

## ANNUAL REPORT 2023

## OIL AND GAS DEVELOPMENT COMPANY LIMITED

### OUR THEME IS ONENESS

Unity and oneness are fundamental principles espoused by OGDCL, operating as a corporate paradigm where eleven thousand employees come together as one to serve one company and one nation in perfect harmony and unison. These principles are integral in fostering a sense of teamwork and collaboration amongst individuals and teams, creating an environment of mutual trust and respect. They also serve to foster a sense of shared purpose and dedication, helping to drive the organization towards its aspirations. We believe in an integrated setting, it is essential to maintain a culture of innovation, creativity and continuous improvement. This is facilitated by a commitment to synergism and unification, fostering an environment of

transparency, open communication, and collaboration. Further, these principles ensure that everyone in the organization is pulling in the same direction, working towards a common goal and purpose, and that is the theme and message of our Annual Report - Oneness.

# INTRODUCTION

OGDCL, which is the national oil and gas company of Pakistan, stands as a preeminent leader due to its highest exploration acreage, oil and gas reserves and production output in the Country. The Company was established in 1961 as a Public Sector Corporation before being converted to a Public Limited Company in October 1997. OGDCL made its debut on the Pakistan Stock Exchange in October 2003, followed by the listing of its Global Depository Shares on the London Stock Exchange in December 2006.

The Company operates under a commitment to sustainability and responsible development, ensuring that its operations have a minimal impact on the environment and local communities. It also prioritizes the health and safety of its employees and contractors, implementing stringent safety protocols and standards to ensure a safe and secure workplace.

### PRINCIPAL BUSINESS ACTIVITIES

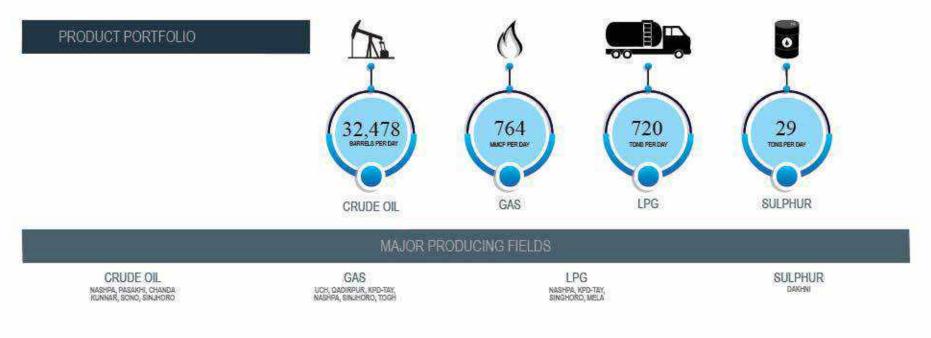

OGDCL's primary operations involve exploration, development and production of oil and gas resources in Pakistan, as well as related activities.

### MAJOR CUSTOMERS

The primary clients of OGDCL's crude oil and condensate production are refineries, while natural gas is supplied to the gas distribution companies, power generation companies and fertilizer industries.

#### **GEOGRAPHICAL PRESENCE**

OGDCL's exploration portfolio comprises 48 owned and operated joint venture exploration licenses and 77 D&P leases, complemented by its working interest in 9 exploration blocks and 34 D&P leases, operated by other E&P companies. These oil and gas assets are present in all four provinces of Pakistan. Moreover, the Company holds working interest in offshore block-5 in Abu Dhabi, besides being an equity holder in Reko Diq Mining project in Balochistan.

#### a) For appointing proxies

 i) In case of individuals, the account holder or sub-account holder and/or the person whose securities are in group account and their registration details are uploaded as per regulations, shall submit the proxy form as per the above requirement.

ii) The proxy form shall be witnessed by two persons whose names, addresses and CNIC number shall be mentioned on the form.

iii) Attested copies for CNIC or the passport of the beneficial owners and of the proxy shall be furnished with the proxy form.

iv) The proxy shall produce his/her original CNIC or original passport at the time of the meeting.

# NOTICE OF 26 AGM

v) In the case of a corporate entity, the Board of Directors' resolution/power of attorney with specimen signature of the person nominated to represent and vote on behalf of the corporate entity shall be submitted (unless it has been provided earlier) along with proxy form to the Company.

#### 3. Video Conference Facility

In accordance with Section 132(2) of the Companies Act 2017, if the Company receives consent from members holding in aggregate 10% or more shareholding residing in a geographical location to participate in the meeting through video conference at least 7 days prior to the date of Annual General Meeting, the Company will arrange video conference facility in that city subject to availability of such facility in that city. To avail this facility please submit such request to the Company Secretary of the Company on given address:

Company Secretary, Oil and Gas Development Company Limited, OGDCL House Plot No. 3, F-6/G-6, Jinnah Avenue, Blue Area, Islamabad

#### 4. Closure of Share Transfer Books

The share transfer books of the Company will remain closed and no transfer of shares will be accepted for registration from 19 October 2023 to 30 October 2023 (both days inclusive). Transfers received in order at the Share Registrars' office by the close of business on 18 October 2023 will be treated in time for the purpose of payment of final cash dividend, if approved by the shareholders.

#### 5. Change in Address

Members are requested to promptly notify any change in their address.

#### 6. Dividend Payments through Electronic Mode

In order to receive the future dividends through electronic mode as per the requirements of Section 242 of the Companies Act 2017, shareholders are requested to provide the following detail:

Title of Bank Account:

Bank Account (IBAN) Number:

Bank's Name:

Branch Name and Address:

CNIC Number of the Shareholder:

Cell Number of the Shareholder:

Landline No. of the Shareholder (if any):

#### 7. Transmission of Annual Audited Financial Statements through CDC:

The Company has circulated Annual Financial statements to its members through CDC at their registered address. Printed copy of above referred statements can be provided to members upon request. Request Form is available on the website of the Company i.e. www.ogdcl.com

#### 8. Transmission of Annual Reports through E-Mail:

The SECP vide SRO 787 (1)/2014 dated 8 September 2014 has provided an option for shareholders to receive audited financial statements along with notice of annual general meeting electronically through email. Hence, members who are interested in receiving the annual reports and notice of annual general meeting electronically in future are requested to send their email addresses on the consent form placed on the Company's website www.ogdcl.com, to the Company's Share Registrar. The Company shall, however additionally provide hard copies of the annual report to such members, on request, free of cost.

#### 9. Availability of Audited Financial Statements on Company's Website:

The audited financial statements of the Company for the year ended 30 June 2023

have been made available on the Company's website, which can be accessed/downloaded from the following link and QR code: https://www.ogdcl.com/all-financial-reports in addition to annual and quarterly financial statements for the prior years.

#### 10. Mandatory Registration Details of Physical Shareholders:

According to section 119 of the Companies Act, 2017 and regulation 19 of the Companies (General Provisions and Forms) Regulations 2018, all physical shareholders are advised to provide their mandatory information such as CNIC numbers, address, email, mobile/ telephone number, international bank account number (IBAN), etc., to our share registrar at their below address immediately to avoid noncompliance of law or any inconvenience in future.

CDC Share Registrar Services Limited, CDC House, 99-B, Block B, S.M.C.H.S., Main Shahrah-e-Faisal, Karachi- 74400 Tel: +92 21 111 111 500 Fax: +92 21 34326053 Website: www.cdcsrsl.com Email: info@cdcsrsl.com

#### 11. Conversion of Physical Shares in to CDC Account:

As per Section 72 of the Companies Act 2017

every existing listed company shall be required to replace its physical shares with book-entry form in a manner as may be specified and from the date notified by the Commission, within a period not exceeding four years from the commencement of this Act, i.e., 30 May 2017. The shareholders having physical shareholding are encouraged to open CDC sub- account with any of the brokers or Investor Account directly with CDC to place their physical shares into scrip less form, this will facilitate them in many ways, including safe custody and sale of shares, any time they want, as the trading of physical shares is not permitted as per existing regulations of the Pakistan Stock Exchange.

#### 12. Unclaimed Dividends and Share Certificates

The Company has previously discharged its responsibility under Section 244 of the Companies Act 2017, whereby the Company approached the shareholders to claim their unclaimed dividends and undelivered shares certificates in accordance with the law. Shareholders, whose dividends and share certificates are still unclaimed/undelivered, are hereby once again requested to approach the Company and claim outstanding dividend amounts and/or undelivered shares certificates. Unclaimed shares and dividend details are available on Company's website.

#### 13. Virtual Participation in the AGM:

Members interested to participate in the AGM proceedings via video link are required to provide following details at agm2023@ogdcl.com:z

## CODEOFCONDUCT

## CODE OF CONDUCT

### 1. OBJECTIVE

To ensure that Oil & Gas Development Company Limited ("the Company") conducts and is seen to conduct its operations in accordance with highest business ethical consideration complying with all statutory regulations and universally accepted standards of a good corporate citizen. The Company's core values are Merit, Teamwork, Dedication, Integrity, Safety and Innovation. It is towards this end of fostering the core values in the corporate culture of the Company that the Company has adopted this Code of Conduct ("the Code").

### 2. APPLICATION

In compliance with the requirements of Regulation No. 10 (3) (ii) of Listed Companies (Code of Corporate Governance) Regulations, 2019, this Code applies to all directors and employees of the Company.

### 3. IMPLEMENTATION

The Code implies as follows:

#### Use of Company's Assets/Record keeping

3.1. The directors and employees of the Company seek to protect the Company's assets and to ensure that the Company's assets and services are used solely for legitimate business purposes of the Company. The use of Company's funds for political contributions to any organization or to any candidate for public office is prohibited.

3.2. The Company must make and keep books and records that accurately and fairly reflect the Company's transactions and the disposition of its assets in accordance with applicable laws and regulations.

3.3. Any accounting adjustments that materially depart from applicable laws and regulations must be reported to the Audit Committee of the Board, Board of Directors and the Company's statutory auditors. In addition, any off-balance sheet transactions, arrangements and obligations, contingent or otherwise, and other relationships of the Company with unconsolidated entities or other persons that may have material current or future effects on the financial condition, changes in financial condition, results of operations, liquidity, capital expenditures, capital resources or significant components or revenues or expenses must also be disclosed to the Audit Committee of the Board, Board of Directors and the Company's statutory auditors.

## CODE OF CONDUCT

#### Legal Compliance and Conflict of Interest

3.4. The directors and employees adhere in letter and spirit to all laws and conform to the accepted standards of good corporate governance and avoid conflict of interest. The conflict of interest, if any, real or perceived including potential conflicts must be notified to the Company in writing immediately. (A conflict of interest may arise when a director or an employee is in a position to influence a decision or situation that may result in personal gain for such employee or the employee's family or friends at the expense of the Company or its customers).

3.5. The directors and employees shall not place themselves in a position where their loyalty to the Company becomes divided for any reason including their direct or indirect financial interest in a competitor, supplier, consultant or customer.

3.6. The Company respects the interests of all the stakeholders and enters into transparent and fairly negotiated contracts. It will do business with customers and suppliers of sound business character and reputation only. All business dealings by the Company with third parties shall be on an arm's length and commercial basis.

#### Corruption

3.7. The directors and employees reject corruption in all forms – direct, indirect, public or private and do not directly or indirectly engage in bribery, kickbacks, payoffs or any other corrupt business practices. No employee of the Company shall accept any funds, loans, favours or other assets (including those provided as preferential treatment) to obtain business from the Company or that might tend to influence an employee's business decisions. Acceptance of any gift will be subject to the Company's policy.

3.8. In the course of their normal business duties, employees may be offered entertainment such as lunch, dinner, theatre, a sporting event and the like. Accepting these offers is appropriate if those are reasonable and occur in the course of a meeting or on an occasion the purpose of which is to hold bona fide business discussions or to foster better business relations. Employees should not accept tickets or invitations to entertainment when the prospective host will not be present at the event with the employee.

3.9. Employees may offer tips or hospitality of a customary amount or value for routine services or exchange of customary reciprocal courtesies to promote general business goodwill provided it does not influence business decisions or dealings of the Company.

## CODE OF CONDUCT

#### Confidentiality

3.10. The Company respects the privacy of data relating to individual persons (whether employees or third parties) which it may hold or handle as part of its information processing activities or otherwise. Employees maintain confidentiality of the Company's and its customers' confidential information which is disclosed to them.

3.1. The directors and employees may not take advantage of the Company's information or property, or their position with the Company, to develop inappropriate personal gains or opportunities.

#### General

3.12. The Company is an equal opportunity employer and does not discriminate on the basis of sex, colour, religion or creed.

3.13. Employees may offer tips, gratuity or hospitality of a customary amount or value for routine services or courtesies received as per the Company policy.

3.14. If an employee becomes aware that another employee has violated this Code, he or she is obligated to report that violation to the Company.

### 4. RESPONSIBILITY FOR ENFORCEMENT/INTERPRETATION

4.1. All directors and employees of the Company and its subsidiary/subsidiaries are responsible for the continuing enforcement and compliance of this Code. If any employee has any question about any part of this Code, he or she should direct such question to his or her immediate supervisor or to the Executive Director (Human Resources) or to the Company Secretary. Non-compliance with this Code will result in disciplinary action as per rules of the Company.

4.2. Good faith reports of the violations will be promptly and thoroughly investigated. All employees must cooperate in the investigation of reported violations.

4.3. The Investigating Officer will not, to the extent practical and appropriate under the circumstances, disclose the identity of anyone who reports a suspected violation or who participates in the investigation.

4.4. The Company does not permit retaliation against an employee who in good faith seeks advice or reports misconduct. Retaliation in any form against an individual, who in good faith reports a violation of this Code or the law, even if the report is mistaken, or who assists in the investigation of a reported violation, is itself a serious violation of this Code. Anyone who engages in retaliation will be subject to disciplinary action, including termination from the service of the Company.

### MR. ZAFAR MASUD Chairman Board

Mr. Zafar Masud is a development and social impact focused banker, entrepreneur and public sector expert having around 30 years of proven track record of exceptional success stories in Banking, Development Finance, Energy and Corporate Governance.

He has earned rich banking experience while being at top positions in multinational banks within and outside Pakistan, including American Express Bank, Citigroup, Dubai Islamic Bank, and Barclays Bank PLC, where he had served as Regional Managing Director & CEO for Southern Africa, managing total balance sheet of US\$ 3 Billion and 10,000 people.

Mr. Masud has been the Member of the Board of Directors of the State Bank of Pakistan (SBP), appointed in March 2013 for three years. He had served as the Member on the most prestigious and coveted Constitutionally Independent Monetary Policy Committee of the Government of Pakistan until his departure from the Board in August 2016. After successfully completing one three year term on the Board of Directors of SBP, was re-appointed on the Board of SBP for another term of three years in April 2016 - a testament of recognition of his exceptional performance as the Board Member of this most prestigious institution. He had served as the Chairman of Publications Review Sub-Committee and Members of Human Resources and Investment Sub-Committees of the Board. His contribution on the Board, particularly in the areas of Publications, Monetary Policy, Foreign Remittances/Investments, Banking and Human Resources, has been recognized and praised, across the board.

He has contributed in the revitalization & transformation of National Savings, Ministry of Finance (MoF), Government of Pakistan (GoP), where he remained as Chief Executive/ Director General for two years (2016-18). He was instrumental in initiating a digital transformation of the organization with the support of Gates Foundation, Foreign Commonwealth & Development Office (formerly, DFID) Government of UK, USAID and the World Bank. During his tenure at National Savings, he had successfully launched welfare products for Differently-abled Persons and Shuhadah's Families and set in motion the launch of Overseas Pakistanis Savings Certificates and Shariah Compliant Savings Schemes.

Between 2018 and 2020, he has the honor of being the Founding CEO (Interim) for InfraZamin Pakistan (IZP)- a Private Infrastructure Development Group, UK (PIDG) driven initiative- for setting-up first of it's kind credit enhancement company in Pakistan for social infrastructure financing in local currency, working closely with Securities & Exchange Commission of Pakistan (SECP) in framing the necessary rules and regulations to allow entry and functioning of such entities into this very important arena of infrastructure financing in Pakistan. He's currently serving on the Board of Directors of IZP as nominee director of the main sponsor- InfraCo Asia Singapore. He also rendered his services as Director on the Boards of major public and private sector entities including Port Qasim Authority (PQA), Quaid-e-Azam Thermal Power (Private) Limited, Gadoon Textile Mills Limited, etc. He has remained a member of the IMF motivated Task Force on Framing State Owned Entities (SOE) Law set-up by the Ministry of Finance, Government of Pakistan.

Mr. Masud was earlier appointed as Convener of one of the largest interest free loan programs in Pakistan — an innovative poverty-alleviation and socialsafety project of the Ministry of Finance, Government of Pakistan. In addition to designing the entire program, he was credited for managing it end-toend, quickest and smoothest execution, with exceptional success, including getting the program consented from IMF and the World Bank. Since April 2020, Mr. Zafar Masud has been serving as President & CEO of The Bank of Punjab (BOP)- the second largest public sector bank in the Country with US\$ 7 Billion in balance sheet size and over 14,000 staff. He is spearheading a strategic transformational drive to steer BOP towards cutting-edge digitally motivated financial institution, to be positioned in industry's top-tier banks with focus on empathy, compassion and the best in class corporate governance practices.

He is leading the Board of Directors of Oil & Gas Development Company Limited - the largest entity in Pakistan in terms of market capitalization with foreign listing, as it's non-executive Chairman.

Earlier in May 2020, he had miraculously survived the PK8303 airplane crash in Karachi. His colleagues dedicated a book to him called "The Miraculous Survivor". He has been decorated with the highest civil award of Hungary in August 2021 for spearheading the initiative to furthering Hungarian-Pakistani cross cultural ties, by restoring ~175-years old subcontinental artwork of Hungarian Artist August Schoefft.

Mr. Masud is an MBA ('93) with specialization in Banking from the most prestigious Institute of Business Administration, University of Karachi (IBA Karachi). He's also an alum of the world renowned business school insead, Fontainebleau France Campus, qualified in Corporate Governance. He's a regular contributor to local and international media, including Tedtalk, etc., on the topics of banking, economics and energy and is also an author of a publication in two volumes titled "Out of the Box" which is a collection of his various newspaper articles, write-up and presentations on these topics. Co-authored a publication on pension reforms with the DfiD/ FCDO consultants for KPK. Featured, the only one outside Western Hemisphere, in 30 Transformative insights from Greatest Minds by best-seller author Scott Miller in his book "Master Mentors- Volume 2".

His latest book-Leased Breath- based on his musings as aircrash survivor, is presently under publication. Mr. Masud has a dedicated website www.zafarmasud.com

### MR. JAHANZAIB DURRANI Director

Mr. Jahanzaib Durrani is a practising lawyer and an Advocate of the High Court. He holds LLM degrees in International Financial Law from King's College London and Oil, Gas, and Mining Law from Nottingham Law School, UK.

In addition to civil and corporate commercial matters, Mr. Durrani has extensive experience in taxation and construction matters involving FIDIC agreements. He represents various clients before various forums regarding antidumping laws, mergers and acquisitions, and corporate crimes.

He has been appointed by the Government of Pakistan to serve as an Independent Director on the boards of Saindak Metals Limited (SML) and Oil & Gas Development Company Limited (OGDCL), the national Oil & Gas Company of Pakistan and the flagship of the country's E&P sector. He is also a member of the Human Resource Committee of OGDCL and the Chairman of the Risk Management and Security Committee. Besides this, he also serves as the Chairman of the SML Audit and Risk Management Committee and is a member of SML's Procurement and Technical Committee.

Mr. Durrani began his legal career with ABS & Co., an internationally renowned law firm. He has been extensively involved in the preparation of claims, counter-claims and communication of documents in relation to a significant ICSID arbitration involving the Government of Balochistan and an Australian mining company. The case ranks as one of the largest mining disputes brought before an arbitral tribunal in recent memory.

Mr. Durrani then joined the Conflict Law Centre (CLC) at the Research Society of International Law (RSIL), Pakistan's leading think tank on international law. During his career, he was crucial in developing critical documents on International Humanitarian Law (IHL) for the Pakistani Government and Armed Forces. Additionally, he has been involved in training public prosecutors and has drafted a toolkit on anti-money laundering and counter-terrorism laws.

He has also served as a visiting faculty member at the National Defence University, Islamabad. During his time in the United Kingdom, he worked as a legal assistant in the House of Lords.

Mr. Jahanzaib Durrani hails from Quetta, Balochistan. He contributes to national newspapers as an opinion writer. He is a certified director by IBA as per SECP requirements.

### MR. AHMED HAYAT LAK MD/CEO/Director

## **MANAGEMENT OBJECTIVES & STRATEGIES**

Management objectives and strategies aim at improving the corporate performance and maximizing value for the shareholders. These objectives and strategies may change/alter depending upon change(s) in the internal and external environment.

#### Management objectives and strategies are as follows:

- Ensure the existence of a mixed exploration portfolio constituting exploration concessions in the established, promising and unexplored areas alongside maintaining a balance between enhancing exploratory endeavors and mitigating risk with acceptable drilling success for the purpose of reserves accretion and sustainable long term growth;
- Maintain and accelerate the exploration activities including seismic data acquisition, data processing/interpretation and drilling campaigns to tap additional reserves and optimize hydrocarbon production;
- Seek production growth from owned and operated joint venture fields through completion of ongoing development projects, fast track development of discovered fields and utilization of latest production techniques and innovative technologies to maximize oil and gas recovery;
- Maintain a rigorous approach towards capital allocation and operational spending to carry out exploration, development and production operations competitively and viably;
- Pursue farm-in/farm-out opportunities and acquisition of concessions in domestic and international market, wherein business low cost operator status comes into play for the purpose of reserve building and production growth;
- Formulate value driven joint ventures with leading domestic and international E&P companies to introduce new partners with complementary skills and to carry out operations efficiently and cost effectively;
- Ensure adherence to high safety standards along with respecting the environment and local communities that may be affected by the business
  operations;
- Being a socially responsible entity, carry out Country wide CSR activities particularly in the areas of education, health, water supply, infrastructure development and sport activities in addition to providing generous donations for national cause;
- Improve work efficiency and output of employees by providing training in the form of workshops, seminars and conferences, while strengthening relationships with stakeholders to preserve business coveted status as market leader in E&P sector of Pakistan;
- To optimize oil and gas production through locating unconventional sources of energy such as shale gas/oil and tight gas/oil in Company's owned and operated blocks; and
- Focus on green energy and hiring of consultancy services for crafting vision and strategy for growth and business diversification.

## STRATEGY AND RESOURCE ALLOCATION

| Strategic Objectives  | Short<br>Term | Medium<br>Term | Long<br>Term |
|---|---------------|----------------|--------------|
| Growth in production to arrest natural<br>decline in fields | *             | *              |              |
| Increase in reserves base                                   | ÷             | *              | *            |
| Higher returns to shareholders                              | *             | *              | *            |
| Diversification   | )             | *              | *            |
| Meet high standards of HSE                                  | *             | *              | *            |
| Safeguard image as good corporate citizen                   | *             | *              | *            |
| Maintain market leadership position                         | *             |                | *            |

- Growth is the prime focus of OGDCL's strategy. With a premium share of total domestic production, OGDCL is better placed to strengthen its leading position as a provider of oil and gas resources to meet the rising domestic demand. The Company will continue to focus on its core E&P business and expand into other value-adding related business segments.
- The Company's ambitious exploration program focuses on frontier exploration areas and exploitation of unconventional resources. The reserves acquisition strategy will provide necessary thrust for the replenishment of reserves. Production optimisation from existing fields by using innovative technologies and fast track development of new discoveries will be pursued to maintain the growth momentum.
- Y The Company will continue to evaluate various significant projects in the energy and other sectors with a view to further expand and diversify the business portfolio and add value to shareholders investment.
- HSEQ will remain the key component of Company's operational excellence. Utmost importance will be given to training of employees and contractors for enhancing safety awareness and incorporation of industry best practices in the operating setup.
- Y The Company, as a good corporate citizen, shall continue to promote social development of the communities where it operates and shall extend financial and in-kind support for the welfare and development of economically disadvantaged class.

## **RESOURCE** ALLOCATION

#### Capital Inputs

Financial Capital Share capital & reserves - Rs 1,083 billion

Human Capital Number of employees - 11,207

> Natural Capital Exploration acrage - <mark>87,002 sq. km</mark>

Manufactured Capital Property, plant and equipment - Rs 86 billion

> Intellectual Capital Experience in E&P sector - 62 years

Geographic Presence ELs and D&PLs - 168 Countries of operations - 2 Capital Outcomes Financial Capital Earnings per share - Rs 52.23

Net Salable Production Crude, gas & LPG - 54 MMBOEs

Fiscal Contribution Contribution to national exchequer -Rs 279 billion

Socail Welfare CSR contributions - Rs 2 billion

Remaining Recoverable 2P Reserves Crude - 81 MMBBL Gas - 5,393 BCF

- Y The Company cares deeply about the environment and will continue to exercise due care in environmental protection.
- Y The Company places great emphasis on investing in people to build a world-class workforce, as timely availability of qualified and trained manpower is vital for undertaking complex and diverse operations of the Company.
- <sup>9</sup> The Company is committed to improve base business returns, selectively grow with a focus on integrated value creation, and seek innovative solutions, while ensuring quality as an integral part of its operations. This will also play an important role in making the Company the preferred partner for multinational companies and other resource holders.

### **KEY PERFORMANCE INDICATORS**

The Company monitors its performance through the following key performance indicators. All the indicators will continue to be relevant in the future for monitoring.

| Financial                            | Non-Financial                     |
|--------------------------------------|-----------------------------------|
| Earnings per share                   | Reserves replacement              |
| Return on equity                     | Seismic survey                    |
| Dividends declared per share         | Production                        |
| CSR contribution                     | Number of wells                   |
| Contribution to government exchequer | Number of oil and gas discoveries |
| Debtor tumover                       | Lost time injury frequency        |

## CORE MANAGEMENT TEAM

OUR SYSTEM IS A 'WELL-OILED' MACHINE!

## **RISK AND OPPORTUNITY** REPORT

### RISKS

OGDCL's major operations including finding, developing and extracting of oil and gas resources are highly speculative in nature and characterized by inherent uncertainties, geological surprises and complexities, which may expose the business to following risks:

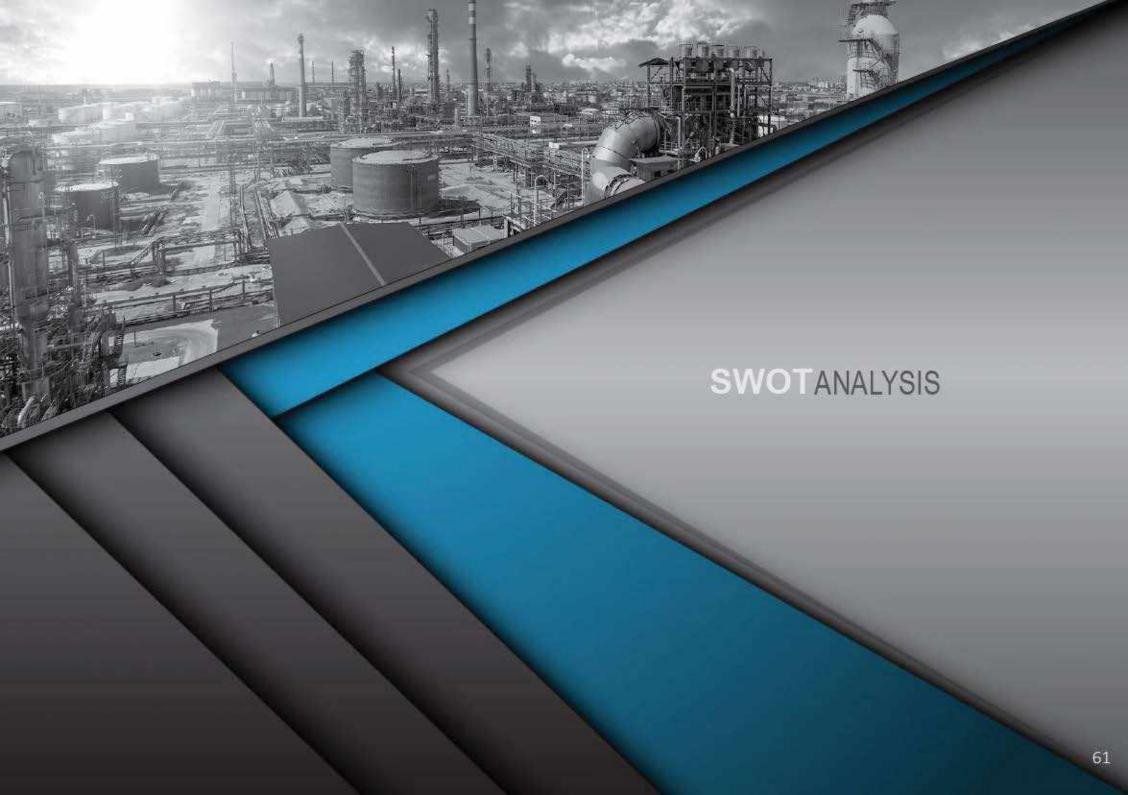

- Crude oil and gas reserves data are estimates and actual quantity of recoverable reserves may differ from the estimated proven and probable reserves. This may impact the reserves estimation, production levels and operational cash flows;
- Strategy to maintain a robust exploration portfolio and drive production growth may not be sustainable on a long term basis as the business moving forward cannot guarantee its success on the drilling front;
- Crude oil prices are linked to a basket of Middle East crude oil prices and any fluctuation(s) in the crude prices can significantly influence the sales
  revenue and profit margins;
- Crude oil and gas prices are determined in US dollars and translated into Pak rupees using exchange rate established by the regulatory authority.
   Appreciation in the value of Pak rupee against US dollar has a negative bearing on the earnings;
- Adverse security conditions cause threat to lives of the workers, damage to assets and disruption of exploration, development and production activities;
- Operational activities may be impacted by well blowouts, unplanned plant shutdowns, uncontrollable leaks, oil spills, mechanical failures and poor weather conditions; and
- Changes in applicable laws and regulations pertaining to oil and gas sector may impact the business operational and financial performance.

