces existing leasing guidance, including IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases- Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'. IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases. Management is in the process of assessing implication of this standard on its leases.

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

- Amendments to IAS 28 'Investments in Associates and Joint Ventures' (effective for annual periods beginning on or after 1 January 2018) clarifies that a venture capital organization and other similar entities may elect to measure investments in associates and joint ventures at fair value through profit or loss, for each associate or joint venture separately at the time of initial recognition of investment. Furthermore, similar election is available to non-investment entity that has an interest in an associate or joint venture that is an investment entity, when applying the equity method, to retain the fair value measurement applied by that investment entity associate or joint venture to the investment entity associate's or joint venture's interests in subsidiaries. This election is made separately for each investment entity associate or joint venture. The amendments are not likely to have an impact on Company's financial statements.
- Amendments to IAS 19 'Employee Benefits- Plan Amendment, Curtailment or Settlement' (effective for annual periods beginning on or after 1 January 2019). The amendments clarify that on amendment, curtailment or settlement of a defined benefit plan, a company now uses updated actuarial assumptions to determine its current service cost and net interest for the period; and the effect of the asset ceiling is disregarded when calculating the gain or loss on any settlement of the plan and is dealt with separately in other comprehensive income. The application of amendments is not likely to have an impact on Company's financial statements.
- Annual Improvements to IFRS Standards 2015–2017 Cycle - the improvements address amendments to following approved accounting standards:
 - IFRS 3 Business Combinations and IFRS 11 Joint Arrangement - the amendment aims to clarify the accounting treatment when a company increases its interest in a joint operation that meets the definition of a business. A company remeasures its previously held interest in a joint operation when it obtains control of the business. A company does not remeasure its previously held interest in a joint operation when it obtains joint control of the business.
 - IAS 12 Income Taxes - the amendment clarifies that all income tax consequences of dividends (including payments on financial instruments classified as equity) are recognized consistently with the transaction that generates the distributable profits.
 - IAS 23 Borrowing Costs - the amendment clarifies that a company treats as part of general borrowings any borrowing originally made to develop an asset when the asset is ready for its intended use or sale.

The above improvements to standards are not likely to have material / significant impact on Company's financial statements.

5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

5.1 Property, plant and equipment

5.1.1 Operating fixed assets

Owned assets

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except freehold land and capital work-in-progress which are stated at cost less accumulated impairment losses, if any. Whereas, cost includes expenditures that are directly attributable to the acquisition of the assets. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

Depreciation is charged using the straight line method, whereby the depreciable amount of an asset is written off over its estimated useful life. The cost of leasehold land is amortised equally over the lease period. The asset's residual values and useful lives are reviewed, and adjusted if required, at each reporting date.

Depreciation is charged on additions from the month the asset is available for use and on disposals up to the month preceding the month of disposal. The rates of depreciation are stated in respective note in these financial statements.

Subsequent costs are included in the asset's carrying amounts or recognised as a separate asset, as appropriate, only when it is probable that future benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit or Loss and Other Comprehensive Income as and when incurred.

Gains / losses on disposals are determined by comparing proceeds with the carrying amount. These are included in the Statement of Profit or Loss and Other Comprehensive Income in the year in which they arise.

Leased assets

Upon initial recognition, an asset acquired by way of finance lease is stated at an amount equal to the lower of its fair value and the present value of minimum lease payments, each determined at the inception of the lease. Subsequent to initial recognition, the asset is stated at the amount determined at initial recognition less accumulated depreciation and impairment losses, if any.

Depreciation is charged on the same basis as used for owned assets.

5.1.2 Capital work-in-progress

All expenditure connected with specific assets incurred during installation and construction period are carried under capital work-in-progress at cost. These are transferred to specific assets as and when these are available for use.

