# CHAIRMAN'S REVIEW

On behalf of the Board of Directors, I present the unaudited accounts for the half year ended June 30, 2015. These accounts have been subjected to review by our auditors - M/s. Ernst & Young Ford Rhodes Sidat Hyder, Chartered Accountants.

Net sales for the period under review were Rs.443 million as compared to Rs.688 million in the corresponding period of 2014 and consequently net profit decreased to Rs.0.9 million from Rs.33 million.

As expected, the results for the period under review reflected a declining trend in price and demand for guar products and similarly our margins. This is mainly because of the poor demand from overseas buyers particularly from the oil drilling sector.

Heavy monsoon rains in the guar growing areas of Sindh and India have prompted the growers to increase cultivation of guar and bumper crop is expected. In anticipation of this crop, the seed prices are consistently falling. Guar market in India has crashed. Indian producers are making distress sales at very low prices which are adversely impacting our sales. Reportedly, 80% of the Indian factories are closed. The management is fully conscious of this situation and doing its best to explore new markets. We were able to add one of the largest traders of food products in the world to our customer base. Negotiations with some other large users of guar products in the oil drilling sector are in progress and some breakthrough is expected soon. However, the next half year looks very bleak for the Company compared to our last year's performance.

I would like to thank all the employees for their hard work under very trying conditions. I also owe a debt of gratitude to the Board Members for their wise counsel and continued support.

## AUDITORS' REPORT TO THE MEMBERS ON **REVIEW OF INTERIM FINANCIAL INFORMATION**

#### Introduction

We have reviewed the accompanying condensed interim balance sheet of Pakistan Gum And Chemicals Limited (the Company) as at 30 June 2015, and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement, and condensed interim statement of changes in equity and notes to the accounts for the six-month period then ended (here-in-after referred to as "interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this interim financial information based on our review.

#### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.