## **RISK AND OPPORTUNITY REPORT**

## **OPPORTUNITIES**

OGDCL is committed to playing a pivotal role in bridging energy demand-supply gap in the Country by carrying out vigorous E&P activities accompanied with exploiting such growth opportunities which provide production boost and deemed commercially/financially viable. At present, the Company is focused on the following:

- Ramp-up seismic data acquisition, processing/reprocessing of the acquired seismic data and drilling campaigns to replenish and augment reserves base;
- Expedite efforts for completion of ongoing development projects leading to increased oil, gas and LPG production in the future;
- Formulation of value driven joint ventures with leading E&P companies to introduce new partners with complementary skills and to carry out
  operations cost effectively;
- Implementation of prudent production plans to optimize oil and gas output as well as to further strengthen business competitive position;
- Seek suitable farm-in/farm-out opportunities and acquisition of concessions in domestic and international markets to enhance reserves and improve
  operational cashflows;
- Locate unconventional sources of energy such as shale gas/oil and tight gas/oil to boost reserves and sustain production growth; and
- Based on changing global trends and business environment along with exhibiting compliance towards ESG, pursue such business diversification plans/activities which lower business risks and increase shareholders' wealth in the future.

## STRENGTHS

- Spearheading Pakistan's E&P sector to contribute in meeting energy demands of the nation
- Equipped with technical support services and equipment
- Holds a debt free balance sheet
- Presence in all four provinces including offshore
- Extensive E&P database as well as experience (62 years)
- IVs with reputable local and international companies
- Working interest in overseas offshore block-5 in Abu Dhabi
- Equity holder in Reko Dig mining project
- One of the highest contributor towards national exchequer and CSR activities

### WEAKNESSES

- Mature producing fields experiencing natural decline
- Limited financial flexibility due to mounting trade receivables/circular debt
- Gaps in induction of qualified professionals.
- Susceptibility to external factors
- Legal and commercial challenges

### **OPPORTUNITIES**

- Farm-in/farm-out for risk mitigation and portfolio optimization
- Expansion in international E&P business
- Production optimization in producing fields
- Large un-explored onshore and offshore areas
- Tapping unconventional shale and tight gas resources
- Infand/overseas ventures to drive cost efficiency
- Marketing of technical services
- Intensify E&P efforts to bridge energy demand-supply gap in the Country
- Business diversification

### THREATS

- Piling circular debt and risk of default by customers
- Security issues and high cost of operations in Balochistan and KP areas.
- Global move towards investment in renewables may reduce the demand for fossil fuels.

wot Analysis

63

- Recession fears negatively impact oil and gas demand and prices

## **EXPLORATION** LICENSES

|   | Exploration License   | Districts  | Area<br>(sq. km)   | Grant Date   | Working Interest (%)  |

Quantity Sold - Gas

# COMMENTS ON SIX YEARS PERFORMANCE

A brief commentary on OGDCL's operational and financial performance during the last 6 fiscal years is as follows:

- Seismic survey acquisition during the last six fiscal years was 13,150 Line km of 2D and 3,378 sq. km of 3D portraying persistent exploratory endeavors to locate oil and gas reserves and optimize production;
- Exploratory/appraisal, development and re-entry/side track wells spud during the last six fiscal years were 104 in numbers representing continued efforts on the drilling front to replenish and augment reserves base;
- Oil and gas/condensate discoveries made during the last six fiscal years were 28 in numbers sharing consistent focus on exploration activities;
- Quantity sold; crude oil and gas was impacted owing to natural decline in the mature producing fields;
- Net Sales in FY 2022-23 were Rs 413.59 billion against Rs 205.34 billion in FY 2017-18, increase is due to higher LPG production, exchange rate and realized prices for crude oil, gas, LPG and sulphur;
- Profit after Tax for FY 2022-23 stood at Rs 224.62 billion in comparison to Rs 78.74 billion in FY 2017-18, increase is mainly on account of higher net sales, finance and other income and share of profit in associate;
- Total Assets as on 30 June 2023 were Rs 1,424.07 billion against Rs 666.48 billion as on 30 June 2018, increase is predominantly attributable to higher development and production assets, long term investments, lease receivables, trade debts, other financial assets and cash and bank balances;
- Cash and cash equivalents at end of FY 2022-23 were Rs 112.84 billion against Rs 71.17 billion at end of FY 2017-18; increase primarily owes to favorable effect of movements in exchange rate in July 2022-June 2023;
- A significant contribution of Rs 1,010 billion was made to national exchequer during the last six fiscal years on account of corporate tax, dividend, royalty and government levies; and
- Cash dividend declared during the last six fiscal years was Rs 50.45 per share. The continuity in dividend declaration over the years is in line with the business strategy to maximize shareholders' wealth.

# TARGETS FOR THE FISCAL YEAR 2023-24

During the fiscal year 2023-24, OGDCL has planned to drill 16 new wells including 9 exploratory/appraisal/shale wells, 6 development wells and 1 reentry wells. Net capital expenditure is estimated at Rs 98.30 billion; Rs 47.50 billion on exploratory/appraisal/shale and development wells net of dry hole cost of Rs 10.15 billion and Rs 50.80 billion on development projects and property, plant and equipment.

# **ANALYSIS OF VARIATION IN RESULTS** REPORTED IN INTERIM REPORTS

### ITEM WISE QUARTERLY ANALYSIS

Quarter wise extracts from the Statement of Profit or Loss coupled with commentary on the variations during the fiscal year 2022-23 are as follows:

|                |           | Rupee        | s in billion      | Rupees           |                    |
|----------------|-----------|--------------|-------------------|------------------|--------------------|
| Quarter        | Net Sales | Gross Profit | Profit before Tax | Profit after Tax | Earnings per Share |
| First Quarter  | 106.012   | 75.206       | 88.207            | 53.303           | 12.39              |
| Second Quarter | 97.223    | 64.509       | 64.640            | 41.709           | 9.70               |
| Third Quarter  | 105.913   | 72.330       | 99.772            | 64.627           | 15.03              |
| Fourth Quarter | 104.446   | 57.682       | 131.153           | 64.979           | 15.11              |
| Total 2022-23  | 413.594   | 269.727      | 383.773           | 224.618          | 52.23              |

Variations in Net Sales is primarily attributable to quarter-wise fluctuations in crude oil price and production, while the same showed stable/upward momentum in the case of gas and LPG.

 Quarter-wise variations in Gross Profit follows the same trend as witnessed in the case of Net Sales and owing to the same reasons as mentioned above.

Profit before Tax displays a similar trend for Q1, Q2 and Q3, whereas as rise in PBT for Q4 is on account of modification gain as a result of extension in GSA of Uch-I between the Company and M/s UPL for a period of 5 years.

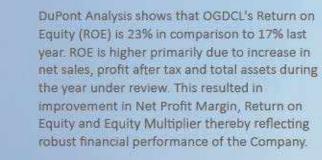

Profit after Tax and Earnings per Share were impacted to a certain extent in Q4 due to higher taxation resolving from modification gain as narrated above.

# SHARE PRICE

OGDCL's E&P activities are characterized by inherent uncertainties and various risk factors produce impact on results of operations and share price. In this regard, potential factors influencing the share price are as follows:

#### Commodity Prices (Crude oil and HSFO)

Business financials and share price are impacted by changes in the international crude oil/HSFO price. Higher prices have a positive impact on sales revenue and profitability leading to increase in the share price, whereas lower crude prices have a contrary impact.

#### **Operational Activities**

Share price responds positively to success achieved on operational fronts such as oil and gas discoveries, completion of development projects and optimization of hydrocarbon production. Failures such as dry and abandoned wells and operational catastrophes negatively affect the share price.

#### **Macroeconomic, Political and Security Environment**

Changes in macroeconomic factors such as growth in economy, low inflation and stable interest rates have a positive bearing on the share price and vice versa. Moreover, political stability reduces the Country's risk premium, while improvement in security situation enhances E&P activities, eventually creating

#### 6,500

6,000

s, 250 positive impact on the share price.

#### **Regulatory and Licensing Regimes**

Improvement and stability in the regulatory regime and better pricing policies fetch higher business earnings leading to a favorable effect on the share price.

#### **Equipment and Technology**

Utilization of latest equipment/technology coupled with advanced production techniques reduce exploration, development and production costs leading to improved business financials and share price.

#### **Growth and Diversification**

Business strategy to expand E&P activities and diversification of business model leads to reduced business risks and higher profitability which in return positively influence the share price. IR function serves to keep the investors and market participants informed of all the material information which could influence the business share price. This information is simultaneously communicated by the Company to Pakistan Stock Exchange and London Stock Exchange. Moreover, such material information is regularly posted and updated on OGDCL's website (www.ogdcl.com) including share price related data, financial reports, conference call presentations with transcript, credit rating, financial calendar, CSR news and other notices relating to material developments.

In addition to the above, OGDCL engages with local and foreign institutional investors/fund managers and research analysts through regulatory announcements, meetings, presentations and investor conferences. Personal communication is done through Annual General Meeting (AGM) and on the dates of presentation of annual and half year results, whereby shareholders and research analysts interface with the executive management through conference calls. Moreover, Notice of AGM and Annual Audited Accounts are dispatched to stock exchanges and shareholders twenty-one (21) days prior to the AGM.

#### HANDLING INVESTOR GRIEVANCES

Forming mutually beneficial partnerships and fostering trust are cornerstones of the business strategy. Stakeholder engagement is carried out by providing timely project insights, regular feedback on growth/diversification strategies and updates on development and sustainability action plans. All queries and concerns raised by the shareholders and research analysts are aptly handled and issues/grievances are addressed swiftly, if any.

# **INVESTOR RELATIONS**

### **RELATIONSHIP** ENGAGEMENT WITH STAKEHOLDERS

OGDCL's stakeholder engagement activities are aimed at ensuring that the business is suitably prepared for and resourced to build and manage effective relations with all stakeholders including shareholders, Ministries, Divisions and Directorates of Federal and Provincial Governments, JV partners, customers, suppliers, employees and local communities. In this regard, the Company strives to provide timely response to stakeholders concerns on critical issues and keeps them abreast of all material developments to uphold good corporate governance and protect business image as being a socially responsible concorate citizen.

E&P sector in Pakistan is regulated by the Ministry of Energy, whereby OGDCL fully complies with its directives/guidelines relating to gas pricing, crude oil and gas allocation to refineries and gas distribution companies, concession management, etc. Regarding shareholders, the Company respects their trust and confidence reposed in the business dealings and carries out regular dialogue through IR program, up-dation of data on the Company's website and dissemination of material information to the stock exchanges.

OGDCL's HR has a remarkable role in achieving and safeguarding the coveted status of market leader in E&P sector of Pakistan and to this end provision of safe working conditions and job satisfaction of the workers is a business priority. Moreover, the Company enjoys healthy relations with its JV partners to explore, develop and produce oil and gas through executing JV agreements with leading E&P companies in the Country. Likewise, business maintains positive relationships with all its customers including crude oil refineries and gas distribution companies along with keeping amicable relations with suppliers and local communities.

# HUMAN RESOURCE

OGDCL's HR strategy aims at developing a skilled workforce, which is essential for the growth and success of the organization. The Company is committed towards provision of continual learning and developmental opportunities to its employees, whereby, technical, professional and leadership trainings remained part and parcel of HR program. Trainings and workshops are designed in a way to not only broaden skills, knowledge and creativity of the employees but also assist in the advancement of their career. Moreover, workforce is encouraged to contribute their best by inculcating a high performing culture in the organization hinging on business core values namely merit, teamwork, dedication, integrity, safety and innovation.

In addition to the above, OGDCL focuses on maintaining transparency and meritocracy pertaining to its HR activities including employee induction, development, compensation, evaluation and promotion. Performance based awards are granted to inculcate competition and motivate the employees to take on challenges for business growth and sustainability. The Company's competitive reward structure is in line with the best industry practices and tailored to fulfill the needs of its diverse workforce. Moreover, critical thinking and decision making is encouraged to drive productivity and competitive standards of professionalism, promptness and effectiveness. HR Helpdesk functions to provide better reach and ensure effective communication regarding issues and challenges faced by the employees working at different establishments/locations.

During the year under review, OGDCL continued to promote diversity and equal employment opportunity coupled with providing a safe workplace free from discrimination, hostility and harassment. Any discrimination against or harassment of an employee based on age, gender, race, religion, creed, marital status, ethnic group, etc., is regarded as violation of the business regulations and is likely to result in disciplinary action as per Company's rules and regulations. As of 30 June 2023, OGDCL's manpower strength comprised a total of 11,207 employees working at Head Office, regional offices, field locations and other operational areas. This strength is inclusive of minorities, women and disabled employees working in the organization.

# A BAND OF BROTHERS WORKING AS ONE!

[MAHMAD

E 10

### RECRUITMENT

OGDCL believes in merit-based recruitment for acquiring the best available talent in the market. In order to ensure suitable manpower for its ongoing operations, recruitments in officer and staff cadres was carried out as per the requirements. Variety of job learning and mentoring opportunities were also made available so as to build on strength and professional skills of the new appointees.

#### SUCCESSION PLANNING

OGDCL strongly focuses on developing its key talent with leadership skills which helps them to take on more complex and growth oriented roles in the future. The culture of succession planning is preserved in the organization by making persistent efforts for development of a professional team as well as succession plans both short and long term for all critical positions. During the fiscal year 2022-2023, rigorous succession planning exercise was conducted aimed at identifying potential performers for assigning leadership roles which would contribute to organizational growth. Regular training programs, skill enhancement workshops and appropriate management courses were arranged to train the successors to share the higher responsibilities and ensure sustainability of business operations in the long run.

### **INDUSTRIAL RELATIONS**

OGDCL maintained harmonious relations with the Collective Bargaining Agent (CBA) and industrial peace prevailed at all locations during the reporting period. Measures such as settlement of disputes and differences through bilateral negotiations, security of employment, provision of safe working environment, job satisfaction and maintaining continuous sympathy and understanding in addition to prompt dealing of cases relating to individual grievances served to ensure that relations between the workers and management remain cordial, poised toward meeting business goals and objectives.

### **EMPLOYEES GRIEVANCE COMMITTEE**

In order to promote a healthy work environment and for amicable resolution of employee related matters, an Employees Grievance Committee exists at OGDCL to redress legitimate grievances of employees. Any employee having a serious service related grievance may forward an application to the grievance redressal committee. After determining validity of the grievance in light of Company's rules, regulations, policies and past precedents, etc., grievance committee submits its recommendations to MD/CEO for soliciting necessary approvals/actions.

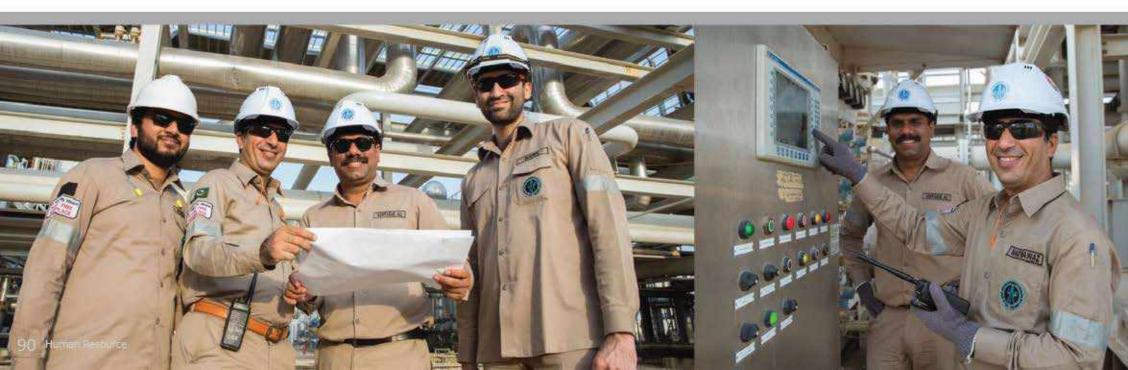

### TRAINING AND DEVELOPMENT

OGDCL is cognizant of the fact that professional grooming and provision of regular training to the workforce yields improved business performance. In line with this objective, the Company established an Oil & Gas Training Institute (OGTI) in 1979, which is equipped with modern day classrooms, wellestablished laboratories, technical library, audio-visual aids, auditorium and other complimentary facilities. In conformance with the consistently growing needs of training in Pakistan's petroleum sector, premier institute has expanded and earned recognition by striving to meet the training needs of all domestic companies in the petroleum industry. Training programs in various forms are organized by the OGTI as follows:

- In-house training
- Local training outside OGTI
- Foreign training
- Online training
- Training at field locations
- Summer internships for university students

OGTI fosters excellence in the industry, presenting a wide range of training programs to equip professionals with cutting-edge skills for a successful future. In this regard, OGTI during the fiscal year 2022-23 arranged following training programs to impart new skills and knowledge to professionals hailing from various disciplines:

 "The Learning Odyssey" program was arranged in collaboration with LUMS for middle and senior management, which mainly focused on problem solving, project leadership, organizational communication, negotiation, conflict resolution, leadership development, strategic financial planning, corporate governance, innovation and stakeholders management.

- "Learning Excellence for Accelerated Progression (LEAP)" program was conducted by Institute of Business Administration to groom junior management for handling complexities and prospects of the contemporary business world. Program focused on critical thinking, creativity skills, financial management, project execution and occupational health & safety. Action Learning Projects were part of the program to confer emerging leaders hands-on experience in resolving real business problems.
- Certified courses were arranged for the employees through coursera.org online training.
- "7-Habits of Highly Effective People" by Franklin Covey Pakistan was made available to junior management for the purpose of self-organizing and building successful careers.
- "Neuro Linguistic Program (NLP)" training was organized to bestow employees with the prowess of advanced communication and teamwork skills and cultivating a harmonious and productive environment.
- Training program on Work-Life Balance and Emotional Intelligence was conducted to help employees thrive by reducing stress, enhancing wellbeing and fostering healthier relationships.
- Certification opportunities were made available with respect to Rig Pass (IADC RigPass\*), Stuck Pipeline Prevention, IWCF and Safety Training to bolster skills and safety awareness among drilling professionals.
- Specialized training for newly inducted employees on "Exploration Young Professional Development Programs" was also conducted by internal trainers/resources of OGDCL.

# MANAGING DIRECTOR'S REVIEW

The outgoing fiscal year 2022-23 culminated successfully for exploration and production companies across the globe. The primary factors contributing toward growth of E&P sector were strong demand and prices of fossil fuels driven by sustained economic activities, ongoing volatile geopolitical situation and production supply curbs by OPEC+ coalition. OGDCL while exploiting favorable crude oil price environment registered remarkable performance on the financial front. The Company recorded net sales and profit after tax of Rs 413.594 billion and Rs 224.618 billion depicting an increase of 23% and 68% respectively over the preceding year. Moreover, a significant sum of Rs 279 billion was contributed to the national exchequer on account of corporate tax, dividend, royalty and government levies.

Despite adverse impact of torrential rains/floods and administrative issues in opening of LCs, OGDCL in an effort to bridge energy demand-supply gap in the Country continued with its E&P activities during the reporting period. The Company's major product mix contributed around 46%, 29% and 36% towards Country's total oil, natural gas and LPG production respectively. Moreover, the Company maintained its coveted status as a market leader in terms of highest share in exploration acreage, 2D seismic data acquisition, oil and gas reserves and production contribution in comparison to other E&P companies operating in the Country (source: PPIS).

During the year under review, OGDCL with an aim to discover new oil and gas reserves acquired 1,804 Line km of 2D and 765 sq. km of 3D seismic data. Moreover, 10 wells were spud including 5 exploratory/appraisal wells, 4 development wells and 1 sidetrack well, whereas total drilling recorded was 33,192 meters. The Company's exploratory efforts resulted in 3 oil and gas discoveries having an expected cumulative daily production potential of 3,007 barrels of oil and 3 MMcf of gas. The aforementioned discoveries include Toot Deep-1 in district Attock, Punjab province and Chak 5 Dim South-3 and Kot Nawab-1 in district Sanghar, Sindh province. In KPD-TAY, simulation study resulted in enhancement of recovery by more than 30% resulting in additional 397 bcf of gas. 80 MMBOE was added as reserves during the reporting period which resulted in Reserves Replacement Ratio of 149%.

OGDCL's average daily net saleable production during the reporting period clocked in at 32,478 barrels of crude oil, 764 MMcf of gas and 720 Tons of LPG. The Company injected 7 operated wells in the production gathering system, which cumulatively yielded gross crude oil and gas production of 202,210 barrels and 2,848 MMcf respectively. In order to narrow down the impact of natural decline and augment oil and gas output, the Company is actively focused on cutting edge technologies involving installation of electrical submersible pumps, rig-less interventions and pressure build-up survey jobs. Pursuit of such production optimization techniques will help to exploit potential of Company's brownfield reservoirs i.e. Chanda, Mela, Nashpa, Chak Naurang, Rajian etc. Aforesaid endeavors have started to bear fruit as incremental production has been recorded at Nim East-1, Pasakhi-11, Chak 2-1, Chak 5 Dim South-3, Siab-1 and Nashpa-10 wells.

OGDCL in its effort to ramp-up production embarked upon the initiative for installation of early production facilities (EPF) at Bettani-1 so as to bring Bettani field into production. The seamless integration of EPF into national grid was made possible in June 2023 resulting in commencement of oil and gas production of around 850 barrels per day and 12.5 MMcf per day respectively. Moreover development work on various projects is in progress, which upon completion will serve to maintain production plateaus as well as optimize hydrocarbon recovery in the future. The Company being the largest E&P enterprise in Pakistan is deeply committed to indigenization to bolster self-reliance and fortify domestic economy using local resources and technologies. This initiative will mainly serve to minimize imports, conserve foreign exchange reserves and drive economic growth by spurring production, employment and local investment in the Country.

On the business diversification front, OGDCL signed various MOUs with key market players in connection with exploring new investment avenues/opportunities. These MOUs pertain to identification of farm-in/farm-out, production sharing and green hydrogen opportunities coupled with evaluation of Pakistan's geo-thermal potential and investment strategy for setting up a greenfield refinery project in Balochistan. Regarding offshore Block-5 in Abu Dhabi, planned exploration and evaluation activities are underway, whereas for Reko Diq Mining project feasibility study is in progress. These projects upon completion will render substantial foreign exchange savings and contribute in the economic growth of the Country.

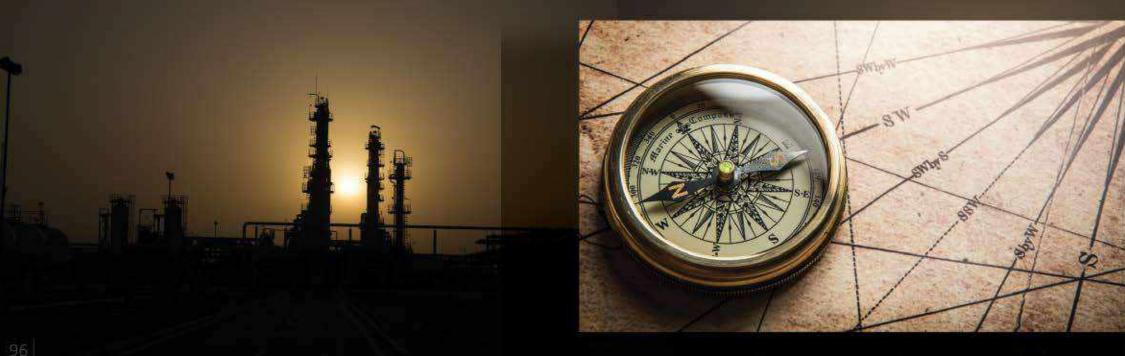

OGDCL is well aware of its social responsibility towards the community, whereby it continued with its CSR activities during the year including donation of Rs 215 million for flood relief activities, distribution of ration bags worth Rs 100 million under "Ramadan Ration Distribution Drive", provision of 100 ambulances to various medical facilities and launch of technical training program for 400 youths at NAVTTC Centre of Excellence. The Company acknowledges the value of skilled manpower and is committed towards provision of continual learning and development opportunities to its employees. In this regard, management training programs in collaboration with LUMS, Lahore and IBA, Karachi were arranged for the officers in various disciplines including project management, digital innovation, financial management and occupational health & safety.

Moving forward, OGDCL will continue to bank on the support of all its stakeholders particularly Government of Pakistan, Ministry of Energy, DGPC, Board of Directors, shareholders, joint venture partners and employees for delivering upstream growth, venturing into new profitable avenues/projects and cost effective production optimization leading to maximization of returns for its shareholders. While pursuing the strategic objectives, compliance towards financial discipline, health safety protocols, environmental protection laws and CSR policy will be pivotal in achieving sustainable business growth and success.

(Ahmed Hayat Lak) Managing Director/CEO

28 September 2023 Islamabad

# **CHAIRMAN'S** REVIEW

Dear Shareholders.

I am pleased to report that OGDCL has delivered commendable performance during the financial year 2022-23. Despite challenging economic conditions, we have succeeded in maximizing shareholder value, safeguarding national assets and ensuring sustainable growth. The hallmarks of this year's performance are record profitability ever for the year of Rs 225 billion and reserves replacement ratio of 149% (highest ever in the past 15 years) which will significantly contribute to the Company's long-term sustainability as well as bolster reserves base. Production optimization is another area of focus which will continue to add between 2000 to 10,000 barrels of crude oil in the system for at least next 5 years.

Effective governance, with proper demarcation and respect of the role and authorities of the board and the management, has been instrumental to our

accomplishments over the past year. Our Board convened 11 meetings focusing on strategic formulation, business diversification and operational efficiencies. The Board comprises nine directors; 5 Non-Executive Directors, 3 Independent Directors and 1 Executive Director. The directors' collective expertise has been critical in guiding our four key committees; Human Resource and Nomination Committee, Business Development and Operations Committee, Audit Committee and Risk Management and Security Committee. To align with evolving regulatory requirements, board members participated in professional development programs, notably relating to Environmental, Social and Governance (ESG) standards, facilitated by the Pakistan Institute of Corporate Governance (PICG).

In line with our ethical obligations, we have initiated multiple community development programs. Our corporate social responsibility (CSR) efforts have led to impactful contributions in diverse sectors such as education, healthcare and infrastructure. For these efforts, the Company allocated a total of Rs 1.5 billion, which included Rs 215 million specifically for flood relief activities.

As we look ahead, we intend to fortify several key areas of our business strategy revolving around upgradation, development and growth of our people and technology. While we will continue to enhance our core business operations in oil and gas, greater attention will be devoted to diversification into new markets, both domestically and internationally, and sectors like mining, alternate energy, etc. Environmental stewardship has always been a part of our agenda, however, going forward, we aim to further reduce our carbon footprints and adopt more sustainable practices. In this respect, we would like OGDCL's name to be synonymous with climate change in Pakistan. Regulatory compliance remains a cornerstone of our operations, and we plan to augment our robust compliance mechanisms to meet evolving regulatory standards. Recognizing the economic uncertainties of the market, risk management strategies that have served us well in the past are being fine tuned and strengthened for even greater resilience and performance.

In conclusion, I extend my deepest gratitude to our Board, Ministry of Energy, shareholders, employees and other stakeholders for their unwavering and un-daunting support. Your continued backing and faith in our business acumen is essential as we strive to maximize shareholders' wealth and make substantive contributions to the nation's economic development.

Life Morrid.

(Zafar Masud) Chairman

28 September 2023 Islamabad A committee with a commitment to integrity and vision

# **DIRECTORS'** REPORT

Dear Shareholders,

On behalf of Board of Directors of the Company, it is our pleasure to present operational and financial performance of the Company for the year ended 30 June 2023.