5.1.3 Impairment

The Company assesses at each reporting date whether there is objective evidence that property, plant and equipment may be impaired. If any such indication exists, the recoverable amount is estimated which is the greater of its value in use and its fair value less cost to sell. An impairment loss is recognised, if the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in Statement of Profit or Loss and Other Comprehensive Income.

5.1.4 Borrowing costs

Borrowing costs are recognised as an expense in the period in which these are incurred except in cases where such costs are directly attributable to the acquisition, construction or production of a qualifying asset (one that takes substantial period of time to get ready for use or sale) in which case such costs are capitalised as part of the cost of that asset.

5.2 Loans, advances and deposits

These are stated at cost less estimates made for any doubtful receivables based on a review of all outstanding amounts at the reporting date. Balances considered bad and irrecoverable are written off when identified.

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

5.3 Stores and spares

Stores and spares are valued at the lower of cost determined on the moving average method and net realisable value. Cost in respect of items in transit includes the invoice values and other charges incurred thereon.

Provision for obsolete and slow moving stores and spares is determined based on the management's assessment regarding their future usability.

Net realisable value signifies the estimated selling price in the ordinary course of business less the estimated cost of completion and estimated costs necessarily to be incurred to make the sale.

5.4 Stock-in-trade

Stock-in-trade are valued at the lower of cost determined on the moving average method and net realisable value.

Cost of work-in-process and manufactured finished goods comprises cost of direct materials, direct labour and an appropriate portion of production overheads. Cost in respect of items in transit includes the invoice values and other charges incurred thereon.

Provision for obsolete and slow moving inventories is determined based on management's assessment regarding their future usability.

Net realisable value signifies the estimated selling price in the ordinary course of business less the estimated cost of completion and estimated costs necessarily to be incurred to make the sale.

5.5 Trade and other receivables

Trade and other receivables are carried at original invoice amount less an estimate for doubtful balances which is determined based on review of outstanding amounts and previous repayment patterns. Balances considered bad and irrecoverable are written off when identified.

5.6 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxation after taking into account applicable tax credits, rebates and exemptions available, if any and taxes paid under Final Tax Regime. The charge for current tax also includes adjustments where necessary, relating to prior years which arise from assessments framed / finalised during the period.

Deferred

Deferred taxation is recognised using the Statement of Financial Position liability method on all major temporary differences arising between the carrying amounts for financial reporting purposes and the amounts used for taxation purposes. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that the temporary differences will reverse in the future and taxable income will be available against which the temporary differences can be utilised. Deferred tax assets and liabilities are measured using the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the Statement of Financial Position date.

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

5.7 Financial instruments

5.7.1 Financial assets

5.7.1.1 Classification

Management determines the appropriate classification of its financial assets in accordance with the requirements of International Accounting Standard 39 (IAS 39), "Financial Instruments: Recognition and Measurement" at the time of purchase of financial assets. The financial assets of the Company are categorized as follows:

a) Financial assets at fair value through profit or loss

A financial asset is classified as at fair value through profit or loss if it is classified as held for trading or is designated as such on initial recognition. Financial assets that are acquired principally for the purpose of generating profit from short-term fluctuations in prices are classified as 'held for trading'.

b) Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

c) Held-to-maturity

These are financial assets with fixed or determinable payments and fixed maturity which the Company has the positive intent and ability to hold to maturity.

d) Available-for-sale financial assets

Available for sale financial instruments are those non-derivative financial assets that are designated as available for sale or are not classified either as (a) financial assets at fair value through profit or loss (b) loans and receivables (c) held to maturity. Financial assets intended to be held for an indefinite period of time, which may be sold in response to needs for liquidity or changes in equity prices, are classified as 'available for sale'.

5.7.1.2 Initial recognition and measurement

All financial assets are recognised at the time the Company becomes a party to the contractual provisions of the instrument. Financial assets are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs associated with these financial assets are taken directly to the Statement of Profit or Loss and Other Comprehensive Income.

