Group CEO's Message

Pakistan telecommunication industry in 2015 remained highly vibrant and active, bringing all sorts of excitements and opportunities to this critical sector of the economy. During this year, we witnessed many concurrent developments such as the official release of the much awaited new telecommunication policy covering all facets of the industry, new regulations for handling incoming international traffic and the launch and completion of biometric verification for all cellular customers of Pakistan. With these changes and challenges, PTCL Group managed to steer towards continued and sustainable growth in consolidating its position as the leading and the largest telecommunication operator in Pakistan.

PTCL continued to enjoy the leading position as national broadband provider of the country where data services now constitute more than 40% of its total revenue. For wireless broadband segment, Ufone continued to enhance and expand its 3G coverage in more cities not only in terms of footprint but bringing a better quality of service experience to the customers with attractive packages; whereas to further strengthen its existing CharJi EVO, PTCL has successfully concluded the purchase and acquisition of spectrum from the market and has actively participated in AJK spectrum auction, securing adequate capacity to provide quality of service and extend services to remote areas of AJK and Gilgit Baltistan.

For fixed segment, PTCL retained its position as the backbone of data and broadband services in Pakistan, and invested in expanding its bandwidth of national and international transport network to cope with

"I believe that Pakistan telecommunication landscape remains rife with unlimited opportunities and given PTCL track performance, investment capabilities and future readiness, I am wholly convinced that success and growth will be the hall mark for PTCL Group in 2016."

the resulting increase in the data traffic of the country. For enhanced Fiberization, various projects comprising fiber to the home and fiber to the business were deployed in various metropolis of the country thus providing ultra-high-speed internet connectivity with scalable upgrades.

PTCL successfully positioned itself as a premier media & content aggregator and distributor this year. We are the first to launch "SMART TV" Over The Top application in the market, enabling customers to view more than 140 channels on the move using multiple screens. Our partnerships with media providers, continue to bring in quality content to the customers, building a national TV distribution network around the communities. Media servers have accordingly been deployed in most of the cities to improve the quality of experience for content viewership. PTCL was a leading participant in Direct to The Home (DTH) auction process and we are excited about the prospects of PTCL becoming the national DTH provider when the right opportunity is presented.

On the digitalization and content services, PTCL further enhanced its products portfolio by launching more digital and cloud-based services encompassing business software, media and conferencing services. Cloud-based services are vital to enable future growth of the ICT industry and PTCL is highly committed to remain an active and prominent player in the digital inclusion. Fully realizing this role and responsibility, we shall continue to invest in expanding and enhancing the network and IT infrastructure, improving and fostering its marketing & sales channels, customer touch points and will firmly continue for the adoption of collaborative business models to ensure the launching of innovative digital solutions and services to consumers and businesses.

This year PTCL and Ufone both completed and officially launched "Project One" which is culmination of more than one year continuous work from design to development stage, envisioned to provide ease and convenience to the customers. Project One provides customers with the capability to buy and pay online for all the products & services in real time through multiple channels using websites and mobile applications.

PTCL's success is undoubtedly attributed to the sheer hard work and relentless contributions of its talented workforce. To nurture our talent, we introduced an assorted blend of development interventions, crafted to take the overall organizational human capital capability a notch up and to particularly develop a strong talent and leadership pipeline. PTCL's investment in human capital was further enhanced in the year 2015 with the introduction of structured succession planning, globally recognized online learning tool i.e. Harvard Manage Mentor and other top notch development initiatives providing a total of 63,010 trainee days to our employees. Our second batch of Etisalat Group Hipo Program successfully graduated this year and two years in-house Fuel program for future leaders was also completed.

I would like to seize the opportunity here to sincerely thank our customers for their continuous trust and loyalty, our employees for their continuous hard work and commitment for taking PTCL to attain new heights of success, our shareholders for the continuous support they have extended. I would also like to specially thank the regulatory authorities and policy makers who have been thoroughly engaged and keen for the sustainable growth of the telecommunication and ICT industry in this country.

I believe that Pakistan telecommunication landscape remains rife with unlimited opportunities and given PTCL track performance, investment capabilities and future readiness, I am wholly convinced that success and growth will be the hall mark for PTCL Group in 2016.

