Mission Statement

We are committed to the higher expectations of our customers. We strive for the production of best quality yarns for high value products.

Organization Chart

CHAIRMAN'S REVIEW

Assalam-o-Alaikum,

As Chairman of **Island Textile Mills Limited**, I feel pleasure to present the Annual Audited Accounts along with the auditor's report thereon for the year ended June 30, 2013. During the period under review, Alhamdulillah the company performed very well and has been able to make a pretax profit of Rs.385.573 million in the year ended June 30, 2013.

Although the year under review has been good, but the coming year seems little difficult.

INDIAN ROLE IN TEXTILE EXPORT

Indian role in textile exports will be the most significant factor. Substantial developments have taken place in India in recent months. Indian rupee has devaluated by more than 26%, they have large surplus of cotton crop and have already become the single largest exporter of yarn in the world. India is going to make inroads in Pakistan's traditional strong areas.

CHINA COTTON POLICY

China will be the second most significant factor this year as the country for the third consecutive year has announced the support policy for Chinese farmers. Needless to mention, that China at present is the single largest stock holder of cotton in the world. Further buying this year will further increase their stocks. They still have not yet announced the policy on release of stocks to the Chinese mills or allowing imports of cotton. Uncertainty is looming large due to this factor, and is going to be very critical in determining how the overall textile market will behave.

COTTON & FIBER SITUATION

Although the estimated area under the cotton cultivation has remained on the lower side and the weather was not good initially, but now the weather is favorable, and possibly if the weather remains good and no extra ordinary rains or any weather related issue occurred in the coming months, we will harvest the same number of bales hopefully as we did in the last year but taken long term position on cotton will remain very risky because of India and China. As we require quality cotton for our yarn products, so it will be very tricky situation concerning our cotton procurement policy. As a result of devaluation and rise in oil prices globally, the cost of fiber has also gone up which has impacted the overall cost of production.

COST PUSH INFLATION

The manufacturing costs have escalated due to the rapid devaluation of Pakistani currency (7%-8%) in the recent months and the resulting increase in raw material prices, wages and salaries.

POWER ISSUES

The Govt. has raised power tariffs by around 50% which will put extra financial burden. We are hopeful that the current government will take these power related issues very seriously and will rectify it.

INTERNAL AUDIT

We have already agreed for the arrangement of Internal Audit services to be provided by A. F. FERGUSON & CO. The objective of this exercise would be to assess areas like revenues & receivables, purchases & payables, treasury management, production and inventory management, fixed asset management, human resource management and financial accounting & reporting.

HUMAN RESOURCE MANAGEMENT

Human resource planning and management is one of the essential matters and is at the spotlight at the senior management level. The company has a Human Resource and Remuneration Committee that guides in the selection, evaluation, compensation and succession planning of key management personnel. Its responsibility entails recommending improvement in the Company's human resource policies and procedures and their periodic review. The Committee keeps abreast with industries "Best Practices" and ensures to discuss and implement these as and when the situation arises.

PLANNING & COORDINATION

The company has a philosophy of creating value for its stake holders through continuous improvement and our Planning and Coordination Department works to achieve this objective by synchronizing and planning activities of business departments concerned with production, quality, maintenance, human resource, sales and customer feedback. The purpose is to build synergy and coherence to ensure seamless operations, identify areas of improvement and potential cost reduction to maximize returns on investment. Evaluation of technical reports and data, analysis of competitive market strategies and communication with suppliers and professional organizations are some of the core functions performed by the Planning and Coordination to be aware of industry trends and to mould business operations accordingly.

PROJECTS

Our commitment to quality is very high; therefore most of our investments have remained in quality and product diversification. The company is financially well placed and we do plan for putting a new spinning unit in the coming year.

ENTERPRISE RESOURCE PLANNING (ERP)

The implementation process of Oracle based Enterprise Resource Planning system which remains continued from the last two years is now completed. The new ERP system integrates the information coming from various departments of the company. It now serves as a central source of data for all departments. This ensures smooth flow of the same reliable information in real-time to all key managers, and will result in improved business processes management and decision-making.

ACKNOWLEDGMENTS

In the last, I would like to acknowledge the hard work put together by our team as without their untiring efforts and commitment, the company would not have been able to achieve so much. We owe our vendors, bankers, agents for their invariable support during all times. We are also thankful to our customers for their firm belief and trust on our quality products.

STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

This statement is being presented to comply with the Code of Corporate Governance ("CCG") contained in Regulation No. 35 of listing regulations of Karachi Stock Exchange Ltd. for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practice of corporate governance.

The company has applied the principles contained in the CCG in the following manner.

1. The Company encourages the representation of independent non-executive directors and directors representing minority interests on its Board of Directors. At present the Board of the Company includes:

| Category | Names |
|-------------------------|--|
| Executive Directors | Mr. Shahid Anwar Tata Mr. Adeel Shahid Anwar Mr. Bilal Shahid Anwar Mr. Farooq Advani |
| Non-Executive Directors | Mr. Anwar Ahmed Tata Mr. Aijaz Ahmed Tariq Mr. Kausar Ejaz |

2. The directors have confirmed that none of them is serving as a director in more than ten listed companies, including this Company.
3. All the resident directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFIs or being a member of a stock exchange has been declared as a defaulter by that stock exchange.
4. No casual vacancy has occurred on the board during the year under review.
5. The Company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.
6. The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.
7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and condition of employment of the Chief Executive and other executive and non-executive directors have been taken by the Board.
8. The meetings of the Board were presided over by the Chairman and, in his absence, by a director elected by the Board for this purpose and the Board met once in every quarter. Written notices of the Board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meeting were appropriately recorded and circulated.
9. The Board arranged internally an orientation/training programs for its directors during the year. The Board had also initiated the training of directors for certification program and two of the directors, Mr. Farooq Advani and Mr. Adeel Shahid Anwar has completed the Director's Training Program and become the certified director from Pakistan Institute of Corporate Governance (PICG) and the remaining directors will acquire the required directors training certification within the time specified in Code, unless exempt there under.
10. No new appointment of CFO, Company Secretary and Head of Internal Audit has been made during the year.
11. The directors' report for the year ended June 30, 2013 has been prepared in compliance with the requirements of the CCG and fully describes the salient matters required to be disclosed.

12. The financial statements of the Company were duly endorsed by Chief Executive and Chief Financial Officer before approval of the Board.
13. The directors, chief executive and executives do not hold any interest in the share of the Company other than that disclosed in the pattern of shareholding.
14. The Company has complied with all the corporate and financial reporting requirements of the CCG.
15. The Board has formed an audit committee. It comprises three members, who are non-executive directors including the chairman of the committee.
16. The meetings of the audit committee were held at least once every quarter prior to approval of interim and final results of the Company and as required by the CCG. The terms of reference of the committee have been formed and advised to the committee for compliance.
17. The board has formed an HR and Remuneration Committee. It comprises three members, of whom two including the chairman of the committee, are non-executive directors.
18. The board has set-up an effective internal audit function.
19. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review programme of the Institute of Chartered Accountants of Pakistan (ICAP), that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by ICAP.
20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
21. The 'closed period', prior to the announcement of interim/final results, and business decisions, which may materially affect the market price of company's securities, was determined and intimated to directors, employees and stock exchange.
22. Material/price sensitive information has been disseminated among all market participants at once through stock exchange.
23. We confirm that all other applicable material principles enshrined in the CCG have been complied with.

ON BEHALF OF THE BOARD OF DIRECTORS

ADEEL SHAHID ANWAR
CHIEF EXECUTIVE

Karachi

Dated : September 16, 2013

REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance (the Statement) with the best practices contained in the Code of Corporate Governance (the Code) for the year ended June 30, 2013 prepared by the Board of Directors of **Island Textile Mills Limited** (the Company) to comply with the Listing Regulations of the Karachi Stock Exchange Limited where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement reflects the status of the Company's compliance with the provisions of the Code and report if it does not. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

Further, sub regulation (x) of Listing Regulations 35 notified by The Karachi Stock Exchange Limited require the Company to place before the Board of Directors for their consideration and approval, related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before audit committee. We are only required and have ensured compliance of the requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended June 30, 2013.

AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed balance sheet of **ISLAND TEXTILE MILLS LIMITED** (the Company) as at June 30, 2013 and the related profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) in our opinion, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984;
- (b) in our opinion:
 - i. the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
 - ii. the expenditure incurred during the year was for the purpose of the Company's business; and
 - iii. the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- (c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984 in the manner so required, and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2013 and of the profit, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion, Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

ADEEL SHAHID ANWAR
CHIEF EXECUTIVE

ANWAR AHMED TATA
CHAIRMAN/DIRECTOR

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

1. GENERAL INFORMATION

- 1.1** Island Textile Mills Limited (the Company) was incorporated in Pakistan on May 20, 1970 as a public limited company under the Companies Act 1913 as repealed by the Companies Ordinance, 1984 and is listed on Karachi Stock Exchange. The registered office of the Company is situated at 6th floor Textile Plaza, M.A. Jinnah Road, Karachi in the province of Sindh. The principal activity of the Company is manufacturing and sale of yarn. The Company's manufacturing facilities are located at Kotri Industrial Estate in the province of Sindh.
- 1.2** These financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

2. SIGNIFICANT ACCOUNTING POLICIES**2.1 Statement of compliance**

These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions of or directives issued under Companies Ordinance, 1984 shall prevail.

2.2 Basis of preparation

The financial statements have been prepared under the historical cost convention modified by:-

- revaluation of certain property, plant and equipment
- recognition of certain staff retirement benefits at present value
- financial instruments at fair value
- investment in associate under equity method

2.3 Adoption of New Standards, and Amendments and Interpretations to the published approved accounting standards:

During the year, the following standards, amendments to standards and interpretations including amendments to interpretations became effective, however, the application of these amendments and interpretations did not have material impact on the financial statements of the Company:

| Standard or Interpretation | Effective for periods beginning on or after |
|--|---|
| IAS 1 - Presentation of Financial Statements (Amendment) | July 01, 2012 |
| IFRS 7 - Financial Instruments Disclosures on transfer of assets | April 01, 2012 |

2.3.1 Standards, interpretations and amendments to the published approved accounting standards not yet effective

The following Standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and the amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

| Standard or Interpretation | Effective for periods beginning on or after |
|--|---|
| IAS 1 - Presentation of Financial Statements – Clarification of Requirements for Comparative information (Amendment) | January 01, 2013 |
| IAS 16 - Property, Plant and Equipment Classification of servicing equipment (Amendment) | January 01, 2013 |
| IAS 19 - Employee Benefits | January 01, 2013 |

The amendments eliminate the corridor approach and therefore require an entity to recognize changes in defined benefit plans obligations and plan assets when they occur. All actuarial gains or losses arising during the year are recognized immediately through other comprehensive income. The amendments also require additional disclosures and retrospective application with certain exceptions. However, management has not performed detailed analysis of the impact of the application of the amendments and hence not yet quantified the extent of the impact.

| | |
|---|------------------|
| IAS 32 - Financial Instruments: Presentation Tax effects of distributions to holders of an equity instrument, and transaction costs of an equity transaction | January 01, 2014 |
| IAS 32 - Financial Instruments: Presentation Offsetting financial assets and financial liabilities | January 01, 2014 |
| IAS 34 - Interim Financial Reporting Interim reporting of segment information for total assets and total liabilities (Amendment) | January 01, 2013 |
| IFRS 7 - Financial Instruments Disclosures - Offsetting financial assets and financial liabilities (Amendment) | January 01, 2013 |
| IFRIC 20 - Stripping Costs in the Production Phase of a Surface Mine | January 01, 2013 |

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been considered by the Company as the standards and their relevant amendments have not been adopted locally by the Securities and Exchange Commission of Pakistan:

| |
|--|
| IFRS 1 – First Time Adoption of International Financial Reporting Standards |
| IFRS 9 – Financial Instruments |
| IFRS 10 – Consolidated Financial Statements |
| IFRS 11 – Joint Arrangements |
| IFRS 12 – Disclosure of Interests in Other Entities |
| IFRS 13 – Fair Value Measurement |
| IAS 27 (Revised 2011) - Separate Financial Statements due to non-adoption of IFRS 10 and IFRS 11 |
| IAS 28 (Revised 2011) - Investments in Associates and Joint Ventures due to non- adoption of IFRS 10 and IFRS 11 |

2.4 The principal accounting policies adopted are set out below.

2.4.1 Leases

Leases are classified as finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Finance Lease

Assets held under finance leases are recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as liabilities against assets subject to finance lease. The liabilities are classified as current and long-term depending upon the timing of payment. Lease payments are apportioned between finance charges and reduction of the liabilities against assets subject to finance lease so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit and loss account, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's general policy on borrowing costs.