5.7.1.3 Subsequent measurement

Subsequent to initial recognition, financial assets are valued as follows:

a) 'Financial asset at fair value through profit or loss' and 'available-for-sale'

'Financial assets at fair value through profit or loss' are marked to market using the closing market rates and are carried on the Statement of Financial Position at fair value. Net gains and losses arising on changes in fair values of these financial assets are taken to the Statement of Profit or Loss and Other Comprehensive Income in the period in which these arise.

/NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

'Available-for-sale' financial assets are marked to market using the closing market rates and are carried on the Statement of Financial Position at fair value. Net gains and losses arising on changes in fair values of these financial assets are recognised in other comprehensive income.

b) 'Loans and receivables' and 'held-to-maturity'

'Loans and receivables' and 'held-to-maturity' financial assets are carried at amortised cost.

5.7.1.4 Impairment

The Company assesses at each reporting date whether there is objective evidence that a financial asset is impaired. A significant or prolonged decline in the fair value of a equity securities below its cost is also an objective evidence of impairment. Provision for impairment in the value of financial assets, if any, is taken to the Statement of Profit or Loss and Other Comprehensive Income.

5.7.1.5 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in normal course of business and in the event of default, insolvency or winding up of the Company or the counterparties.

5.7.2 Financial liabilities

All financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument.

5.7.3 Derecognition

Financial assets are derecognised at the time when the Company's contractual right to the cash flows from the asset expires or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control the transferred asset. Financial liabilities are derecognised at the time when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled, or expires. Any gain or loss on derecognition of financial assets and financial liabilities is taken to the Statement of Profit or Loss and Other Comprehensive Income.

5.7.4 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The fair value for financial instruments traded in active markets at the reporting date is based on their quoted price, without any deduction for transaction costs.

/NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

For all other financial instruments not traded in an active market, the fair value is determined by using valuation techniques deemed to be appropriate in the circumstances. Valuation techniques include the market approach (i.e., using recent arm's length market transactions adjusted as necessary and reference to the current market value of another instrument that is substantially the same) and the income approach (i.e., discounted cash flow analysis making as much use of available and supportable market data as possible).

All assets and liabilities for which fair value is measured or disclosed in these financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value:

Level 1: Quoted prices (unadjusted) in active markets for identical asset

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change occurs.

5.8 Cash and cash equivalents

For the purpose of the Statement of Cash Flows, cash and cash equivalents include cash in hand, cash in transit, cheques and drafts in hand and in transit, balances held with banks in current accounts, short-term highly liquid investments that are readily convertible to known amount of cash with insignificant risk of change in value having maturity of three months or less from the date of acquisition and short-term running finances that are repayable on demand and form an integral part of Company's cash management. Short-term running finances are shown within short-term borrowings in current liabilities on the Statement of Financial Position.

5.9 Trade and other payables

Liability for trade and other payables are carried at cost, which is the fair value of consideration to be paid in the future for goods and services whether or not billed to the Company.

5.10 Borrowings

Borrowings (including short-term borrowing and diminishing musharika financing) are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Borrowings are removed from the Statement of Financial Position when the obligation specified in the contract is discharged, cancelled or expired.

5.11 Staff benefits

5.11.1 Retirement benefits

The Company operates:

- a) an approved contributory provident fund for all eligible employees; and

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

b) an approved gratuity fund for all employees. Annual contributions are made to the fund on the basis of actuarial recommendations. The actuarial valuations are carried out using the Projected Unit Credit Method. Remeasurements which comprise actuarial gains and losses and the return on plan assets (excluding interest) are recognized immediately in other comprehensive income. The Company determines the net interest expense (income) on the net defined benefit liability / (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the actual period to the then - net defined benefit liability / (asset) during the period as a result of contribution and benefit payments. Net interest expense and current service cost are recognized in the Statement of Profit or Loss and Other Comprehensive Income. The latest actuarial valuation was conducted at the Statement of reporting date by the Achroma Group's globally appointed actuary.