فائبرائزیشن میں اضافے کیلئے ملک کے کئی بڑے شہروں میں کئی منصوبے جیسے فائبر ٹو ہوم اور فائبر ٹو بزنس شروع کیے ہیں جن سے برق رفتار انٹرنیٹ کونیکٹو ٹی بمع قابل اضافہ اپ گریڈز کی فراہمی میں مدد ملی ہے۔

پی ٹی سی ایل نے اس سال کامیابی کے ساتھ خود کو سب سے بڑے میڈیا اور مواد کے پیش کار کی حیثیت سے تسلیم کرایا ہے۔ ہم نے مارکیٹ میں سب سے پہلے او ور دی ٹاپ ایپلیکیشن سمارٹ ٹی وی کو متعارف کرانے کا اعزاز حاصل کیا ہے۔ جس کے باعث کسٹمرز اپنی کثیر الجہتی سکرینوں کو استعمال کرتے ہوئے 140 سے زائد چینلوں سے لطف اندوز ہوسکتے ہیں۔ میڈیا پروائیڈرز کے ساتھ ہماری شراکت داری جس کی وجہ سے کسٹمرز کو معیاری مواد دیکھنے کو ملتا ہے مختلف کمیونٹیوں کیلئے ایک قومی ٹی وی ڈسٹری بیوشن نیٹ ورک قائم کرنے کا باعث بنی ہے۔ اس حوالے سے مواد کی ویورشپ کے معیار کو بلند تر کرنے کیلئے زیادہ تر شہروں میں میڈیا سرور نصب کیے گئے ہیں۔ پی ٹی سی ایل ''ڈائریکٹ ٹو دی ہوم (DTH) '' نیلامی کے عمل میں ایک بڑا حصہ دار تھا اور موزوں موقع کی دستیابی کی صورت میں ہم پی ٹی سی ایل کے قومی DTH فراہم کنندہ ہونے کے امکانات کے بارے میں پرجوش ہیں۔

ڈیجیٹلائزیشن اور مواد کی خدمات کے حوالے سے پی ٹی سی ایل نے بزنس سافٹ وئر، میڈیا اور کانفرنسنگ کی خدمات کا احاطہ کرنے والی ڈیجیٹل اور کلاؤڈ بیسڈ خدمات کو متعارف کرانے کے ذریعے اپنی مصنوعات کے پورٹ فولیو میں مزید اضافہ کیا ہے۔ آئی سی ٹی کی صنعت کو مستقبل میں مزید پھولنے پھلنے کیلئے کلاؤڈ بیسڈ خدمات کلیدی اہمیت کی حامل ہیں۔ جبکہ ڈیجیٹل انکلوژن میں ایک متحرک اور اہم ترین فریق کے طور پر اپنے وجود کو برقرار رکھنے کے سلسلے میں پی ٹی سی ایل پرعزم ہے۔ اس کردار اور اس سے وابستہ ذمہ داریوں کا مکمل احساس کرتے ہوئے ہم مارکیٹنگ اور سیلز چینلوں نیز کسٹمر ٹچ پوائنٹس میں بہتری اور تیزی لانے کے ذریعے نیٹ ورک اور آئی ٹی انفراسٹرکچر کو بڑھانے اور وسعت دینے کے عمل پر کاربند رہیں گے۔ علاوہ ازیں صارفین اور کاروباری اداروں کو نت نئی خدمات اور ڈیجیٹل سلوشنز کو متعارف کرانے کے عمل کو یقینی بنانے کیلئے شراکتی بزنس ماڈل کو اپنانے کا سلسلہ بھی جاری رکھیں گے۔

اس برس پی ٹی سی ایل اور یوفون دونوں نے ''پراجیکٹ ون'' کو مکمل کرکے لانچ کر دیا ہے جو ڈیزائن سے ڈویلپمنٹ کے مراحل میں ایک سال پر محیط محنت شاقہ کا ثمر ہے۔ ہمیں یقین ہے کہ اس کے نتیجے میں کسٹمرز کو سہولت اور آسانی میسر ہوگی۔ پراجیکٹ ون کسٹمرز کو ویب سائٹس اور موبائل ایپس کے ذریعے متعدد طریقوں سے تمام مصنوعات اور خدمات کو خریدنے اور ان کیلئے ادائیگی کرنے کی سہولت مہیا کرتا ہے۔