Operating lease

Rentals payable under operating leases are charged to profit and loss account on a straight-line basis over the term of the relevant lease. Benefits received and receivable as an incentive to enter into an operating lease are also spread on a straight line basis over the lease term.

2.4.2 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are occurred.

2.4.3 Staff retirement benefits

The Company has categorized its employees into workmen and non-workmen for post-employment benefits that comprise both the defined benefit plan and other staff retirement benefits. Both plans are un-funded. The details of plans are as follows:

Defined benefit plan

The Company operates a gratuity scheme for all its employees under workmen category who have completed the minimum qualifying period of service as defined under the respective scheme. Provisions are made to cover the obligations under the schemes on the basis of actuarial assumptions and are charged to income. The most recent valuation was carried out as at June 30, 2013 using "Projected Unit Credit Method".

The amount recognised in the balance sheet represents the present value of defined benefit obligations as adjusted for unrecognised actuarial gains and losses.

Cumulative net unrecognised actuarial gains and losses at the end of previous year which exceeds 10% of the present value of the Company's obligation is amortised over the average expected remaining working lives of the employees.

Details of the schemes are given in note 5.1.1 to these financial statements.

Other staff retirement benefits

The Company also maintains a retirement plan for all its employees under non-workmen category. Under this plan, every employee is entitled to receive benefit of one month salary based on last month of each year's service. The Company accounts for liability of each employee at year end and such liability is treated as full and final of that year. In future years, the liability amount is not revised for any increase or decrease in salary of any employees.

Compensated absences

The Company provides for compensated absences of its employees on unavailed balance of leave in the period in which the leave is earned.

2.4.4 Taxation**Current**

The charge for current taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credit, rebates and exemption available if any or minimum taxation at rate of 0.5% of the turnover whichever is higher. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime.

Deferred

Deferred tax is provided using the balance sheet liability method for all temporary differences at the balance sheet date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. In this regard, the effects on deferred taxation of the portion of income subject to final tax regime is also considered in accordance with the requirement of Technical Release – 27 of Institute of Chartered Accountants of Pakistan.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax asset is recognized for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilized.

Deferred tax assets and liabilities are measured at the tax rate that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date.

2.4.5 Property, plant and equipment**Company owned**

Property, plant and equipment except lease hold land, building, plant and machinery, electric installations and capital work-in-progress are stated at cost less accumulated depreciation and impairment, if any.

Lease hold land, building, plant and machinery and electric installations are stated at revalued amount being the fair value at the date of revaluation, less subsequent accumulated depreciation and impairment losses, if any. Revaluations are performed with sufficient regularity so that the fair value and carrying value do not differ materially at the balance sheet date. Any revaluation increase arising on the revaluation of such assets is credited in 'Surplus on Revaluation of Property, Plant and Equipment'. A decrease in the carrying amount arising on revaluation is charged to profit and loss account to the extent that it exceeds the balance, if any, held in the surplus on revaluation of property, plant and equipment relating to a previous revaluation of that asset.

The surplus on revaluation of property, plant and equipment to the extent of incremental depreciation charged on the related assets is transferred by the Company to its unappropriated profit.

Depreciation is charged to income applying the reducing balance method at the rates specified in the note 11. Depreciation on all additions in fixed assets is charged from the month in which the asset is available for use and on disposals upto the month of disposal.

Assets' residual values, if significant, and their useful lives are reviewed and adjusted, if appropriate, at each balance sheet date.

When parts of an item of property, plant and equipment have different useful lives, they are recognised as separate items of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit and loss account during the financial year in which they are incurred.

Gains or losses on disposal of assets, if any, are recognised as and when incurred.

Capital work-in-progress

Capital work-in-progress (CWIP) is stated at cost less any impairment loss. All expenditures connected to the specific assets incurred during installation and construction period are carried under CWIP. Expenditures include borrowing costs as referred to in note 2.4.2. These are transferred to specific assets as and when assets are ready for their intended use.

2.4.6 Intangibles assets

An intangible asset is recognised as an asset if it is probable that future economic benefits attributable to the asset will flow to the entity and the cost of such asset can be measured reliably.

Definite life

Intangible asset with a finite useful life is amortised on a straight line basis over its useful life. Amortisation charge on all additions in intangible assets is recognised in profit and loss account from the month in which the asset is available for use and on disposals upto the month of disposal.