On the back of sustained favorable crude oil price environment, exploration and production companies across the globe delivered robust financial performance during the fiscal year 2022-23. The growth in the global economy coupled with ongoing geopolitical situation and the continued oil supply discipline by OPEC+ coalition were the driving factors which kept crude oil demand and prices elevated during the year. Average basket price recorded for crude oil during the fiscal year 2022-23 was US\$ 86.25/barrel against US\$ 87.61/barrel in the preceding year.

Amidst adverse impact of torrential rains/floods and administrative issues in opening of LCs, OGDCL during the fiscal year 2022-23 remained undeterred in its resolve to sustain E&P activities so as to meet growing oil and gas demands of the nation. The Company in June 2023 completed the installation of early production facility at Bettani-1 and its seamless integration into national grid resulting in start-up of oil and gas production of 850 barrels per day and 12.5 MMcf per day respectively. The Company's major product mix during the year under review contributed around 46%, 29% and 36% towards Country's total oil, natural gas and LPG production respectively. On the financial front, the Company registered landmark performance with its top and bottom line financials exhibiting growth of 23% and 68% respectively for the year ended 30 June 2023.

#### EXPLORATION AND DEVELOPMENT ACTIVITIES

OGDCL being the market leader in E&P sector of Pakistan holds the largest exploration acreage, which as of 30 June 2023 stood at 87,002 sq. km representing 37% of the Country's total area under exploration (source: PPIS). The Company's exploration portfolio currently comprises 48 owned and operated joint venture exploration licenses. Additionally, the Company possesses working interest in 9 exploration blocks operated by other E&P companies.

In line with its exploration drive to locate oil and gas reserves, OGDCL during the year under review acquired 1,804 Line km of 2D (FY 2021-22: 2,003 Line km) and 765 sq. km of 3D seismic data (FY 2021-22: 610 sq. km). The acquired seismic data represents 55% and 39% of total 2D and 3D seismic data acquisition in the Country respectively. Using in-house resources, 3,981 Line km of 2D and 360 sq. km of 3D seismic data was processed/reprocessed. Furthermore, 394 Line km of geological field work was carried out in Hazro and Nowshera blocks. However, seismic activities during the year were affected by torrential rains/flood (306 days out of 1,825 days of seismic operations lost), non-availability/late delivery of imported ground electronics and security concerns.

On the drilling front, OGDCL spud 10 wells (FY 2021-22: 13 wells) including 5 exploratory/appraisal wells [Chak 20-1, Shahpurabad-1, Gaja Wah-1, Chak 214-1 & Bettani-2], 4 development wells [Chanda-7, Chak 63-2, Dars West-2 & Uch-34] and 1 sidetrack well [Nim West-1]. Moreover, drilling and testing of 12 wells pertaining to previous fiscal year was also completed. Total drilling recorded during the twelve months was 33,192 meters (FY 2021-22: 41,961 meters). However, drilling activities got impacted by torrential rains/flood (310 days out of 2,190 days of drilling operations lost) and non-availability of spare parts for mud pumps and other critical items; drilling line, bridal line and rig engine parts on account of LC issues leading to stacking of 2 owned rigs. Likewise, delays in procurement of LLIs also hampered the drilling activities.

Moving forward, OGDCL is committed to intensify its exploration, development and production activities for fast track monetization of hydrocarbon resources. Moreover, operational excellence in the conduct of E&P activities will be ensured to augment production profile and shareholders value. The Company will also continue to seek such farm-in/farm-out opportunities as well as acquisition of concessions in domestic and international market to tap new oil and gas reserves.

#### DISCOVERIES

OGDCL's exploratory efforts to locate new reserves during the year under review yielded 3 oil and gas discoveries (FY 2021-22: 7 discoveries) having an expected cumulative daily production potential of 3,007 barrels of oil and 3 MMcf of gas. Aforementioned discoveries include Toot Deep-1 in district Attock, Punjab province and Chak 5 Dim South-3 and Kot Nawab-1 in district Sanghar, Sindh province.

#### PRODUCTION

Directors' Report

OGDCL being a state owned enterprise is making all viable efforts to maintain and optimize hydrocarbon production through expediting connectivity of new exploratory, appraisal and development wells in the production gathering system coupled with employing latest production techniques and cutting edge technologies to minimize natural decline in the mature fields. In this pursuit, Company's production during the year under review contributed around 46%, 29% and 36% towards Country's total oil, natural gas and LPG production respectively (source: PPIS).

OGDCL's average daily net saleable crude oil, gas and LPG production clocked in at 32,478 barrels, 764 MMcf and 720 tons in comparison to 35,292 barrels, 825 MMcf and 807 Tons in the preceding year. The production was impacted due to natural decline at KPD-TAY, Bobi, Chanda, Mela, TOC, Bitrism, Sinjhoro and Nashpa fields combined with forced production curtailment owing to torrential rains/flood at Palli, Mangrio and KPD-TAY fields. Likewise, lower gas production was observed due to less gas intake by UPL from Uch field due to technical issues at Uch power plant as well as on account of rupture incident at the 26" gas pipeline (Uch field to UPL plant). The reduction in production from NJV fields also contributed towards lower hydrocarbon output.

The decline in production was partially mitigated by injection of 7 operated wells in the production gathering system viz., Lala Jamali-2, Chak 5 Dim South-3, Qadirpur-63, Pasakhi Deep-7, Umair South East-1, Wali-1 and Kot Nawab-1, which cumulatively yielded gross crude and gas production of 202,210 barrels and 2,848 MMcf respectively. In an effort to arrest natural decline and sustain production from mature wells, the Company carried out 96 work-over jobs comprising 14 with rig and 82 rig-less. Moreover to induce improvement in the current well flow parameters, pressure build-up survey jobs were completed at various wells of Uch, Qadirpur, Maru-Reti, Kunnar, Pasakhi, Mela and Nashpa fields. Additionally, electrical submersible pump was successfully installed at Sono-7 resulting in incremental oil production of 2,000 barrels per day.

These production enhancement efforts contributed toward arresting natural decline of oil and gas by 8% and 4% respectively. Average daily net saleable production including share in both operated and non-operated JV fields is as follows:

| Products  | Unit of Measurement | FY 2022-23 | FY 2021-22 |
|-----------|---------------------|------------|------------|
| Crude oil | Barrels per day     | 32,478     | 35,292     |
| Gas       | MMcf per day        | 764        | 825        |
| LPG       | Tons per day        | 720        | 807        |
| Sulphur   | Tons per day        | 29         | 39         |

Moving on, OGDCL will make concerted efforts to optimize oil and gas production from mature fields as well as to commercialize new discoveries in the shortest possible time. The Company will also continue with its endeavors for revival of dormant fields subject to financial feasibility alongside exploiting favorable growth opportunities for sustainability of business. While pursuing production optimization initiatives, utilization of advanced technology and focus on improved engineering design and simulation capabilities will remain part and parcel of production enhancement strategy.

### **DEVELOPMENT PROJECTS**

During the year under review, OGDCL carried on with its efforts for fast track completion of ongoing development projects with an ambition to boost its crude oil, gas and LPG production. Anticipated incremental daily production from completion of ongoing development projects is 2,238 barrels of oil, 179 MMcf of gas, 178 Tons of LPG and 35 Tons of Sulphur. The current status of development projects is tabulated below

| Name of<br>Project     | Location of<br>Project     | Working                                | Interest<br>vers         | Completion<br>Date | Current Status   |
|------------------------|----------------------------|--|--------------------------|--------------------|--|
| Khewari                | Khairpur,<br>Sindh         | OGDCL<br>GHPL                          | 77.50%<br>22.50%         | October<br>2023    | Laying of 6 inch 16 km gas pipeline and installation<br>of plant/gathering facilities are in progress.               |
| Jhal Magsi             | Jhal Magsi,<br>Balochistan | ogdcl<br>Pol<br>Ghpl                   | 56%<br>24%<br>20%        | March<br>2024      | Press tender for hiring of PC contractor has been<br>published, while laying of gas pipeline by SSGC is<br>underway. |

#### BETTANI FIELD DEVELOPMENT

OGDCL is the operator of Wali exploration licence possessing 100% working interest in the exploration block. The Company's exploratory efforts in the Wali block in the preceding year resulted in significant gas and condensate discovery; Wali-1 in district FR Lakki, KP province. The hydrocarbons were discovered from Wali-1 in Kawagarh, Hangu and Lockhart formations. The recoverable 2P reserves are estimated to be around 13 million barrels of oil and 219 billion cubic feet of gas, equivalent 55 million BOEs.

During the year under review, OGDCL embarked upon the initiative for development of early production facilities (EPF) at Wali-1 so as to bring Bettani field into production. The Company in June 2023 successfully completed the installation of EPF to fast-track monetization of hydrocarbons. The field is operational and producing around 850 barrels per day of crude oil and 12.5 MMcf per day of gas. At present, further field development is being undertaken and the Company anticipates gas production enhancement up to 50 MMcf per day subject to successful drilling and completion of Bettani Deep-1 and Bettani-2 wells.

#### **BUSINESS DIVERSIFICATION**

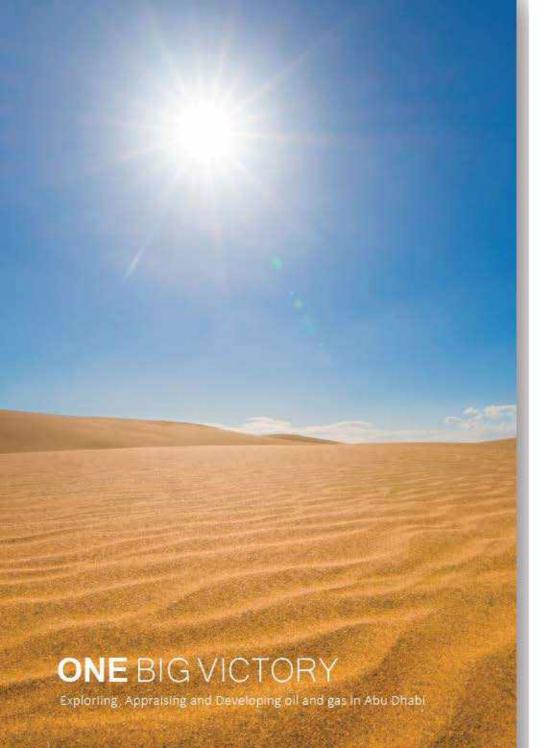

OGDCL with the aim to boost profitability and minimize business risks is exploring viable investment avenues in various sectors in order to ensure business sustainability in the long run. In this regard, following initiatives have been taken towards business diversification:

#### **REKO DIQ MINING PROJECT**

Reko Diq has one of the world's largest undeveloped copper-gold deposits and the mining field has a life of over 40 years. In line with its plan to diversify its business, OGDCL has entered into definitive agreements with the Federal Government, Government of Balochistan, GHPL, PPL and Barrick Gold Corporation for extraction of gold and copper reserves from Reko Diq. The state owned enterprises (SOEs); OGDCL, PPL and GHPL hold 25% of equity in the project, divided equally among these companies. While 50% of the equity is held by the Barrick Gold along with management and operatorship rights and remaining 25% of the equity is held by the Government of Balochistan.

In order to manage the equity shareholding of the SOEs, a special purpose vehicle (SPV) namely Pakistan Minerals Private Limited (PMPL) has been incorporated. The SOEs have also executed a shareholder agreement among themselves in order to discharge their liabilities under definitive agreements for the reconstituted Reko Diq Mining Project. In order to execute the project, boards for Reko Diq Mining Company Private Limited (the operator), Reko Diq Investment Limited (HoldCo1) and Reko Diq Holding Limited (HoldCo2) have been established. Currently, project feasibility study is in progress and expected to be completed by the end of 2024.

The Reko Diq mining project will unlock economic development and provide significant benefits to Balochistan, including upfront social development, job creation, skills development and local investment opportunities. The successful execution of the Reko Diq mining project will boost revenue stream coupled with reducing the business risks leading to positive impact on the shareholders' value.

# ABU DHABI OFFSHORE BLOCK-5

OGDCL along with consortium members; PPL (operator), MPCL and GHPL was awarded offshore block-5 in Abu Dhabi on 31 August 2021. The award of concession is the first opportunity for Pakistani E&P companies to explore, appraise and develop oil and gas resources in Abu Dhabi. Currently, planned exploration and evaluation activities are underway, whereby appraisal plan for undeveloped discoveries has been approved by ADNOC. Moreover, 3D seismic processing, static and dynamic reservoir modelling and concept selection study for surface facilities are underway. Technical evaluation for selection of jack-up rig has also been completed and contract has been awarded for drilling of 4 wells.

#### STRATEGIC PARTNERSHIPS WITH MARKET PLAYERS

In view of changing business dynamics across the globe, OGDCL during the fiscal year 2022-23 signed various MOUs with market players in connection with exploring new investment avenues/ opportunities.

A brief on the nature of such MOUs is narrated below:

- Y MOU with United Energy Group (UEG) for identification of farm-in and production sharing opportunities;
- Y MOU with MPCL and Schlumberger for evaluation of Pakistan's geothermal potential based on proprietary data of OGDCL and MPCL;
- Y MOU with MPCL, PPL, GHPL and PARCO for pursuing green hydrogen opportunities;
- Y MOU with PARCO for evaluation of projects in the energy sector of Pakistan; and
- Y MOU with PSO on cooperation and collaboration in joint investment strategy for setting up a Greenfield refinery project in Balochistan under consortium arrangement with the foreign investors.

# OGDICL'S OPERATED FIELDS

A snapshot of Company's major producing fields during the fiscal year 2022-23 is as follows:

| Major Fields        | Location of Field           | Working Interest<br>Owners  | Average Daily Gross Saleat   | le Production              |
|---------------------|-----------------------------|---|--|----------------------------|
| Nashpa              | Karak, KP                   | OGDCL 56.45%<br>PPL 28.55%<br>GHPL 15.00%   | Gas: 79 N  | 34 Barrels<br>/Mcf<br>Tons |

# MARKET SHARE

Being the market leader in E&P sector of Pakistan, OGDCL boasts the highest share in exploration acreage, 2D seismic data acquisition, oil and gas reserves and production contribution in comparison to other E&P companies operating in the Country. As of 30 June 2023, its exploration acreage stood at 87,002 sq. km representing 37% of the Country's total area under exploration. The Company's 2D seismic data acquisition during the year under review was 55% of total 2D seismic data acquisition in the Country. Production contribution stood around 46%, 29% and 36% towards Country's total oil, natural gas and LPG production respectively. As at 30 June 2023, reserves constitute 42% and 36% of national oil and gas reserves respectively. (Source PPIS)

### OIL AND GAS RESERVES

As of 30 June 2023, OGDCL's total gross remaining recoverable 2P reserves stood at 81 million barrels of oil and 5,393 billion cubic feet of gas. Reported reserves are as per the Reserves Evaluation Study 2020 carried out by an independent consultant viz., DeGolyer and MacNaughton (D&M), USA. Reserves have been revised/updated based on production performance of individual fields, oil & gas discoveries and workover jobs carried out during the reporting period. In KPD-TAY, simulation study resulted in enhancement of recovery by more than 30% resulting in additional 397 bcf of gas reserves. 80 MMBOE was added as reserves during the reporting period which resulted in Reserves Replacement Ratio of 149%.

### FINANCIAL PERFORMANCE

OGDCL during the year ended on 30 June 2023 registered improved Sales Revenue of Rs 413.594 billion (FY 2021-22: Rs 335.464 billion). Higher sales are primarily attributable to favorable exchange rate and price variance partially offset by unfavorable volume variance. Average realized prices of crude oil, gas and LPG were US\$ 71.78/barrel (FY 2021-22: US\$ 75.69/barrel), Rs 610.92/Mcf (FY 2021-22: Rs 436.06/Mcf) and Rs 148,723/Ton (FY 2021-22: Rs 123,653/Ton) respectively. Average exchange rate recorded was Rs 248.18/US\$ against Rs 178.24/US\$ in the preceding year.

In addition to the above, higher interest income on investment and bank deposits and exchange gain got on modification of Uch-I finance lease due to extension in contract coupled with share of profit in associates contributed positively toward improved profitability. However in comparison to the preceding year, increase in operating expenses on account of inflationary trends, repairs and maintenance, rent, fee and taxes, amortization and impairment of development and production assets impacted the financial performance. Nevertheless, Company recorded highest ever Profit after Tax of Rs 224.618 billion (FY 2021-22: Rs 133.784 billion) translating into Earnings per Share of Rs 52.23 (FY 2021-22: Rs 31.11).

Financial results for the year ended 30 June 2023 are summarized below:

|   | (Rs in billio | n)        |
|---|---------------|-----------|
| Profit before taxation                              |               | 383.773   |
| Taxation  |               | (159.155) |
| Profit for the year                                 |               | 224.618   |
| Un-appropriated profit brought forward              |               | 811.509   |

- Mr. Shakeel Qadir Khan appointed as Director w.e.f. 28 August 2023 in place of Mr. Abdul Aziz Uqaili.

Currently, OGDCL's Board comprises following members:

| Director        |
|-----------------|
|                 |
| Director        |
| MD/CEO/Director |
|                 |

# BOARD STRUCTURE AND COMMITTEES

Presently, OGDCL's Board includes 3 Independent Directors, 5 Non-Executive Directors and 1 Executive Director. Profile of the Board of Directors is given on page no. 31. Details of Board and Committees meetings are given on page no. 50 of the Annual Report 2023.

In order to ensure effective implementation of internal control system and compliance with the Code of Corporate Governance, Board has constituted various committees; Human Resource and Nomination, Risk Management and Security, Business Development & Operations and Audit Committees. The composition of the Board committees and their respective TORs are given on page 43 of the Annual Report 2023.

#### ROLE OF CHAIRMAN AND MANAGING DIRECTOR/CEO

At OGDCL, positions of Chairman and Managing Director/CEO are held by separate individuals to promote accountability and scrutiny of business affairs. Board Chairman is primarily responsible for running the Board and all matters relevant to governance of the Company, wherein superintendence of the Board is necessary. Moreover, Chairman along with other Board members formulate business policies and strategies and steer Board meetings including fixing the agenda of the meetings and overseeing Board evaluation.

Managing Director/CEO is involved in the management of day to day operations and procedures relating to operational, financial and other matters of the Company. Managing Director/CEO carries out implementation of strategies and policies approved by the Board and make appropriate arrangements to ensure that business assets are properly safeguarded and utilized economically, efficiently and effectively along with timely compliance with the statutory requirements.

# PERFORMANCE EVALUATION: BOARD, MANAGING DIRECTOR/CEO AND SENIOR MANAGEMENT

OGDCL's Board in accordance with the requirements laid down in the Companies Act 2017, Public Sector Companies (Corporate Governance) Rules, 2013 and Listed Companies (Code of Corporate Governance) Regulations, 2019 carries out self-evaluation exercise, whereby a questionnaire is disseminated amongst the Board members for assessment of their performance. This evaluation exercise is undertaken on annual

basis to enhance effectiveness and better understanding of roles and responsibilities of the Board. Performance of Managing Director/CEO and senior management is reviewed and assessed by the Board against their performance contracts, which also holds them accountable for accomplishing business objectives, goals and key performance indicators.

# FORMAL ORIENTATION AND CONTINUOUS PROFESSIONAL DEVELOPMENT PROGRAMS

Board members frequently attend training programs provided by the professional institutions in order to keep themselves abreast with regulatory and governance updates/changes as well as to discharge their duties and functions effectively. In this regard, Board members; Mr. Zafar Masud, Capt. Retd. Muhammad Mahmood, Mr. Abrar Ahmed Mirza, Mr. Abdul Aziz Uquaili, Dr. Muhammad Sohail Khan Rajput, Mr. Akbar Ayub Khan, Mr. Muhammad Riaz Khan, Mrs. Shamama Tul Amber Arbab, Mr. Jahanzaib Durrani, Syed Khalid Siraj Subhani and Mr. Ahmed Hayat Lak attended directors orientation workshop on 26 June 2023 organized by the Pakistan Institute of Corporate Governance. # OGDCL - WHERE EVERY PERSON MATTERS!

E

# CORPORATE SOCIAL RESPONSIBILITY (CSR)

OGDCL being a National Oil Company of Pakistan has always assigned top priority to the development of communities residing in the vicinity of business operational areas. By embedding social responsibility in its core business, the Company endeavors to support marginalized communities in particular and society as a whole. The Company's social welfare obligations are discharged under respective petroleum concession agreements by the way of investment in the areas of education, health, water supply, infrastructure development, sports and donations.

In fulfilling CSR responsibility, OGDCL ensures that its E&P activities are conducted in an ethical and responsible manner embracing business core values viz., Merit, Teamwork, Dedication, Integrity, Safety and Innovation. Moreover, the Company diligently follows the guidelines of DGPC, Ministry of Energy for utilization of social welfare funds and exercises all possible measures to ensure that its voluntary and obligatory contributions are disbursed in the most transparent and efficient manner.

### MAJOR CSR INITIATIVES

During the fiscal year 2022-23, OGDCL as part of its social responsibility strategy undertook following social welfare initiatives to improve and transform lives of the under privileged segment of the society:

- Y Donation of Rs 215 million for flood relief activities;
- Y Distributed ration bags worth Rs 100 million under "Ramadan Ration Distribution Drive";
- Y Distributed 100 ambulances to various medical facilities in the country;
- Y Established Fatimid Center for treatment of Thalassemia and Hemophilia patients in KP;
- Y Established 33 eye camps and 24 hepatitis C camps in collaboration with Al-Shifa Eye Trust Hospital and Agha Khan University Hospital respectively;
- Y Launched a skill development program for 400 youths for technical training at NAVTTC Centre of Excellence, Islamabad;
- Y Sponsored deserving students under "OGDCL-IBA Karachi National Talent Hunt Program 2023";
- Y Sponsored 20 athletes for participation in World Special Games, Berlin; and
- Y MoU signed with Dost Welfare Foundation, Taleem Foundation, The Citizens Foundation, Vision-21 Global, Tehzibul Akhlaq Trust College and Indus Hospital & Health Network for carrying out social welfare activities.

# HEALTH, SAFETY, ENVIRONMENT AND QUALITY (HSEQ)

OGDCL attaches pronounce significance to fulfilling regulatory requirements as well as fostering a culture of compliance towards health, safety and environmental regulations. All requisite protocols in this respect have been promulgated in line with the HSEQ management system requirements and international best practices. The Company relies on a well-defined system procedures, SMART objectives, STOP intervention cards, up to date risk registers, HSE monitoring plans, outsourced firefighting services, HSE management review meetings, in-house trainings, internal HSE audit protocols, reward and recognition system, waste management and ambient/indoor air quality monitoring to ensure safety and wellbeing of manpower and assets.

In addition to the above, OGDCL strictly complies with the Pakistan Environment Protection Act 1997 and rules and regulations promulgated for protection of the environment. Initial Environment Examination and Environmental Impact Assessment are permanent features of the routine operations and no project is initiated without acquiring No Objection Certificates from the respective Environmental Protection Agency. As a result of adherence to such HSEQ standards, the Company during the reporting period continued its E&P operations in a safe manner without reporting any loss of its assets and personnel. Moreover, Fire Safety Award and Annual Environment Excellence Award were conferred on the Company by the National Forum of Environment and Health in recognition for outstanding contributions of the organization towards sustainable development, safety and overall protection of the environment.

# BUSINESS RISKS AND MITIGATION MEASURES

OGDCL's core business activities include locating, acquiring, developing and commercially producing oil and gas reserves. These activities are characterized by inherent uncertainties, geological surprises and complexities which may have a potential impact on the business financial conditions and results of exploration, development and production operations. Therefore, future results of E&P operations and financial standing depend on the ability to timely identify and mitigate the risks and hazards inherent to E&P industry.

OGDCL's Management regularly monitors material business risks such as commodity price risk, credit risk, security risk, environmental risk, renewable energy risk etc., using information obtained or developed from internal or external sources and take appropriate actions to mitigate their adverse impact. The Company is equipped with effective risk management strategies and proactive risk mitigation techniques to accomplish the strategic objectives as well as to protect its assets, personnel and reputation. Moreover, Risk Management Committee functions to assess, treat and monitor broad spectrum of risks as well as to ensure business sustainability in the long run. HSEQ activities including environment friendly initiatives, HSE performance KPIs, energy conservation measures and steps towards workforce safety are narrated on page 126 of the Annual Report 2023.

# FUTURE OUTLOOK

OGDCL is cognizant of prevailing energy demand-supply gap in the Country as well as rising outflow of precious foreign exchange in connection with import of fossil fuels. Against this backdrop, the Company being the market leader stands firm in its resolve to intensify E&P activities so as to discover new reserves and optimize brown field facilities/reserves in order to contribute in the Country's economic growth. In this regard, fast track exploration activities will serve as future growth engine of the business and potential exploration blocks will be targeted for the purpose of reserves accretion and production optimization. Alongside, the Company will continue to seek farm-in/farm-out opportunities and acquisition of concessions in domestic and international market to maintain and improve Reserves Replacement Ratio, a critical performance indicator which reflects new reserves addition vis-à-vis production.

In line with its production enhancement strategy, OGDCL is focused on cutting edge technologies involving installation of Electrical Submersible Pumps, rig-less interventions and pressure build-up survey jobs to narrow down the impact of natural decline and augment oil and gas output. In pursuance to such production optimization techniques, incremental cumulative daily production of 3,030 barrels of crude oil, 30 MMcf of gas and 51 Tons of LPG were recorded at Nim East-1, Pasakhi-11, Chak 2-1, Chak 5 Dim South-3, Siab-1 and Nashpa-10 subsequent to the year ended 30 June 2023. Moreover, the Company is focused on completion of ongoing development projects to augment production and cash flow position. Aforesaid production enhancement will not only contribute in meeting oil and gas demands of the nation but will also render foreign exchange savings as import substitution.

In addition to the above mentioned endeavors, OGDCL is deeply committed to indigenization to bolster self-reliance and fortify domestic economy using local resources and technologies. The major objectives linked with this initiative are to:

- Y Minimize imports, conserve foreign exchange reserves and enhance trade balance by backing local industries;
- Y Secure continuous material supply with alternate supply chains for E&P operations;
- Y Elevate domestic market competitiveness, ensuring quality products at competitive prices and opening of global export avenues;
- Y Drive economic growth by spurring production, employment and local investment;
- Y Promote knowledge and skill growth, foster a skilled workforce and boost nation's human capital; and
- Y Align with government policies emphasizing domestic production and investment.

Moving forward, consistent focus and investment in E&P activities, business diversification, human resource and stakeholders' management will play a pivotal role to drive sustainable growth and success. Likewise, formulation of value driven joint ventures in view of current inflationary trend and business cost conscious approach will be critical to introduce new partners with complementary skills and to conduct operations efficiently and cost effectively. While pursuing strategic objectives, safety and environmental stewardship will remain a business priority for protecting the health and safety of employees and communities inhabiting the operational areas. The Company being a responsible corporate citizen will carry on its CSR activities for uplifting living standards of the deprived segment of the society.

# ACKNOWLEDGEMENT

OGDCL's improved financial results coupled with stable operational performance during the year under review is a testament to the tenacity and determination of its stakeholders to collectively strive for excellence and growth. In this respect, the Board would first and foremost pay tribute to the professionalism and concerted efforts of the Company's management and employees to conclude the year strongly. We would also like to acknowledge the Board of Directors and shareholders for their wise counsel and trust in the Company dealings. Moreover, we are grateful to resolute support and guidance extended by the Ministry of Energy, DGPC and other divisions and departments of federal and provincial governments.

As we enter fiscal year 2023-24, we will show no relaxation in driving forward Company's operational and financial performance by relying on business distinctive capabilities and vast experience of its manpower. Striding forward, every one of us at OGDCL remains committed to continue the track record of delivering industry leading E&P performance, safely and responsibly, for the benefit of the shareholders and for the accelerated growth of the economy as a whole.

