DIRECTORS' REPORT TO THE SHAREHOLDERS

The Directors of **Media Times Limited** ("MTL" or "the Company") are pleased to present the annual report to the members along with the annual audited financial statements of the Company for the year ended 30 June 2015.

Financial Overview

During the period under review the company reported an after tax loss of Rs.216 million as compared to a loss of Rs.565 million in corresponding period last year. Turnover has been increased to Rs. 325 million as compared to Rs.310 million in corresponding period last year. Cost of production increased to Rs. 405 million as compared to 376 million in corresponding period.

Detailed results of the Company for the year are disclosed in the financial statements accompanying this report; however highlights for the year are as follows:

	2015 (Rs in)	2014 Millions)
Profit and Loss Account	(K3. III)	viiliolis)
Turnover	325	310
Gross loss	(80)	(66)
Loss after Taxation	(216)	(565)
EPS Basic & Diluted- (Rupees)	(1.21)	(3.16)
Balance Sheet		
Non-Current Assets	616	730
Net Current Assets	(398)	(345)
Non-Current Liabilities	239	192
Share Capital and Reserves	(20)	193

Company's ability to continue as a going concern

In the current year's Audited report, the auditor's without qualifying their report have raised concerns over the Company's ability to continue as going concern because Company has incurred a net loss of Rs. 216.51 million during the year ended 30 June 2015 and, as of date, the Company's current liabilities exceeded its current assets by 397.99 million.

However, the management of the company is confident that by the following strategic changes/ improvements, the company will come out of this current situation and continue its business as a going concern:

- The management has approved the launch of mid week magazine. The magazine shall be published on each Thursday. The main object is to enhance revenue through advertisement and become the market leader just as Sunday Times magazine is currently doing.
- The management has also approved the supplement calendar for Daily Times Newspaper. A minimum of 24 supplements shall be published each year which will cover national days of other countries, fashion industry, sports, government sector and economic sector.
- Daily Aj kal Urdu Newspaper is being re launched. The paper being an Urdu news paper will cover the majority of
 the audience because of the commonly used language "Urdu". Aj kal shall be re launched with 12 number of pages.
- Model of Zaiqa Tv is being changed from a food channel to drama/ entertainment channel. Currently Zaiqa tv runs
 programs which cover travel, food and culture. The new model shall cover dramas and entertainment in addition to
 travel, food and culture programs,

MEDIA TIMES LIMITED

Documentaries are being started on Business Plus TV and Zaiqa TV to enhance the revenue from electronic media.
The documentaries shall be on aired during off hours so that the current business shall not be affected. Fixed revenue streams are also being entered into with mainly petroleum sector clients.

Operational Overview

Print Media

"Daily Times", a nationwide English daily newspaper printed from Lahore, Karachi and Islamabad caters to the needs of the whole family and is considered to be amongst the leading English newspapers in the country in terms of circulation and enjoys a high level of respect & credibility. Professional editorial team, attractive layout, detailed coverage of national and international news, lively entertainment section and devoted teams of operations, circulation, sales & marketing people, all have contributed significantly towards newspaper's growth and popularity. The paper's allied weekly magazines and segments like Sunday provide content for entertainment and fashion industry, business & corporate sector and children.

"Aajkal" an Urdu daily newspaper, is successfully maintaining its market position since its launch and continuously striving to improve circulation as well as advertising share across Pakistan.

Electronic Media

Zaiqa has captured a reasonable share of this niche market. All major advertisers of this sector advertise on Zaiqa and it has become a household name in consumer classes especially women. Excellent programming along with best names of industry chefs has made Zaiqa a very distinctive channel to watch. Innovative programming is being introduced to further increase the market share of this product and finally improve its revenue stream.

Future Outlook

Pakistan's media environment continued to develop and, in many cases, flourish. Since opening up in 2002, the number and range of media outlets has proliferated, so that Pakistanis now have greater access than ever before to a range of broadcasting through print, television and online media. Pakistani media is getting more powerful and independent as evident by the number of private television channels that grown from just three state-run channels in 2000 to 89 in 2012. Consolidation and better utilization of resources along with a focus on benefiting from the advancements in technology are pivotal to the success of the company. Increase in revenues will require an increased focus on procuring advertisements in the electronic division of the company. Almost 3/4th of the advertising business in Pakistan is currently routed to the electronic media as audio-visual medium has a stronger impact on the masses. The equipment is also being upgraded to move towards AMPAC 4 technology for more better screen quality and reduced satellite cost. The management of the company is confident that by creating new revenue streams and advancement in technology, the company would be able to produce mark able results in future. Management of Media Times is fully committed to achieving excellence in all fields of its operations and maintaining the high standards of quality that Media Times is known for, both in terms of its products as well as its operational practices.

Changes in the Board of Directors

During the financial year there is no change in the Board of Directors.

During the year under review no trading in the Company shares were carried out by the Directors, CEO, CFO, Company Secretary and their spouses including any minor children.

Auditors

The present auditors M/s KPMG Taseer Hadi& Co., Chartered Accountants retire and offer themselves for reappointment. The Board of directors has recommended their appointment as auditors of the company for the year ending June 30, 2016, at a fee to be mutually agreed.

Pattern of Shareholding

The pattern of shareholding as required under Section 236 of the Companies Ordinance, 1984 and Listing regulations is enclosed.

Appropriations

Keeping in view the financial constraints and requirements of the company, the board has not recommended any dividend for the year under review.

Earnings per Share

Earnings/(Loss) per share for the financial year ended 30 June 2015 is Rs. (1.21) 2014: Rs. (3.16).

Acknowledgements

Directors take this opportunity to place on record their appreciation of the dedication and commitment of employees at all levels that has made MTL to become one of the leading media companies in Pakistan. MTL continues to rely on its employees for its future expansion and believes in the mutual sharing of rewards that are a result of the endeavors of its employees. Directors thank and express their gratitude for the support and co-operation received from the Central and State Governments and other stakeholders including viewers, producers, vendors, financial institutions, banks, investors, service providers as well as regulatory and governmental authorities.