پی ٹی سی ایل کی کامیابی بلاشک وشبہ اس کے باصلاحیت کارکنوں کی شب وروز کی محنت شاقہ کی مرہون منت ہے۔ اپنے ٹیلنٹ کو نکھارنے کیلئے ہم نے ڈویلپمنٹ انٹروینشنز کے ایک حسین امتزاج کو متعارف کرایا ہے جسے مجموعی تنظیمی انسانی سرمائے کی استعداد کار کو بڑھانے اور خاص طور پر ٹیلنٹ اور قائدانہ صلاحیتوں کے تسلسل کو ترقی دینے کیلئے بنایا گیا ہے۔ مزید براں مربوط و مسلسل منصوبہ بندی، بین الاقوامی طور پر تسلیم شدہ آن لائن آلہ اکتساب کو متعارف کرا کے پی ٹی سی ایل کی جانب سے انسانی سرمائے میں سرمایہ کاری کو 2015 میں مزید جلا بخشی گئی ہے۔ ان میں ہارورڈ مینج منٹور (Harvard Manage Mentor) اور دیگر ترقی پذیر ڈویلپمنٹ اقدامات شامل ہیں جو ہمارے ملازمین کو 63,010 تربیتی دن فراہم کرتے ہیں۔ ہمارے اتصلات گروپ ہائپو پروگرام کے دوسرے بیچ نے اس سال کامیابی سے گریجویشن کی ہے نیز مستقبل کی قیادت کو ابھارنے والے دوسالہ ان ہاؤس فیول پروگرام کو بھی مکمل کیا ہے۔

میں اس موقع سے فائدہ اٹھاتے ہوئے غیر متزلزل اعتماد اور وابستگی پر اپنے صارفین، پی ٹی سی ایل کو کامیابیوں کی نئی رفعتوں کی جانب گامزن کرنے کیلئے انتھک محنت کرنے پر اپنے ملازمین اور لگاتار حمایت فراہم کرنے پر اپنے شیئر ہولڈرز کا تہہ دل سے شکریہ ادا کرنا چاہوں گا۔ میں ریگولیٹری اتھارٹیز اور پالیسی سازوں کا بھی خصوصاً مشکور ہوں جو اس ملک میں ٹیلی کمیونیکیشن اور آئی سی ٹی کی صنعت کی پائیدار ترقی میں عملی معاونت اور بھرپور دلچسپی کا اظہار کرتے رہے ہیں۔

مجھے اس بات کا یقین ہے کہ پاکستان ٹیلی کمیونیکیشن کا منظر نامہ ہمیشہ لامحدود مواقع پیدا کرتا رہے گا اور پی ٹی سی ایل کی فرد عمل اور گذشتہ کارکردگی، سرمایہ کاری کی صلاحیتوں اور مستقبل کی تیاری کے پیش نظر مجھے یقین واثق ہے کہ 2016 میں بھی کامیابی اور ترقی پی ٹی سی ایل کا ہی مقدر ٹھہرے گی۔

گروپ سی ای او کا پیغام

پاکستان کی مواصلاتی صنعت 2015 کے دوران خاصی جاندار اور متحرک رہی۔ جس نے اس دوران معیشت کے اس اہم شعبے میں ہر قسم کے مواقع اور دلچسپیاں متعارف کرائیں۔ اسی برس کے دوران ہم نے کئی متوازی تبدیلیاں رونما ہوتے دیکھیں جن میں ایک جامع اور ہمہ جہت سرکاری ٹیلی کمیونیکیشن پالیسی بھی شامل ہے جس کا بہت مدت سے انتظار کیا جا رہا تھا۔ اس کے علاوہ انکمنگ انٹرنیشنل ٹریفک کو منضبط کرنے والے قواعد وضوابط اور پاکستان میں تمام سیلولر کسٹمرز کیلئے بائیومیٹرک ویری فکیشن کے عمل کی تکمیل بھی اس برس رونما ہونے والی تبدیلیوں میں شامل ہیں۔ ان تبدیلیوں اور چیلنجوں کے ساتھ پاکستان میں سب سے معتبر اور سب سے بڑے مواصلاتی کمیونیکیشن آپریٹر کی حیثیت سے اپنی پوزیشن کو مستحکم کرنے کے حوالے سے پی ٹی سی ایل گروپ نے مسلسل اور پائیدار گروتھ کی جانب پیش رفت کی ہے۔