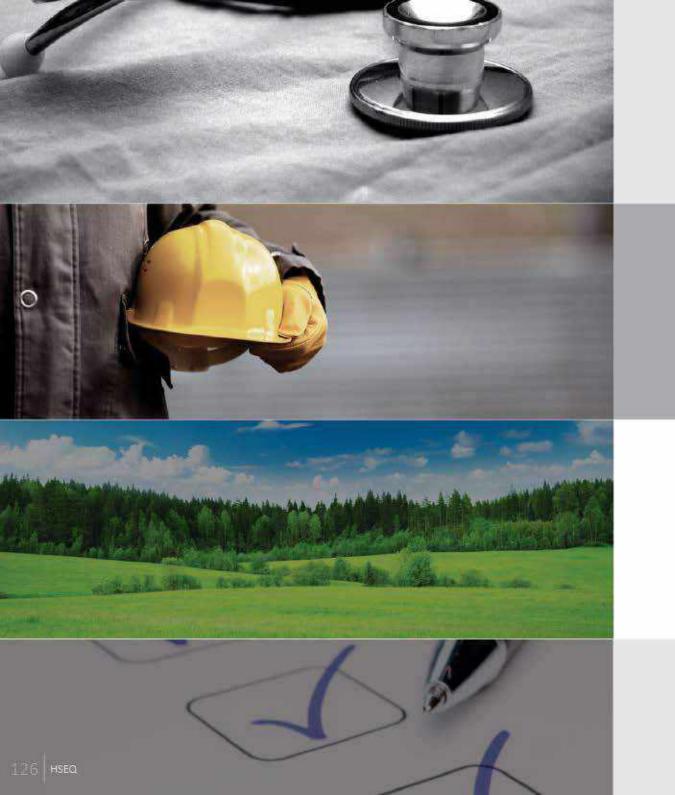

On behalf of the Board

(Ahmed Hayat Lak) Managing Director/CEO

ズfr Morry. (Zafar Masud)

Chairman

# HEALTH

# SAFETY

# ENVIRONMENT

QUALITY

# **HSEQ**

OGDCL being the largest E&P Company of Pakistan attaches great significance to fulfilling legal HSEQ requirements as well as fostering a culture of compliance towards Health, Safety and Environmental regulations. All requisite SOPs in this respect have been promulgated in line with the legal HSEQ requirements and international best practices. The Company relies on well-defined system procedures, SMART objectives, STOP intervention cards, up to date risk register, HSE monitoring plans, outsourced firefighting services, PTW compliance, HSE management review meetings, in-house trainings, internal HSE audit protocol and Indoor Air Quality Monitoring with an aim to ensure safe work culture and to achieve zero accidental goals.

OGDCL in the conduct of E&P activities ensures that minimum environmental disturbance is encountered and if any, same is addressed on project to project basis so that overall environmental conditions are not disturbed and base line parameters remain stable. As a result of sustainable measures pertaining to safeguard of environment and society, the Company yet again won 19th Annual Environmental Excellence Award and 12th Annual Fire and Safety Award which are designed to appreciate, recognize and promote outstanding contributions of the organization towards sustainable development and in protecting the overall environment of Pakistan.

# ENVIRONMENTAL IMPACT ASSESSMENT

Prior to commencing project activities in an area, Environmental Impact Assessment (EIA) studies are carried out to identify projects' environmental, social and economic impacts. These studies aim to predict environmental impacts at an early stage in the project planning and design/find ways and means to reduce adverse impacts and shape projects to suit the local environment. In this regard, public consultation is done to educate and make locals aware about the project's impacts and finalize mitigation measures accordingly. Public consultation is a crucial component of EIA as it allows stakeholders to express their views, concerns, and suggestions on a proposed project and its potential impact on the society. The views of the affected and interested public helps to ensure better environmental outcomes as viable feedback is considered and incorporated in the form of mitigation measures into the EIA.

#### **HSE PERFORMANCE KPIs**

|   | Target   | Performance |
|---|----------|-------------|
| Fatality Index                              | 0        | 0           |
| Loss Time Injury Frequency                  | <= 0.150 | 0.084       |
| Total Reportable Injury Case Frequency      | <= 0.550 | 0.246       |
| Total Vehicle Incidental Rate               | <= 0.400 | 0.212       |
| GHG Emissions (MtCO2e, Scope 1 Emissions)   | <2.0     | <2.0        |
| GHG Emissions (Tons per employee)           | <400     | ~250        |
| Hazardous Waste Pits (Treated and restored) | 30       | 38          |
| OBM Drill Cuttings (Tons bio-remediated)    | 0        | ~6,500      |

# HSE - KEY ACTIVITIES

OGDCL's key HSE activities during the fiscal year 2022-23 are as follows:

- Based on HSE-TNA, HSE Training and Development Series continued and sessions conducted to disseminate better understanding on the HSE management system at all fields and OGTI;
- Accomplishment of ISO 14001 and ISO 45001 certifications for Rajian and Bobi fields; whereas, ISO 14001 and ISO 45001 certifications were
  maintained for OGDCL House, Sinjhoro, Nashpa, Chanda, Mela, Dakhni, Qadirpur, KPD-TAY and Uch fields on exhibition of HSE arrangements in a
  well-organized and proficient manner;
- Due to prudent utilization of in-house resources and firm commitment to the highest HSE standards, Bettani field development project was completed/commissioned in just 8 months with an estimated 0.1 million man hours and zero lost time incidents;
- Volumes of OBM drill cuttings were treated by using bio-remediation at Nashpa field. Major advantages of using bio-remediation technique are:
  - requirement of minimum resources i.e. land, time, etc.
  - relatively cost and time effective treatment method
  - environment friendly with zero emissions
  - causes no harm to the flora and fauna
  - detoxified oil waste is useable for soil treatment
- Floating Treatment Wetland (FTW) continued at Rajian and Dakhni fields contributing towards improving the anaerobic conditions and associated biogeochemical processes in the water column under the floating mats. Nashpa has been selected as the next site for the configuration of FTW;
- HSE awareness events were celebrated at all sites with zeal and fervor. Safety walks, quizzes and contests like message oriented poster competition, scenario-based emergency mockup drills, hazards hunt program etc. were planned to instill and reinforce positive behavior-based awareness plus motivation amongst the personnel; and
- World Environment Day was celebrated on the 5 June 2023 at all sites on the theme 'Beat Plastic Pollution', whereby various activities were held like
  assembly outside the main office/ building and awareness walks with posters scribing multiple slogans on pollution prevention and mitigating
  environmental impacts through public awareness;

# CONSUMER PROTECTION MEASURES

OGDCL during the year under review continued to ensure that its business products supplied to the markets, consumers and other stakeholders are properly processed and bear minimum (allowable) potential for pollution. In order to mitigate unwanted and hazardous impact of gases, absorbents, scrubbers and desiccants/molecular sieves are utilized to guarantee continuous quality conscious operations at fields and plants. The remaining traces of gases are burnt in accordance with the international best practices in the controlled-flare.

#### ENERGY AND RESOURCE SAVING MEASURES

Energy and resources saving measures, based on application of 4Rs philosophies (reduce, reuse, recycle and repair), investment in pollution control technologies, improved production methods/techniques for seeking business sustainability, conducting E&P operations in a cost effective way and replacement of oil cumbersome equipment with energy conservation equipment are relied upon to achieve energy and resource savings. Other saving measures are as follows:

- Timely maintenance of engines and turbines to avoid incomplete combustion and fuel wastage;
- Predictive maintenance of machines based on condition monitoring to avoid efficiency drop;
- Proper insulation of pipelines and air ducts and use of heat tracing cables;
- Decanting and secondary containment systems for condensate/crude oil, diesel and chemicals;
- Reuse of oil based mud in the drilling operations;
- Installation of renewable sources such as solar energy panels at well sites and office buildings to offset the effects of carbon emission and use of fuel efficient vehicles; and
- Use of bioremediation and FTW technologies to treat waste (water) in an environment friendly and cost effective manner.

## ENERGY CONSERVATION AND ENVIRONMENTAL RESPONSIBILITY

OGDCL is taking proactive measures for sustainable economic development with an aim to improve quality of life and environment, as a win-win situation for the Company, local community and society in general. The key strategies in this regard are given below:

- Process optimization plans for the gas processing plants have been chalked out to fine tune plants' operating conditions, resulting in improvement in energy efficiency and reduction in associated emissions;
- Annual LDAR surveys plan devised and implemented at all gas processing plants;
- Annual Turn Around and Asset Integrity Programs are based on predictive maintenance philosophy;
- Flare gas utilization plans exist to explore the sale of flare gas to potential buyers from the operating fields subject to economic feasibility;
- Flared/vent low pressure gas being utilized in the best possible way by delivering it to the local buyers from production fields; Qadirpur, Rajian, Bhal Syedan, Sadqal, Fimkassar, Missakeswal, Toot, Nur Bagla, Pasakhi, Sinjhoro, Sono Lashari, etc.;
- Other flare gas utilization options like recycling flare gas through gas compressors and operating gas engines for power generation are being materialized, wherever it is technically viable;
- Feasibility studies carried out to finalize well sites and buildings to be switched to/run on solar energy;
- All future TORs/contracts with respect to procurement/hiring of vehicles for business operations are framed to ensure that specifications of vehicles are based on latest vehicle fuel economy standards; and
- Plantation campaign initiatives pursued by growing Miyawaki forests in the production fields.

# OBJECTIVES OF HEALTH, SAFETY AND ENVIRONMENT POLICY

HSEQ policy aims to assist in protecting the environment and overall wellbeing of stakeholders, specifically employees, clients, shareholders, partners, contractors, subcontractors, service companies and communities. The main objectives of HSE policy are as follows:

- Exhibit visible leadership at each level and ensure necessary resources, trainings and infrastructure are in place for HSE excellence;
- · Identify hazards and ensure effective controls exist to manage operational risks;
- · Ensure that business entities meet or exceed applicable HSE laws, regulations, standards and other requirements;
- Set objectives and targets to safeguard humans and assets, protect environment and conserve energy and natural resources;
- Ensure that contingency plans are in place for business continuity;
- Provide employees with self-assured work methods and practices in conjunction with granting authority to stop
  unsafe work and motivation through rewards and recognition;
- Assess HSE KPIs regularly and share performance accordingly;
- Employ contractors and service companies which aspire to the highest HSE standards and recognize that HSE is mutual responsibility; and
- Improve HSE system by continually focusing on Leading Indicators and disseminating lessons learned from lagging indicators; and

# COMMITMENT TO GREENHOUSE GAS (GHG) EMISSIONS POLICY

As a responsible E&P Company, OGDCL is committed to ensure sustainable development alongside catering major environmental, economic and social challenge i.e. climate change. The Company is making efforts to minimize carbon footprint and reduce GHG emissions by focusing on the following points:

- · Improve the carbon efficiency of business operations and product portfolio and accelerate Company's transition into an energy company;
- · Integrate risks and opportunities related to climate change impacts into the development of business strategy as well as in planning operational activities;
- Implement such measures which optimize operational processes, increase energy efficiency, reduce flaring/venting of gas and reduce methane emissions
- through leakage detection and improvement of asset integrity;
- · Explore avenues to invest in green fuels to drive energy transition towards a more sustainable future and reduce reliance on fossil fuels;
- · Endeavor to harness solar power potential at operations facilities and in the remote areas;
- · Reduce vehicular emissions by utilizing fuel-efficient vehicles which comply with latest vehicle fuel economy standards;
- · Carry out Company-wide plantation campaigns to promote afforestation so as to contribute in the augmentation of sinks for GHG emissions.

As per Disclosure and Transparency Rules (DTR) 4.1 of FCA, UK; this report includes a resolve and commitment on part of the Company to reduce GHG emissions. While navigating towards aligning fully with the Task Force on Climate-related Financial Disclosures (TCFD) recommendations, this disclosure signifies a pivotal advancement towards achieving this comprehensive objective. In this respect, transparent and responsible reporting as well as thorough disclosure aligned with TCFD recommendations and other pertinent standards will continue to be a focus point of the Company.

# PRINCIPAL RISKS/UNCERTAINTIES AND MITIGATION MEASURES

# **PRINCIPAL RISKS**/UNCERTAINTIES AND MITIGATION MEASURES

Business risks and uncertainties which are material in nature coupled with their mitigation techniques are outlined below:

#### STRATEGIC RISK

OGDCL's long term strategy aims at optimization of business portfolio and sustaining production growth in a cost effective manner to improve profit margins. Going forward, the Company cannot guarantee maintenance of drilling success and effective execution of low cost strategy in conduct of E&P operations. Responding to the risk of strategic failure, the Company focuses on utilizing latest production techniques, advance reservoir management practices and innovative technologies to discover new reserves and boost production while ensuring its low cost operator status. Additionally, the Company renews and repositions its exploration portfolio to embark upon future growth opportunities so as to ensure long term sustainability and increased shareholders' value.

#### COMMERCIAL RISK

As OGDCL's production is readily absorbed in the indigenous market, therefore the Company faces no risk relating to sale of hydrocarbon products. However, following factors may unfavorably influence the financial stature:

#### COMMODITY PRICE RISK

Crude prices in Pakistan are linked to a basket of Middle East crude oil prices which are calculated by taking into account average prices of Oman, Dubai and Das Blend. Any volatility in the prices of the crude oil has a significant influence on OGDCL's financial performance. However, OGDCL's gas sale is less prone to price risk as the gas prices of major fields are capped at fixed crude oil/HSFO prices and sales revenue is affected only if international crude oil prices fall below the capped price.

#### FOREIGN CURRENCY RISK

OGDCL is exposed to foreign currency risk with respect to crude oil and gas prices which are determined in US dollars and translated into Pak rupees using exchange rate established by the regulatory authority. Therefore, any decline in the value of Pak Rupee against US dollar has a positive impact on the earnings and vice versa. While currency risk arising due to foreign currency payments made for purchase of material, equipment and hiring of third party services is neutralized by natural hedging provided by the Company's pricing mechanism.

#### CREDIT RISK

Against supply of crude oil and natural gas products, significant trade debts are payable to OGDCL by crude oil refineries and gas distribution companies. Settlement of such debts has been slow resulting in creation of Inter Corporate Circular Debt issue in the energy industry. To cope up with this risk, OGDCL's management is undertaking all possible measures including vigorous follow-ups and constant liaison with the Government of Pakistan to recover outstanding receivables and to avert liquidity problems. Moreover, Government of Pakistan is pursuing for satisfactory settlement of Inter Corporate Circular Debt issue and the Company therefore considers its outstanding amount to be fully recoverable.

#### LIQUIDITY RISK

OGDCL's debt free balance sheet is reflection of the fact that the business is not exposed to any liquidity risk. However, prolonged nonpayment of trade debts by crude oil refineries and gas distribution companies may trigger the need for borrowing to carry out planned exploration, production and development activities/projects as well as to timely discharge its statutory obligations including royalty, taxes/duties, dividend, etc.

#### **RESERVES RISK**

Proven reserves data are estimated quantities of oil and gas that geo-science and engineering data demonstrate with reasonable certainty to be economically producible under existing economic conditions, operating methods and government regulations. Any downward revision in the estimated quantities of reserves would indicate lower future production volumes which could adversely influence business operations and financial results. In order to cope up with this risk, OGDCL internally evaluates and update reserves on the basis of production performance of individual fields, oil and gas discoveries and workover jobs. Moreover, reserves evaluation study, which is carried out by an independent international expert, is arranged after every 3 years for verification/up-dation of the reserves status.

# **OPERATIONAL RISK**

OGDCL's operational activities may be exposed to the following risks:

#### EXPLORATION AND PRODUCTION RISK

Risks and hazards inherent in OGDCL's operational activities include well blowouts, explosions, uncontrollable leaks, down hole fires, oil spills, mechanical failures, adverse weather conditions, etc. Such risks may result in substantial loss in the form of injury to workers, loss of life, severe damage to property, plant and equipment, production loss, pollution and suspension of operations. In order to mitigate such risks, OGDCL focuses on routine check-ups and repair and maintenance of plant and machinery in addition to maintaining an insurance coverage in line with the customary industry practices against some of the potential operational risks.

In addition to the above, drilling of exploratory wells involve the risk that no commercially productive oil or gas reservoirs will be encountered which could adversely impact future production levels and growth prospects. Exploration and production activities are often conducted in extremely challenging environments, which heighten the risks of technical integrity failure and natural disasters. Moreover, exploring and developing oil and gas fields is a capital intensive activity requiring sufficient cash flows to finance the operations. OGDCL counters such risks by maintaining a strict financial discipline and through formulation of value driven JVs with leading E&P companies to carry out the exploration, development and production operations in a safe, compliant and cost effective manner.

#### ENVIRONMENTAL RISK

Environmental risk relates to natural disasters in the shape of earthquakes, cyclones, floods and other such events which cause the business operations to be disrupted or curtailed. In this respect, insurable risks have been covered through insurance, while for uninsured damages a contingency fund is maintained.

### SECURITY RISK

Security risk is in the shape of insurgency and political instability which adversely influence the business operations causing threat to lives of the workers in affected operational areas, suspension of business activities, production limitations, etc. In this respect, OGDCL relies on a well thought-out plan for curbing or neutralizing potential security threats and collaborates with law enforcement agencies to deploy security personnel in the sensitive areas for protection of the lives of workers and operational facilities.

# COMPETITIVE RISK

OGDCL being a public sector entity does not enjoy any preferential treatment or relaxation of any sort in bidding for new exploration areas which is done on competitive basis. In the future, the Company may face increased competition in gaining access to new exploration licenses and more efficient conduct of E&P operations by the competitors. To mitigate competitive risk, the Company will continue to be aggressive and, where possible, participation via JV with leading companies will be assigned priority in the bidding rounds. Moreover, focus on technological innovation to drive efficiency and competitiveness in the exhibit of core activities alongside making investment in viable growth/diversification opportunities will serve to further bolster business revenue stream.

# RENEWABLE ENERGY RISK

With a global move towards a greener energy mix and growing consensus on the climate change, focus is on making investment in such renewables which will contribute towards supply of clean energy. Nonetheless, relevance of oil and gas in today's world cannot be undermined as these fossil fuels still account for a dominant share in the global energy basket. As the leading E&P Company of Pakistan, OGDCL through use of advanced technologies and improved operations is bent on making its upstream activities more energy efficient and less carbon intensive.

# **Risk Management** Policy and Business Continuity Plan

Risk management is crucial for OGDCL's business in order to face the challenges of the operating and external environment as well as to ensure business continuity by timely identifying, mitigating and monitoring potential risk events. The effectivity of Risk Management Policy and Business Continuity Plan is narrated below.

# **RISK MANAGEMENT POLICY**

OGDCL is cognizant of the fact that an effective system of risk management and internal controls is critical for business success. The Company's risk management policy is critical to manage risks in a manner consistent with the business practices in order to:

- Protect its people, communities, environment, assets and reputation;
- Ensure good governance and legal compliance; and
- Realize opportunities and create long-term shareholder value.

OGDCL's Board oversees the risk management and controls framework to ensure that an appropriate control environment exists in the Company, spanning E&P operations, financial reporting and compliance activities. Audit and Risk Management Committees assist the Board in fulfilling its responsibilities by reviewing and monitoring financial and reporting matters along with managing risks and internal control processes.

Management ensures implementation of risk management policy through the followings:

- Formulation of Risk Management SOPs;
- Identification and recording of the risks on the risk register;
- Use of appropriate and relevant risk management techniques and methodologies;
- Formulation of mitigation/action plan for risks identified;
- Regular assessment of risks by the Risk Management Committee of the Board; and
- Allocation of necessary/appropriate resources in support of risk management.

Identification and communication of vulnerabilities and changes to OGDCL's risk profile are an integral part of day-to-day management. Moreover, all personnel are encouraged to identify and manage risks in order to maintain a "risk aware" culture and an environment of continuous improvement.

#### **BUSINESS CONTINUITY PLAN**

OGDCL's risk management policy ensures business continuity through enhancing preparedness to identify and reduce the likelihood of crisis/risks as well as to recover and restore critical business functions within a reasonable period of time. In line with this policy, the Company possesses well-defined and extensive Emergency Response Procedures at all fields, locations and operational areas to avoid operational disruptions and to carry out E&P activities smoothly. The Company has also established a Disaster Recovery Site for ERP applications to retrieve the data in the case of catastrophic events. Moreover, training sessions, mock exercises and HSEQ awareness events are regularly arranged to determine and enhance readiness in the event of an emergency or crisis.

# **AWARDS** CONFERRED

#### FIRE AND SAFETY AWARD

Continuing with its winning streak, OGDCL yet again won "Fire and Safety Award" at the 12th Fire Safety and Security Awards 2022 ceremony jointly organized by the National Forum for Environment and Health and Fire Protection Association of Pakistan. The award was granted for exhibiting commitment towards investment in human resource training and awareness as well as use of modern technology to control fire accidents and safe human lives and business assets.

# ANNUAL ENVIRONMENT EXCELLENCE AWARD

OGDCL achieved another milestone in establishing greener and more sustainable operational infrastructures and in this respect was conferred Annual Environmental Excellence Award 2022 at 19th Annual Environment Conference and Excellence Awards 2022 ceremony. The award is designed to recognize and promote organizations which make an outstanding contributions toward promoting environment friendly practices at their work facilities, without any detriment to the environment and natural resources.

### RCCI TAX PAYER AWARD

OGDCL received another accolade in the form of RCCI Taxpayer Recognition Award 2022 from the President of Pakistan, Dr. Arif Alvi. RCCI awards were given to highest tax paying organizations and individuals in the Country. RCCI organized second tax awards ceremony to acknowledge taxpayers with the objective to enhance tax collection, promote tax culture and transparency in the economy.

**Conference on International Taxation and Digital Currency 2022** 

Best Presented Annual Report Awards, Integrated Reporting Awards & SARRI Anniversary Awards for Corporate Governance Disclosures Ceremic by 2021

### SAFA BPA AWARD

OGDCL's Annual Report 2021 won SAFA Best Presented Annual Report Award in a ceremony held at Kathmandu, Nepal. BPA award is considered as the most prestigious accolade for financial reporting in the South Asian region. The award signifies SAFA's recognition for organizations which have achieved excellence in presentation and disclosure of high quality, relevant, reliable and objective reporting.

# CORPORATE PHILANTHROPY AWARD

OGDCL was ranked number one for being the largest corporate donor in Pakistan and bestowed with Corporate Philanthropy Award in a ceremony organized by the Pakistan Center for Philanthropy. The award was conferred to the Company for serving underprivileged segment of the society by making outstanding contributions in the domains of education, health, water, infrastructure development, skills development, sustainable livelihood and sports.

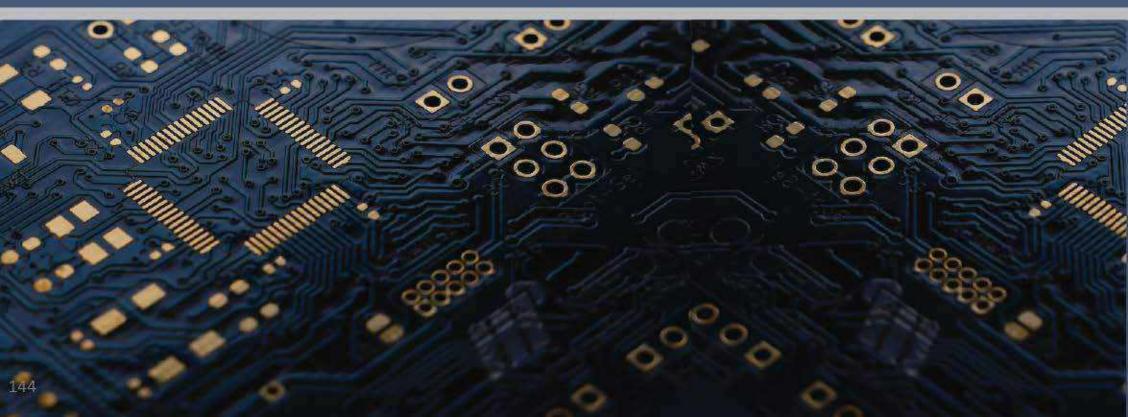

### CSR AWARDS

OGDCL received 2 CSR awards at 15th Corporate Social Responsibility Summit organized by the National Forum for Environment and Health. The award was bestowed on the Company based on its services towards community development and education for social uplifting and betterment of the society.

# **INFORMATION TECHNOLOGY**

OGDCL has always been at the forefront in adopting technological innovations in order to ensure business sustainability and operational excellence. Its consistent focus on technology modernization serves to improve transparency, governance and reporting. Moreover, advance IT setup provides greater integration across functional areas alongside inducing effective planning, coordination and decision making in the conduct of business operations. In this regard, major IT activities carried out during the year under review are as follows:

### SAP IMPLEMENTATION PROJECT:

OGDCL achieved a major milestone by successfully going live on 5 July 2022, based on the HANA in-memory database that allows to perform transactions and analyze data in the real time. The implementation of SAP ERP solution has greatly enhanced reliability and integrity of the enterprise data. It has significantly reduced time and effort required for carrying out business transactions as well as eliminated daunting manual processes. SAP ERP solution is more flexible, responsive and resilient to changing business requirements and output demands, ultimately driving improved business processes.

In addition to the above, the Company achieved another milestone by successfully going live on SAP ARIBA on 15 January 2023. The implementation of SAP Ariba Sourcing Module has led the business to process procurement tenders more efficiently alongside reducing the procurement cycle time. The Company is now quickly processing suppliers open tenders through special feature of SAP Ariba Discovery.

### DISASTER RECOVERY AND BUSINESS CONTINUITY PLAN:

In compliance with Disaster Recovery and Business Continuity Management Policy, OGDCL has established a Disaster Recovery site for its critical applications, away from the head office building. In the first phase, Disaster Recovery site for ERP applications, Email System (Microsoft Exchange), Maximo and Medical Management System was hosted with NTC data center. Later on different solutions and critical applications pertaining to business continuity were evaluated. Business Continuity Plan for Document Management System has been implemented using Veritas InfoScale software, whereas the same for email system and SAP is in process.

### IMPROVEMENT OF INFORMATION SECURITY MANAGEMENT SYSTEM

OGDCL board has approved up-dation of Information Security Management System (ISMS) manual based on ISO 27001-2005 to ISO 27001-2013 through involvement of third party information security company, which will strengthen information security infrastructure as well as allow implementation of information security policies. The deployment of identity and access management (IAM) has also been completed. These solutions will bolster security of IT Infrastructure, including network devices and servers.

### **IT APPLICATIONS**

OGDCL has successfully implemented the Document Management System as part of its efforts to promote an eco-friendly and paperless work environment. The automation has enabled the Company to capture, track and store electronic documents such as PDFs, word processing files, spreadsheets and digital images. The system for conducting the Hajj/Umrah balloting has also been successfully launched. Moreover, Medical Management System has been successfully activated across Pakistan, extending its reach to remote/low connectivity locations like Loti, Chak Naurang, Fimkassar etc. Moreover, website has been updated for the purpose of SAP-Ariba e-tendering.

### **REVIEW REPORT** TO THE MEMBERS

on the Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 and Public Sector Companies (Corporate Governance) Rules, 2013

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Listed Companies (Code of Corporate Governance) Regulations, 2019 and Public Sector Companies (Corporate Governance) Rules, 2013 (both herein referred to as 'Codes') prepared by the Board of Directors of Oil and Gas Development Company Limited for the year ended 30 June 2023 to comply with the requirements of regulation 36 of Listed Companies (Code of Corporate Governance) Regulations, 2019 and provisions of Public Sector Companies (Corporate Governance) Rules, 2013.

The responsibility for compliance with the Codes is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Codes and report if it does not and to highlight any non-compliance with the requirements of the Codes. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Codes.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Codes require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Codes as applicable to the Company for the year ended 30 June 2023.

with the Listed Companies (Code of Corporate Governance) Regulations, 2019 and Public Sector Companies (Corporate Governance) Rules, 2013

Name of Company:Oil and Gas Development Company LimitedName of the Line Ministry:Ministry of Energy (Petroleum Division)For the year ended:30 June 2023

- I. This statement presents the overview of the compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 and Public Sector Companies (Corporate Governance) Rules, 2013 (both hereinafter referred to as "Codes") issued for the purpose of establishing a framework of good governance, whereby a public sector company is managed in compliance with the best practices of public sector governance. In case where there is inconsistency with the Listed Companies (Code of Corporate Governance) Regulations, 2019, the provisions of Public Sector Companies (Corporate Governance) Rules, 2013 ("Rules") shall prevail.
- II. The Company has complied with the provisions of the Rules in the following manner:

| Sr. No. |  | Provision of the Rules   |  |  |              | N<br>the<br>nt box | Remarks |
|---------|--|--|--|--|--------------|--------------------|---------|
| 1.      | The independent<br>Rules.  | The independent directors meet the criteria of independence, as defined under the Rules.   |  |  |              |                    |         |
| 2.      | The Board has at least one-third of its total members as independent directors. As at 30 June 2023 the Board includes: |  |  |  | $\checkmark$ |                    |         |

- b. Female: 1
- All the powers of the Board have been duly exercised and decisions on relevant matters have been taken by the Board/shareholders as empowered by the relevant provisions of the Act and these regulations.
- The meetings of the Board were presided over by the Chairman and, in his absence, by a Director elected by the Board for this purpose.
- The Board has formed Committees comprising members given below:

### Human Resource & Nomination Committee

| Chairperson | Mrs. Shamama Tul Amber Arbab* |
|-------------|-------------------------------|
| Member      | Capt. (R) Mohammad Mahmood    |
| Member      | Syed Khalid Siraj Subhani     |
| Member      | Mr. Jahanzaib Durrani         |
| Member      | Mr. Zafar Masud               |

\* An independent director was selected by the committee members in the meetings convened during the year. Mrs. Shamama Tul Amber Arbab chaired all HR&NC meetings convened during the year.