For and on behalf of the Board of Directors

Lahore 08 October 2015 Shehryar Ali Taseer Chief Executive Officer

STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

MEDIA TIMES LIMITED ("THE COMPANY") FOR THE YEAR ENDED 30 JUNE 2015

This statement is being presented to comply with the Code of Corporate Governance contained in Regulation No. 35 of listing regulations of Karachi Stock Exchange Limited and Lahore Stock Exchange Limited for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The Company has applied the principles contained in the CCG in the following manner:

 The company encourages representation of independent non-executive directors and directors representing minority interests on its board of directors. At present the board includes:

Category	Names	
Independent Director	Kanwar Latafat Ali Khan	
Executive Directors	Shehryar Ali Taseer Shehrbano Taseer	
Non-Executive Directors	Aamna Taseer Maheen Taseer Imran Hafeez Ayesha Tammy Haq	2

The independent director meet the criteria of independence under clause i (b) of the CCG.

- 2) The directors have confirmed that none of them is serving as a director in more than seven listed companies, including this Company (excluding the listed subsidiaries of listed holding companies where applicable).
- 3) All the resident directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFI or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.
- 4) A casual vacancy occurring on the board was filled up by the directors within 90 days.
- 5) The Company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.
- 6) The board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.
- 7) All the powers of the board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO, other executive and non executive directors, have been taken by the board/shareholders.
- The meetings of the board were presided over by the Chairman and, in his absence, by a director elected by the board for this purpose and the board met at least once in every quarter. Written notices of the board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
- 9) The Board arranged orientation courses/training programs for its directors during the year.

MEDIA TIMES LIMITED -

- 10) The Board has approved "appointment of CFO, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment.
- 11) The directors' report for this year has been prepared in compliance with the requirements of the CCG and fully describes the salient matters required to be disclosed.
- 12) The financial statements of the Company were duly endorsed by CEO and CFO before approval of the Board.
- 13) The directors, CEO and executives do not hold any interest in the shares of the Company other than that disclosed in the pattern of shareholding
- 14) The Company has complied with all the corporate and financial reporting requirements of the CCG.
- 15) The Board has formed an Audit Committee. It comprises three non-executive members, of whom all are non-executive directors and chairman of the committee non-executive director.
- 16) The meetings of the audit committee were held at least once every quarter prior to approval of interim and final results of the Company and as required by the CCG. The terms of reference of the committee have been formed and advised to the committee for compliance.
- 17) The Board of Directors of the Company has formed an HR and Remuneration Committee. It comprises 3 members, of whom 2 are non-executive directors and the chairman of the committee is a non-executive director.
- 18) The board has set up an effective internal audit function that is considered suitable qualified and experienced for the purpose and are conversant with the policies and procedures of the Company.
- 19) The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by Institute of Chartered Accountants of Pakistan.
- 20) The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 21) The 'closed period', prior to the announcement of interim/final results, and business decisions, which may materially affect the market price of company's securities, was determined and intimated to directors, employees and stock exchange(s)
- 22) Material/price sensitive information has been disseminated among all market participants at once through stock exchange(s).
- 23) The Board has in plan a mechanism for evaluation of performance of the Board.
- 24) We confirm that all other material principles enshrined in the CCG have been complied with.

For and on behalf of the Board

Lahore 08 October 2015

Shehryar Ali Taseer CEO/ Director

REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of **Media Times Limited** ("the Company") for the year ended 30 June 2015 to comply with the requirements of Listing Regulation no. 35 of Karachi and Lahore Stock Exchanges where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As a part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Director's statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval of its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of the requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were under taken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended 30 June 2015.

Auditors' Report to the Members

We have audited the annexed balance sheet of **Media Times Limited** ("the Company") as at 30 June 2015 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- in our opinion, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984;
- b) in our opinion:
 - the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity
 with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in
 accordance with accounting policies consistently applied;
 - ii) the expenditure incurred during the year was for the purpose of the Company's business; and
 - iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan and give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2015 and of the loss, its cash flows and changes in equity for the year then ended; and
- d) in our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

Without qualifying our opinion we have drawn attention to Note 2 to the financial statements which indicates that the Company has incurred a net loss of Rs. 216.51 million during the year ended 30 June 2015 and, as of date, the Company's current liabilities exceeded its current assets by Rs. 397.99 million. The Company's equity has been eroded and the accumulated losses exceed the share capital and share premium by Rs. 20.88 million as at 30 June 2015. These conditions along with other matters as set forth in Note 2, indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern.

Notes to the Financial Statements

For the year ended 30 June 2015

1 Reporting entity

Media Times Limited ("the Company") was incorporated in Pakistan on 26 June 2001 as a Private Limited Company and was converted into Public Limited Company on 06 March 2007. The Company is listed on Karachi and Lahore Stock Exchanges. The registered office of the Company is located at 41-N, Industrial Area, Gulberg II, Lahore. The Company is primarily involved in printing and publishing daily English and Urdu news papers by the name of "Daily Times" and "AajKal" respectively and also involved in production, promotion, advertisement, distribution and broadcasting of television programs, quality films and documentaries through satellite channels by the name of "Business Plus" and "Zaiqa" (formerly "Wikkid Plus") respectively.

2 Significant matters

The Company has incurred a net loss of Rs. 216.51 million during the year ended 30 June 2015 and, as of date, the Company's current liabilities exceeded its current assets by Rs. 397.99 million. The Company's equity has been eroded and the accumulated losses exceed the share capital and share premium by Rs. 20.88 million as at 30 June 2015. The Company is introducing mid-week magazine, new supplements in Daily Times and documentaries in Business Plus Channel which shall generate revenue through advertisement. Further the Company has plans to relaunch its newspaper Aajkal and its food channel "Zaiqa TV" with a new theme of entertainment channel. The management of the Company is confident that the above actions and steps shall enable the Company to attract revenue streams that will result in improved liquidity. Further the Company's promoters have offered full support to the Company to meet any working capital needs. However there is material uncertainty related to these events which may cast significant doubt on the Company's ability to continue as a going concern and, therefore, the Company may be unable to realize its assets and discharge its liabilities in the normal course of business.