2.4.7 Investments

Regular way purchase or sale of investments

All purchases and sales of investments are recognised using settlement date accounting. Settlement date is the date that the investments are delivered to or by the Company.

Available for sale

Investment securities held by the Company which may be sold in response to needs for liquidity or changes in interest rates or equity prices are classified as available for sale. These investments are initially recognised at fair value plus transaction cost and subsequently re-measured at fair value. The investments for which quoted market price is not available, are measured at costs as it is not possible to apply any other valuation methodology. Gains and losses arising from re-measurement at fair value is recognised directly in the equity under fair value reserve until sold or otherwise disposed off or determined to be impaired at which time, the cumulative gain or loss previously recognised in equity is included in profit and loss account for the period.

The fair value is determined on the basis of year-end market rates quoted in Karachi Stock Exchange on last working day of the accounting year.

Held-to-maturity

Held-to-maturity investments are financial assets with fixed or determinable payments and fixed maturity that the Company has the positive intent and ability to hold to maturity. Held-to-maturity investments are initially recognized at fair value plus transaction cost and are subsequently carried at amortized cost using effective interest rate method, less any impairment losses.

Derecognition

All investments are de-recognized when the rights to receive cash flows from the investments have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

2.4.8 Investment in associates

Associates are entities over which the Company has significant influence and that is neither a subsidiary nor an interest in a joint venture. Investment in associates is accounted for using equity basis of accounting, under which the investment in associate is initially recognised at cost and the carrying amount is increased or decreased to recognise the Company's share of net assets of the associate after the date of acquisition.

The Company's share of profit or loss of the associate is recognised in the Company's profit or loss. Distributions received from associate received reduce the carrying amount of the investment. Adjustment to the carrying amount are also made for changes in the Company's proportionate interest in the associate arising from changes in the associates' other comprehensive income or equity that have not been recognised in the associate's profit or loss. The Company's share of those changes is recognised in other comprehensive income or equity of the Company as appropriate.

2.4.9 Stores, spares and loose tools

These are valued at cost. The cost is determined on moving average basis less allowance for obsolete and slow moving items. Stores and spares in transit are stated at invoice values plus other charges incurred thereon upto balance sheet date.

2.4.10 Stock-in-trade

These are valued at lower of cost and net realizable value applying the following basis:

- Raw material - at moving average cost.
- Material in transit - at cost accumulated upto the date of balance sheet.
- Work-in-process - at average manufacturing cost.
- Finished goods - at average manufacturing cost.
- Waste - at net realizable value.

Upto June 30, 2012, the Company used to value stock in trade - raw material on weighted average cost. Had there been no change in the accounting policy, the closing value of stock in trade as at year end would have been higher by Rs. 1.39 million.

Average manufacturing cost signifies, in relation to work in process and finished goods, the monthly average cost which consist of prime cost and appropriate manufacturing overheads.

Net realizable value (NRV) represents the estimated selling price at which the inventories can be realized in the normal course of business after allowing for the cost of conversion from their existing state to a finished condition and for the estimated costs necessary to make the sale.

Where NRV charge subsequently reverses, the carrying value of the inventory is also increased to the extent that the revised carrying value does not exceed the amount that would have been determined had no NRV charge been recognised. A reversal of NRV is recognised in profit and loss account.

2.4.11 Provisions

Provisions are recognized when the Company has a present, legal or constructive obligation as a result of the past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

2.4.12 Trade debts and other receivables

Trade debts and other receivables are carried at original invoice amount less an estimate made for doubtful receivables based on review of outstanding amounts at the year end. Balances considered bad and irrecoverable are written off when identified.

2.4.13 Foreign currencies

Foreign currency transactions are translated into Pak Rupees (functional currency) using the exchange rate prevailing at the dates of transactions. Monetary assets and liabilities in foreign currencies are translated into Pak Rupees using the exchange rate at the balance sheet date. Foreign exchange gains and losses resulting from the settlement of foreign currency transactions and from the translations of monetary assets and liabilities denominated in foreign currencies at the balance sheet date are included in profit and loss account.

2.4.14 Financial Instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument and de-recognised when the Company loses control of the contractual rights that comprise the financial asset and in case of financial liability when the obligation specified in the contract is discharged, cancelled or expired.

Other particular recognition methods adopted by the Company are disclosed in the individual policy statements associated with each item of financial instruments.