#### Risk Management Committee

| Chairman                   | Mr. Jahanzaib Durrani           |  |  |  |
|----------------------------|---------------------------------|--|--|--|
| Member                     | Mr. Imdad Ullah Bosal           |  |  |  |
| Member                     | Dr. Muhammad Sohail Khan Rajput |  |  |  |
| Member                     | Mrs. Shamama Tul Amber Arbab    |  |  |  |
| Member                     | Mr. Abrar Ahmed Mirza           |  |  |  |
| Audit Committee            | Mr. Akbar Avub Khan             |  |  |  |
| Chairman                   | Mr. Akbar Ayub Khan             |  |  |  |
| Mombor                     | Mr. Abdul Aziz Ugaili           |  |  |  |
| IVIEITIDEI                 | MI. Abuul Aziz Oqdili           |  |  |  |

#### **Business Development & Operations Committee**

| Chairman | Mr. Muhammad Riaz Khan          |
|----------|---------------------------------|
| Member   | Capt. (R) Mohammad Mahmood      |
| Member   | Mr. Akbar Ayub Khan             |
| Member   | Mr. Abdul Aziz Uqaili           |
| Member   | Dr. Muhammad Sohail Khan Rajput |
| Member   | Mr. Abrar Ahmed Mirza           |

The frequency of meetings (quarterly/half yearly/yearly) of the Committee were as per following:

| Committee                                  | Frequency                            |
|--|--------------------------------------|
| Audit Committee                            | Quarterly                            |
| Risk Management Committee                  | Quarterly                            |
| Human Resource and Nomination Committee    | Quarterly - Except for third quarter |
| Business Development & Operation Committee | Quarterly                            |

- The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the Quality Control Review program of the Institute of Chartered Accountants of Pakistan and registered with Audit Oversight Board of Pakistan, that they and all their partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan and that they and the partners of the firm involved in the audit are not a close relative (spouse, parent, dependent and non-dependent children) of the Chief Executive Officer, Chief Financial Officer, head of Internal Audit, Company Secretary or Director of the Company;
- The Statutory Auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- We confirm that all requirements of regulations 3, 6, 7, 8, 27, 32, 33 and 36 of the Regulations have been complied with except where the requirements are inconsistent with the provisions of Public Sector Companies (Corporate Governance) Rules, 2013.

(Ahmed Hayat Lak) Managing Director/CEO

(Zafar Masud) Chairman

28 September 2023

156 Annual Report 2023

To the members of Oil and Gas Development Company Limited

### **Report on the Audit of the Financial Statements**

### Opinion

We have audited the annexed financial statements of Oil and Gas Development Company Limited (the Company), which comprise the statement of financial position as at 30 June 2023, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2023 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

| S.<br>No. | Key audit matters   | How the matter was addressed in our audit  |
|-----------|---|--|
| 1.        | Over due trade debts and lease receivables<br>( <i>Refer notes 2.4.10, 17.2 and 19.1 to the financial statements</i> )<br>Trade debts and lease receivables includes overdue amounts of Rs 510,849<br>million and Rs 26,950 million respectively on account of inter-corporate circular<br>debt. These are receivable from oil refineries, gas and power companies out of<br>which Rs 210,304 million and Rs 200,577 million are overdue from related parties,<br>Sui Southern Gas Company Limited and Sui Northern Gas Pipeline Limited,<br>respectively. The Government of Pakistan (GoP) is committed, hence continuously<br>pursuing for satisfactory settlement of inter-corporate circular debt issue. However,<br>the progress is slower than expected resulting in accumulation of Company's debts.<br>The Company considers these amounts to be fully recoverable because GoP has<br>been assuming the responsibility to settle the inter-corporate circular debt in the<br>energy sector. | <ul> <li>Our audit procedures in relation to the matter, amongst others, included:</li> <li>Obtained direct confirmations from customers and power companies with whom the Company has lease arrangements, on a sample basis, and tested reconciliations, where differences were identified;</li> <li>Checked, on a sample basis, trade debts and lease receivables ageing classification within the appropriate ageing bracket with underlying invoices;</li> <li>Tested, on a sample basis, post year end cash receipts from customers and power companies with whom the Company has lease arrangements, relating to year end balances, with the underlying documentation;</li> <li>Inspected correspondence with the customers, power companies with whom the Company has lease arrangements and relevant government authorities and held discussions with the Company and Audit Committee of the Board to assess the recoverability of overdue trade debts and lease receivables;</li> </ul> |

To the members of Oil and Gas Development Company Limited

| S.<br>No. | Key audit matters   | How the matter was addressed in our audit  |
|-----------|---|--|
|           | We considered the matter as key audit matter due to significance of the amounts<br>and significant judgments made by management regarding the recoverability of<br>the amounts.   | <ul> <li>Discussed with the Company, events during the year and steps taken by management for settlement of these trade debts and lease receivables and inspected minutes of meetings of the Board of Directors and Audit Committee of the Board; and</li> <li>Assessed the adequacy of relevant disclosures made in the financial statements.</li> </ul>  |
| 2.        | <ul> <li>Overdue principal and interest on investment in Term Finance Certificates (TFCs) issued by Power Holding Limited (PHL) (Refer notes 2.4.10 and 15.4.3 to the financial statements)</li> <li>In 2013, the Company subscribed for TFCs issued by PHL for partial resolution of circular debt issue. These TFCs are secured by Sovereign Guarantee of the GoP, covering the principal, markup, and/ or any other amount becoming due for payment in respect of investment in TFCs.</li> <li>As at 30 June 2023, over due principal repayment and interest amounts to Rs 82,000 million and Rs 73,207 million respectively. The Company considers the principal and interest to be fully recoverable as these are backed by Sovereign Guarantee of the GoP.</li> <li>We considered the matter as key audit matter due to significance of the amounts and significant judgments made by the management regarding the recoverability.</li> </ul>   | <ul> <li>Our audit procedures in relation to the matter, amongst others, included:</li> <li>Obtained direct confirmation of balance due from PHL;</li> <li>Inspected correspondence with PHL and the relevant government authorities during the year and held discussions with the Company to assess the recoverability of the principal and interest;</li> <li>Inspected document of Sovereign Guarantee issued by GoP in respect of TFCs;</li> <li>Discussed with the Company, events during the year and steps taken by the management for settlement of overdue principal and interest and inspected minutes of meeting of the Board of Directors and Audit Committee of the Board; and</li> <li>Assessed the adequacy of relevant disclosures made in the financial statements.</li> </ul>  |
| . 3.      | <ul> <li>Recognition of Revenue/ Income<br/>(Refer notes 3.11, 3.12, 26 and 28 to the financial statements)</li> <li>The Company is engaged in the production and sale of oil and gas resources.</li> <li>The Company recognized gross revenue during the year from the sales of crude<br/>oil, gas, liquefied petroleum gas (LPG) and sulphur amounting to Rs 458,499<br/>million.</li> <li>Transaction prices of crude oil and gas are specified in relevant agreements and /<br/>or as notified by the government authorities based on agreements with customers,<br/>relevant applicable petroleum policy, relevant decision of Economic Coordination<br/>Committee (ECC) of the Cabinet or relevant Petroleum Concession Agreement.<br/>Prices of LPG are approved by the appropriate authority within the Company.<br/>Effect of adjustments, if any, arising from revision in sales prices is reflected as<br/>and when the prices are finalized with the customers and / or approved by GoP.</li> </ul> | <ul> <li>Our audit procedures in relation to the matter, amongst others, included:</li> <li>Inspected the agreements with customers, on a sample basis, to evaluate that revenue is recognized in accordance with the terms of the agreement, relevant applicable petroleum policy, relevant Petroleum Concession Agreement and International Financial Reporting Standard (IFRS 15 - "Revenue from Contracts with Customers");</li> <li>Performed test of details on a sample of sales transactions by inspecting respective invoices, acknowledgements of refineries and / or joint meter readings as appropriate;</li> <li>Checked, on a sample basis, notifications of Oil and Gas Regulatory Authority (OGRA) for gas prices and approval of appropriate authority within the Company for prices of LPG. Performed, on a sample basis, recalculation of crude oil and gas prices in accordance with applicable petroleum policies / agreements / decision of ECC of the Cabinet / Petroleum Concession Agreements;</li> <li>Where pricing is provisional / sales agreement not finalized, (a) inspected correspondence with the customers and relevant government authorities during the</li> </ul> |

To the members of Oil and Gas Development Company Limited

| S.<br>No. | Key audit matters  | How the matter was addressed in our audit   |
|-----------|--|---|
|           | The Company has contractual right and is entitled to charge interest if payments from customers are delayed beyond credit terms, however, considering the uncertainties relating to recoverability of interest, the Company recognizes interest, if any, on delayed payments from customers, on investments and lease arrangements when the interest on delayed payments is received by the Company. We considered this as key audit matter due to the significance of the amounts requiring significant time and resource to audit due to magnitude, inherent risk of material misstatement and revenue being a key economic indicator of the Company and significant judgement relating to recoverability of interest on delayed payments and lease arrangements.  | <ul> <li>year and held discussions with the Company; (b) inspected term sheets signed with the customers; (c) checked that price being charged is in line with the applicable petroleum policy / agreed with customers/ Petroleum Concession Agreements; and (d) obtained direct balance confirmation from customers;</li> <li>Checked, on a sample basis, sales transactions on either side of the statement of financial position date to assess whether these are recorded in the correct accounting period;</li> <li>Tested journal entries relating to revenue recognized during the year based on identified risk criteria;</li> <li>Assessed reasonableness of management's judgment relating to recoverability of interest on delayed payments from customers, on investments and lease arrangements; and</li> <li>Assessed the adequacy of relevant disclosures made in the financial statements.</li> </ul> |
| 4.        | <ul> <li>Impairment assessment of development and production assets and related property, plant and equipment (Refer notes 2.4.4, 3.6, 12 and 13 to the financial statements)</li> <li>As at 30 June 2023, the carrying values of development and production assets and property, plant and equipment amounted to Rs 122,581 million and Rs 85,816 million respectively.</li> <li>The Company assesses at the end of each reporting period whether there is any indication that an asset may be impaired.</li> <li>Where indications of impairment are identified, an impairment test is performed by the Company based on the estimate of the recoverable value of that asset and/or Cash Generating Unit (CGU).</li> <li>The calculation of recoverable value of development and production assets and related property, plant and equipment requires management to make significant estimates and judgments, such as estimation of the volume of oil and gas recoverable reserves, future oil and gas prices, costs and discount rate.</li> <li>We considered the matter as key audit matter due to the significance of judgments/ estimates used by the Company in determining the recoverable value of development and production assets and related property, plant and equipment</li> </ul> | <ul> <li>Our audit procedures in relation to the matter, amongst others, included:</li> <li>Assessed the appropriateness of the Company's identification of CGUs;</li> <li>Assessed the reasonableness of Company's assumptions used in the calculation of recoverable value of asset and/ or CGUs, relating to oil and gas recoverable reserves, future oil and gas prices, costs and discount rate based on our knowledge of the business and industry and by comparing the assumptions to historical results/ underlying records and published market data, where relevant, and checked the mathematical accuracy of cash flow model;</li> <li>Tested management's sensitivity analysis that considered the impact of changes in key assumptions on the outcome of the impairment assessments; and</li> <li>Assessed the adequacy of relevant disclosures in the financial statements.</li> </ul>                  |

To the members of Oil and Gas Development Company Limited

| S.<br>No. | Key audit matters  | How the matter was addressed in our audit  |
|-----------|--|--|
| 5.        | <ul> <li>Investment in Reko Diq Project<br/>(Refer notes 2.4.12, 3.7 and 15.3 to the financial statements)</li> <li>During the year, the Company signed definitive agreements relating to investment<br/>in Reko Diq Project (the Project) to acquire 8.33% effective stake in the Project.<br/>The Company invested in the Project through Pakistan Minerals (Private) Limited<br/>(PMPL). The Company has accounted for this investment as an associate. Initial<br/>accounting in respect of acquisition under the applicable financial reporting<br/>framework involved identifying and determining the fair values to be assigned to<br/>the investee's identifiable assets and liabilities, for determination of goodwill or<br/>bargain purchase gain, if any.</li> <li>Classification of this investment as an associate required the management making<br/>significant judgement with respect to the relevant activities of the investee entity.<br/>Purchase price allocation also involved significant estimation / judgement in respect<br/>of determining fair values of identifiable assets and liabilities, for determination<br/>of goodwill or bargain purchase gain. The Company has accounted for its<br/>investment in PMPL under equity accounting method, under which investment<br/>is initially recognized at cost and adjusted thereafter to recognize the Company's<br/>share of the post-acquisition profit or losses of the investee in the statement of<br/>profit or loss and the Company's share of movements in other comprehensive<br/>income of the investee in the statement of comprehensive income.</li> <li>We have considered the matter as key audit matter due to the significance of<br/>judgement/estimation used by the Company in determining the classification of<br/>the investment and purchase price allocation and subsequent measurement.</li> </ul> | <ul> <li>Our audit procedures in relation to the matter, amongst others, included:</li> <li>Read the definitive investment agreements to understand rights and obligations of the Company under the agreements to assess appropriateness of classification of Company's investment and measurement at initial recognition;</li> <li>Checked that investment in associate is initially recognized at cost;</li> <li>Assessed the reasonableness of the Company's assumptions used to determine the fair values of identifiable assets and liabilities of the associate and basis used for allocation of purchase price;</li> <li>Recomputed Company's share of the post-acquisition profit or losses of PMPL in the statement of profit or loss and the Company's share of movements in other comprehensive income of PMPL in the statement of comprehensive income using audited financial statements of PMPL for the period ended 30 June 2023 in accordance with the applicable financial reporting framework; and</li> <li>Assessed the appropriateness of the relevant disclosures in the financial statements.</li> </ul> |
| 6.        | <ul> <li>Modification of finance lease<br/>(Refer notes 2.4.11, 3.4 and 17 to the financial statements)</li> <li>During the year, Gas Supply Agreement (GSA) with Uch Power (Private) Limited<br/>was amended and the term of the agreement was extended for further five years.</li> <li>The change in term resulted in modification of finance lease. Considering the<br/>significant modification of lease receivable, the carrying amount of original lease<br/>receivable was derecognized and new lease receivable was recognized, resulting in<br/>modification gain of Rs 75,476 million.</li> <li>We considered this as a key audit matter due to significant judgements applied by<br/>the Company and being a significant event during the year having significant impact<br/>on the financial statements of the Company.</li> </ul>  | <ul> <li>Our audit procedures in relation to the matter, amongst others, included:</li> <li>Inspected the amended terms of the agreement to assess the reasonableness of the judgement made by the Company for classification/ accounting for modification of lease in accordance with the requirements of IFRS 16 - "Leases";</li> <li>Tested the accuracy of the computation performed by the Company to calculate the new lease receivable and assessed the reasonableness of assumptions used in the computation relating to expected contractual cashflows and discount rate; and</li> <li>Checked that the accounting impacts of lease modification have been appropriately accounted for in the financial statements.</li> </ul>  |

To the members of Oil and Gas Development Company Limited

#### Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of Management and Board of Directors for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonable be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

To the members of Oil and Gas Development Company Limited

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion:

- (a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- (b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- (c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- (d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partners on the audit resulting in this independent auditors' report are Muhammad Imtiaz Aslam (A. F. Ferguson & Co.) and Riaz Akbar Ali Pesnani (KPMG Taseer Hadi & Co.).

The annexed notes 1 to 48 form an integral part of these financial statements.

Chief Financial Officer

Director

170 Annual Report 2023

For the year ended 30 June 2023

### 1 LEGAL STATUS AND OPERATIONS

Oil and Gas Development Company Limited (OGDCL), 'the Company', was incorporated on 23 October 1997 under the Companies Ordinance, 1984 (now the Companies Act, 2017). The Company was established to undertake exploration and development of oil and gas resources, including production and sale of oil and gas and related activities formerly carried on by Oil and Gas Development Corporation, which was established in 1961. The registered office of the Company is located at OGDCL House, Plot No. 3, F-6/G-6, Blue Area, Islamabad, Pakistan. The shares of the Company are quoted on Pakistan Stock Exchange Limited. The Global Depository Shares (1GDS = 10 ordinary shares of the Company) of the Company are listed on the London Stock Exchange.

Geographical location of all other business units of the Company have been disclosed in note 44.

### 2 BASIS OF PREPARATION

#### 2.1 STATEMENT OF COMPLIANCE

The financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

#### 2.2 BASIS OF MEASUREMENT

The financial statements have been prepared under the historical cost convention, except as otherwise stated in the respective notes of accounting policies below.

#### 2.3 FUNCTIONAL AND PRESENTATION CURRENCY

The financial statements are presented in Pakistan Rupee (PKR/ Rupees/ Rs) which is the Company's functional currency.

#### 2.4 ACCOUNTING ESTIMATES

The preparation of the financial statements in conformity with the approved accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgment about carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that year, or in the year of the revision and any future year affected.

In the process of applying the Company's accounting policies, the management has made the following estimates, assumptions and judgments which are relevant to the financial statements:

For the year ended 30 June 2023

### 2.4.1 Property, plant and equipment- note 3.3 and 12

The Company reviews the useful lives and residual values of property, plant and equipment on the reporting date. Any change in the estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on the depreciation charge and impairment.

### 2.4.2 Exploration and evaluation expenditure- note 3.5.2 and 14

The Company's accounting policy for exploration and evaluation expenditure results in certain items of expenditure being capitalized for an area of interest where it is considered likely to be recoverable by future exploration or sale or where the activities have not reached a stage which permits a reasonable assessment of the existence of reserves. This policy requires management to make certain estimates and assumptions as to future events and circumstances, in particular whether an economically viable extraction operation can be established. Any such estimates and assumptions may change as new information becomes available. If, after having capitalized the expenditure under the policy, a judgment is made that recovery of the expenditure is unlikely, the relevant capitalized amount is written off in profit or loss.

#### 2.4.3 Estimation of oil and natural gas reserves for amortization of development and production assets- note 3.5.3 and 13

Oil and gas reserves are an important element in calculation of amortization charge and for impairment testing of development and production assets of the Company. Estimates of oil and natural gas reserves are inherently imprecise, require the application of judgement and are subject to future revision. Oil and gas reserves are estimated by an independent expert with reference to available reservoir and well information, including production and pressure trends for producing reservoirs and, in some cases, subject to definitional limits, to similar data from other producing reservoirs. The reserve estimates are subject to revision, either upward or downward, based on new information, such as from development drilling and production activities or from changes in economic factors, including product prices, contract terms or development plans. Changes in estimates of reserves, affects the amount of amortization recorded in the financial statements for development and production assets.

### 2.4.4 Impairment of non financial assets including development and production assets and related property, plant and equipment- note 3.6, 13 and 12

Development and production activities commence after project sanctioning by the appropriate level of management. Judgment is applied by the management in determining when a project is economically viable. In exercising this judgment, management is required to make certain estimates and assumptions similar to those described above for capitalized exploration and evaluation expenditure. Any such estimates and assumptions may change as new information becomes available. If, after having commenced development activity, a judgment is made that a development and production asset is impaired, the appropriate amount is written off in profit or loss.

The Company assesses at the end of each reporting period whether there is any indication that an asset may be impaired. Where indications of impairment are identified, an impairment test is performed by the Company based on the estimate of the recoverable value of that asset and/ or Cash Generating Unit (CGU). The calculation of recoverable value of development and production assets and related property, plant and equipment requires management to make significant estimates and judgements, such as estimation of volume of oil and gas recoverable reserves, future oil and gas prices, costs and discount rate.

It is reasonably possible that a change in these assumptions may require a material adjustment to the carrying value of development and production assets and related property, plant and equipment. The Company monitors internal and external indicators of impairment relating to its assets.

### 2.4.5 Provision for decommissioning cost- note 3.5.4 and 8

Provision is recognized for the future decommissioning and restoration cost of oil and gas wells, production facilities and pipelines at the end of their useful lives and involves estimates related to future expected cost, discount rate and timing. Estimates of the amount of provision recognized are based on current legal and constructive requirements, technology and price levels. Provision is based on the best estimates, however, the actual outflows can differ from estimated cash outflows due to changes in laws, regulations,

### For the year ended 30 June 2023

public expectations, technology, prices and conditions, and can take place many years in the future. The estimated timing of decommissioning may change due to certain factors, such as reserve life, a decision to terminate operations or change in legislation. The carrying amount of provision is reviewed annually and adjusted to take account of such changes.

#### 2.4.6 Employee benefits- note 3.1, 7, 9.3 and 9.4

Defined benefit plans are provided for entitled regular/contractual employees of the Company. The employees pension and gratuity plans are structured as separate legal entities managed by trustees. The Company recognizes deferred liability for post retirement medical benefits and accumulating compensated absences. These calculations require assumptions to be made of future outcomes, the principal ones being in respect of increases in future remuneration and pension benefit levels, medical benefit rate and the discount rate used to convert future cash flows to current values. The assumptions used vary for the different plans as they are determined by independent actuaries annually.

Pension or service cost primarily represents the increase in actuarial present value of the obligation for benefits earned on employees service during the year and the interest on the net liability/(asset) in respect of employee's service in previous years. Calculations are sensitive to changes in the underlying assumptions.

#### 2.4.7 Taxation- note 3.2, 6, 23 and 32

There are transactions and calculations related to tax for which the ultimate tax outcome is uncertain as these matters are being contested at various legal forums. In determining tax provision, the Company takes into account the current income tax laws and decisions taken by appellate authorities. The current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. Instances where the Company's view differs from the view taken by the income tax department at the assessment stage and the Company considers that its view on items of material nature is in accordance with law, the amounts are disclosed as contingent liabilities unless the possibility of outflow is remote. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred tax balances in the year in which such determination is made.

#### 2.4.8 Stores, spare parts and loose tools and stock in trade- note 3.8, 3.9 and 18

The Company reviews the stores, spare parts and loose tools and stock in trade for possible write downs/ provisions on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items with a corresponding affect on the provision.

#### 2.4.9 Measurement of the expected credit loss allowance- note 3.15.4 and 36

The measurement of the expected credit loss ("ECL") allowance for financial assets requires the use of complex models and significant assumptions about future economic conditions and credit behavior (e.g. the likelihood of counter parties defaulting and the resulting losses).

Elements of the ECL models that are considered accounting judgments and estimates include:

- Development of ECL models, including the various formulas and choice of inputs
- Determining the criteria, if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a lifetime ECL basis and the qualitative assessment;
- The segmentation of financial assets when their ECL is assessed on a collective basis;
- Determination of associations between macroeconomic scenarios and, economic inputs, and their effect on Probability of Default (PDs), Exposure At Default (EADs) and Loss Given Default (LGDs); and
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models.

For the year ended 30 June 2023

### 2.4.10 Provision against financial assets not subject to ECL model- note 3.15.4 and 36

As referred to note 2.5.3, the Securities and Exchange Commission of Pakistan (SECP) has deferred applicability of ECL model in respect of financial assets due directly/ ultimately from Government of Pakistan (GoP) till 31 December 2024. Accordingly, the Company reviews the recoverability of its trade debts, lease receivables and investments that are due directly/ ultimately from the GoP to assess whether there is any objective evidence of impairment as per requirements of IAS 39 'Financial Instruments: Recognition and Measurement' at each reporting date.

The Company has overdue receivables on account of inter-corporate circular debt. These overdue balances are receivable from oil refineries, gas supply and power companies. The Government of Pakistan (GoP) is committed, hence continuously pursuing for satisfactory settlement of inter-corporate circular debt issue. However, the progress is slower than expected resulting in accumulation of Company's debts. Inter-corporate circular debt in Pakistan arises due to delayed payments in the energy sector supply chain; the GoP either directly or through its direct/indirect ownership of entities within energy sector supply chain is at the core of circular debt issue. The Central Power Purchase Agency (CPPA), a government owned entity, is sole power purchaser for the Country and the circular debt is a shortfall of payments primarily at the CPPA level, however, in case of gas distribution and transmission companies the shortfall also occurs because of a delay in receipts of subsidies from the GoP for supply of gas to certain domestic/industrial consumers.

Settlement of the Company's receivables is slower than the contractual terms primarily because circular debt is a macro economic level issue in Pakistan and its level at any given time is dependent on policies and/or priorities of the GoP, the level of subsidies offered by the GoP to certain domestic and industrial consumers, exchange rate fluctuations, global crude oil prices and certain other systemic issues within energy sector (tariffs, losses, non/ delayed recoveries).

The Company's assessment of objective evidence of impairment with respect to over due amounts on account of inter-corporate circular debt takes into account commitment made by the GoP, enforceable contractual rights to receive compensation for delayed payments and plans of the GoP to settle the issue of inter- corporate circular debt.

The Company has enforceable contractual right and is entitled to charge interest if payments from customers are delayed beyond credit terms, however considering the uncertainties relating to recoverability of interest, the Company recognizes interest, if any, on delayed payments from customers, on investments and lease arrangements when the interest on delayed payments is received by the Company.

#### 2.4.11 Leases- note 3.4 and 17

The Company assesses whether a contract is or contains a lease at inception of the contract. This assessment involves the exercise of judgment to determine if the control of an identified asset has been passed between the parties. Control exists if substantially all of the economic benefits from the use of the asset are transferred to the lessee and the lessee has the ability to direct its use for a period of time. Further, the Company assesses the lease term as the non-cancellable lease term in line with lease contract together with the period for which the Company has extension options if it is reasonably certain to be exercised and the periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. For contracts that contain a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. Further, the judgement is made whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset to classify the lease as a finance or operating lease.

In case of modification of finance lease, the Company assess whether the modification results in a separate lease or not. For a modification that is not accounted for as a separate lease, it is reassessed whether the lease would have been classified as an operating lease had the modification been in effect at the inception, which requires judgement. In case the lease is continued to be classified as a finance lease, the Company in case of significant modification, derecognize the existing lease receivable and recognize a new lease receivable and the resulting difference is taken to profit or loss. The recognition of new lease receivable includes judgements regarding estimates of future contractual cashflows and discount rate.

For the year ended 30 June 2023

#### 2.4.12 Investment in associates- note 3.7 and 15

The Company uses the equity method of accounting for the entities over which it has significant influence. Initial accounting in respect of acquisition under the applicable financial reporting framework involves identifying and determining the fair values to be assigned to the investee's identifiable assets and liabilities, for determination of goodwill or bargain purchase gain, if any. Classification of the investment as an associate requires the management making significant judgement with respect to the relevant activities of the investee entities. Purchase price allocation also involved significant estimation/judgement in respect of determining fair values of identifiable assets and liabilities for determination of goodwill or bargain purchase gain.

#### 2.5 NEW AND AMENDED STANDARDS AND INTERPRETATIONS

- 2.5.1 There are certain amendments to the accounting and reporting standards which became applicable to the Company on 1 July 2022. However, these amendments do not have any significant impact on the Company's financial statements.
- **2.5.2** The following International Financial Reporting Standards (IFRS Standards), interpretations and the amendments as notified under Companies Act, 2017 are effective for accounting periods beginning from the dates specified below:
  - Amendments to IAS 1 'Presentation of Financial Statements'- Classification of liabilities as current or non-current (effective for the annual periods beginning on or after 01 January 2024). These amendments in the standard have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity's expectation and discretion at the reporting date to refinance or to reschedule payments on a long-term basis are no longer relevant for the classification of a liability as current or non-current. An entity shall apply those amendments retrospectively in accordance with IAS 8. The Company is currently assessing the impact on its financial statements.
  - Amendment to IAS 1 'Presentation of Financial Statements' Non-current Liabilities with Covenants (effective for annual reporting periods beginning on or after 01 January 2024). This amendment aims to improve the information an entity provides when its right to defer settlement of a liability for at least twelve months is subject to compliance with conditions. The amendment is also intended to address concerns about classifying such a liability as current or non-current. Only covenants with which a company must comply on or before the reporting date affect the classification of a liability as current or non-current. Covenants with which the company must comply after the reporting date (i.e. future covenants) do not affect a liability's classification at that date. However, when non-current liabilities are subject to future covenants, companies will now need to disclose information to help users understand the risk that those liabilities could become repayable within 12 months after the reporting date. The amendments are not likely to have an impact on the Company's financial statements.
  - Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice Statement 2- Disclosure of Accounting Policies (effective for annual reporting periods beginning on or after 01 January 2023 with earlier application permitted)- relates to amendments on the application of materiality to disclosure of accounting policies and to help companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:
    - requiring companies to disclose their material accounting policies rather than their significant accounting policies;
    - clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
    - clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

The Company is currently assessing the impact on its financial statements.