3 Basis of preparation

3.1 Statement of compliance

These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan and requirements of the Companies Ordinance, 1984. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as notified under the provision of the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case the requirements differ, the provisions of and directives of the Companies Ordinance, 1984 shall prevail.

3.2 Basis of measurement

These financial statements have been prepared under the historical cost convention, except the recognition of certain employee benefits at present value as referred to in note 16.

3.3 Functional and presentation currency

These financial statements are presented in Pakistani Rupee ("Rs.") which is the Company's functional currency. All financial information presented in Rupees has been rounded off to the nearest rupee, unless otherwise stated.

MEDIA TIMES LIMITED :

3.4 Use of estimates and judgments

The preparation of these financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under circumstances, and the results of which form the basis for making judgment about carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The areas where assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

Property, plant and equipment

The management of the Company reassesses useful lives and residual value for each item of property, plant and equipment annually by considering expected pattern of economic benefits that the Company expects to derive from that item and the maximum period up to which such benefits are expected to be available. Any change in the estimates in future years might affect the carrying amounts of respective items of property, plant and equipment with a corresponding effect on the depreciation charge and impairment.

Stores and spare parts

The Company reviews the stores and spare parts for possible impairment on regular basis. Any change in estimates in future years might affect the carrying amounts of respective items of stores and spare parts with a corresponding effect on provision.

Television program costs

The management of the Company reassesses useful lives and residual value for each program by considering expected pattern of economic benefits that the Company expects to derive from that program and the maximum period up to which such benefits are expected to be available. Any change in the estimates in future years might affect the carrying amounts of television program costs with a corresponding effect on the amortization and impairment.

Impairment

The management of the Company reviews carrying amounts of its assets including receivables and advances and cash generating units for possible impairment and makes formal estimates of recoverable amount if there is any such indication.

Provision against trade debts, advances and other receivables

The Company reviews the recoverability of its trade debts, advances and other receivables at each reporting date to assess amount of bad debts and provision required there against on annual basis.

MEDIA TIMES LIMITED .

Provisions and Contingencies

The Company reviews the status of all pending litigations and claims against the Company. Based on its judgment and the advice of the legal advisors for the estimated financial outcome, appropriate disclosure or provision is made. The actual outcome of these litigations and claims can have an effect on the carrying amounts of the liabilities recognized at the balance sheet date.

Taxation

The Company takes into account the current income tax law and decisions taken by the taxation authorities. Instances where the Company's views differ from the views taken by the income tax department at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

4 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

4.1 Property, plant and equipment

Owned

Items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost in relation to property, plant and equipment comprises acquisition and other directly attributable costs. The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is possible that the future economic benefits embodied in the part will flow to the entity and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day to day servicing of property, plant and equipment are recognized in profit and loss as incurred.

Depreciation is provided on a straight line basis and charged to profit and loss account to write off the depreciable amount of each asset over its estimated useful life at the rates specified in note 6 to these financial statements after taking into account their residual values. Depreciation on additions is charged from the date asset is available for use up to the date when asset is retired.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on sale of an item of property, plant and equipment are determined by comparing the proceeds from sale with the carrying amount of property, plant and equipment, and are recognised in profit or loss account.

Leased

Assets held under finance lease arrangements are initially recorded at the lower of present value of minimum lease payments under the lease agreements and the fair value of leased assets. Depreciation on leased assets is charged by applying straight line method at the rates used for similar owned assets, so as to depreciate the assets over their estimated useful life in view of certainty of ownership of assets at the end of the lease term.

4.2 Intangibles

Intangibles are stated at cost less accumulated amortization for finite intangibles and any identified impairment loss. The estimated useful life and amortization method is reviewed at the end of each annual reporting period, with effect of any changes in estimate being accounted for on a prospective basis.

MEDIA TIMES LIMITED

Finite intangibles are amortized using straight-line method over their estimated useful lives. Amortization on additions to intangible assets is charged from the month in which an asset is put to use and on disposal up to the month of disposal.

4.3 Stores and spare parts

These are stated at lower of cost and net realizable value. Cost is determined using the weighted average method. Items in transit are valued at cost comprising invoice value plus other charges paid thereon.

4.4 Television program costs

Rights to broadcast acquired programmes and films

The rights to broadcast acquired programmes and films are valued at lower of cost and net realisable value. The costs of acquired programmes and films are written off on first transmission except to the extent that the numbers of further showings are contractually agreed, when they are written off according to the expected transmission profile. Assets and liabilities relating to acquired programmes are recognised at the point of payment or commencement of the licence period, whichever is earlier. Agreements for the future purchase of rights whose licence period has not commenced and where there has been no payment by the balance sheet date are disclosed as purchase commitments. Net Realizable Value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

4.5 Trade debts

Trade debts are carried at original invoice amount less an estimate made for doubtful debts based on review of outstanding amounts at the year end. Bad debts are written off when identified.

4.6 Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalents comprise cash in hand and bank balances.

4.7 Financial instruments

Financial assets and liabilities are recognized when the Company becomes a party to contractual provisions of the instrument and de-recognized when the Company looses control of contractual rights that comprise the financial asset and in case of financial liability when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on derecognition of financial assets and liabilities are included in profit and loss account for the year.

4.7.1 Non-derivative financial assets

The Company initially recognises loans and receivables on the date that they are originated. All other financial assets (including assets designated as at fair value through profit or loss) are recognised initially on the trade date, which is the date that the Company becomes a party to the contractual provisions of the instrument.

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in such transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability.

· MEDIA TIMES LIMITED

The Company classifies non-derivative financial assets into the following categories: financial assets at fair value through profit or loss, held-to-maturity financial assets, loans and receivables and available-for-sale financial assets.

Financial assets at fair value through profit or loss

A financial asset is classified as at fair value through profit or loss if it is classified as held-for trading or is designated as such on initial recognition. Financial assets are designated as at fair value through profit or loss if the Company manages such investments and makes purchase and sale decisions based on their fair value in accordance with the Company's documented risk management or investment strategy. Attributable transaction costs are recognised in profit or loss as incurred. Financial assets at fair value through profit or loss are measured at fair value and changes therein, which takes into account any dividend income, are recognised in profit or loss.

