According to the SBP's statistics the total liquid foreign exchange reserves held by the country surged to \$13.221 billion as of Dec 29, 2023, net foreign reserves held by commercial banks is \$4.99 billion as of Dec 29, 2023.

Management is responsible for the preparation and presentation of this condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review. The figures of the condensed interim profit and loss account and condensed interim statement of comprehensive income for the quarters ended 31 December 2022 and 31 December 2023 have not been reviewed, as we are required to review only the cumulative figures for the six months period ended 31 December 2023.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with international Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express and audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other matter

The condensed interim financial statements of the Company for the period ended 31 December 2022 and annual financial statements of the Company for the year ended 30 June 2023 have been reviewed and audited by another firm of chartered accountants who vide their reports dated 27 February 2023 and 27 September 2023 expressed an unmodified conclusion and opinion thereon respectively.

These condensed interim financial statements have been presented in Pakistani Rupee, which is the functional and presentation currency of the Company and rounded off to nearest rupee.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and the method of computation adopted for the preparation of these condensed interim financial statements are the same as those applied in the preparation of the preceding annual published financial statements of the company for the year ended 30 June 2023 except for the following:

3.1 Right-of-use assets

A right-of-use asset is recognized at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the Company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

3.2 Lease liabilities

A lease liability is recognized at the commencement date of a lease. The lease liability is initially recognized at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are re-measured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is re-measured, an adjustment is made to the corresponding right-of use asset, or to statement of profit or loss if the carrying amount of the right-of-use asset is fully written down.

4. ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of these condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

5. RESTATEMENT OF FINANCIAL STATEMENTS (RECTIFICATION OF ERROR)

In prior years, the Company erroneously classified the lease of office premises as an operating lease instead of a finance lease, as required under International Financial Reporting Standard 16.

During the year ended 30 June 2022, Silk Bank Limited (the issuer) has not made its payment of principal and mark-up due on 10 February 2022, as issuer informed the investors the status of minimum capital requirement and invoked lock-in clause governed by Terms and Conditions of the Trust Deed till minimum capital requirement is met and does not constitute a breach of issuer's redemption obligations pursuant to the Trust Deed as per the legal opinion sought by the issuer. Due the above fact the management has prudently recorded an impairment of 50% on the amount of investments. In prior years, the accrual of markup on the same was also suspended.

- 11.2 This represents amount payable against Federal Excise Duty (FED) on management fees received/receivable from the Funds under management. The amount is being held for payment to Federal Board of Revenue on the basis of stay order of the Honorable High Court of Sindh dated 04 September 2013. The stay order was granted as a result of petition filed by asset management companies on the forum of MUFAP against the amendment in Finance Act, 2013 which levied FED on the fees received by asset management companies from funds under management.

The Honorable Sindh High Court in its decision dated 16 July 2016 maintained the previous order passed against other constitutional petition whereby levy of FED is declared to be 'Ultra Vires' the Constitution. On 23 September 2016, the Federal Government has filed an appeal against the said order in the Honorable Supreme Court of Pakistan (SCP) and thus, the previous balance of FED has not been reversed.

Further, the Federal Government vide Finance Act, 2016 has excluded asset management companies and other non-banking finance companies from charge of FED on their services. Accordingly, no provision for FED is made from 01 July 2016 onwards.