For the year ended 30 June 2023

- Amendments to IAS 7 'Statement of Cash Flows' and IFRS 7 'Financial Instruments: Disclosures' Supplier Finance Arrangements (effective for annual reporting periods beginning on or after 01 January 2024). These amendments introduce two new disclosure objectives for a company to provide information about its supplier finance arrangements that would enable users (investors) to assess the effects of these arrangements on the company's liabilities and cash flows, and the company's exposure to liquidity risk. Under the amendments, companies also need to disclose the type and effect of non-cash changes in the carrying amounts of the financial liabilities that are part of a supplier finance arrangement. The amendments also add supplier finance arrangements as an example to the existing disclosure requirements in IFRS 7 on factors a company might consider when providing specific quantitative liquidity risk disclosures about its financial liabilities. The amendments are not likely to have an impact on the Company's financial statements.
- Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'-Definition of Accounting Estimates (effective for annual reporting periods beginning on or after 01 January 2023). These amendments introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a company develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments. The Company is currently assessing the impact on its financial statements.
- Amendments to IAS 12 'Income Taxes'-Deferred Tax related to Assets and Liabilities arising from a Single Transaction (effective for annual reporting periods beginning on or after 1 January 2023). These amendments narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, companies will need to recognize a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognized from the beginning of the earliest comparative period presented, with any cumulative effect recognized as an adjustment to retained earnings or other components of equity at that date. The Company is currently assessing the impact on its financial statements.
- Amendments to IAS 12 'Income Taxes' International Tax Reform—Pillar Two Model Rules (effective for annual reporting periods beginning on or after 01 January 2023). The amendments introduce a mandatory temporary exception to the accounting for deferred taxes arising from the jurisdictional implementation of the Pillar Two model rules and disclosure requirements for affected entities to help users of the financial statements better understand an entity's exposure to Pillar Two income taxes arising from that legislation, particularly before its effective date. The Company is currently assessing the impact on its financial statements.
- Amendments to IFRS 16 'Lease Liability in a Sale and Leaseback' (effective for annual periods beginning on or after 01 January 2024). The amendments adds subsequent measurement requirements for sale and leaseback transactions that satisfy the requirements to be accounted for as a sale. The amendment confirms that on initial recognition, the seller-lessee includes variable lease payments when it measures a lease liability arising from a sale-and-leaseback transaction. After initial recognition, the seller-lessee applies the general requirements for subsequent accounting of the lease liability such that it recognizes no gain or loss relating to the right of use it retains. A seller-lessee may adopt different approaches that satisfy the new requirements on subsequent measurement. Under IAS 8, a seller-lessee will need to apply the amendments retrospectively to sale-and-leaseback transactions entered into or after the date of initial application of IFRS 16 and will need to identify and re-examine sale-and-leaseback transactions entered into since implementation of IFRS 16 in 2019, and potentially restate those that included variable lease payments. If an entity (a seller-lessee) applies the amendments arising from Lease Liability in a Sale and Leaseback for an earlier period, the entity shall disclose that fact. The amendments are not likely to have an impact on the Company's financial statements.
- 2.5.3 SECP through S.R.O. 985 (I)/2019 dated 02 September 2019 has notified that in respect of companies holding financial assets due from the Government of Pakistan (GoP), the requirements contained in IFRS 9 with respect to application of Expected Credit Loss (ECL) method shall not be applicable till 30 June 2021, provided that such companies shall follow relevant requirements of IAS 39 'Financial Instruments: Recognition and Measurement' in respect of above referred financial assets during the exemption period. Under the said S.R.O, the disclosure of the impacts of ECL was not required. SECP through S.R.O 1177(I)/2021 dated 13 September 2021 extended the exemption period till 30 June

For the year ended 30 June 2023

2022. During the year, SECP through S.R.O 67(1)/2023 dated 20 January 2023 extended the exemption till financial year ending on or before 31 December 2024. Earlier to the aforesaid S.R.O. dated 02 September 2019, SECP in a press release dated 22 August 2019 communicated that IFRS 9 needs to be looked into from Pakistan perspective where phenomenon that circular debt need to be given due consideration. It was noted that concerns expressed by companies regarding practical limitations in determining ECL on debts due from Government, due to uncertain cash recovery patterns of circular debt, carry weight. Public information regarding expected settlement of circular debt by the GoP in coming years may result in subsequent reversals of impairment losses recognized in 2019. Further, SECP vide letter No. EMD/IACC/9/2009-174 dated 05 September 2019 has clarified to the Company that financial assets due from the GoP include those that are directly due from the GoP and that are ultimately due from the GoP in consequence of the circular debt. In accordance with the exemption granted by SECP, ECL has not been assessed/ recognized in respect of financial assets due directly/ ultimately from the GoP which includes trade debts and lease receivables amounting to Rs 575,731 million (2022: Rs 455,762 million) and Rs 158,657 million (2022: Rs 69,938 million) respectively on account of inter-corporate circular debts and principal and interest due on Term Finance Certificates (TFCs) outstanding from Power Holding Limited (PHL) amounting to Rs 82,000 million (2022: Rs 82,000 million) and Rs 73,207 million (2022: Rs 58,695 million) respectively.

- 2.5.4 Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been notified locally by the Securities and Exchange Commission of Pakistan (SECP) as at 30 June 2023:
  - IFRS 1 First Time Adoption of International Financial Reporting Standards
  - IFRS 17 Insurance Contracts
- 2.5.5 The following interpretations/ IFRS issued by IASB have been waived off by SECP:
  - IFRIC 12 Service Concession Arrangements
  - IFRS 2 Share based payment in respect of Benazir Employees' Stock Option Scheme. Also refer note 45 to the financial statements.

### **3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies set out below have been applied consistently to all periods presented in the financial statements.

### 3.1 EMPLOYEE BENEFITS

Salaries, wages and benefits are accrued in the period in which the associated services are rendered by entitled employees of the Company. The accounting policy for pension, gratuity, post retirement medical benefits and accumulating compensated absences is described below:

### 3.1.1 Pension, gratuity, post retirement medical benefits and accumulating compensated absences

The Company operates an approved funded pension scheme under an independent trust for its permanent employees regularized before 1 January 2016, as a defined benefit plan. The employees regularized from 1 January 2016 and onwards are entitled to gratuity, a defined benefit plan and provident benefit, a defined contributory plan instead of pension benefit. In contributory provident fund, the Company shall match the contribution by employees upto one basic salary annually. The contractual employees of the Company are also entitled to gratuity. The Company has also created a separate fund under an independent trust for its gratuity scheme.

The Company also provides post retirement medical benefits to its permanent employees who were in service prior to 28 April 2004 and their families as a defined benefit plan.

The Company also has a policy whereby its regular/contractual officers and regular staff are eligible to encash accumulated leave balance at the time of retirement in case of officers and at the time of retirement or during the service in case of regular staff.

For the year ended 30 June 2023

The liability recognized in the statement of financial position in respect of defined benefit plans is the present value of the defined benefit obligations at the reporting date less the fair value of plan assets. The defined benefit obligations are calculated annually by independent actuary using the Project Unit Credit (PUC) method. The latest actuarial valuations were carried out as of 30 June 2023.

The Company's obligation in respect of defined benefit plans is calculated separately for each plan by estimating the present value of the future benefit that employees have earned in return for their service in the current and prior periods and is discounted to determine its present value.

The interest element of the defined benefit cost represents the change in present value of scheme obligations resulting from the passage of time, and is determined by applying the discount rate to the net defined benefit liability/(asset). This cost is included in employee benefit expense in the statement of profit or loss.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are credited or charged in other comprehensive income in the year in which they arise.

Past service costs are recognized immediately in profit or loss.

#### 3.2 TAXATION

Taxation for the year comprises current and deferred tax. Taxation is recognized in profit or loss except to the extent that it relates to items recognized outside profit or loss (whether in other comprehensive income or directly in equity), if any, in which case the tax amounts are recognized outside profit or loss.

#### 3.2.1 Current tax

Provision for current taxation is based on taxable income at the current rate of tax after taking into account applicable tax credits, rebates and exemptions available, if any, adjusted for payments to the GoP for payments on account of royalty and any adjustment to tax payable in respect of previous years.

#### 3.2.2 Deferred tax

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax is not recognized for the temporary differences arising from the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to investments in associates and interest in joint arrangements to the extent that it is probable that they will not reverse in a foreseeable future and the investor/joint operator is able to control the timing of the reversal of the temporary difference. In addition, deferred tax is not recognized for taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax has been calculated at the tax rate of 41.62% (2022: 35.46%) after taking into account depletion allowance and set offs, where available, in respect of royalty payment to the GoP. The tax rate is reviewed annually.

For the year ended 30 June 2023

### 3.2.3 Offsetting

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### 3.3 PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment is stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for freehold land and capital work in progress, which are stated at cost less impairment loss, if any. Cost in relation to property, plant and equipment comprises acquisition and other directly attributable costs and decommissioning cost as referred in the note 3.5.4 to the financial statements. The cost of self constructed assets includes the cost of materials, direct labour and any other costs directly attributable to bringing the assets to working condition for their intended use. Software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

Depreciation is provided on straight line method at rates specified in note 12 to the financial statements so as to write off the cost of property, plant and equipment over their estimated useful life. The Company starts charging depreciation on additions to property, plant and equipment when it is available for intended use till the date of disposal of property, plant and equipment.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within "other income" in the statement of profit or loss.

Capital work in progress is stated at cost less accumulated impairment losses, if any, and is transferred to the respective item of property, plant and equipment when available for intended use.

#### 3.4 LEASES

The Company assesses whether a contract is or contains a lease at the inception of the contract and whether the contract conveys the right to control the use of an underlying asset for a period of time in exchange for consideration.

#### 3.4.1 As a Lessee

Leases are recognized as a lease liability and a corresponding Right of Use ("ROU") asset at the date on which the leased asset is available for use by the Company. Liabilities and assets arising from a lease are initially measured on a present value basis. Lease liabilities are measured at the present value of the remaining lease payments, discounted using the Company's estimated incremental borrowing rate when the rate implicit in the lease is not readily available. The corresponding ROU assets are measured at the amount equal to the lease liability.

The lease liability is remeasured when there is a change in the future lease payments arising from a change in an index or rate, if there is a change in the amount expected to be payable under a residual value guarantee or if there is a change in the assessment of whether the Company will exercise a purchase, extension or termination option that is within the control of the Company.

### For the year ended 30 June 2023

The ROU asset, initially measured at an amount equal to the corresponding lease liability, is depreciated on a straight-line basis, over the shorter of the estimated useful life of the asset or the lease term. The ROU asset may be adjusted for certain re-measurements of the lease liability and impairment losses.

Lease payments are allocated between the lease liability and finance costs. Leases that have terms of less than twelve months or leases on which the underlying asset is of low value are recognized as an expense in the statement of profit or loss when incurred.

#### 3.4.2 As a Lessor

As a lessor, the Company determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset to the lessee.

#### **Finance lease**

Leases where the Company transfers substantially all of the risks and rewards incidental to the ownership of an asset to the lessee are classified as finance leases.

The Company derecognizes the underlying asset and recognizes a receivable at an amount equal to the net investment in a finance lease. Net investment in a finance lease is measured at an amount equal to the sum of the present value of lease payments from lessee including any unguaranteed residual value of the underlying asset. Initial direct costs are also included in the initial measurement of the net investment. Variable lease payments that depend on an index are included in the measurement of net investment in lease based on the index at the inception of the lease and impacts of subsequent changes in index are recognized annually in profit or loss.

The difference between the gross receivable and the present value of the receivable is recognized as unearned finance income. Lease income is recognized over the term of the lease using the net investment method so as to reflect a constant periodic rate of return.

The Company considers the reassessment of lease classification if there is a lease modification. Changes in estimates, or changes in circumstances, do not give rise to a new classification of a lease. The Company accounts for a modification to a finance lease as a separate lease if both:

- a) the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- b) the consideration for the lease increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that standalone price to reflect the circumstances of the particular contract.

For a modification to a finance lease that is not accounted for as a separate lease, the Company accounts for the modification as follows:

- a) if the lease would have been classified as an operating lease had the modification been in effect at the inception date, the Company accounts for the lease modification as a new lease from the effective date of the modification, and measures the carrying amount of the underlying asset as the net investment in the lease immediately before the effective date of the lease modification.
- b) if the lease is continued to be classified as a finance lease and, the modification does not result in derecognition of the lease receivable, the Company recalculates the gross carrying amount of the lease receivable at the date of modification based on modified contractual terms discounted at the original effective interest rate and recognizes a corresponding gain or loss in profit or loss. However, if the modification results in derecognition of lease receivable, a new lease receivable is recognized based on revised discounted contractual cashflows and the resulting gain/ loss is recognized in profit or loss.

#### **Operating lease**

The Company classifies a lease as an operating lease if the lease does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee. The Company recognizes lease payments received under operating lease as lease income on a straight-line basis over the lease term.

### 180 Annual Report 2023

### For the year ended 30 June 2023

If an arrangement contains lease and non-lease components, the Company allocates the consideration in the contract to the lease and non-lease components based on the standalone selling prices in accordance with the principles in IFRS 15.

The Company accounts for a modification to an operating lease as a new lease from the effective date of the modification, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

#### 3.5 OIL AND GAS ASSETS

The Company applies the "Successful efforts" method of accounting for Exploration and Evaluation (E&E) costs.

#### 3.5.1 Pre-license costs

Costs incurred prior to having obtained the legal rights to explore an area are charged directly to profit or loss as they are incurred.

#### 3.5.2 Exploration and evaluation assets

Under the successful efforts method of accounting, all property acquisitions, exploratory/evaluation drilling costs are initially capitalized as intangible E&E assets in well, field or specific exploration cost centres as appropriate, pending determination.

Costs directly associated with an exploratory well are capitalized as an intangible asset until the drilling of the well is completed and results have been evaluated. Major costs include employee benefits, material, chemical, fuel, well services and rig operational costs. All other exploration costs including cost of technical studies, seismic acquisition and data processing, geological and geophysical activities are charged in the statement of profit or loss as exploration and prospecting expenditure.

Tangible assets used in E&E activities, include the Company's vehicles, drilling rigs, seismic equipment and other property, plant and equipment used by the Company's exploration function and are classified as property, plant and equipment. However, to the extent that such a tangible asset is consumed in developing an intangible E&E asset, the amount reflecting that consumption is recorded as part of the cost of the intangible asset. Such intangible costs include directly attributable overheads, including the depreciation of property, plant and equipment utilized in E&E activities, together with the cost of other materials consumed during the exploration and evaluation phases.

Intangible E&E assets relating to each exploration license/field are carried forward, until the existence or otherwise of commercial reserves have been determined subject to certain limitations including review for indications of impairment. If commercial reserves have been discovered, the carrying value after any impairment loss of the relevant E&E assets is then reclassified as development and production assets and if commercial reserves are not found, the capitalized costs are written off as dry and abandoned wells and are charged to profit or loss.

E&E assets are not amortized prior to the conclusion of appraisal activities.

#### 3.5.3 Development and production assets

Development and production assets are accumulated on a field by field basis and represent the cost of developing the discovered commercial reserves and bringing them into production, together with the capitalized E&E expenditures incurred in finding commercial reserves transferred from intangible E&E assets as outlined in note 3.5.2 above. The cost of development and production assets also includes the cost of acquisition of such assets, directly attributable overheads, and the cost of recognizing provisions for future site restoration and decommissioning.

For the year ended 30 June 2023

Expenditure carried within each field is amortized from the commencement of production on a unit of production basis, over the estimated useful life of the field determined by reference to proved reserves, on a field by field basis. Changes in the estimates of commercial reserves or future field development costs are dealt with prospectively. Amortization is charged to profit or loss.

#### 3.5.4 Decommissioning cost

The activities of the Company normally give rise to obligations for site restoration. Restoration activities may include abandonment and removal of wells, facility decommissioning and dismantling, removal or treatment of waste materials, land rehabilitation, and site restoration.

Liabilities for decommissioning cost are recognized when the Company has an obligation for site restoration, and when a reliable estimate of that liability can be made. The Company makes provision in full for the decommissioning cost on the declaration of commercial discovery of the reserves, to fulfil the obligation of site restoration and rehabilitation. The obligations for oil and natural gas production or transportation facilities, are recognized on construction or installation. The amount recognized is the estimated cost of decommissioning, discounted to its net present value and the expected outflow of economic resources to settle this obligation is up to next twenty eight years. An obligation for decommissioning may also crystallize during the period of operation of a well/ facility through a change in legislation or through a decision to terminate operations.

Decommissioning cost, as appropriate, relating to producing or shut-in fields/ fields in development is capitalized to the cost of development and production assets and property, plant and equipment as the case may be. The recognized amount of decommissioning cost is subsequently amortized/depreciated as part of the capital cost of the development and production assets and property, plant and equipment. At the time of decommissioning of the field, any differences arising from settlement of the provision are recognized in statement of profit or loss.

While the provision is based on the best estimate of future costs and the economic life of the fields, there is uncertainty regarding both the amount and timing of incurring these costs. The Company reviews the decommissioning provision at the reporting date. Any change in the present value of the estimated expenditure is dealt with prospectively and reflected as an adjustment to the provision and a corresponding adjustment to property, plant and equipment and development and production assets. If a decrease in a provision is greater than the carrying value of asset, the excess is recognized in statement of profit or loss. The unwinding of the discount on the decommissioning provision is recognized as finance cost in the statement of profit or loss.

#### 3.6 IMPAIRMENT OF NON FINANCIAL ASSETS

At each reporting date, the Company reviews the carrying amount of its non financial assets to determine whether there is any indication of impairment. If any such indication exists, then the assets recoverable amount is estimated.

E&E assets are assessed for impairment when facts and circumstances indicate that carrying amount may exceed the recoverable amount of E&E assets. Such indicators include, the point at which a determination is made that as to whether or not commercial reserves exist, the period for which the Company has right to explore has expired or will expire in the near future and is not expected to be renewed, substantive expenditure on further exploration and evaluation activities is not planned or budgeted and any other event that may give rise to indication that E&E assets are impaired.

Impairment test of development and production assets and related property, plant and equipment is performed whenever events and circumstances arising during the development and production phase indicate that carrying amount of the development and production assets may exceed its recoverable amount. Such circumstances depend on the interaction of a number of variables, such as the recoverable quantities of hydrocarbons, the production profile of the hydrocarbons, the cost of the development of the infrastructure necessary to recover the hydrocarbons, the production costs, the contractual duration of the production field and the net selling price of the hydrocarbons produced.

For the year ended 30 June 2023

For impairment testing, assets are grouped together into the smallest group of assets that generate cash inflows largely independent of other assets or CGUs. The CGU applied for impairment test purpose is generally field by field basis, except that a number of fields may be grouped as a single cash generating unit where the cash flows of each field are inter-dependent.

The carrying value is compared against expected recoverable amount of an asset or CGU, generally by reference to the future net cash flows expected to be derived from such assets. An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount. Impairment losses are recognized in profit or loss. The impairment loss is allocated to the assets in CGU on a prorata basis.

Where conditions giving rise to impairment subsequently reverse, the effect of the impairment charge is also reversed as a credit in profit or loss to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

### 3.7 INVESTMENTS IN ASSOCIATED COMPANIES

An associate is an entity over which the Company has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The results, assets and liabilities of the associate have been incorporated in the financial statements using the equity method of accounting. Under the equity method, investments in associates are initially recognized at cost adjusted thereafter to recognize the Company's share of the post-acquisition profits or losses of the associate in profit or loss and the Company's share of movements in other comprehensive income of the associate in other comprehensive income. Dividends received or receivable from the associate is recognized as a reduction in the carrying amount of the investment. Losses of an associate in excess of Company's interest in that associate are recognized only to the extent that the Company has incurred legal or constructive obligation or made payment on behalf of the associate.

On acquisition of the investment, any difference between the cost of the investment and the associate's share of the net fair value of the investee's identifiable assets and liabilities is accounted for as follows:

- a) Goodwill relating to an associate is included in the carrying amount of the investment.
- b) Any excess of the associate's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the associate profit or loss in the period in which the investment is acquired.

Where objective evidence of impairment of investment in associate is identified, then the carrying amount of equity-accounted investment is tested for impairment in accordance with the policy described in note 3.6.

#### 3.8 STORES, SPARE PARTS AND LOOSE TOOLS

Stores, spare parts and loose tools are valued at the lower of cost and net realizable value less allowance for slow moving, obsolete and in transit items. Cost is determined on the moving average basis and comprises cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Net realizable value signifies the estimated selling price in the ordinary course of business less costs necessarily to be incurred in order to make a sale.

Materials in transit are stated at cost comprising invoice value and other charges paid thereon.

For the year ended 30 June 2023

### 3.9 STOCK IN TRADE

Stock in trade is valued at the lower of production cost and net realizable value. Cost is determined on average cost basis and mainly comprise of field operating cost incurred to extract and process oil and gas. Net realizable value signifies the estimated selling price in the ordinary course of business less net estimated cost of production and selling expenses.

#### 3.10 INTANGIBLES

An intangible asset is recognized if it is probable that future economic benefits that are attributable to the asset will flow to the Company and that the cost of such asset can also be measured reliably. Intangible assets having definite useful life are stated at cost less accumulated amortization and impairment, if any, and are amortized based on the pattern in which the assets' economic benefits are consumed. Intangible assets which have indefinite useful life are not amortized and tested for impairment annually.

#### 3.11 REVENUE RECOGNITION

'Revenue from contracts with customers is recognized when or as the Company satisfies a performance obligation by transferring a promised good or service to a customer. Revenue associated with the sale of crude oil, gas and liquefied petroleum gas is recognized at transaction price that is allocated to that performance obligation. A good or service is transferred when the customer obtains control of that good or service. The transfer of control of crude oil, gas and liquefied petroleum gas to the customer taking physical possession. The Company principally satisfies its performance obligations at a point in time and recognizes revenue relating to the performance.

Revenue is measured at the transaction price, net of government levies. Transaction prices of crude oil and gas are specified in relevant agreements and/ or as notified by the government authorities based on agreements with customers, relevant applicable petroleum policy, relevant decision of Economic Coordination Committee (ECC) of the Cabinet or relevant Petroleum Concession Agreements. Prices of liquefied petroleum gas are approved by the appropriate authority within the Company. Effect of adjustments, if any, arising from revision in sale prices is reflected as and when the prices are finalized with the customers and/or approved by the GoP.

'Billings are generally raised by the end of each month which are payable within 30 to 45 days in accordance with the contractual arrangement with customers. Amounts billed or received prior to being earned, are deferred and recognized as advances from customers. The Company based on its assessment has not identified a significant financing component in its current contracts with customers because payment terms of 30 to 45 days are explicitly specified and delay in settlement of invoices are subject to interest under the contracts signed with customers and accordingly this delay does not result in a significant financing component.

'The Company collects signature bonus/ contract renewal fee from its customers of liquefied petroleum gas at the time of signing of contracts against the allocation of fixed quantities to be supplied over the contract term. Accordingly, performance obligation in case of signature bonus/ contract renewal fee is satisfied over time and the Company recognizes signature bonus/ contract renewal fee over the term of contract.

#### 3.12 FINANCE INCOME AND EXPENSE

Finance income comprises interest income on funds invested, delayed payments from customers, on investments and lease arrangements, dividend income, exchange gain, gain or loss on disposal of property, plant & equipment, stores, spare parts & loose tools and changes in the fair value of financial assets at fair value through profit or loss. Interest income on financial assets at amortized cost is calculated using the effective interest method and is recognized in statement of profit or loss. Interest income is calculated by applying the effective interest rate to gross carrying amount of a financial asset except for financial assets that subsequently become credit impaired. For credit impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial assets. Dividend income is recognized when the right to receive the payment is established. Foreign currency gains and losses are reported on a net basis.

For the year ended 30 June 2023

The Company has contractual right and is entitled to charge interest if payments from customers are delayed beyond credit terms, however, considering the uncertainties relating to recoverability of interest, the Company recognizes interest, if any, on delayed payments from customers, on investments and lease arrangements when the interest on delayed payments is received by the Company.

Finance cost comprises interest expense on borrowings (if any), unwinding of the discount on provisions and bank charges. Mark up, interest and other charges on borrowings are charged to profit or loss in the period in which they are incurred.

#### 3.13 JOINT OPERATIONS

Investments in joint arrangements are classified as either joint operations or joint ventures depending on contractual rights and obligations of the parties to the arrangement.

The Company has certain contractual arrangements with other participants to engage in joint activities, where all significant operating and financial matters are determined by the participants, such that the operator itself has no significant independence to pursue its own commercial strategy. These contractual arrangements do not create a joint venture entity and are accounted for as joint operations/ jointly controlled assets ('joint operations'). The Company accounts for its share of the joint operations' assets, liabilities and operating expenses on the basis of latest available audited financial statements of the joint operations and where applicable, the cost statements received from the operator, for the intervening period up to the statement of financial position date. The difference, if any, between the cost statements and audited financial statements is accounted for in the next accounting year.

#### 3.14 FOREIGN CURRENCIES

#### 3.14.1 Foreign currency transactions and translations

Transactions in foreign currencies are recorded at the rates of exchange ruling on the date of the transaction. All monetary assets and liabilities denominated in foreign currencies are translated into PKR at the rate of exchange ruling on the statement of financial position date and exchange differences, if any, are credited/ charged to statement of profit or loss for the year.

#### 3.14.2 Foreign operations

The transactions of foreign operation are translated at rate of exchange prevailing on the date of transaction. All monetary and non-monetary assets and liabilities of foreign operation are translated into Rupees at exchange rate prevailing at the date of statement of financial position and the resulting currency translation differences are recognized in other comprehensive income and accumulated as a separate reserve in equity until the disposal of foreign operation, upon which these are reclassified from equity to statement of profit or loss when gain or loss on disposal is recognized.

The assets and liabilities of foreign operations are translated into rupees at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at exchange rates prevailing at the date of the transactions. The exchange differences arising on translation are recognized in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is reclassified to profit or loss.

Any goodwill/ bargain purchase arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.

### For the year ended 30 June 2023

#### 3.15 FINANCIAL INSTRUMENTS - INITIAL RECOGNITION AND SUBSEQUENT MEASUREMENT

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### 3.15.1 FINANCIAL ASSETS

#### Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing expedient are measured at the transaction price.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

#### 3.15.2 SUBSEQUENT MEASUREMENT

For the purposes of subsequent measurement, financial assets are classified in following categories:

- Financial assets at amortized cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

#### Financial assets at amortized cost (debt instruments)

This category is the most relevant to the Company. The Company measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired. The Company's financial assets at amortized cost are mentioned in note 36.4.

For the year ended 30 June 2023

#### Financial assets at fair value through OCI (debt instruments)

The Company measures debt instruments at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognized in the statement of profit or loss and computed in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI. Upon derecognition, the cumulative fair value change recognized in OCI is recycled to profit or loss.

#### Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation, and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on the financial assets are never recycled to profit or loss. Dividends are recognized as other income in the statement of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment. The Company has not designated any financial asset in this category.

#### Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognized in the statement of profit or loss. The Company's financial assets at fair value through profit or loss are mentioned in note 36.4.

#### 3.15.3 DERECOGNITION

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired; or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

#### 3.15.4 IMPAIRMENT OF FINANCIAL ASSETS

The Company recognizes loss allowance for ECL on financial assets measured at amortized cost except for financial assets due directly/ ultimately from the GoP which includes certain trade debts, lease receivables and investment in TFCs issued by PHL in respect of which applicability of ECL model is deferred by SECP as explained in note 2.5.3. For trade debts other than trade debts on which ECL model is not applicable as per aforesaid notification of SECP, the Company applies IFRS 9 simplified approach to measure the ECL (loss

### For the year ended 30 June 2023

allowance) which uses a life time expected allowance. The Company uses General 3-stage approach for loans and advances, deposits, long term loans, long term investments other than TFCs on which ECL model is not applicable as per aforesaid notification of SECP, other receivables, other financial assets and cash and bank balances i.e. to measure ECL through loss allowance at an amount equal to 12-month ECL if credit risk on a financial instruments has not increased significantly since initial recognition.

Life time ECLs are the ECLs that results from all possible default events over the expected life of a financial instrument. 12- months' ECL are portion of ECL that result from default events that are possible within 12 months after the reporting date.

ECLs are a probability weighted estimate of credit losses. Credit losses are measured at the present value of all cash shortfalls i.e. the difference between cash flows due to the entity in accordance with the contract and cash flows that the Company expects to receive.

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

In respect of financial assets due directly/ ultimately from the GoP, on which ECL model is not applicable as per the aforesaid notification of SECP, the financial asset is assessed under IAS 39 at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

#### 3.15.5 FINANCIAL LIABILITIES

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, and financial liabilities at amortized cost, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of financial liabilities at amortized cost, net of directly attributable transaction costs.

#### 3.15.6 SUBSEQUENT MEASUREMENT

The measurement of financial liabilities depends on their classification, as described below:

#### Financial liabilities at amortized cost

After initial recognition, interest-bearing financial liabilities are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance cost in the statement of profit or loss. The Company's financial liabilities carried at amortized cost are mentioned in note 36.4.

#### Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognized in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit or loss.

#### 3.15.7 DERECOGNITION

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

For the year ended 30 June 2023

#### 3.15.8 OFFSETTING OF FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

#### 3.16 PROVISIONS AND CONTINGENT LIABILITIES

A provision is recognized in the statement of financial position when the Company has a present, legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of such obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax discount rate that reflects current market assessment of time value of money and risk specific to the liability.