Staff retirement benefits are payable to staff on completion of prescribed qualifying period of service under these schemes.

c) The Company's net obligation in respect of other long-term employee benefits [i.e. long service award (Jubilee Plan)], other than defined benefit obligation, is the amount of future benefit that employees have earned in return for their services in the current and prior periods. That benefit is discounted to determine its present value. Remeasurements are recognised in profit and loss account in the period in which they arise.

5.11.2 Compensated absences

The liability in respect of compensated absences of employees or unavailed leave balances is accounted for in the period in which the leave is earned.

5.12 Foreign currency transactions

Transactions in foreign currencies are translated to Pakistani Rupees at the foreign exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Rupees at the rates of exchange approximating those at the reporting date. Exchange gains / losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are taken to the Statement of Profit or Loss and Other Comprehensive Income.

5.13 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

5.14 Proposed dividend and transfer between reserves

Dividends declared and transfers between reserves made subsequent to the reporting date are considered as non-adjusting events and are recognised in the financial statements in the period in which such dividends are declared / transfers are made.

5.15 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefit will flow to the Company and the revenue can be measured reliably. Revenue is measured net of trade discounts, commission and allowances, if any. Revenue comprises the fair value of consideration received or receivable on the following basis:

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

Sales are recognised as revenue when goods are delivered and invoiced.

- Indenting commission is recognised on receipt of shipment confirmation from suppliers.

Interest income is accrued on a time apportion basis on the principal outstanding at the rates applicable.

- Miscellaneous income is recognized on receipt basis.

5.16 Expenses

All expenses are recognized in the Statement of Profit or Loss and Other Comprehensive Income on accrual basis.

5.17 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the Company. All other leases are classified as operating leases including leases under ijarah financing.

Lease payments under finance lease are apportioned between finance costs and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance costs are recognized in the Statement of Profit or Loss and Other Comprehensive Income, unless they are directly attributable to qualifying assets, in which case they are capitalized. Payments made under operating leases and ijarah financing (net of any incentives received from the lessor) are charged to Statement of Profit or Loss and Other Comprehensive Income on straight line basis over the period of the lease/ijarah term.

5.18 Segment reporting

Operating segments are determined and presented in a manner consistent with the internal reporting provided to the chief operating decision-maker. The Chief Executive Officer has been identified as the chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments.

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenue and expenses that relate to transactions with any of the Company's other components.

The Company has determined operating segments using business units. The business units have been established on the basis of products offered to external customers. The Company's Chief Executive Officer reviews the financial performance of the Company by business units.

In accordance with the Company's internal reports, that are regularly reviewed by the entity's chief operating decision-maker to allocate resources to the segments and assess their performance, function costs (comprising those with respect to finance, procurement, other administration, legal, information technology, human resources, etc.) are allocated to the respective operating segments.

23. CONTINGENCIES AND COMMITMENTS

23.1 Contingencies

23.1.1 Octroi levies amounting to Rs. 31.32 million are in dispute with a contractor. A petition has been filed by the Company in the Session Court challenging the above levies which was decided in favour of the Company during the year ended 31 December 2012. However, an appeal has been filed by the counter party which is pending for hearing. As management is confident that the decision will be in favour of the Company, no provision has been made in these financial statements in respect of the aforesaid amount.

23.1.2 During the year ended 31 December 2007, damages and compensation case was filed in the Civil Court, Lahore against the Company and one of its affiliates for claim of Rs. 41.1 million (US\$ 148,509) on account of short supplies and late shipment. The Company acted as an indenting agent for this supply. Management is confident that the matter will be decided in favour of the Company and it will not be exposed to any loss on account of this claim. Accordingly, no provision has been made in these financial statements in respect of this claim.