2.4.15 Offsetting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount reported in the balance sheet, if the Company has a legal enforceable right to set off the transaction and also intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

2.4.16 Impairment

Financial assets

The Company assesses at each balance sheet date whether there is any objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that have occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that the debtors or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principle payments, the probability that they will enter bankruptcy or other financial reorganization and where observable that indicate that there is measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

Non-financial assets

The Company assesses at each balance sheet date whether there is any indication that assets except deferred tax assets and inventories may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in profit and loss account. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

2.4.17 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business.

- Sales are recorded on dispatch of goods or on segregation of goods for delivery against confirmed customers' orders where risks and rewards are transferred to a customer.
- Interest income is accrued on a time proportionate basis, by reference to the principal outstanding and at the applicable effective interest rate.
- Dividend income from investments is recognised when the shareholders' rights to receive payment have been established.

2.4.18 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand, balances with banks, highly liquid short-term investments that are convertible to known amount of cash and are subject to insignificant risk of change in value, and short-term running finance.

2.4.19 Trade and other payables

Liabilities for trade and other amounts payable are measured at cost which is the fair value of the consideration to be paid in future for goods and services received whether billed to Company or not.

2.4.20 Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the financial statements in the period in which the dividends are approved for distribution to shareholders.

2.4.21 Derivatives

Derivatives are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at their fair values. All derivatives are carried as assets when fair value is positive and as liabilities when fair value is negative. Any change in the fair value of derivative financial instruments is taken to the profit and loss account.

2.4.22 Critical judgments and accounting estimates in applying the accounting policies

In the process of applying the Company's accounting policies, the management has not identified any area where significant judgments have been exercised which have material impact on the financial statements, except as mentioned below. Further, there are no key assumptions concerning the future and other key sources of estimating uncertainty at the balance sheet date that have significant risks of causing a material adjustment within the next financial year. The Company has used significant judgment and estimates in the following areas:

- Impairment in property, plant and equipment.
- Useful life of property, plant and equipment
- Useful life of intangible assets.
- Provision for tax and deferred tax.
- Net realisable value of stock-in-trade.
- Staff retirement benefits

3. SHARE CAPITAL

| 2013 | 2012 | | 2013 | 2012 |
|------------------|-----------|---|-------------------|------------|
| Number of Shares | | | Rupees | |
| 1,000,000 | 1,000,000 | Authorised | 10,000,000 | 10,000,000 |
| | | Ordinary shares of Rs.10/- each | | |
| 500,000 | 500,000 | Issued, subscribed and paid-up capital | 5,000,000 | 5,000,000 |
| 500,000 | 500,000 | Ordinary shares of Rs. 10 each fully paid in cash | 5,000,000 | 5,000,000 |

3.1 There were no movements during the reporting year.

3.2 The Company has one class of ordinary shares which carry no right to fixed income. The holders of shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets

3.3 The Company has no reserved shares for issuance under options and sales contracts.

4. SURPLUS ON REVALUATION OF PROPERTY, PLANT AND EQUIPMENT - NET OF TAX

This represents surplus over book value resulting from the revaluation of free hold land, buildings, plant and machinery and electric installations of both own assets and company's share in investment in associates.

| | Note | Own assets | Company's share in investment in associate's | 2013 Total Rupees | 2012 |
|---|------|--------------|--|-------------------------------------|--------------|
| Balance at July 1, 2012 | | 388,643,078 | 137,883,892 | 526,526,970 | 381,851,728 |

| Unclaimed dividend | | 815,100 | 689,083 |
| Withholding income tax | | 353,143 | 362,928 |
| Other liabilities | | 2,359 | 167,412 |
| | | 200,732,643 | 216,421,572 |

- 7.1** This includes Rs. 65.65 million and Rs. Nil (2012: Rs. 47.02 million and Rs. 11.27 million) payable to associated undertakings in respect of power charges and capital expenditure respectively.

- 7.2** This include Rs. 30.48 million provision for Sindh Development and Infrastructure Fee and Duty which was levied by the Excise and Tax Department on goods entering or leaving the province through air or sea at prescribed rate under Sindh Finance Ordinance, 2001. The levy was initially challenged by the Company along with other companies in the High Court of Sindh after which several proceedings were held. Currently the petition is filed in the High Court and through the interim order passed on May 31, 2011 the High Court of Sindh has ordered that for every consignment cleared after December 28, 2006, 50% of the value of infrastructure fee should be paid in cash and a bank guarantee for the remaining amount should be submitted until the final order is passed. The management is confident for a favorable outcome however, as a matter of prudence Company has paid Rs. 30.48 million (50%) of the value of infrastructure fee in cash and recorded liability for the remaining amount which is supported by a bank guarantee.