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

#### 3.17 CASH AND CASH EQUIVALENTS

Cash and cash equivalents for the purpose of cash flow statement comprise cash in hand and at bank and includes short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

#### 3.18 DIVIDEND

Dividend distribution to shareholders is accounted for in the period in which it is declared. Unpaid/ unclaimed dividend is recognized as a liability.

#### 3.19 SELF INSURANCE SCHEME

The Company is following a policy to set aside reserve for self insurance of rigs, wells, plants, pipelines, buildings, inventory, vehicles, workmen compensation, terrorism and losses of petroleum products in transit and is keeping such reserve invested in specified investments.

#### 3.20 OPERATING SEGMENTS

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions. The management has determined that the Company has a single reportable segment as the Board of Directors views the Company's operations as one reportable segment.

#### 3.21 TRADE AND OTHER PAYABLES

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liability unless payment is not due within twelve (12) months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

For the year ended 30 June 2023

|   | 2023       | 2022           |
|---|------------|----------------|
| Significant actuarial assumptions used were as follows: |            |                |
| Discount rate per annum                                 | 16.25%     | 13.25%         |
| Medical inflation rate per annum                        | 16.25%     | 13.25%         |
| Mortality rate  | Adjusted   | SLIC 2001-2005 |
| Withdrawal rate   | Low        | Low            |
| Weighted average duration of the obligation             | 9.07 years | 9.82 years     |

The calculation of the defined benefit obligation is sensitive to assumptions set out above. The Company faces longevity, discount rate fluctuation and withdrawal risk on account of medical benefits as explained in note 9.3. The following table summarizes how the impact on the defined benefit obligation at the end of the reporting period would have increased/ (decreased) as a result of change in respective assumptions:

|                    | Imp                  | Impact on defined benefit obligation |                        |  |
|--------------------|----------------------|--------------------------------------|------------------------|--|
|                    | Change in assumption | Increase in assumption               | Decrease in assumption |  |
|                    |                      | (Rupee                               | (Rupees '000)          |  |
| Discount           | 1%                   | (3,418,628)                          | 4,204,270              |  |
| Medical indexation | 1%                   | 3,590,291                            | (3,023,897)            |  |
| Vithdrawal         | 10%                  | (335)                                | 334                    |  |
|                    |                      | 1 year<br>set back                   | 1 year<br>set forward  |  |
|                    |                      | (Rupee                               | s '000)                |  |
| ortality           |                      | 1,252,939                            | (1,127,207)            |  |

The expected post retirement medical expense for the next financial year is Rs 4,743 million (2022: 3,457 million).

|     |  | 2023          | 2022        |
|-----|--|---------------|-------------|
|     |  | (Rupees '000) |             |
| 7.2 | Accumulating compensated absences                                    |               |             |
|     | Present value of defined benefit obligation at beginning of the year | 8,139,410     | 7,964,743   |
|     | Charge for the year- net   | 4,439,887     | 2,718,618   |

|     | Present value of defined benefit obligation at end of the year       | 8,839,430     | 8,139,410   |

### For the year ended 30 June 2023

The discount rate of 16.25% per annum (2022: 13.25%) and salary increase rate of 16.25% per annum (2022: 13.25%) were assumed. The mortality rate, withdrawal rate and weighted average duration of the obligation is assumed same as disclosed in note 7.1 above. The Company faces longevity, discount rate fluctuation, withdrawal and salary increase risk on account of compensated absences plan as explained in note 9.3.

|   | 2023      | 2022      |
|---|-----------|-----------|
|   | (Rupe     | es '000)  |
| The expense is recognized in the following: |           |           |
| Operating expenses                          | 2,664,107 | 1,622,127 |
| General and administration expenses         | 491,801   | 311,590   |
| Technical services                          | 1,283,979 | 784,901   |
|   | 4,439,887 | 2,718,618 |

The calculation of the defined benefit obligation is sensitive to assumptions. The following table summarizes how the impact on the defined benefit obligation at the end of the reporting period would have increased/ (decreased) as a result of change in respective assumptions:

|                 | Imp                  | Impact on defined benefit obligation |                        |  |
|-----------------|----------------------|--------------------------------------|------------------------|--|
|                 | Change in assumption | Increase in assumption               | Decrease in assumption |  |
|                 |                      | (Rupees                              |                        |  |

Quoted plan assets comprise of 1.32% (2022: 1.64%) of total plan assets.

Funds covered were invested within limits specified by regulations governing investment of approved retirement funds in Pakistan. The funds have no investment in the Company's own securities.

The pension plan is a defined benefit final salary plan invested through approved trust fund. The fund is governed under Trusts Act. Trust Deed and Rules of Fund, Companies Act, 2017, the Income Tax Ordinance, 2001 and the Income Tax Rules, 2002. The trustees of the fund which are appointed by the Company are responsible for plan administration and investment. All trustees are employees of the Company.

#### The Company faces the following risks on account of defined benefit plan:

Investment Risks- The risk arises when the actual performance of the investments is lower than expectation and thus creating a shortfall in the funding objectives. The risk is mitigated by closely monitoring the performance of investment. The investment in mutual funds is subject to adverse fluctuation as a result of change in prices.

Longevity Risks- The risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population.

Salary Increase Risk- The risk arises when the actual increases are higher than expectation and impacts the liability accordingly.

Withdrawal Risk- The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

Discount rate fluctuation- The plan liabilities are calculated using a discount rate set with reference to market yield on government bonds. A decrease in discount rate will increase the plan liabilities. However, this will be partially offset by an increase in the value of asset plan bond holdings in case of funded plans.

Funds covered were invested within limits specified by regulations governing investment of approved retirement funds in Pakistan. The funds have no investment in the Company's own securities.

The gratuity plan is a defined benefit final salary plan invested through approved trust fund. The fund is governed under Trusts Act, 1882, Trust Deed and Rules of Fund, Companies Act, 2017, the Income Tax Ordinance, 2001 and the Income Tax Rules, 2002. The trustees of the fund are responsible to plan administration and investment. The Company appoints the trustees and all trustees are employees of the Company and the responsibility for governance of plan, including investment decisions and contribution schedule lie with the Board of Trustees of the Fund.

The Company faces the investment, longevity, salary increase, withdrawal and discount rate fluctuation risks on account of gratuity plan as explained in note 9.3.

|   |      | 2023    | 2022    |
|---|------|---------|---------|
|   | Note | (Rupees | s '000) |
| The expense is recognized in the following: |      |         |         |
| Operating expenses                          | 27   | 114,065 | 46,295  |
| General and administration expenses         | 30   | 44,238  | 17,306  |
| Technical services                          |      | 58,747  | 20,491  |
|   |      | 217,050 | 84,092  |

- 9.5 This includes an amount of Rs 8,419 million (2022: Rs 7,020 million) received from customers on account of additional revenue due to enhanced gas price incentive as explained in note 26.1. This also includes an amount of Rs 1,484 million (2022: 1,484 million) representing the interest earned by OGDCL Employees' Empowerment Trust (OEET) on dividends previously paid by the Company to OEET which has been transferred by OEET to the Company during the year ended 30 June 2022. For details, refer note 10.
- **9.6** Gas Infrastructure Development Cess (GIDC) amounting to Rs 2,255 million (2022: Rs 2,255 million) is recoverable from customers and payable to the GoP. These financial statements do not reflect the said amount since under the provisions of the GIDC laws and regulations, the Company is required to pay the said amount as and when the same is collected from customers. The GIDC is presented as payable to the extent that it is received from customers but not deposited with the GoP. As at period end, no such amount was received which was not deposited with the GoP. On 13 August 2020, the Supreme Court of Pakistan has decided the matter of GIDC by restraining from charging GIDC from 01 August 2020 onward and ordered gas consumers to pay GIDC arrears due upto 31 July 2020 in instalments. The fertilizer companies have obtained stay against recovery from the Sindh High Court, where the matter is subjudice.

For the year ended 30 June 2023

### 10 UNPAID DIVIDEND

This includes an amount of Rs 37,046 million (2022: Rs 33,459 million) on account of shares held by OGDCL Employees' Empowerment Trust (OEET) under the Benazir Employees' Stock Option Scheme (BESOS) since the GoP was considering to revamp BESOS as was communicated to the Company by Privatization Commission of Pakistan (PCP). PCP vide letter no. F. No. 13(4)12/PC/BESOS/OGDCL dated 15 May 2018 informed that the matter of BESOS, as a scheme, was pending adjudication before the Honorable Supreme Court of Pakistan, hence status quo may be maintained till final decision of Honorable Supreme Court of Pakistan. The PCP vide letter no D.O. No. 1(2)PC/BESOS(Wind-up)2019 dated 30 December 2020 informed that the fund maintained by PCP has been closed since December 2020, therefore, the amounts retained on account of Employees Empowerment Fund be directly deposited in the Federal Consolidated Fund maintained by Finance Division.

During the year ended 30 June 2022, the Honorable Supreme Court of Pakistan has issued detailed judgement and declared the BESOS scheme to be ultra vires and that any benefits arising out of this scheme are illegal and unprotected. The Ministry of Energy, GoP vide letter dated 16 April 2022 required that the matter of transfer of all the accrued BESOS principal amount along with interest earned thereon be placed before the Board of Trustees of Employee Empowerment Trusts (EETs). In pursuance of which OEET through Board of Trustees resolution dated 25 April 2022 approved and transferred to the Company Rs 2,316 million representing dividends previously received from OGDCL and Rs 1,484 million representing interest earned thereon for onward settlement by the Company with the GoP. The Finance Division vide letter no F.No.8(6)AO-CF/2021-22 dated 09 May 2022 directed the Company to deposit the balance in the Federal Consolidated Fund within seven days as it was agreed with SOEs that the amount will be settled through cash deposit or non-cash adjustment. The Company requested vide its letter dated 16 May 2022 that BESOS amount should be settled as a non cash adjustment against the Company's circular debt. Management is currently under discussion with the GoP for settlement of these amounts.

### 11 CONTINGENCIES AND COMMITMENTS

#### 11.1 Contingencies

11.1.1 Claims against the Company not acknowledged as debts amounted to Rs 212 million at year end (2022: Rs 224 million).

- 11.1.2 On 17 December 2018, Attock Refinery Limited (ARL) filed a writ petition against the Company before Islamabad High Court and has disputed and withheld amounts invoiced to it prior to the signing of sales agreement i.e. 13 March 2018 on account of adjustment of premium or discount as announced by Saudi Aramco for deliveries to Asian customers/ destinations under the sales agreement. The amount withheld and disputed by ARL amounts to Rs 1,292 million (2022: Rs 1,292 million). Further, ARL has also contested and claimed the amounts already paid in this respect during the period 2007 to 2012 amounting to Rs 562 million (2022: Rs 562 million). The Company believes that the debit notes/ invoices have been raised in accordance with the sale agreements signed with the GoP and no provision is required in this respect.
- 11.1.3 Oil and Gas Regulatory Authority (OGRA) vide its decision dated 22 June 2018 decided that LPG producers, in public or private sector, cannot charge signature bonus in compliance with LPG Policy 2016. The Company has challenged this decision in Islamabad High Court on 23 July 2018. Signature bonus recognized as income by the Company after decision of OGRA amounts to Rs 2,863 million (2022: Rs 1,918 million). The Company believes that the matter will be decided in favour of the Company. Also refer note 28.1.
- **11.1.4** During the year ended 30 June 2022, Large Taxpayers Office Islamabad vide notices dated 05 October 2021 required all Exploration and Production (E&P) companies including OGDCL to provide information relating to the value of condensate sold during the period from July 2008 to September 2021, pursuant to the judgment of ATIR dated 08 September 2021 in case of another E&P company wherein the Appellate Tribunal Inland Revenue (ATIR) held that condensate is separate product other than crude oil and is subject to sales tax @ 17% against zero percent charged by the E&P companies. OGDCL and other E&P companies have filed writ petitions before Islamabad High Court challenging issuance of above notices dated 05 October 2021 where stay has been granted to the Company till the date of next hearing. The Company is confident that the matter will be decided in its favor.

### For the year ended 30 June 2023

- **11.1.5** Certain banks have issued guarantees on behalf of the Company in ordinary course of business aggregating Rs 1.281 million (2022: Rs 1.281 million), refer note 25.1 to the financial statements.
- **11.1.6** For contingencies related to income tax matters, refer note 23.1 to 23.4, 32.2 and 32.3.
- **11.1.7** For contingencies related to sales tax and federal excise duty, refer note 20.1 and 20.2.
- **11.1.8** For matter relating to conversion of certain blocks to Petroleum Policy 2012, refer note 26.1.
- **11.1.9** As part of the investment in Pakistan International Oil Limited (PIOL), each associate of the consortium companies including OGDCL have provided, joint and several, parent company guarantees to Abu Dhabi National Oil Company (ADNOC) and Supreme Council for Financial and Economic Affairs Abu Dhabi, UAE to guarantee the obligations of the associate, PIOL. The exposure against the said guarantee as at year end amounts to US\$ 195 million; Rs: 55,946 million (2022: US\$ 225 million; Rs: 46,050 million).

#### 11.2 Commitments

- **11.2.1** Commitments outstanding at the year end amounted to Rs 75,556 million (2022: Rs 48,663 million). These include amounts aggregating to Rs 42,409 million (2022: Rs 31,906 million) representing the Company's share in the minimum work commitments under Petroleum Concession Agreements (PCAs). The Company and its associated company has given corporate guarantees to GoP under various PCAs for the performance of obligations.
- **11.2.2** Letters of credit issued by various banks on behalf of the Company in ordinary course of the business, outstanding at period end amounted to Rs 1,957 million (2022: Rs 2,207 million).
- **11.2.3** The Company's share of associate commitments at year end is as follows:

|   | 2023      | 2022      |
|---|-----------|-----------|
|   | (Rupe     | es '000)  |
| Commitment for capital expenditure                      | 4,094,322 | 2,328,484 |
| Outstanding minimum work commitments under various PCAs | 5,430,351 | 2,501,995 |

- 11.2.4 As part of the Shareholders Agreement with the consortium partners in PIOL, associate, the Company has committed to invest up to US\$ 100 million in PIOL during the next five years from 31 August 2021, out of which US\$ 35 million has been invested till 30 June 2023 (2022: US\$ 25 million). The remaining amount of US\$ 65 million; Rs 18,649 million (2022: US\$ 75 million; Rs 15,350 million) will be invested in subsequent years. The Company's share of associate commitment in this respect amounts to US\$ 13 million; Rs 3,581 million (2022: US\$ 15 million; Rs 3,085 million).
- **11.2.5** As per the Joint Venture Agreement, for reconstitution of the Reko Diq project referred in note 15.3, the Company has committed to invest a total amount up to USD 396 million; Rs 113,612 million (including post-acquisition investments), to be adjusted for inflation, for funding its proportionate share during Phase-1 of the Reko Diq project. In addition, the company has committed to contribute, in the form of equity, up to USD 1 million; Rs 287 million per year towards its proportionate share in the administrative expenses of PMPL. Furthermore, the Company has provided a corporate guarantee to fund the aforementioned obligations.

**13.2** The Company performed an impairment assessment for development and production assets and related property, plant and equipment. The test was performed by the management based on the estimate of the recoverable value of the CGU. The gas production from the Thal Petroleum Concession has continued to decline significantly due to drop in wellhead flowing pressures and excessive formation water production caused by a water breakthrough in the naturally fractured reservoir. Based on management's assessment, the recoverability of the reserves is not economically feasible. The calculation involved estimates and judgements, such as estimation of volume of oil and gas recoverable reserves, future oil and gas prices, costs and discount rate. As a result of the assessment, an impairment charge of Rs. 4,975 million was recorded using a discount rate of 15.16%. The recoverable amount of CGU was Nil as at 30 June 2023.

The Company made a deposit of Rs 36,727 million (2022: Rs 34,463 million) for investment in Reko Diq Project, subject to conditions precedent as set out in Framework Agreement signed on 20 March 2022. The Framework Agreement sets out the conditions for the reconstitution and development of Reko Diq Mining Project. All the conditions precedent, including but not limited to, the signing of the definitive agreements and judicial validation were completed as on 15 December 2022. The Company has invested in the project

For the year ended 30 June 2023

company, i.e. Reko Diq Mining Company (Private) Limited (RDMC) through Pakistan Minerals (Private) Limited (PMPL), an entity incorporated in Pakistan with initial subscribed share capital of 12,000 shares with par value of Rs 10 each in accordance with the agreements for collective representation of the Company, Pakistan Petroleum Limited (PPL) and Government Holding (Private) Limited (GHPL), together called the State Owned Enterprises (SOEs). RDMC is engaged in the mineral exploration activities in Pakistan. PMPL holds an indirect working interest of 25% (8.33% of each SOE) in the RDMC through offshore holding companies namely Reko Diq Holdings Limited and Reko Diq Investments Limited (hereinafter referred to as "Holdcos"). RDMC is incorporated in Pakistan and Holdcos are incorporated in Bailiwick of Jersey. The Company's equity interest in PMPL is 33.33% with an effective interest of 8.33% in RDMC. The SOEs have representation on the Boards of Holdcos and RDMC through PMPL.

The investment in PMPL by the Company has been accounted for as an associate with the carrying amount of investment amounting to Rs 36,059 million, based on the total purchase consideration paid by the Company in the form of initial entry fee Rs 34,463 million and the interest payments Rs 1,596 million thereon till 15 December 2022. Initial accounting in respect of acquisition under the applicable financial reporting framework involves identifying and determining the fair values to be assigned to the investee's identifiable assets and liabilities, for determination of goodwill or bargain purchase gain, if any. The Company has conducted its assessment for identification and valuation of assets and liabilities of the investee, and as a result of this assessment has not identified any goodwill or bargain purchase gain in the aforesaid acquisition.

During the year, the Company made additional investment in PMPL amounting to Rs 668 million which increased the total equity investment of the Company in the associate to Rs 36,727 million as at 30 June 2023. In addition to the initial subscribed share capital, PMPL is in the process of issuing shares to the Company against further equity contributions. Furthermore, discussions are currently in progress in respect of the interest expressed by a potential investor in the equity stake of PMPL in the Reko Diq project. However, as of the date of approval of these financial statements, nothing has been materialized.

Financial information of PMPL is summarized below, which is based on the audited financial statements of the associate for the period ended 30 June 2023.

**15.4.1** This represents investments in local currency TDRs and includes interest amounting to Rs 4,947 million (2022: Rs 3,547 million) carrying effective interest rate of 14% (2022: 14%) per annum and have maturities of five (5) years. These investments are earmarked against self insurance reserve as explained in note 5.2 to the financial statements.

**15.4.2** On 27 June 2023 Company received PIBs from Uch Power (Private) Limited against partial settlement of overdue trade receivables. Fair value and face value of the PIBs on the date of initial recognition amounts to Rs 15,128 million and Rs 14,522 million respectively and are carried at floating interest rate of 21.95% per annum. The Company has adjusted the trade receivables against the face value and has recognized a fair value loss amounting to Rs 1,094 million as disclosed in note 28.

**15.4.3** This represents investment in privately placed TFCs amounting to Rs 82,000 million. In 2013, the Government of Pakistan (GoP), for partial resolution of circular debt issue prevailing in the energy sector, approved issuance of TFCs amounting to Rs 82,000 million by Power Holding Limited (PHL), which is government owned entity and a related party. These TFCs were subscribed by the Company in order to settle its overdue receivables from oil refineries and gas companies.

As per original terms of investor agreement between the Company and PHL, TFCs were for a period of seven (7) years including grace period of three (3) years carrying interest rate of KIBOR + 1%, payable semi-annually. The principal portion of these TFCs was to be paid in eight (8) equal instalments starting from 42nd month of date of transaction. National Bank of Pakistan executed the transaction on 10 September 2012 as Trustee. These TFCs are secured by Sovereign Guarantee of the GoP, covering the principal, mark-up, and/ or any other amount becoming due for payment in respect of investment in TFCs.

On 23 October 2017, PHL communicated to the Company that a proposal was submitted by the Ministry of Energy (Power Division) to Economic Coordination Committee (ECC) of the Cabinet for extension in the tenure of TFCs of Rs 82,000 million from seven (7) years to ten (10) years including extension in grace period from three (3) years to six (6) years. The ECC of the Cabinet considered and approved the proposal of Ministry of Energy (Power Division) subject to the condition that a revised term sheet, based on above, with the Company shall be agreed by PHL. PHL requested the Company to prepare revised term sheet for onward submission to Finance Division of the GoP for approval. During the year ended 30 June 2020, the Board of Directors resolved that the management may take further steps for the extension of investor agreement with PHL for a further period of three (3) years. However, the revised term sheet has not yet been signed with PHL. Currently, management is in discussion with Ministry of Energy and Ministry of Finance for settlement of outstanding principal and interest.

For the year ended 30 June 2023

As per the revised terms, principal repayment amounting to Rs 82,000 million (2022: Rs 71,750 million) was past due as at 30 June 2023. Further, interest due as of 30 June 2023 was Rs 73,207 million (2022: Rs 58,695 million) of which Rs 73,207 million (2022: Rs 55,577 million) was past due. The Company considers the principal and interest to be fully recoverable as these are backed by Sovereign Guarantee of the GoP. As disclosed in note 2.5.3, SECP has deferred the applicability of ECL model till financial year ending on or before 31 December 2024 on financial assets due directly/ ultimately from the GoP in consequence of the circular debt.

16.1.2 The loans are granted to the employees of the Company in accordance with the Company's service rules. House building and conveyance loans are for maximum period of 15 and 5 years respectively. These loans are secured against the underlying assets. Included in these are loans of Rs 11,502 million (2022: Rs 10,954 million) which carry no interest. The balance amount carries an effective interest rate of 11.20% (2022: 10.30%) per annum. Interest free loans to employees have not been discounted as required by IFRS 9 "Financial Instruments" as its effect is immaterial.

**16.1.3** Loans to employees include an amount of Rs 41 million (2022: Rs 46 million) receivable from key management personnel. Maximum aggregate amount outstanding at any time during the year was Rs 83 million (2022: Rs 69 million).

For the year ended 30 June 2023

### 17 LEASE RECEIVABLES

Net investment in lease has been recognized on Gas Sale Agreements (GSAs) with power companies i.e. Uch Power (Private) Limited (UPL) and Uch-II Power (Private) Limited (Uch-II) as follows:

|   |      | 2023         | 2022         |
|---|------|--------------|--------------|
|   | Note | (Rupees      | s '000)      |
| Net investment in lease                                   | 17.1 | 158,657,324  | 69,937,832   |
| Less: Current portion of net investment in lease          | 17.2 | (37,625,777) | (29,822,984) |
|   |      | 121,031,547  | 40,114,848   |
| 17.1 Movement during the year in net investment in lease: |      |              |              |
| Balance at the beginning of the year                      |      | 69,937,832   | 59,512,720   |
| Interest income   |      | 8,058,535    | 6,997,648    |
| Exchange gain   |      | 16,597,521   | 11,484,519   |
| Interest income received during the year                  |      | (6,438,898)  | (5,393,113)  |
| Principal repayments during the year                      |      | (4,973,555)  | (2,663,942)  |
| Gain on modification                                      | 17.3 | 75,475,889   | -            |
| Balance at the end of the year                            |      | 158,657,324  | 69,937,832   |

**17.2** Current portion of net investment in lease includes amounts billed to customers of Rs 26,950 million (2022: Rs 21,532 million) out of which Rs 24,688 million (2022: Rs 19,907 million) is overdue on account of inter-corporate circular debt. As disclosed in note 2.5.3, SECP has deferred the applicability of ECL model till financial year ending on or before 31 December 2024 on debts due directly/ ultimately from the GoP in consequence of the circular debt. The amount is considered to be fully recoverable as the GoP is committed, hence continuously pursuing for satisfactory settlement of inter-corporate circular debt issue. The Company has contractual right and is entitled to charge interest if lease payments are delayed beyond agreed payment terms, however, the same is recognized when received by the Company.

**17.3** The GSA between the Company and UPL was amended on 26 June 2023 to extend the lease term for a period of five (5) years till September 2028. At the date of modification, the Company has reassessed that the lease arrangement would have been classified as finance had the modification been known at the lease inception. Considering the significant modification of lease receivable, the carrying amount of original lease receivable of Rs 3,016 million was derecognized and new lease receivable of Rs 78,492 million was recognized, resulting in modification gain of Rs 75,476 million. The new lease receivable was determined by discounting expected future contractual cash flows as per amended terms.

17.4 Income relating to variable lease payments as a result of change in index during the year amounts to Rs 8,084 million (2022: Rs: 6,257 million) has been recorded as revenue for the year.

For the year ended 30 June 2023

17.5 Following is the maturity analysis of lease receivables, showing the undiscounted lease payments to be received after the reporting date:

For the year ended 30 June 2023

- **19.1** Trade debts include overdue amount of Rs 510,849 million (2022: Rs 393,170 million) on account of Inter-corporate circular debt, receivable from oil refineries, gas companies and power producers out of which Rs 210,304 million (2022: Rs 167,949 million) and Rs 200,577 million (2022: Rs 146,101 million) are overdue from related parties, Sui Southern Gas Company Limited and Sui Northern Gas Pipeline Limited respectively. The Government of Pakistan (GoP) is committed, hence continuously pursuing for satisfactory settlement of Inter-corporate circular debt issue, however, the progress is slower than expected resulting in accumulation of Company's trade debts. The Company considers this amount to be fully recoverable because the Government of Pakistan has been assuming the responsibility to settle the Inter-corporate circular debt in the energy sector. The Company recognizes interest/ surcharge, if any, on delayed payments from customers when the interest/ surcharge on delayed payments is received by the Company. As disclosed in note 2.5.3, SECP has deferred the applicability of ECL model till financial year ending on or before 31 December 2024 on financial assets due directly/ ultimately from the GoP in consequence of the circular debt.
- **19.2** Total amount due from related parties as on 30 June 2023 is Rs 452,483 million (2022: Rs 346,708 million) and maximum amount due at the end of any month during the year was Rs 452,483 million (2022: Rs 346,708 million). For party wise details refer note 39 and for aging of amount due from related parties, refer note 36.1.3.

|  |             | 16,678,552 | 16,603,490 |

**20.1** This includes an amount of Rs 3,180 million (2022: Rs 3,180 million) paid under protest to Federal Board of Revenue (FBR) on account of sales tax demand raised in respect of capacity invoices from Uch gas field for the period July 2004 to March 2011. Based on Sales Tax General Order (STGO) 1 of 2000 dated 24 January 2000, the matter was argued before various appellate forums, however, the Supreme Court of Pakistan finally decided the issue against the Company on 15 April 2013. The FBR granted time relaxation to the Company for issuance of debit note for an amount of Rs 750 million for the period April 2011 to May 2012, accounted for as trade debt. Uch Power (Private) Limited (UPL) challenged the grant of time relaxation to the Company by FBR before Islamabad High Court. On 27 December 2013, the Honorable Court decided the matter in favor of the Company. In light of the Islamabad High Court decision, the Company has applied to FBR for obtaining condonation of time limit for issuing debit notes to UPL/ revision of sales tax returns for the remaining amount of Rs 3,180 million for the period July 2004 to March 2011, FBR responded that as per the decision of Islamabad High court no condonation is required for payment of sale tax.

For the year ended 30 June 2023

UPL filed an intra-court appeal against the decision of the Islamabad High Court (IHC). IHC through its order dated 17 November 2016 dismissed the intra-court appeal in favour of the Company. In January 2017, UPL filed a Civil Petition for Leave to Appeal (CPLA) against the Company and others, before the Honorable Supreme Court of Pakistan against the decision of IHC. On 21 August 2023, the Honorable Supreme Court of Pakistan dismissed UPL's CPLA as infructuous on the grounds that FBR had withdrawn their earlier granted condonation dated 30 June 2012, vide letter dated 12 July 2017.

As per the direction of the Honorable Islamabad High Court, for the period July 2008 onward, debit notes can be issued without condonation of time relaxation. However, for revision of sales tax returns condonation of time relaxation is required from FBR. The Company is in the process of issuing debit note for the period from 2008 onward and for obtaining required condonations and is confident that the said condonation will be obtained and the amount will be recovered from UPL. Accordingly, no provision in this respect has been made in these financial statements.

20.2 This also includes recoveries of Rs 317 million (2022: Rs 317 million) made by the tax department during the year ended 30 June 2016, against Sales Tax and Federal Excise Duty (FED) demand of Rs 6,708 million (2022: Rs 6,708 million) relating to periods July 2012 to June 2014. The Appellate Tribunal Inland Revenue (ATIR) has accepted the Company's appeals and annulled the demands passed by the tax authorities being void ab-initio and without jurisdiction. The Commissioner Inland Revenue (CIR) has filed sales tax reference before Islamabad High Court (IHC) against judgment of ATIR on 09 February 2018. These demands were raised by tax authorities due to difference between computation of sales/ production reported by the Company in its sales tax returns and sales/ production based on other sources of data.