Held-to-maturity financial assets

If the Company has the positive intent and ability to hold debt securities to maturity, then such financial assets are classified as held-to-maturity. Held-to-maturity financial assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, held-to-maturity financial assets are measured at amortized cost using the effective interest method, less any impairment losses.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortized cost using the effective interest method, less any impairment losses.

Loans and receivables comprise of long term deposits, trade debts, short term advances, deposits, other receivables and cash and bank balances.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are designated as available-forsale or are not classified in any of the above categories of financial assets. Available-for-sale financial assets are recognised initially at fair value plus any directly attributable transaction costs.

Subsequent to initial recognition, they are measured at fair value and changes therein, other than impairment losses and foreign currency differences on available-for-sale debt instruments, are recognised in other comprehensive income and presented in the fair value reserve in equity. When an investment is derecognised, the gain or loss accumulated in equity is reclassified to profit or loss.

4.7.2 Non-derivative financial liabilities

The Company initially recognises debt securities issued and subordinated liabilities on the date that they are originated. All other financial liabilities are recognised initially on the trade date, which is the date that the Company becomes a party to the contractual provisions of the instrument.

The Company derecognises a financial liability when its contractual obligations are discharged, cancelled or expire.

MEDIA TIMES LIMITED .

The Company classifies financial liabilities recognised initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest method.

Financial liabilities comprise long term finances, liabilities against assets subject to finance lease, trade and other payables, accrued mark-up and short term borrowings.

4.8 Impairment

Financial assets

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of the asset.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount, and the present value of the estimated future cash flows discounted at the original effective interest rate. Impairment loss in respect of a financial asset measured at fair value is determined by reference to that fair value. All impairment losses are recognized in profit and loss account. An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognized. An impairment loss is reversed only to the extent that the financial asset's carrying amount after the reversal does not exceed the carrying amount that would have been determined, net of amortization, if no impairment loss had been recognized.

Impairment losses on available for sale financial assets are recognised by reclassifying the losses accumulated in the fair value reserve to profit or loss. The amount reclassified is the difference between the acquisition cost (net of any principal repayment and amortization) and the current fair value, less any impairment loss previously recognised in profit or loss. If the fair value of an impaired available for sale debt security subsequently increases and the increase can be related objectively to an event occurring after the impairment loss was recognised, then the impairment loss is reversed though profit and loss; otherwise it is reversed through other comprehensive income.

Non-financial assets

The carrying amount of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash generating unit is the greater of its value in use and its fair value less cost to sell. In assessing value in use, the estimated future cash flows are discounted to their present values using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash generating unit.

An impairment loss is recognized if the carrying amount of the assets or its cash generating unit exceeds its estimated recoverable amount. Impairment losses are recognized in profit and loss account. Impairment losses recognized in respect of cash generating units are allocated to reduce the carrying amounts of the assets in a unit on a pro rata basis. Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to that extent that the asset's carrying amount after the reversal does not exceed the carrying amount that would have been determined, net of depreciation and amortization, if no impairment loss had been recognized.

MEDIA TIMES LIMITED -

4.9 Offsetting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount is reported in the balance sheet if the Company has a legally enforceable right to offset the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

4.10 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

4.11 Retirement and other benefits

Salaries, wages and benefits are accrued in the period in which the associated services are rendered by employees of the Company and measured on an undiscounted basis. The accounting policy for employee retirement benefits is described below:

Post employment benefits - Defined benefit plan

The Company operates unfunded defined benefit gratuity plan for all permanent employees, having a service period of more than one year. The Company recognizes expense in accordance with IAS 19 "Employee Benefits".

The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods and discounting that amount. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, are recognised immediately in other comprehensive income. The Company determines the net interest expense on the net defined benefit liability for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then net defined benefit liability, taking into account any changes in the net defined benefit liability during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit and loss account.

4.12 Trade and other payables

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in future for goods or services received.

4.13 Provisions

A provision is recognized in the balance sheet when the Company has a legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. The amount recognized as a provision reflects the best estimate of the expenditure required to settle the present obligation at the end of the reporting period. However, provisions are reviewed at each balance sheet date and adjusted to reflect current best estimates.

4.14 Revenue recognition

Revenue represents the fair value of the consideration received or receivable for goods sold and services

rendered, net of discounts, agency commission and sales tax. Revenue is recognized when the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing involvement of management with the goods and the amount of revenue can be measured reliably. Revenue from different sources are recognized as follows:

- Sale of newspaper is recorded at the time of dispatch of newspapers;
- Revenue from advertisement is recognized at the time of publication of advertisement;
- Advertisement revenue from satellite channels is recognized when the related advertisement or commercial appears before the public i.e. on telecast;
- Sale of outdated newspaper (i.e. scrap) is recognized on actual realization basis;
- Production and other services are recorded as revenue when the related services are provided;
- Rental income from sub-lease is recognized on accrual basis;
- Income from bank deposits, loans and advances is recognized on an accrual basis.

4.15 Taxation

Current

Current tax is the amount of tax payable on taxable income for the year, using tax rates enacted or substantively enacted by the reporting date, and any adjustment to the tax payable in respect of previous years. Provision for current tax is based on current rates of taxation in Pakistan after taking into account tax credits, rebates and exemptions available, if any. The amount of unpaid income tax in respect of the current or prior periods is recognized as a liability. Any excess paid over what is due in respect of the current or prior periods is recognized as an asset.

Deferred

Deferred tax is recognized using the balance sheet liability method on all temporary differences between the carrying amounts of assets and liabilities for the financial reporting purposes and the amounts used for taxation purposes.

Deferred tax asset is recognized for all deductible temporary differences only to the extent that it is probable that future taxable profits will be available against which the asset may be utilized. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefit will be realized. Deferred tax liabilities are recognized for all taxable temporary differences.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is charged or credited in the income statement, except in the case of items credited or charged to comprehensive income or equity, in which case it is included in comprehensive income or equity.