33. NUMBER OF EMPLOYEES**2013****2012**

The total average number of employees during the year and as at June 30, 2013 and 2012 respectively are as follows:

Average number of employees during the year
Number of employees as at June 30

| | |
|------------|-----|
| 710 | 698 |
| 718 | 702 |

34. FINANCIAL RISK MANAGEMENT

34.1 The Company's principal financial liabilities, comprise long term financing, short term borrowings and trade and other payables. The main purpose of these financial liabilities is to raise finance for the Company's operations. The Company has trade debts, loans and advances, other receivables, cash and bank balances and deposits that arrive directly from its operations. The Company also holds investment in associates.

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, and price risk), credit risk and liquidity risk.

34.2 Credit risk and concentration of credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties fail completely to perform as contracted. Out of the total financial assets of Rs. 549.2 million (2012 : Rs. 348.6 million), the financial assets which are subject to credit risk amounted to Rs. 548.9 million (2012 : Rs. 348 million).

The Company is exposed to credit risk from its operating activities (primarily for trade debts and loans and advances) and from its investing activities, including deposits with banks and financial institutions and other financial instruments. The credit risk on liquid funds (cash and bank balances) is limited because the counter parties are banks with a reasonably high credit rating. The names and credit rating of major banks where the Company maintains its bank balances are as follows:

| Name of bank | Credit rating | |
|---------------------------|---------------|-----------|
| | Short-term | Long-term |
| National Bank of Pakistan | A-1+ | AAA |
| Soneri Bank Limited | A1+ | AA- |
| Meezan Bank Limited | A1+ | AA |

34.2.1 Credit risk related to receivables

The Company has adopted a policy of only dealing with creditworthy counter parties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure is continuously monitored and the aggregate value of transactions concluded is spread amongst approved counter parties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management annually.

Trade debts consist of a large number of customers, spread across geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable where appropriate. The Company does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics.

34.3 Liquidity risk management

Liquidity risk reflects the Company's inability in raising funds to meet commitments. Management closely monitors the Company's liquidity and cash flow position. This includes maintenance of balance sheet liquidity ratios, debtors and creditors concentration both in terms of the overall funding mix and avoidance of undue reliance on large individual customer.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans. 18.8% of the Company's debt will mature in less than one year at June 30, 2013 (2012: 100%) based on the carrying value of borrowings reflected in the financial statements.

34.3.1 Liquidity and interest risk table

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

| Interest rate % | | Less than 1 month | 1 - 3 months | 3 months - 1 year | 1 - 5 years | More than 5 years | Total |
|-------------------------------------|--|-------------------|--------------|-------------------|-------------|-------------------|-------------|
| Rupees | | | | | | | |
| 2013 | | | | | | | |
| Trade and other payables | | - | 158,988,998 | - | - | - | 158,988,998 |
| Short term borrowings | | - | - | - | - | - | - |
| Accrued interest / mark-up on loans | | 105,593 | - | 2,810,071 | - | - | 2,915,664 |
| Long term finance | 3 months KIBOR plus 1% p.a | - | 6,510,220 | 13,020,440 | 84,632,858 | - | 104,163,518 |
| | | 105,593 | 165,499,218 | 15,830,511 | 84,632,858 | - | 266,068,180 |
| 2012 | | | | | | | |
| Trade and other payables | | - | 187,659,330 | - | - | - | 187,659,330 |
| Short term borrowings | 3 months average 3% inclusive of LIBOR | - | 16,584,187 | - | - | - | 16,584,187 |
| Accrued interest / mark-up on loans | | - | 115,761 | - | - | - | 115,761 |
| | | - | 204,359,278 | - | - | - | 204,359,278 |

34.4 Market risk management

Market Risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing returns.

34.4.1 Interest rate risk management

Interest / mark-up rate risk arises from the possibility that changes in interest / mark-up rates will effect the value of financial instruments. The Company has significant amount of interest based financial assets and financial liabilities which are largely based on variable interest / mark-up rates, therefore the company has to manage the related finance cost which exposes it to the risk of KIBOR. Since the impact on interest rate exposure is significant to the Company, management analyses its interest rate exposure on a regular basis by monitoring existing facilities against prevailing market interest rates and taking into account other financing options available.