پی ٹی سی ایل نے ملک میں نیشنل براڈ بینڈ پرووائیڈر کے طور پر قائدانہ حیثیت کو مسلسل برقرار رکھا ہوا ہے جہاں ڈیٹا کی خدمات اس کے کل ریونیو کے 40 فیصد کے سے بھی زائد ہیں۔ وائرلیس براڈ بینڈ کے شعبے میں یوفون نے نہ صرف فٹ پرنٹ بلکہ کسٹمرز کیلئے پرکشش پیکیجوں کے ساتھ خدمات کے بہتر معیار کے اعتبار سے زیادہ سے زیادہ شہروں میں اپنی تھری جی خدمات کو بڑھانے اور پھیلانے کا سلسلہ جاری رکھا ہوا ہے۔ جبکہ اپنی موجودہ چارجی ایوو (Charji Evo) کو مزید بہتر اور مضبوط کرنے کیلئے پی ٹی سی ایل نے مارکیٹ سے سپیکٹرم کے حصول اور خرید کو کامیابی کے ساتھ پایہ تکمیل تک پہنچایا ہے اور اپنی خدمات کا دائرہ آزاد کشمیر اور گلگت۔ بلتستان کے دور افتادہ علاقوں تک بڑھانے کیلئے توسیعی خدمات اور ان کے بہتر معیار کی فراہمی کو یقینی بناتے ہوئے آزاد کشمیر میں سپیکٹرم کی نیلامی میں متحرک انداز میں شرکت کی ہے۔

فکسڈ سیگمنٹ کے سلسلے میں پی ٹی سی ایل نے پاکستان میں ڈیٹا اور براڈ بینڈ میں اپنی ریڑھ کی ہڈی کی حیثیت کو برقرار رکھا ہے۔ علاوہ ازیں اس نے ملک میں بڑھتی ہوئی ڈیٹا ٹریفک کی طلب کو پورا کرنے کیلئے اپنے قومی اور بین الاقوامی ٹرانسپورٹ نیٹ ورک کی بینڈ وتھ کے دائرہ کار کو پھیلانے کیلئے سرمایہ کاری بھی کی ہے۔

’مجھے اس بات کا یقین ہے کہ پاکستان ٹیلی کمیونیکیشن مواصلات کا منظر نامہ ہمیشہ لامحدود مواقع پیدا کرتا رہے گا اور پی ٹی سی ایل کی فرد عمل اور گذشتہ کارکردگی، سرمایہ کاری کی صلاحیتوں اور مستقبل کی تیاری کے پیش نظر مجھے یقین واثق ہے کہ 2016 میں بھی کامیابی اور ترقی پی ٹی سی ایل گروپ کا ہی مقدر ٹھہرے گی۔“

Directors' Report

On behalf of the Board of Directors of Pakistan Telecommunication Company Limited (PTCL), we are pleased to present the annual report and the audited financial statements for the year ended December 31, 2015 together with the auditors' report thereon.

The year 2015 presented a multitude of challenges and events making it more competitive to sustain your Company's market share and leadership position. Despite the challenges, PTCL successfully rolled-out vital projects to foster growth and resultant enhancement in customer experience. Key milestones were achieved with regards to network expansion by further extending our reach to untapped areas. In 2015, your Company expanded its wireless footprint by launching services in Azad Jammu and Kashmir & Gilgit-Baltistan (AJK & GB) areas and also launched the flagship Charji services in seven new cities. A significant number of wireline and wireless product launches as well as creative win-back and upgrade campaigns have all contributed to stable business results for the year.

Forthcoming sections elucidate your Company's performance during the year.

1. Industry Outlook

The year 2015 has been challenging and momentous for the economy at large and for the telecom sector in particular. In comparison to previous years, there were visible signs of improvement in the economic fundamentals owing to the decline in global oil and commodity prices, peak level of foreign exchange remittances, low inflation and improvement in external account as well as fiscal deficit. These developments enabled the economy to pick up momentum which is expected to accelerate going forward.

The telecom sector benefited from economic stimulus and tremendous surge in broadband usage as well as growth in traditional voice traffic. The number of broadband subscribers (including 3G/4G) increased from 16.89 million in 2014 to about 26.29 million in 2015 showing exponential growth. While broadband wave spread across the country during the year, voice communication remained the bedrock of revenue for the industry. The national voice traffic originated in Pakistan reached 400 billion minutes - an increase of 15% over 2014. The biometric verification initiated by Pakistan Telecommunication Authority (PTA) resulted in the closure of 26 million mobile phone SIMs, paring down the number of active mobile subscribers to 125.9 million.