4.16 Contingent liabilities

Contingent liability is disclosed when:

there is a possible obligation that arises from past events and whose existence will be confirmed
only by the occurrence or non-occurrence of one or more uncertain future events not wholly within
the control of the Company; or

there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

4.17 Foreign currency transactions and balances

Transactions in foreign currencies are translated to the respective functional currencies of the Company at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortized cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortized cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities that are measured at fair value in a foreign currency are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are not translated.

Foreign currency differences arising on retranslation are generally recognized in profit and loss account.

4.18 Earnings per share

Basic earnings per share (EPS) is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

4.19 Segment reporting

A segment is a distinguishable component of the Company that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risk and rewards that are different from other segments. Operating segment are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Director of the Company that makes strategic decisions.

5 Standards, amendments and interpretations and forthcoming requirements

5.1 Standards, amendments or interpretations which became effective during the year

During the year certain amendments to standards or new interpretations became effective, however, the amendments or interpretation did not have any material effect on the financial statements of the Company.

5.2 New / revised accounting standards, amendments to published accounting standards, and interpretations that are not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after 01 July 2015. The Company either does not expect to have any effect or any material / significant effect on its accounting policy due to their application when become effective other than increase in disclosures, if any.

- Amendments to IAS 38 Intangible Assets and IAS 16 Property, Plant and Equipment (effective for annual periods beginning on or after 1 January 2016) introduce severe restrictions on the use of revenue-based amortization for intangible assets and explicitly state that revenue-based methods of depreciation cannot be used for property, plant and equipment. The rebuttable presumption that the

use of revenue-based amortization methods for intangible assets is inappropriate can be overcome only when revenue and the consumption of the economic benefits of the intangible asset are 'highly correlated', or when the intangible asset is expressed as a measure of revenue. The amendments are not likely to have a material impact on Company's financial statements.

- IFRS 10 'Consolidated Financial Statements' (effective for annual periods beginning on or after 1 January 2015) replaces the part of IAS 27 'Consolidated and Separate Financial Statements'. IFRS 10 introduces a new approach to determining which investees should be consolidated. The single model to be applied in the control analysis requires that an investor controls an investee when the investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. IFRS 10 has made consequential changes to IAS 27 which is now called 'Separate Financial Statements' and will deal with only separate financial statements. Certain further amendments have been made to IFRS 10, IFRS 12 and IAS 28 clarifying the requirements relating to accounting for investment entities and would be effective for annual periods beginning on or after 1 January 2016. The adoption of this standard is not likely to have an impact on Company's financial statements.
- IFRS 11 'Joint Arrangements' (effective for annual periods beginning on or after 1 January 2015) replaces IAS 31 'Interests in Joint Ventures'. Firstly, it carves out, from IAS 31 jointly controlled entities, those cases in which although there is a separate vehicle, that separation is ineffective in certain ways. These arrangements are treated similarly to jointly controlled assets/operations under IAS 31 and are now called joint operations. Secondly, the remainder of IAS 31 jointly controlled entities, now called joint ventures, are stripped of the free choice of using the equity method or proportionate consolidation; they must now always use the equity method. IFRS 11 has also made consequential changes in IAS 28 which has now been named 'Investment in Associates and Joint Ventures'. The amendments requiring business combination accounting to be applied to acquisitions of interests in a joint operation that constitutes a business are effective for annual periods beginning on or after 1 January 2016. The adoption of this standard is not likely to have an impact on Company's financial statements.
- IFRS 12 'Disclosure of Interests in Other Entities' (effective for annual periods beginning on or after 1 January 2015) combines the disclosure requirements for entities that have interests in subsidiaries, joint arrangements (i.e. joint operations or joint ventures), associates and/or unconsolidated structured entities, into one place. The adoption of this standard is not likely to have an impact on Company's financial statements.
- IFRS 13 'Fair Value Measurement' effective for annual periods beginning on or after 1 January 2015) defines fair value, establishes a framework for measuring fair value and sets out disclosure requirements for fair value measurements. IFRS 13 explains how to measure fair value when it is required by other IFRSs. It does not introduce new fair value measurements, nor does it eliminate the practicability exceptions to fair value measurements that currently exist in certain standards. The adoption of this standard is not likely to have an impact on Company's financial statements.
- Amendments to IAS 27 'Separate Financial Statements' (effective for annual periods beginning on or after 1 January 2016). The amendments to IAS 27 will allow entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements. The adoption of the amended standard is not likely to have an impact on Company's financial statements.
- Agriculture: Bearer Plants [Amendments to IAS 16 and IAS 41] (effective for annual periods beginning on or after 1 January 2016). Bearer plants are now in the scope of IAS 16 Property, Plant and Equipment for measurement and disclosure purposes. Therefore, a company can elect to measure bearer plants at cost. However, the produce growing on bearer p ants will continue to be measured at fair value less costs to sell under IAS 41 Agriculture. A bearer plant is a plant that: is used in the supply of agricultural produce; is expected to bear produce for more than one period; and has a remote likelihood of being sold as agricultural produce. Before maturity, bearer plants are

accounted for in the same way as self-constructed items of property, plant and equipment during construction. The adoption of the amended standard is not likely to have an impact on Company's financial statements.

Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) [effective for annual periods beginning on or after 1 January 2016]. The main consequence of the amendments is that a full gain or loss is recognised when a transaction involves a business (whether it is housed in a subsidiary or not). A partial gain or loss is recognised when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary. The adoption of these amendments is not likely to have an impact on Company's financial statements.

