DIRECTORS' REPORT

Dear Members Assalam-o-Alaikum

The Directors of Dost Steels Limited are pleased to present their review on the financial performance of the Company for the nine months ended March 31, 2019.

During the period under review, overall market sentiment remained negative and resultantly construction market including steel did not perform well. However recently a positivity has started to creep in and is likely to continue after some major decisions are known to have been finalized including IMF Package, Assets Declaration Scheme, Chinese extension of zero rates access to additional goods and moreover the launch of Naya Pakistan Housing Project. All of these factors are likely to significantly contribute into the economic and market activity growth.

During the nine months of the current financial year; the Company has continued its production at a steady pace despite shortage of working capital. Financial performance of the Company for the nine months ending March 31, 2019 was as under:

Description	March 31, 2019	March 31, 2018
	(PKR)	(PKR)
Sales	565,602,825	27,447,811
Cost of sales	(650,235,856)	(37,542,575)
Gross Loss	(84,633,031)	(10,094,764)
Administrative and selling expenses	(102,798,706)	(69,868,471)
Finance costs	(55,668,857)	(4,635,867)
Other operating income	663,068	19,245,569
Loss before taxation	(242,437,526)	(65,353,533)
Taxation	23,707,834	(343,098)
Loss after taxation	(218,729,692)	(65,696,631)
Loss per share	(0.69)	(0.21)

Earnings per share for the nine months was Rupees (0.69) as compared to Rupees (0.21) in corresponding period last year. Loss after tax for the period was Rupees 218.730 million as compared to Rupees 65.697 million in corresponding period last year. The losses are essentially owing to lower level of production and sales in last nine months.

So far, The Company has not been able to achieve desired production levels due to shortage of working capital, sudden decline in the market due to change of Government and consequent pause in the payments cycles of various public sector development projects. Now, gradually the market is improving, and we expect that the production and sales will start improving in next quarter and subsequently in next financial year.

The Company is exploring various options and feasibilities for achieving capacity enhancement including backward integration, market reach and/or performance improvement for its business including but not necessarily limited to by way of seeking potential investments, joint venture, strategic alliance / partnership etc.

We extend our gratitude to all our stakeholders for their continued support and look forward to a productive forthcoming quarter.

On behalf of the Board of Directors

Amir Mahmood Chief Executive Officer Lahore: April 27, 2019

2 BASIS OF PREPARATION

- 2.1 These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:
- International Accounting Standard 34, 'Interim Financial Reporting' (IAS 34), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

- 2.2 This condensed interim financial information is unaudited and being submitted to the shareholders as required under Section 237 of the Companies Act, 2017 ("the Act") and is un-audited as required by the Act and Code of Corporate Governance.
- **2.3** These condensed interim financial statements comprise of the Statement of Financial Position as at March 31, 2019, Statement of Profit or Loss, Statement of

Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows together with the selected notes for the nine months period ended March 31, 2019 which have not been audited.

- 2.4 The comparative Statement of Financial Position presented in these condensed interim financial statements as at March 31, 2019 has been extracted from the audited Financial Statements of the Company for the year ended June 30, 2018, whereas the comparative Statement of Profit or Loss, Statement of Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows for the nine months period ended March 31, 2018 have not been audited.
- **2.5** These interim financial statements do not include all the information and disclosures required in annual financial statements, and should be read in conjunction with the company's annual financial statements for the year ended June 30, 2018.

3 SIGNIFICANT ACCOUNTING POLICIES

- 3.1 The accounting policies and the methods of computation adopted in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the financial statements for the year ended June 30, 2018, except for adoption of IFRS 9 "Financial instruments" and IFRS 15 "Revenue from contracts with customers". Applicability of IFRS-9 has been deferred by SECP for the time being.
- **3.2** New standards, amendments and interpretation to published approved accounting and reporting standards which are effective during the nine months period ended March 31, 2019.

There are certain amendments and an interpretation to approved accounting and reporting standards which are mandatory for the Company's annual accounting period which began on July 1, 2018. However, these do not have any significant impact on the Company's financial reporting and, therefore, have not been detailed in these condensed interim financial statements.

In addition to that two new standards (i.e. IFRS 9 and IFRS 15) have become applicable to the Company effective July 1, 2018. Because of these new standards certain changes to the Company's accounting policies have been made in light of the following paragraphs:

- IFRS 9 'Financial instruments' This standard replaces the guidance in IAS 39. It
 includes requirements on the classification and measurement of financial assets
 and liabilities; it also includes an expected credit losses model that replaces the
 current incurred loss impairment model.
- IFRS 15 'Revenue from contracts with customers' IFRS 15 replaces the previous revenue standards: IAS 18 Revenue, IAS 11 Construction Contracts, and the related interpretations on revenue recognition.

IFRS 15 introduces a five-step model for revenue recognition and establishes a comprehensive framework for recognition of revenue from contracts with customers based on a core principle that an entity should recognize revenue representing the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

The changes laid down by these standard do not have any significant impact on these condensed interim financial statements of the Company.

3.3 Previous periods' figures are re-arranged/re-classified where necessary to facilitate comparison and are rounded off to the nearest rupee; appropriate disclosure is given in relevant note in case of material rearrangement.

4 ESTIMATES

The preparation of condensed interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. The significant judgements made by the management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended June 30, 2018.

5 RISK MANAGEMENT

The Company's risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended June 30, 2018.