23.1.3 During the year ended 31 December 2009, the Company had received notices from the sales tax authorities demanding payment of Rs 234.42 million on account of sales tax along with the default surcharges on supply of the products to its customers as zero rated by the Company from June 2007 to June 2009. The Company had filed a case in the High Court of Sindh against which the Court has issued decree dated 04 August 2017 in favour of the Company. In the decree the Court has declared that product will be given the benefit of SRO 163(1)/2011; hence, the impugned letters including demands of defendants are illegal which are set aside and the defendants are directed to consider the refund claims of plaintiff within the parameters of the Law. Subsequently, tax authorities has filed an appeal against the Company in the High Court of Sindh against the decree and order issued in the case, which is still pending for hearing. Management expect that the appeal will also be decided in Company's favour. Accordingly alleged demand has not been recognised in these financial statements.

23.1.4 During the year ended 2015, the Government of Pakistan passed a new law "Gas Infrastructure Development Cess Act 2015", by virtue of which all prior enactments have been declared infructuous. The said Act levies GIDC at Rs. 200/MMBTU on captive power consumption effective 1 July 2011 and at Rs. 100/MMBTU on industrial connection from the date of passing that Act. Certain companies have obtained a stay order on the retrospective application of the Act from The Honourable High Court of Sindh and also contesting the case. On 26 October 2016, the High Court of Sindh held that enactment of GIDC Act 2015 is ultra-vires to the Constitution of Pakistan. Sri Southern Gas Company Limited has filed an intra-court appeal before the Divisional Bench of High Court of Sindh and is pending for adjudication. On 31 May 2017, a separate petition filed by another company in the Peshawar High Court challenging the vires of the GIDC Act 2015 was dismissed for the reason that the Act has been passed by the Parliament strictly in accordance with the legislative procedures contained in the Constitution of Pakistan and therefore no procedural defect in the Act which could be made as a ground for its annulment. In view of decision of the High Court of Sindh on uncertainties regarding applicability of the Act retrospectively, management has therefore not recognised provision approximately amounting to Rs. 48.73 million, pertaining to period from 1 July 2011 to 30 September 2014, in these financial statements with respect to captive power plant installed at Jamshoro.

23.1.5 There are certain cases filed by various parties against the former owners of the Company. In case any of such liability materialised, the Clariant Chemical Pakistan (Private) Limited will indemnify the Company against any losses that may arise and accrue to the Company in this regard.

28. STAFF RETIREMENT BENEFIT

28.1 Defined benefit plan - approved gratuity fund

28.1.1 Salient features

The Company offers an approved gratuity fund for all eligible employees. Annual contributions are made to the fund on the basis of actuarial recommendations. The gratuity is governed under the Trusts Act, 1882, Trust Deed and Rules of Fund, the Income Tax Ordinance, 2001 and the Income Tax Rules, 2002.

The Company faces the following risks on account of gratuity fund:

Final salary risks

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary, the benefit amount would also increase proportionately.

Asset volatility

Most assets are invested in risk free investments. However, investments in mutual fund units and term finance certificates are subject to adverse fluctuation as a result of change in market price.

Discount rate fluctuation

The plan liabilities are calculated using a discount rate set with reference to corporate bond yields. A decrease in corporate bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the current plan's bond holdings.

Investment risks

The risk of the investment underperforming and not being sufficient to meet the liabilities. The risk is mitigated by closely monitoring the performance of investment.

Risk of insufficiency of assets

This is managed by making regular contribution to the Fund as advised by the actuary.

28.1.2 Valuation results

Actuarial valuation is carried out every year and the latest valuation was carried out as at 30 June 2018 and 30 June 2017 by the Archroma Group on global basis. The information provided in notes 28.1.3 to 28.1.13 has been obtained from the actuarial valuation carried out as at 30 June 2018 and 30 June 2017. The following significant assumptions have been used for valuation of this scheme:

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

28.1.8 Actual return on plan assets during the year was Rs. (63,248) million (30 September 2017: Rs. 128.22 million).

28.1.9 Sensitivity analysis

The impact of 0.5% change in following variables on defined benefit obligation is as follows:

	2018	
Change in assumption	Percentage change	Increase / (decrease) in assumption
	Percentage (%)	(Rupees in '000)
Increase by 50 basis points	Discount rate + 0.5%	(25,004)
Decrease by 50 basis points	Discount rate - 0.5%	26,373

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant assumptions, same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability.