Annual Improvements 2012-2014 cycles (amendments are effective for annual periods beginning on or after 1 January 2016). The new cycle of improvements contain amendments to the following standards:

- IFRS 5 Non-current Assets Held for Sale and Discontinued Operations. IFRS 5 is amended to clarify that if an entity changes the method of disposal of an asset (or disposal group) i.e. reclassifies an asset from held for distribution to owners to held for sale or vice versa without any time lag, then such change in classification is considered as continuation of the original plan of disposal and if an entity determines that an asset (or disposal group) no longer meets the criteria to be classified as held for distribution, then it ceases held for distribution accounting in the same way as it would cease held for sale accounting.
- IFRS 7 'Financial Instruments- Disclosures'. IFRS 7 is amended to clarify when servicing arrangements are in the scope of its disclosure requirements on continuing involvement in transferred financial assets in cases when they are derecognized in their entirety. IFRS 7 is also amended to clarify that additional disclosures required by 'Disclosures: Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS7)' are not specifically required for inclusion in condensed interim financial statements for all interim periods.
- IAS 19 'Employee Benefits'. IAS 19 is amended to clarify that high quality corporate bonds or government bonds used in determining the discount rate should be issued in the same currency in which the benefits are to be paid.
- IAS 34 'Interim Financial Reporting'. IAS 34 is amended to clarify that certain disclosures, if they
 are not included in the notes to interim financial statements and disclosed elsewhere should be cross
 referred.

19.1 This facility has been obtained from Faysal Bank Limited under mark-up arrangements amounting to Rs. 50 million for working capital requirement and is secured by demand promissory note and exclusive charge on present and future fixed and current assets of the Company amounting to Rs. 50 million and Rs. 80 million respectively.

Mark-up on this facility is payable quarterly at 3 months KIBOR plus 3.5% per annum. In case commitments under finance agreements are not met on their respective dates, the bank will charge liquidated damages at the rate of 5% per annum (maximum) over and above the mark-up rates applicable to the Company from the date of default.

The facility expired on 28 January 2012 and the Company has not paid the principal and markup on due date. Accordingly Faysal Bank Limited has filed a suit against the Company for recovery of Rs. 69.30 million which is pending at Lahore High Court and the Company has recorded the full amount as liability.

19.2 The Company obtained a modarba finance facility from First National Bank Modarba on 27 December 2007, for a period of 3 years for an amount of Rs. 30 million against security of various equipment, stores and spare parts, furniture and fixture, plant and machinery and vehicles. A mortgage charge of Rs. 40.00 million has been registered in this regard on all present and future current and fixed assets (where ever situated) of the television channels owned and operated by the Company. Mark-up is charged at the rate of 16.11% per annum based on Timely Payment Profit Rate (TPPR) on half yearly basis.

This facility expired on 27 December 2010 and the Company has not paid the principal amount and markup on due date. This facility was further rescheduled by First National Bank Modarba on 29 June 2012. As per the revised schedule the Company is liable to pay monthly rental of Rs. 0.20 million starting from 30 July 2012 and ending on 28 February 2014. The Company has not paid the principal amount and markup on due date.

19.3 This represents interest free loan received from Chief Executive Officer of the Company and is payable on demand.

20 Liabilities against assets subject to finance lease

The Company has defaulted in repayment of lease liability after rescheduling of the facility from Orix Leasing Pakistan Limited. As per revised terms the facility was payable by 30 June 2013. Interest is charged at the rate of 18.75% (2014: 18.75%) per annum. The detail of outstanding balance is as follows:

	Rupees	Rupees
Principal overdue	6,438,000	6,438,000
Additional lease rental on over due payments	7,961,680	5,301,726
ist us de several production section for the universal content and section and the regime . The force is a section of the sect	14,399,680	11,739,726

Under the terms of the agreements, the Company has an option to acquire the assets at the end of the respective lease term and the Company intends to exercise the option. In case of default in payment of instalments the Company is also liable to pay additional lease rental on overdue payments at the rate of 0.1% per day. The Company has not paid the principal and markup on due date and has accounted for additional lease rentals at the rate of 0.1% day on overdue payments as per terms of the agreement.

21 Contingencies and commitments

- 21.1 In the year 2010 the Assistant Commissioner of Inland Revenue Lahore passed an order against the Company for alleged short payment of Rs. 6.87 million under section 11(2) & 36(1) of Sales Tax Act, 1990 and imposed a penalty equivalent to the amount of original alleged short payment. The Company being aggrieved by the order of Assistant Commissioner filed appeal before Commissioner Inland Revenue Appeals-III Lahore. The Commissioner Appeals set aside the appeal of the Company with directions to the assessing Officer. Subsequently the Company filed an appeal in Income Tax Appellate Tribunal Lahore, the learned Appellate Tribunal also set aside the appeal for denovo proceeding. No fresh proceeding has yet started by Taxation Officer. The management in consultation with the legal counsel believes that there will be no financial impact.
- 21.2 A civil suit for recovery of Rs. 3.89 million is pending before Civil Judge Lahore filed by a production house (I.B. Production) for producing drama serials to be broadcasted on Wikkid T.V channel of Media Times Limited (formerly Total Media Limited) under four separate agreements signed with Total Media Limited, wherein it has claimed balance payments of drama serials. The proceeding are fixed for arguments on miscellaneous application and the financial exposure of the Company may be to the extent of payment claimed therein. The Company has recorded provision for the entire amount.
- 21.3 The previous land lord filed a suit against the Company for the recovery of unpaid rent amounting to Rs. 17.17 million, in Sindh High Court which is pending adjudication. The management after consultation with its legal counsel is confident that the case will be decided in favour of the Company. However being prudent the Company has recorded a liability of Rs. 10 million.
- 21.4 Two petitions are pending in Sindh High Court filed by Axact (Private) Limited against the Company and Sheharyar Taseer wherein they have claimed recovery for damages and Criminal Revision Application U/s 439 section 561-A Criminal Procedure Code, 1898. The financial exposure of the Company may be to the extent of claim of Rs. 145 million. The management after consultation with its legal counsel is confident that the case will be decided in favour of the Company.
- 21.5 A petition is pending before Division Bench Lahore, High Court filed by Dr. Faiza Asghar, Chairperson of the Child Protection and Welfare Bureau against the Daily AajKal and Najam Sethi editor in chief of Daily AajKal for the recovery of damages of Rs. 500 million under the Defamation Ordinance, 2002. The case is pending adjudication and the management after consultation with its legal counsel is confident that the case will be decided in favour of the Company.
- 21.6 A petition is pending before Sindh High Court filed by JS Bank Limited against the Company wherein JS Bank Limited have claimed recovery of damages of Rs. 5 billion under the Defamation Ordinance, 2002. The case is pending adjudication and the management after consultation with its legal counsel is confident that the case will be decided in favour of the Company.