During the year ended 30 June 2021, additional demand of Rs 9,668 million relating to periods 2017-18 and 2018-19 were raised on the same issue by the Deputy Commissioner Inland Revenue (DCIR), against which, the Company had filed appeals before Commissioner Inland Revenue (Appeals) CIRA. During the year, CIRA vide order dated 29 November 2022 remanded back the case to DCIR. The Company has filed appeal before ATIR on 24 January 2023 which is pending.

The Company believes that these demands were raised without legal validity and will be decided by IHC and CIRA in favor of the Company as previously decided by ATIR in favour of the Company.

**20.3** Total amount due from related party and associated companies as partner in joint operations in accordance with terms of related PCAs in relation to operational activities of the Concessions as at 30 June 2023 is Rs 6,772 million (2022: Rs 6,104 million) and maximum amount due at the end of any month during the year was Rs 6,772 million (2022: Rs 6,914 million). For party wise details, refer note 39 and for aging of amount due from related parties, refer note 36.1.3.

|    | Income tax- advance at beginning of the year  |              | 31,914,172    | 45,751,659   |  |
|    | Income tax paid during the year   |              | 116,480,131   | 70,473,738   |  |
|    | Provision for current taxation- profit or loss  | 32           | (110,875,305) | (87,041,170) |  |
|    | Tax (charge) /credit related to remeasurement gain/ (loss) on employee retirement benefit plans |              |               |              |  |
|    | - other comprehensive income  |              | (4,203,965)   | 2,729,945    |  |
|    | Income tax- advance at end of the year  | 23.1 to 23.4 | 33,315,033    | 31,914,172   |  |

- **23.1** This includes amount of Rs 29,727 million (2022: Rs 29,727 million) paid to tax authorities on account of disallowance of actuarial loss amounting to Rs 63,232 million (2022: Rs 58,744 million) which the Company claimed in its return for the tax years 2014 to 2018, 2020 and 2022. This actuarial loss was recognized in the books as a result of retrospective application of IAS 19 (as revised in June 2011) 'Employee Benefits' from the year ended 30 June 2014 and onwards. CIRA upheld the disallowances on account of the actuarial loss for tax years 2015 and 2016, however, allowed to claim the actuarial loss for tax years 2014, 2017 and 2018 over a period of seven years. Being aggrieved, the Company has filed appeals against the orders of CIRA in the Appellate Tribunal Inland Revenue (ATIR) for tax years 2014, 2015, 2016, 2017, 2018 and 2020 on 08 January 2016, 30 June 2020, 05 January 2018, 21 August 2019, 12 February 2020 and 20 January 2023 respectively which are currently pending. For tax year 2022, the Company has filed appeal before CIRA on 27 March 2023 which is currently pending. The management, based on opinion of its tax consultant, believes that the actuarial loss is an admissible expense under the tax laws and there is reasonable probability that the matter will be decided in favour of Company by appellate forums available under the law.
- 23.2 During the year ended 30 June 2014, tax authorities raised demands of Rs 13,370 million (2022: Rs 13,370 million) by disallowing effect of price discount on sale of crude oil from Kunnar field and have recovered Rs 5,372 million (2022: Rs 5,372 million) from the Company upto 30 June 2023. During the year ended 30 June 2015, appeal before ATIR against the said demands were decided against the Company. The Company filed a reference application before Islamabad High Court (IHC) against the decision of ATIR. IHC vide order dated 17 February 2016, set aside the order of ATIR and remanded the case back to ATIR with the instructions to pass a speaking order. The case is currently pending before ATIR. Further, IHC vide order dated 14 January 2019 directed ATIR to decide the appeal expeditiously and until seven days after the decision on the Company's appeal, the tax department is restrained from adopting coercive measures for the recovery of the disputed tax liability in the event the appeal is dismissed. Management and its legal advisor are of the View that the price discount is not the income of the Company and hence not liable to tax. Accordingly, management is confident that the matter will be decided in favor of the Company as the discounted price for Kunnar field was finally determined by the Ministry of Energy (Petroleum Division) and the total amount of price discount amount has been paid to the Government of Pakistan (GoP) upon directions from the Ministry of Finance, to this effect.

For the year ended 30 June 2023

- 23.3 Income tax advance includes Rs 1,259 million (2022: Rs 1,259 million) on account of disallowances made by the Additional Commissioner Inland Revenue (ACIR) in respect of decommissioning cost for tax year 2015. The CIRA vide order dated 18 March 2020 has remanded the case back to ACIR and the Company has filed an appeal against the order of CIRA in ATIR on 30 June 2020. Management believes that the disallowance is against income tax laws and regulations and accordingly no provision has been made in this respect in these financial statements.
- 23.4 Tax authorities have raised demand of Rs 17,280 million for tax years 2016, 2020, 2021 and 2022 (2022: Rs 17,942 million) on account of alleged production differences and by making disallowances on account of post retirement medical benefits, compensated absences, cost of dry and abandoned wells, field decommissioned/ surrendered during the year, workers' profit participation fund, GIDC payable and certain other expenditures due to alleged non deduction of withholding taxes out of which Rs 16,520 million (2022: Rs 11,926 million) has been paid. Appeals were filed by the Company for tax year 2016, 2020, 2021 and 2022 with CIRA. During the year, CIRA decided the matters in favor of the Company/ remanded back to the assessing office while for tax year 2022 matters are pending adjudication. The Company has filed appeals for all tax years with ATIR on 20 January 2023 which are currently pending. Management is confident that the above disallowances do not hold any merits and the related amounts have been lawfully claimed in the tax returns as per the applicable tax laws. Accordingly, no provision has been made in respect of these in the financial statements.

For the year ended 30 June 2023

26.1 In respect of six of its operated concessions, namely, Gurgalot, Sinjhoro, Bitrisim, Khewari, Nim and TAY Blocks and one non-operated Tal Block, Petroleum Concession Agreements (PCAs) were executed under the framework of Petroleum Policies 1994 and 1997. Later on, in pursuance to the option available under Petroleum Policy (PP) 2012, the Tal Block working interest owners wherein the Company's working interest is 27.7632% signed the Supplemental Agreement (SA) dated 28 August 2015 with the GoP for conversion of eligible existing and future discoveries under Tal PCA to the PP 2012. Further, for aforementioned operated Concessions, the Company also signed the SAs for conversion to PP 2012. Under the said arrangement, price regimes prevailing in PP 2007, PP 2009 and PP 2012 in terms of PP 2012 shall be applicable, correlated with the spud dates of the wells in the respective policies starting from 27 November 2007. The conversion package as defined in the SAs included windfall levy on natural gas only.

Oil and Gas Regulatory Authority (OGRA) has been notifying the revised wellhead prices in accordance with the relevant Supplemental Agreements for the period from the commencement of production of the respective discoveries. Accordingly, the financial impacts of the price revision were duly accounted for in the financial statements for the years ended 30 June 2016, 30 June 2017 and 30 June 2018 on completion of the process laid down in the law and in line with the Company's accounting policy.

On 27 December 2017, the Ministry of Energy (Petroleum Division) notified amendments in PP 2012 after approval from the Council of Common Interests (CCI) dated 24 November 2017. These amendments include imposition of Windfall Levy on Oil/Condensate (WLO). Under the said Notification, the Supplemental Agreements already executed for conversion from Petroleum policies of 1994 and 1997 shall be amended within 90 days, failing which the working interest owners will not remain eligible for gas price incentive. On 03 January 2018, the Directorate General Petroleum Concessions (DGPC) has required all exploration and production companies to submit supplemental agreements to incorporate the aforementioned amendments in PCAs signed under 1994 and 1997 policies, for execution within the stipulated time as specified above.

Based on a legal advice, the Company is of the view that terms of the existing PCAs as amended to-date through the supplemental agreements already executed cannot unilaterally be amended by the GoP through introduction of amendment nor can the GoP lawfully require and direct that such amendments be made to include imposition of WLO retrospectively and nor the GoP unilaterally hold and direct that the gas price incentive to which the Company is presently entitled to and receiving under the conversion package as enshrined under the supplemental agreement stands withdrawn or the Company ceases to be eligible for such incentive in case of failure to adopt the unilateral amendments in the existing PCAs. Accordingly, the aforementioned amendments as well as the subsequent letters requiring implementation of the amendments are not enforceable or binding upon the Company.

The Company along with other Joint Operation Partners has challenged the applicability of WLO against the backdrop of supplemental agreements already executed pursuant to PP 2012 in the Honorable Islamabad High Court which has granted stay order till next date of hearing against the CCI decision dated 24 November 2017 on imposition of WLO. As mentioned above, the Company on the advice of its legal counsel is confident that it has sound grounds to defend the aforesaid issue in the Court and that the issue will be decided in favour of the Company.

The cumulative past benefit accrued and recorded in the financial statements by the Company upto 23 November 2017 in the form of revenue and profit after tax is Rs 8,550 million and Rs 4,426 million respectively. However, without prejudice to the Company's stance in the court case, revenue of Rs 31,090 million (2022: Rs 22,426 million) related to gas price incentive against the supplemental agreements has been set aside on a point forward basis effective 24 November 2017 (the date of decision of CCI).

- 26.2 Gas Sale Agreement (GSA) in respect of Kunnar Pasakhi Deep (KPD) fields between the Company and Sui Southern Gas Company Limited is being finalized and adjustments, if any, will be accounted for in the financial statements after execution of GSA.
- 26.3 Gas sales include sales from Nur-Bagla field invoiced on provisional prices. There may be adjustment in revenue upon issuance of final wellhead prices notification by Ministry of Energy (Petroleum Division).

- **32.2** Various appeals in respect of assessment years 1992-93 to 2002-03, tax years 2003 to 2022 are pending at different appellate forums in the light of the order of the Commissioner of Inland Revenue (Appeals) and decision of the Adjudicator, appointed by both the Company as well as the Federal Board of Revenue (FBR) mainly on the issues of decommissioning cost, depletion allowance, prospecting, exploration and development expenditure, tax rate, super tax and unrealized exchange gain/ loss. Total amount of tax demand against the major issues, raised in respect of assessment years 1992-93 to 2002-03 and tax years 2003 to 2022 amounts to Rs 179,780 million out of which an amount of Rs 167,584 million has been paid to tax authorities and has also been provided for in the financial statements. Prospecting, exploration and development exchange gain/ loss are timing differences, hence, the relevant impacts are also taken in deferred tax.
- **32.3** During the year ended 30 June 2021, tax authorities have raised demand of Rs 1,047 million for tax year 2013 (2022: Rs 1,047 million) on account of alleged issue of not offering consideration of sale of working interest in a block for tax. Appeal has been filed by the Company before CIRA on 30 June 2021, which is currently pending adjudication. Management is confident that the above demand does not hold any merit under the applicable tax laws. Accordingly, no provision has been made in respect of these in these financial statements.

**34.1** Salaries, wages and benefits relating to in-house technical services of the Company are further allocated to various cost centers including wells, projects and prospecting expenditure as per the Company's policy.

For the year ended 30 June 2023

#### 35 OPERATING SEGMENTS

For management purposes, the activities of the Company are organized into a single reportable segment. The operating interests of the Company are confined to Pakistan except for investment in PIOL, which is disclosed in detail in note 15.2. The financial statements have been prepared on the basis of a single reportable segment. Revenue from external customers for products of the Company is disclosed in note 26.

Following are the details of the major customers with whom the revenue transactions amounting to 10% or more of the Company's overall gross revenue and which constitutes 59% (2022: 55%) of total revenue for the year:

| Customer Name                              | Product   | 2023        | 2022        |
|--|-----------|-------------|-------------|
|  |           | (Rupee      | s '000)     |
| Sui Northern Gas Pipelines Limited (SNGPL) | Gas       | 90,746,666  | 64,911,625  |
| Sui Southern Gas Company Limited (SSGCL)   | Gas & LPG | 54,393,876  | 42,522,882  |
| Attock Refinery Limited                    | Crude oil | 125,106,544 | 103,634,153 |

The sales to Government owned entities other than SNGPL and SSGCL as mentioned above amounts to Rs 67,829 million (2022: Rs 67,758 million).

#### 36 FINANCIAL INSTRUMENTS

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further, quantitative disclosures are included throughout the financial statements.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is responsible for developing and monitoring the Company's risk management policies.

For the year ended 30 June 2023

The Company's risk management policies are established to identify and analyze the risks faced by the Company to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Board's Risk Management Committee assists the Board in the identification and monitoring of the principal risks and opportunities of the Company ensuring that appropriate systems and internal control framework are in place to manage these risks and opportunities, including, safeguarding the public reputation of the Company. The Committee is required to oversee, report and make recommendations to the Board in respect of financial and non-financial risks faced by the Company.

#### 36.1 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. As part of these processes, the financial viability of all counterparties is regularly monitored and assessed.

The Company is exposed to credit risk from its operating and certain investing activities and the Company's credit risk exposures are categorized under the following headings:

#### 36.1.1 Counterparties

The Company conducts transactions with the following major types of counterparties:

#### Trade debts and lease receivables

Trade debts and lease receivables are essentially due from oil refining companies, gas distribution companies and power generation companies and the Company does not expect these companies to fail to meet their obligations. Majority of sales to the Company's customers are made on the basis of agreements approved by the GoP.

Sale of crude oil and gas is at prices specified in relevant agreements and/ or as notified by the Government authorities based on agreements with customers or relevant applicable petroleum policy or Petroleum Concession Agreements. Prices of liquefied petroleum gas are determined by the Company subject to maximum price notified by OGRA.

The Company establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade debts and lease receivables that are due directly/ ultimately from the GoP till 30 June 2023 as per policy disclosed in note 3.15.4 to the financial statements.

#### Bank balances and investments

The Company limits its exposure to credit risk by investing in liquid securities and maintaining bank accounts only with counterparties that have a credit rating of at least A. In addition to the exposure with Banks, the Company also holds investments in Term Finance Certificates (TFCs) issued by PHL and PIBs issued by State Bank of Pakistan. Investment in TFCs is secured by sovereign guarantee of the GoP. Investment in PIBs are also secured by GoP guarantee. While bank balances and investments in term deposits are also subject to the requirements of IFRS 9, the identified impairment loss was immaterial as the counter parties have reasonably high credit ratings. The credit rating of the counterparties is as follows:

| The aging of current portion of lease receivables billed to the customers at the reporting date was:<br>Not past due | 2,261,293              | 1,624,50  |
|  |                        |           |
| Past due 0-30 days Past due 31-60 days   | 1,537,577<br>1,434,350 | 1,129,448 |
| Past due 31-00 days<br>Past due 61-90 days   | 1,434,350              | 1,120,880 |
| Over 90 days   | 20,282,127             | 16,536,09 |
|  | 26,949,697             | 21,531,80 |

For the year ended 30 June 2023

As explained in note 17.2 and note 19 to the financial statements, the Company believes that no impairment allowance is necessary in respect of lease receivables and trade debts past due other than the amount provided. Trade debts and lease receivables are essentially due from oil refining companies, natural gas and liquefied petroleum gas transmission and distribution companies and power generation companies, the Company is actively pursuing for recovery of debts and the Company does not expect these companies to fail to meet their obligations. Impact of ECL on financial assets not covered under exemption as explained in note 2.5.3 was not material and accordingly has not been included in the financial statements.

The aging of loan and advances from related parties at the reporting date was:

|                          | 2023      | 2022      |
|--------------------------|-----------|-----------|
|                          | (Rup      | ees '000) |
| Not past due<br>Past due | 6,772,394 | 6,103,943 |
| Past due                 | -         | -         |
|                          | 6,772,394 | 6,103,943 |
| Impaired                 | -         | -         |
|                          | 6,772,394 | 6,103,943 |

Expected credit loss on loans, advances, deposits and other receivables is calculated using general approach as disclosed in note 3.15.4. As at the reporting date, Company envisages that default risk on account of loans, advances, deposits and other receivables is immaterial based on historic trends adjusted to reflect forward looking information. The movement in the expected credit loss allowance in respect of the financial assets during the year was as follows:

|  | 2023       | 2022       |
|--|------------|------------|
|  | (Rupee     | es '000)   |
| Balance at beginning of the year   | 196.601    | 196,601    |
| Reversed/ written off during the year  | -          | -          |
| Balance at end of the year   | 196,601    | 196,601    |
| The aging of principal amount of TFCs at the reporting date was:<br>Not past due |            | 10,250,000 |
| Past due   | 82,000,000 | 71,750,000 |
|  | 82,000,000 | 82,000,000 |
| The aging of interest accrued on TFCs at the reporting date was:                 |            |            |
| Not past due   | -          | 3,117,438  |
| Past due   | 73,207,468 | 55,577,199 |
|  | 73,207,468 | 58,694,637 |

As explained in note 15.4.3 to the financial statements, the TFCs are secured by sovereign guarantee of the GoP, covering the principal, markup, and/ or any other amount becoming due for payment. ECL has not been assessed in respect of TFCs as disclosed in note 2.5.3.

For the year ended 30 June 2023

#### 36.2 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities to close out market positions due to dynamic nature of the business. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The maturity profile of the Company's financial liabilities based on the contractual amounts is as follows:

|  | 2                  | 2023                   |                    | 022                       |  |  |  |
|--|--------------------|------------------------|--------------------|---------------------------|--|--|--|
|  | Carrying<br>amount | Contractual cash flows | Carrying<br>amount | Contractual<br>cash flows |  |  |  |
|  |                    | (Rupees '000)          |                    |                           |  |  |  |
| All the trade and other payables have maturity upto one year |                    |                        |                    |                           |  |  |  |

| Unclaimed dividend   | 205,560            | 205,560                | 207,557            | 207,557                   |  |  |  |
|  | 85,381,268         | 85,381,268             | 77,425,171         | 77,425,171                |  |  |  |

#### 36.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates, equity price and crude oil price will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on risk.

#### 36.3.1 Foreign currency risk management

PKR is the functional currency of the Company and as a result currency exposure arise from transactions and balances in currencies other than PKR. The Company's potential currency exposure comprise;

- Transactional exposure in respect of non functional currency monetary items.
- Transactional exposure in respect of non functional currency expenditure and revenues.

The potential currency exposures are discussed below;

#### Transactional exposure in respect of non functional currency monetary items

Monetary items, including financial assets and liabilities, denominated in currencies other than the functional currency of the Company are periodically restated to PKR equivalent, and the associated gain or loss is taken to the statement of profit or loss. The foreign currency risk related to monetary items is managed as part of the risk management strategy.

For the year ended 30 June 2023

### Transactional exposure in respect of non functional currency expenditure and revenues

Certain operating and capital expenditure is incurred by the Company in currencies other than the functional currency. Certain sales revenue is earned in currencies other than the functional currency of the Company. These currency risks are managed as a part of overall risk management strategy. The Company does not enter into forward exchange contracts.

#### Exposure to foreign currency risk

The Company's exposure to foreign currency risk was as follows based on carrying values:

|  | 2023        | 2022      |
|--|-------------|-----------|
|  | (USD (\$)   | '000)     |
| Trade debts  | 28,714      | 39,641    |
| Lease receivable   | 459,072     | 236,508   |
| Other financial assets   | 304,030     | 236,619   |
| Cash and bank balances   | 44,436      | 1,372     |
| Loans and advances   | 31,089      | 43,150    |
|  | 867,341     | 557,290   |
| Trade and other payable ('000)                                       |             |           |
| USD  | 141,626     | 80,762    |
| Euro   | 1,021       | 1,46      |
| GBP  | -           | 3         |
| CNY  | 3,570       | 3,17      |
|  | (Rupees     | s '000)   |
| Foreign currency commitments outstanding at year end are as follows: |             |           |
| USD  | 193,452,215 | 52,012,54 |
| Euro   | 10,556,815  | 11,048,49 |
| CNY  | 2,238,783   | 1,140,00  |
| GBP  | 1,495,265   | 19,88     |
|  | 207,743,078 | 64,220,93 |

The following significant exchange rates were applied during the year:

|       | Average rate |         | Reporting of | late spot rate |
|-------|--------------|---------|--------------|----------------|
|       | 2023         | 2022    | 2023         | 2022           |
|       |              | (Rupees | 5)           |                |
| USD 1 | 248.18       | 178.24  | 286.90       | 204.67         |

For the year ended 30 June 2023

#### Foreign currency sensitivity analysis

A 10 percent strengthening of the PKR against the USD at 30 June 2023 would have decreased equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 30 June 2022.

|                             | 2023       | 2022      |
|-----------------------------|------------|-----------|
|                             | (Rupe      | es '000)  |
| Statement of profit or loss | 12,065,633 | 6,207,854 |

A 10 percent weakening of the PKR against the USD at 30 June 2023 would have had the equal but opposite effect on USD to the amounts shown above, on the basis that all other variables remain constant. The sensitivities for currencies other than USD are not material.

#### 36.3.2 Interest rate risk management

The interest rate risk is the risk that the value of the financial instrument will fluctuate due to changes in the market interest rates. Sensitivity to interest rate risk arises from mismatches of financial assets and liabilities that mature in a given period. The Company adopts a policy to ensure that interest rate risk is minimized by investing in fixed rate investments like TDRs and PIBs while the Company has no borrowings.

#### Profile

The return on investments in TFCs amounting to Rs 82,000 million is related with KIBOR as disclosed in note 15.4.3. The interest rate profile of the Company's remaining interestbearing financial instruments at the reporting date is as follows:

|                          | 2023           | 2022         | 2023        | 2022      |
|--------------------------|----------------|--------------|-------------|-----------|
|                          |                | (%)          |             | es '000)  |
| Floating rate instrument |                |              |             |           |
| Financial assets         |                |              |             |           |
| Investment               | 21.95          | -            | 14,522,249  |           |
| Fixed rate instruments   |                |              |             |           |
| Financial assets         |                |              |             |           |
| Investments              | 14             | 14           | 14,947,967  | 13,547,96 |
| Long term loans          | 11.2           | 10.3         | 299,454     | 930,08    |
| Other financial assets   | 10.15 to 13.56 | 5.83 to 11.2 | 87,074,657  | 48,244,89 |
| Cash and bank balances   | 2.1 to 19.8    | 0.4 to 14    | 25,454,348  | 31,240,50 |
|                          |                |              | 127,776,426 | 93,963,44 |
| Financial liabilities    |                |              | -           |           |
|                          |                |              | 127,776,426 | 93,963,44 |

For the year ended 30 June 2023

#### Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, and the Company does not have derivatives as hedging instruments recognized under fair value hedge accounting model. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

#### 36.3.3 Other market price risk

The Company is following a policy to set aside reserve for self insurance of rigs, buildings, wells, plants, pipelines, workmen compensation, inventory, terrorism, vehicle repair and losses for petroleum products in transit and is keeping such reserve invested in specified investments. The primary goal of the Company's investment strategy is to maximize investment returns on surplus funds. The Company's price risk arises from investments in NIT units which are designated at fair value through profit or loss, however, in accordance with the investment strategy the performance of NIT units is actively monitored and they are managed on a fair value basis.

#### Sensitivity analysis of price risk

A change of Rs 5 in the value of investments at fair value through profit or loss would have increased or decreased profit or loss by Rs 21.566 million (2022: Rs 21.566 million).

#### Sensitivity analysis of crude oil price risk

A change of USD 5 in average price of crude oil would increase or decrease profit by Rs 5,279 million (2022: Rs 4,155 million) on the basis that all other variables remain constant.

#### 36.4 Classification of financial assets and liabilities, fair values and risk management

The following table shows the classification, carrying amounts and fair values of financial assets and liabilities. The fair value of financial assets measured at fair value is shown below. It does not include fair value information for financial assets and financial liabilities not measured at fair value as the carrying amount is a reasonable approximation of fair value because the current financial assets and liabilities are short term and some financial assets are also interest bearing. Further, the financial assets due directly/ ultimately from the GoP carries enforceable contractual right and entitlement to receive interest on late payment and is exempt from ECL accounting/ disclosure as disclosed in note 2.5.3. The non-current financial assets are also interest bearing.

### Interest rates used for determining fair value

The interest rates used to discount estimated cash flows, when applicable, are based on the government yield curve at the reporting date plus an adequate credit spread. Since the majority of the financial assets are fixed rate instruments, there is no significant difference in market rate and the rate of instrument, fair value significantly approximates to carrying value.

### For the year ended 30 June 2023

#### Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

|   | Level 1 | Level 2       | Level 3 |
|---|---------|---------------|---------|
|   |         | (Rupees '000) |         |
| Financial assets measured at fair value |         |               |         |

#### **Determination of fair values**

A number of the Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/ or disclosure purposes based on the following methods.

#### Investment in fair value through profit or loss

The fair value of held for trading investment is determined by reference to their quoted closing repurchase price at the reporting date.

#### Investment in associate

The fair value of investment in associate is determined by reference to their quoted closing bid price at the reporting date. The fair value is determined for disclosure purposes. Refer note 15.1 to 15.3.

#### Recognition of finance lease receivable on modification

The finance lease receivable at modification date is determined by discounting expected contractual cashflows using a risk adjusted discount rate.

#### **Capital management**

The Company's objective when managing capital is to safeguard the Company's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders, and to maintain a strong capital base to support the sustained development of its businesses.

The Company manages its capital structure which comprises capital and reserves by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders and/ or issue new shares. There were no changes to Company's approach to capital management during the year and the Company is not subject to externally imposed capital requirement.

- Executive means any employee whose basic salary exceeds Rs 1,200,000 (2022: Rs 1,200,000) per year. Non management employees whose basic salary is more than Rs 1,200,000 per year have also been included in the executives.

- Awards are paid to employees on start of commercial production and new discoveries of natural resources. Bonus includes performance bonus with respect to officers and for staff under section 10-C of the West Pakistan Industrial and Commercial Employment (standing orders) Ordinance 1968.
- The aggregate amount charged in the financial statements in respect of fee to 15 directors (2022: 15) was Rs 40.625 million (2022: Rs 41.875 million).
- The employees of the Company have option to avail car facility as per the entitlement policy of the Company.

#### 41 INFORMATION RELATING TO PROVIDENT FUND

Oil and Gas Development Company Limited (OGDCL) Employees' Provident Fund is a contribution plan for benefit of permanent employees of the Company. For employees regularized before 01 January 2016, the Company does not contribute to the fund in respect of employees who are eligible for pension benefits and the contributions are made by the employees only. Investments out of Provident Fund have been made in accordance with the provisions of section 218 of the Companies Act, 2017 and the rules formulated for the purpose.

During the year ended 30 June 2016, the Company changed its policy for entitlement of pension fund whereby employees regularized after 01 January 2016 will contribute one basic salary towards provident fund annually and the Company shall match the contribution. Contributory provident fund trust in this respect has not yet been created.

For the year ended 30 June 2023

For the year ended 30 June 2023

#### 45 BENAZIR EMPLOYEES' STOCK OPTION SCHEME (BESOS)

On 14 August 2009, the Government of Pakistan (GoP) launched BESOS Scheme for employees of certain State Owned Enterprises (SOEs) and non-State Owned Enterprises where the GoP holds significant investments (non-SOEs).

However, keeping in view the difficulties that may be faced by the entities covered under the BESOS Scheme, the Securities and Exchange Commission of Pakistan had granted exemption to state owned enterprises from the application of IFRS2 to the Scheme vide SRO 587 (I)/2011 dated 07 June 2011.

During the year ended 30 June 2022, the Honorable Supreme Court of Pakistan has issued the detail order and declared the BESOS scheme to be ultra vires and that any benefits arising out of this scheme are illegal and unprotected. Also refer note 10.

#### 46 NON ADJUSTING EVENT AFTER REPORTING DATE

**46.1** The Board of Directors recommended final cash dividend for the year ended 30 June 2023 at the rate of Rs 2.75 per share amounting to Rs 11,828 million in its meeting held on 28 September 2023.

#### 47 GENERAL

47.1 Figures have been rounded off to the nearest thousand of rupees, unless otherwise stated.

#### 48 DATE OF AUTHORIZATION FOR ISSUE

The financial statements were authorized for issue on 28 September 2023 by the Board of Directors of the Company.

### NOTES:

b

1. A member entitled to attend the meeting may appoint a proxy in writing to attend the meeting on the member's behalf.

2. If a member is unable to attend the meeting, they may complete and sign this form and send to the Company Secretary, Oil and Gas Development Company Limited, Head Office F-6, OGDCL House, Jinnah Avenue Blue Area Islamabad so as to reach no less than 48 hours before the time appointed for holding the Meeting.

### For CDC Account Holders/Corporate Entities

In addition to the above, the following requirements have to be met:

- I. Attested copies of CNIC or the passport of the shareholders and the proxy shall be provided with the proxy form.
- II. The proxy shall produce his/her original CNIC or original passport at the time of the meeting.

III. In case of a corporate entity, the Board of Directors resolution/power of attorney with specimen signature shall be submitted along with proxy form to the Company.

p