The comparative figures of sensitivity analysis are as follows:

	2017		
	Change in assumption	Percentage change	Increase / (decrease) in assumption
		Percentage (%)	(Rupees in '000)
Increase by 50 basis points	Discount rate	+ 0.5%	(25,661)
Decrease by 50 basis points	Discount rate	- 0.5%	27,103

28.1.10 The weighted average duration of the defined benefit obligation is 15 years.

28.1.11 Plan assets comprise of the following:

	30 June 2018 (Rs '000) (audited)	30 June 2018 Percentage composition	30 June 2017 (Rs '000) (audited)	30 June 2017 Percentage composition
Term finance certificates	11,072	1.22%	41,802	4.23%
Investments in units of mutual funds	867,244	95.33%	921,679	93.19%
Balances with banks	1,084	0.12%	11,135	1.13%
Others	30,307	3.33%	24,468	2.46%
	909,707	100.00%	989,084	100.00%

28.1.12 As per the actuarial recommendations, the expected return on plan assets was taken as 13% (2017: 13%), which is representative of yields on long-term Government bonds. Due to the increased volatility of share prices in recent months, there is no clear indication of return on equity. It is therefore assumed that the yield on equity matches the return on debt.

28.1.13 Based on actuarial advice, the Company intends to charge an amount of Rs. 31,352 million in the financial statements for the year ending 30 September 2019.

* The Company is in process of filing Income Tax return for special tax year 2018.

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

- 32.3** Income tax assessments of the Company have been finalized up to and including tax year 2017 on the basis of the tax return filed under section 120 of the Income Tax Ordinance 2001 (the Ordinance). However, the return may be selected for detailed audit within years from the date of filing of return and the Income Tax Commissioner may amend it in the assessment, if any.

Tax year 2013 of the Company was selected for tax audit under Section 177 of the Ordinance by the Commissioner Inland Revenue (CIR), Audit Division, Large Taxpayers Unit, Karachi. The CIR concluded the audit proceedings and passed an order that amended the assessment under section 122 of the Ordinance. The Company has filed appeal against the amended assessment order before the learned Commissioner Inland Revenue (Appeals) [CIR(A)], Karachi. On the appeal filed by the Company, the learned CIR(A) has confirmed the above actions of the CIR. The Company preferred an appeal before the ATIR which is pending for adjudication. The income tax department has also filed an appeal before the learned ATIR against the decision of the learned CIR(A) on remanding back of the issues of exchange loss and claim of shortage and breakage expense which were disallowed by taxation authority without considering the details and documentary evidences submitted during the proceedings of the amended assessment for the tax year 2009. Appeal have been heard by the learned ATIR, however, the decision is yet to be received.

The income tax return of the Company for the tax year 2014 has been selected for audit and the audit proceedings are still in progress.

- 32.4** In respect of business acquired by the Company (now merged with the Company), the tax authorities for the tax year 2012 and 2013 has created demand of Rs. 20 million which has been paid by the Company. The Company has filed appeal against the order of assessing officer before Commissioner Inland Revenue (Appeals) who has allowed partial relief to them. Currently, these appeals are pending before Appellate Tribunal Inland Revenue (ATIR) for adjudication.

- 32.5** Under Section 5A of the Income Tax Ordinance, 2001, a tax shall be imposed at the rate specified therein on the accounting profit before tax on the every public company, other than schedule bank or modaraba, that drives profit for a tax year but does not distribute dividend upto a prescribed amount (requisite dividend) within six months of the end of the tax year.