34.4.2 Interest rate sensitivity

If interest rates had been 100 basis points lower / higher and all other variables were held constant, the Company's profit for the year ended June 30, 2013 would increase / decrease by Rs. 0.428 million (2012: Rs. 0.17 million). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

34.4.3 Foreign exchange risk management

Foreign currency risk arises mainly where receivables and payables exist due to transactions with foreign undertakings and balances held in foreign currency. Company is not exposed to foreign currency risk on assets and liabilities. As at June 30, 2013, financial assets include Rs. 13.84 million (2012: Rs. 15.16 million) and financial liabilities include Rs. 12.03 million (2012: Rs. 27.60 million) which are subject to foreign currency risk against US Dollars.

34.4.4 Foreign currency sensitivity analysis

At June 30, 2013, if the Rupee had weakened / strengthened by 10% against the US Dollar with all other variables held constant, profit for the year would have been lower / higher by Rs. 0.181 million (2012 : Rs. 1.24 million), mainly as a result of foreign exchange gains / losses on translation of foreign currency bank balance, foreign currency trade debtors and US Dollar denominated borrowings.

34.4.5 Equity price risk management

The Company is exposed to equity price risks arising from equity investments. Equity investments are held for strategic rather than trading purposes. The Company does not actively trade these investments.

34.5 Determination of fair value**Fair values of financial instruments**

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arms length transaction other than in a forced or liquidation sale.

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values.

34.6 Financial instruments by category

The accounting policies for financial instruments have been applied for line items below:

| | Loans and Receivable | Held to maturity | Available for sale | Total |
|--|-------------------------|---------------------|-----------------------|--------------------|
|Rupees..... | | | | |
| Assets as per balance sheet - June 30, 2013 | | | | |
| Long-term deposits | 1,000,610 | - | - | 1,000,610 |
| Trade debts | 173,250,504 | - | - | 173,250,504 |
| Loans and advances | 3,331,958 | - | - | 3,331,958 |
| Other receivables | 335,261 | - | - | 335,261 |

**Financial Liabilities measured
at Amortised cost**

2013 **2012**

..... Rupees

Liabilities as per balance sheet

| | | |
|--|--------------------|--------------------|
| Long term finance | 104,163,518 | - |
| Short-term borrowings | - | 16,584,187 |
| Trade and other payables | 158,988,998 | 187,659,330 |
| Accrued interest / mark-up on borrowings | 2,915,664 | 115,761 |
| | 266,068,180 | 204,359,278 |

34.7 Fair value hierarchy

The fair values of the financial instruments have been analysed in various fair value levels as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

| | Level 1 | Level 2 | Level 3 | Total |
|--|--------------------|----------|------------------|--------------------|
| Available-for-sale financial assets | | | | |
| Quoted equity securities | 277,548,108 | - | 8,241,025 | 285,789,133 |
| 2013 | 277,548,108 | - | 8,241,025 | 285,789,133 |
| Available-for-sale financial assets | | | | |
| Quoted equity securities | 150,245,796 | - | 7,541,025 | 157,786,821 |
| 2012 | 150,245,796 | - | 7,541,025 | 157,786,821 |

35. CAPITAL DISCLOSURE

The objectives of the Company when managing capital are to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for stakeholders, and to maintain a strong capital base to support the sustained development of its business.

The capital structure of the Company consists of shareholders' equity and surplus on revaluation of property, plant and equipment. Shareholders' equity consist of share capital, capital reserve and unappropriated profit. The Company manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to the shareholders or issue new shares. The Company's overall strategy remains unchanged from 2012.

The Board seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The Company's target is to achieve a normal return on capital.

The Company is not subject to any externally imposed capital requirements.

36. OPERATING SEGMENTS

Chief Executive considers the business as a single operating segment as the Company's assets allocation decisions are based on a single, integrated business strategy, and the Company's performance is evaluated on an overall basis.

37. SUBSEQUENT EVENTS

The Board of Directors at their meeting held on September 16, 2013 have proposed a dividend of Rs.5 per share (2012: Rs. 10 per share) for the year ended June 30, 2013, amounting to Rs. 2.5 million (2012: Rs. 5 million), subject to the approval of members at the annual general meeting to be held on October 21, 2013.

38. NON CASH TRANSACTIONS
