INDEPENDENT AUDITOR'S REPORT

TO THE CERTIFICATE HOLDER'S ON REVIEW OF CONDENSED INTERIM FINANCIAL INFORMATION

Introduction

as at December 31, 2016, the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement, condensed interim statement of changes in equity and notes to the accounts for the six months period ended (here-in-after referred to as the "interim financial information"). Management of Modaraba Company is responsible for the preparation and presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". Review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information as at December 31, 2016 is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

Other matter

The figures for the quarters ended December 31, 2016 and December 31, 2015 in the condensed interim profit and loss account and condensed interim statement of comprehensive income have not been reviewed and we do not express a conclusion on them.

HALF YEARLY REPORT 2016-17

We have reviewed the accompanying condensed interim balance sheet of FIRST AL-NOOR MODARABA

Place: Karachi Dated: February 25, 2017 Report Of The Directors Of Modaraba Company

As at December 31, 2016 (Unaudited)

I, on behalf of Board of Directors of Al-Noor Modaraba Management (Private) Limited, the "mudarib/management company" of First Al-Noor Modaraba (FAM), pleased to present the Report together with the reviewed financial statements of the Modaraba for the half year ended December 31, 2016.

Financial Results

Financial results are summarized as under

	Half Ye	ar ended
	December	December
	31, 2016	31, 2015
	Ru	pees
Profit/(Loss) after taxation	5,970,898	(7,318,940)
Un-appropriated profit/(loss) brought forward	(12,758,742)	(12,885,641)
	(6,787,844)	(17,439,281)
Share of associate's incremental depreciation	5,130	20,010
Un-appropriated profit/(loss) brought forward	(6,782,714)	(20,184,571)
Earning per certificate - basic and diluted	0.28	(0.35)

It is indeed, heartening to note that the modaraba has made a complete turn around in comparison to the position reflected in the corresponding period of the preceding year. This was achieved in a not too attractive environment. The discount rates are still hovering around 5.75% (the lowest in the past forty years) and the commodities market has still not stabilized. However, the modaraba fully exploited the upsurge in the equities and took some bold and calculated decision in the stock exchange which surely paid dividend and enabled the modaraba to once again come back on track.

We are confident that the modaraba would maintain the momentum and would accomplish a fairly satisfactory result by the end of the current financial year.