The Board of Directors in their meeting held on 30 October 2018 have recommended sufficient dividend for the year ended 30 September 2018 for the consideration and approval of the shareholders of the Company in the forthcoming annual general meeting which complies with the above stated requirements. Accordingly, no provision for tax on undistributed profit has been recognised in these financial statement for the year ended 30 September 2018.

Management considers that fair value of above assets and liabilities approximate their carrying amount due to short term nature of these assets and liabilities or fair value not significantly different to their carrying amounts owing to credit standing of counterparties.

42. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities are exposed to a variety of financial risks namely credit risk, foreign exchange risk, interest rate risk and liquidity risk. The Company is not exposed to any price risk as it does not hold any investments exposed to price risk. The Company has established adequate procedures to manage each of these risks as explained below:

42.1 Credit risk and concentration of credit risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties.

Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

Credit risk arises from bank balances, cheques in hand, deposits and credit exposures to customers, including trade debts and other receivables.

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

The total bank balance of Rs. 2,622 million (2017: Rs. 4,96 million) have been placed with banks having short-term credit rating ranging from A1+ to F2. Due to the Company's longstanding business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counterparties on their obligations to the Company. 71.99% of cheques in hand reported on Statement of Financial Position have been subsequently cleared.

Deposits are provided to counterparties as security for continued provision of services to the Company. Management does not expect to incur material losses as such amounts are provided based on agreement with counterparties and are refundable upon termination of related services.

Management does not expect to incur losses in other receivable and loans as significant amount in other receivable is due from related parties and also loans to employees which are secured against provident fund balance of respective employees.

The most significant financial asset exposed to credit risk is the trade debts of the Company. For trade debts, individual credit limits are assigned to customers based on the recommendations from respective business unit heads keeping in view their payment history, financial position, past experience and other factors. The utilisation of credit limits is regularly monitored. The concentration of credit risk lies in the top 5 (2017: 5) customers which constitute 58.09% (2017: 55.18%) of the Company's trade debts.

The breakup of amount due from customers other than related parties as disclosed in note 16 to these financial statements is presented below:

	30 September 2018 (Rs '000)	30 September 2017 (Rs '000)
Due from customers other than related parties

Distributors	1,694,558	1,522,240
	3,858,767	3,355,869

Out of the total trade debts of Rs. 4,125.85 million (2017: Rs. 3,498.18 million), the Company has made a provision for Rs. 392.527 million (2017: Rs. 332.35 million) as the amounts being doubtful of recovery from customers. The aging profile of trade debts over due but not impaired has been as follows:

42.2 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

Prudent liquidity risk management implies maintaining sufficient cash and bank balances and availability of funding through an adequate amount of committed credit facilities. The Company aims to maintain flexibility in funding by keeping committed credit lines open.

The maturity profile of the Company's liabilities based on contractual maturities is as follows:

	30 September 2018

42.3 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk and interest rate risk.

42.3.1 Currency Risk

Foreign currency risk arises mainly where receivables and payables exist due to transactions entered into in foreign currencies. The Company primarily has foreign currency exposures in US Dollars (USD), Euro, SFR and JPY. The details of balances are as follows:

	30 September 2018			
	(USD '000)	(EUR '000)	(SFR '000)	(JPY '000)

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

At 30 September 2018, if the Pakistani Rupee had weakened / strengthened by 1% against the US Dollar, Euro and Swiss Francs with all other variables held constant, profit before taxation for the year would have been higher / lower by Rs. 24.71 million (30 September 2017: Rs. 19.96 million). The sensitivity analysis is not actual indicator of impact owing to future fluctuation in exchange rate. The analysis is performed on the same basis for 2017.

42.3.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The majority of the interest rate exposure arises from short and long term borrowings from banks.