The Company has also provided executives with company maintained cars. No fees were paid to any director for attending board and audit committee meetings. No remuneration is being paid to any non-executive directors.

Executives are employees whose basic salary exceeds five hundred thousand rupees in a financial year.

33 Segment reporting

33.1 Reportable segments

The Company has the following two strategic divisions, which are its reportable segments. These divisions offer different products and services and are managed separately because they require different technology and marketing strategies.

The following summary describes the operations of each reportable segment.

Reportable segments	Operation
Print media	It comprises of "Daily Times" and "AajKal" being the Daily English and Urdu newspapers respectively printed from Lahore, Karachi and Islamabad.
Electronic media	It comprises of "Business Plus" business news channel with cable penetration over metro cities and "Zaiqa" 24 hours dedicated food and culture channel of Pakistan.

The management reviews internal management reports of each division.

33.2 Information about reportable segments

Information related to each reportable segment is set out below. Segment operating profit or loss as included in internal management reports reviewed by the Company's top management is used to measure performance because management believes that such information is the most relevant in evaluating the result of the respective segments relative to other entities that operate in the same industries.

34 Financial instruments

The Company's activities expose it to a variety of following risks:

- Credit risk
- Liquidity risk
- Market risk

The Company's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

34.1 Risk management framework

The Board of Directors has overall responsibility for establishment and over-sight of the Company's risk management framework. The executive management team is responsible for developing and monitoring the Company's risk management policies. The team regularly meets and any changes and compliance issues are reported to the Board of Directors through the audit committee.

Risk management systems are reviewed regularly by the executive management team to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and responsibilities.

The audit committee oversees compliance by management with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

34.2 Credit risk

Credit risk represents the financial loss that would be recognized at the reporting date if counter-parties failed completely to perform as contracted. The Company does not have significant exposure to any individual counterparty. To manage credit risk the Company maintains procedures covering the application for credit approvals, granting and renewal of counterparty limits and monitoring of exposures against these limits. As part of these processes the financial viability of all counterparties is regularly monitored and assessed. To mitigate the risk, the Company has a system of assigning credit limits to its customers based on an extensive evaluation based on customer profile and payment history. Outstanding customer receivables are regularly monitored. Some customers are also secured, where possible, by way of cash security deposit.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the balance sheet date was:

	Note	2015 Rupees	2014 Rupees
Long term deposits		6,558,783	11,226,627
Trade debts	10	110,837,024	114,086,938

Bank balances	12	2,838,037	955,721
	:-	150,141,414	155,954,688
	-		

Credit quality of financial assets

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings or to historical information about counterparty.

a) Long term deposits

Long term deposits represent mainly deposits with Pak Sat International (Private) Limited, hence the management believes that no impairment allowance is necessary in respect of these long term deposits.

b) Trade debts

The trade debts as at the balance sheet date are classified in Pak Rupees. The aging of trade receivables at the balance sheet date is:

	2015 Rupees	2014 Rupees
Neither past due nor impaired (1-90 days)	67,138,635	66,322,584

*	175,207,634	166,476,036
Provision for doubtful debts	(131,509,245)	(118,711,682)
	110,837,024	114,086,938

The recommended approach for provision is to assess the trade receivables on an individual basis and apply dynamic approach to the remainder of receivables. The procedure introduces a company-standard for dynamic provisioning to provide impairment loss for the outstanding receivable when overdue more than a year. The Company does not create provision against debtors which are secured against liquid assets as the management believes that no impairment loss is required in such cases.

Ageing of trade receivables from related parties is as follows:

	2015					
1	Neither past due nor impaired (1 to 90 days)	Past due (91 - 120 days)	Past due more than 121 days	Impaired	Total	
			Rupees			
First Capital Securities Corporation Limit	ed -	-	152,099		152,099	
First Capital Equities Limited	92	-	457,424		457,424	
Pace Super Mall	944	2	500	1	500	
	* -	L)	610,023		610,023	

Based on past experience the management believes that no impairment allowance is necessary in respect of amounts due from related parties.

			2014		
	Neither past due nor impaired (1 to 90 days)	Past due (91 - 120 days)	Past due more than 121 days	Impaired	Total
			Rupees		
First Capital Securities Corporation					
Limited	¥	26,000	111,801	-	137,801
First Capital Equities Limited	.	10,400	418,080		428,480
First Capital Mutual Fund	-	26,000	78,000	-	104,000
Pace Super Mall	6,500	-	1	-	6,500
Pace Barka Properties Limited	¥		500		500
	6,500	62,400	608,381	-	677,281

c) Advances and other receivables

This mainly represents rent receivable from Worldcall Telecom Limited and advance given to employees of the Company. Based on the past experience, management of the Company is confident that these balances are recoverable.

d) Bank balances

The Company's exposure to credit risk against balances with various commercial banks is as follows:

	2015	2014
	Rupees	Rupees
Cash at bank		
Local currency		
- Current accounts	60,821	836,902
- Deposit and saving accounts	2,737,029	118,819
	2,797,850	955,721
Foreign currency - current account	40,187	•
	2,838,037	955,721

The credit quality of Company's bank balances can be assessed with reference to external credit rating agencies as follows:

Banks	Ra	Rating		2015	2014
	Short term	Long term	- Rating agency	203,916 30,879 460,278	Rupees
Faysal Bank Limited	A 1 +	AA	PACRA	203,916	55,055
Habib Metropolitan Bank Limited	A1+	AA+	PACRA	30,879	474,676
Bank Alfalah Limited	A1+	AA	PACRA	460,278	141,478
Allied Bank Limited	A1+	AA+	PACRA	2,132,415	273,963
NIB Bank Limited	A 1 +	AA-	PACRA	10,549	10,549
				2,838,037	955,721

Due to the Company's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non performance by these counter parties on their obligations to the Company. Accordingly, the credit risk is minimal.