At the Statement of Financial Position date, the interest rate profile of the Company's interest-bearing financial instrument is:

	Carrying amount 30 September 2018 (Rs '000)	Carrying amount 30 September 2017 (Rs '000)
Fixed rate instruments		
Financial liabilities	-	-
Variable rate instruments		
Financial liabilities	2,615,192	1,843,677

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at 'fair value through profit or loss account'. Therefore a change in interest rates at the reporting date would not affect the Statement of Profit or Loss and Other Comprehensive Income.

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased / (decreased) equity and the profit by Rs. 12.91 million (2017: Rs. 12.91 million) with the corresponding effect on the carrying amount of the liability. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis as for 2017. The sensitivity analysis is not actual indicator of impact owing to movement in future interest rate.

42.3.3 Reconciliation of movements of liabilities to cash flows arising from financing activities

/ NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2018

42.4 Capital risk management

The Company's prime objective when managing capital is to safeguard its ability to continue as a going concern in order to provide adequate returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

43. NON-ADJUSTING EVENT AFTER THE STATEMENT OF FINANCIAL POSITION DATE

The Board of Directors of the Company in their meeting held on 30 October 2018 has proposed a cash dividend in respect of the year ended 30 September 2018 of Rs. 40 per share (2017: cash dividend of Rs.50). Further, the Board has also announced appropriation of Rs. 128 million (2017: Rs. 160 million) from unappropriated profit to revenue reserves. These appropriations will be approved in the forthcoming Annual General Meeting. The financial statements for the year ended 30 September 2018 do not include the effect of these appropriations which will be accounted for in the financial statements for the year ending 30 September 2019.

44. CORRESPONDING FIGURES

The fourth schedule to the Companies Act, 2017 has introduced certain presentation and classification requirements for the elements of financial statements. Accordingly, the corresponding figures have been rearranged and has been made at year end other than disclosed elsewhere in these financial statements.

Reclassified from	Reclassified to	2017 (Rupees in '000)
Trade and other payables	Unclaimed Dividend (presented on face of statement of financial position)	44,790

A part from above certain comparative amounts are reclassified within categories. Management consider that such reclassification (including above) is not material to these financial statements.

45. DATE OF AUTHORISATION

These financial statements were authorised for issue on 30 October 2018 by the Board of Directors of the Company.

Notice of Meeting

Deduction of Income Tax From Dividend Under Section 150 the Income tax Ordinance, 2001 (Mandatory)

- (i) Pursuant to the provisions of the Finance Act 2018 effective July 1, 2018, the rates of deduction of income tax from dividend payments under the Income Tax Ordinance have been revised as follows:
- a) Rate of tax deduction for filer of income tax return 15%
 - b) Rate of tax deduction for non-filer of income tax return 20%

To enable the company to make tax deduction in the amount of cash dividend @ 15% instead of 20%, shareholders whose names are not entered into the Active Tax-payers List (ATL) provided on the website of FBR, despite the fact that they are filers, are advised to immediately make sure that their names are entered in ATL, otherwise tax on their cash dividend will be deducted @ 20% instead of 15%.

- (ii) Further, according to clarification received from Federal Board of Revenue (FBR), with-holding tax will be determined separately on 'Filer/Non-Filer' status of Principal shareholder as well as joint-holder(s) based on their shareholding proportions, in case of joint accounts.

In this regard all shareholders who hold share jointly are requested to provide shareholding proportions of Principal shareholding and joint-holder(s) in respect of shares held by them to our Share registrar, in writing as follows:

Company name	Folio/CDS Account #	Total Shares	Principal Shareholder		Joint Shareholder	
			Name and CNIC #	Shareholding Proportion (No. of Shares)	Name and CNIC #	Shareholding Proportion (No. of Shares)

The required information must be provided to our share Registrar FAMCO Associates (Pvt) Limited, 8-F Next to Hotel Faran, Nursery Block 6, P.E.C.S, Shahrah e Faisal Karachi as soon as possible. Otherwise it will be assumed that the share are equally held by Principal shareholder and Joint Holder(s).