34.3 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company's approach to managing liquidity is to ensure as far as possible to always have sufficient liquidity to meet its liabilities when due. The Company is materially exposed to liquidity risk as substantially all obligations / commitments of the Company are short term in nature, and due to insufficient liquidity, the Company was unable to repay the loans and lease obligations to its lenders. As explained in note 1.2, the Company's ability to continue as going concern is substantially dependent on its ability to successfully manage the liquidity risk.

The following are the contractual maturities of financial liabilities as on 30 June 2015:

		Carrying amount	Contracted cash flow	Up to one year or less	More than two years
Financial liabilities			Rup	ees	
Long term finance - unsecured	15	163,605,481	163,605,481	8 2 3	163,605,481
Trade and other payables	17	370,624,956	370,624,956	370,624,956	*
Accrued mark-up	18	63,199,883	63,199,883	63,199,883	
Short term borrowings	19	50,895,608	50,895,608	50,895,608	-
Liabilities against assets subject to finance lease	20	14,399,680	14,399,680	14,399,680	-
		662,725,608	662,725,608	499,120,127	163,605,481

The following are the contractual maturities of financial liabilities as on 30 June 2014:

	Note	Carrying amount	Contracted cash flow	Up to one year or less	More than two years
			Rupe	es	
Financial liabilities					
Long term finance - unsecured	15	121,598,742	121,598,742		121,598,742
Trade and other payables	17	342,472,433	342,472,433	342,472,433	¥
Accrued mark-up	18	49,052,847	49,052,847	49,052,847	8
Short term borrowings	19	51,087,825	51,087,825	51,087,825	
Liabilities against assets subject to finance lease	20	11,739,726	11,739,726	11,739,726	2
		575,951,573	575,951,573	454,352,831	121,598,742

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amount.

34.4 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk, interest rate risk and other price risk.

34.4.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. It arises mainly where receivables and payables exist due to transactions entered in foreign currency. The Company is exposed to foreign currency's assets and liabilities risk at year end.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows. The figures represent foreign currency balances after conversion in Pak Rupees using exchange rates prevailing at the balance sheet date.

2015 Rupees	2014 Rupees
40,187	-
(37,923,563)	(30,631,798)
(37,883,376)	(30,631,798)
	Rupees 40,187 (37,923,563)

The following significant exchange rates have been applied:

	Average	Average rate		Reporting date rate	
	2015	2014	2015	2014	
GBP to PKR	159.66	168.01	160.75	167.96	
USD to PKR	101.51	102.90	101.70	98.75	

Sensitivity analysis:

At reporting date, if the PKR had strengthened by 10% against the foreign currencies with all other variables held constant, profit for the year would have been higher / (lower) by the amount shown below. The analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

	2015	2014
	Rupees	Rupees
Effect on profit and loss		
GBP	(4,019)	-
USD	3,792,356	3,063,180
	3,788,337	3,063,180

The weakening of the PKR against foreign currencies would have had an equal but opposite impact on the profit.

The sensitivity analysis prepared is not necessarily indicative of the effects on profit / (loss) for the year and assets / liabilities of the Company.

34.4.2 Interest rate risk

Interest rate risk is the risk that fair values or future cash flows of a financial instrument will fluctuate because of changes in interest rates. Sensitivity to interest rate risk arises from mismatch of financial assets and financial liabilities that mature or re-price in a given period.

The effective interest / mark-up rates for interest / mark-up bearing financial instruments are mentioned in relevant notes to the financial statements. The Company's interest / mark-up bearing financial instruments as at the reporting date are as follows:

	20	15	2014	1
	Financial assets	Financial liabilities	Financial assets	Financial liabilities
	(Rup	ees)	(Rupe	es)
Variable rate instruments				
Balance with bank - deposit account	2,737,029	2	118,819	*
Long term finance - unsecured	æ	163,605,481		121,598,742
	2,737,029	163,605,481	118,819	121,598,742

Sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit and loss account. Therefore a change in interest rates at the reporting date would not affect profit and loss account.

Sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased / decreased for the year by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

	Profit or	loss	
	100 bps	100 bps	
	Increase	Decrease	
	Rupees		
As at 30 June 2015		751 1400 P.C. NO. 25027	
Cash flow sensitivity - Variable rate financial liabilities	(1,608,685)	1,608,685	
As at 30 June 2014			
Cash flow sensitivity - Variable rate financial liabilities	(1,214,799)	1,214,799	

The sensitivity analysis prepared is not necessarily indicative of the effect on loss for the year and assets / liabilities of the Company.

34.4.3 Other price risk

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest/mark-up rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments.

34.4.4 Fair values

34.4.4(a) Fair value estimation

All financial assets and financial liabilities are initially recognised at the fair value of consideration paid or received, net of transaction costs as appropriate, and subsequently carried at fair value or amortized cost.

Carrying value of all financial instruments approximate their carrying value. The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values. Fair value is determine on the basis of objective evidence at each reporting date.

Fair values have been determined for measurement and / or disclosure purposes based on the following methods.

Non-derivative financial assets

The fair value of non-derivative financial asset is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date. This fair value is determined for disclosure purposes.

Non-derivative financial liabilities

Fair value, which is determine for disclosures purposes, is calculated based on the present value of future principal and interest cash flows, discounted at market rate of interest at the reporting date.

35 Capital risk management

The Board's policy is to maintain an efficient capital base so as to maintain investor, creditor and market confidence and to sustain the future development of its business. The Board of Directors monitors the return on capital employed, which the Company defines as operating income divided by total capital employed. The Board of Directors also monitors the level of dividends to ordinary shareholders.

The Company's objectives when managing capital are:

- to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) to provide an adequate return to shareholders.

The Company manages the capital structure in the context of economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares, or sell assets to reduce debt.

Neither there were any changes in the Company's approach to capital management during the year nor the Company is subject to externally imposed capital requirements.

36 Number of employees

Total average number employees during the year as at June 30, 2015 and 2014 respectively are as follow:

	2013	2017
	No. of en	nployees
Average number of employees during the year	377	384
Number of employees as at June 30	375	379

2014

2015

37 Date of authorization for issue

These financial statements were authorized for issue on 08 October 2015 by the Board of Directors of the Company in their meeting held on 08 October 2015.