To meet the increasing demand for data services, various initiatives were undertaken by PTCL to push the boundaries of its Broadband services portfolio by upgrading the existing packages to enable the consumers to enrich their experience. The strategy was aimed at establishing 4Mbps service as the baseline for fixed broadband and enable consumers to experience the delight of unlimited high speed Internet. This commercial strategy was well aligned with the technology roadmap of deep fiber penetration in the access network to support high bandwidth services for retail and corporate customers. In this regard, it is

pertinent to mention the launch of 8 to 100 Mbps packages powered by VDSL (Very High-Speed Digital Subscriber Line) and GPON (Gigabit Passive Optical Network) technologies which reinforced PTCL's position as the leading enabler of digital economy transformation in the country. PTCL also extended its flagship CharJi services to take advantage of the opportunities in wireless broadband space in the country.

The Government authorities announced two key policy measures impacting the telecom business environment. Earlier in the year, the annulment of ICH (International Clearing House) policy and full deregulation of international incoming traffic rates was announced. This decision caused rates of Pakistan-bound international traffic to undergo a steep decline resulting in revenue dip for nearly all telecom operators. Later in the year, the much awaited Five Year Telecom Sector Policy was announced outlining Government's priorities and objectives for development of the telecom sector whereby growth of broadband services is identified as the key priority.

In order to facilitate the wireless services, trading in spectrum was permitted. Spectrum auction for fixed wireless services was held by PTA for Azad Jammu and Kashmir & Gilgit-Baltistan areas in which PTCL successfully secured 1900 MHz and 3500 MHz spectrum to extend wireless broadband services in these two regions.

Pakistan ranks high on the list of heavily taxed telecom industries in the world. Taxes on telecom services account for about one third of the total service cost to consumers. To add to this burden, additional taxes were imposed on the use of internet services as well as on revenues from international incoming traffic at provincial levels. The increasing tax burden on telecom has become a cause of serious concern for consumers, operators and other stakeholders at large.

The dynamics of intensely competitive telecom industry paved way for aggressive business approaches by telecom operators. Consequently, Mobilink and Warid made a much awaited consolidation move in the sector by announcing to merge their operations in Pakistan. After regulatory approvals, a merged company with over 45 million customers is expected to emerge in Pakistan.

On the broadcast media and content vertical, PTCL continues to maintain a leading position in the market through Smart TV, the only national time-shift TV service in the country. In order to consolidate its position as the leading multimedia service provider, PTCL's subsidiary 'Smart Sky' participated in the PEMRA (Pakistan Electronic Media Regulatory Authority) licensing process for Direct-to-home (DTH) satellite TV service. However, PEMRA has put the DTH licensing process on hold.

The foray of Mobile Financial Services (MFS) beyond bill payments and remittances has opened up new avenues of growth which has found firm footing in the country's financial industry landscape. The growth in fixed and mobile broadband services has become a key driver of e-commerce, which is experiencing double digit growth. Almost half of all traffic on the local online shopping sites is originated from mobile networks. This trend is likely to accelerate as online shopping becomes common place and MFS service providers are able to provide integrated payment solutions for the digital consumers.

2. Financial Performance

Performance of your Company remained stable during 2015. The Data services grew both in terms of revenue and subscribers. Profits for the year also increased culminating in increased earnings per share (EPS).

Profitability

PTCL's net profit for the year at Rs. 8.8 billion increased by 68% over last year mainly due to effective cost optimization measures as well as the exceptional expenses of the voluntary separation scheme and loss of assets due to fire recorded in 2014. PTCL's Group profit after tax for 2015 was Rs. 1.9 billion. The PTCL Group profitability for the year remained subdued mainly on account of financing cost and amortization expenses related to 3G network roll out by Ufone – the 100% owned subsidiary of PTCL.

PTCL's earnings per share (EPS) for the year was Rs. 1.72 whereas for PTCL Group the EPS was Rs. 0.37.

Revenues

During the year, PTCL Group revenues were at Rs. 118.6 billion. PTCL's revenues of Rs. 75.8 billion for the year registered decrease compared to last year mainly on account of decline in Voice revenues caused by deregulation of ICH. However, the Data segment comprising of Broadband, both wireline and wireless, as well as Content and Multimedia performed well resulting in 12% increase in revenues from these services. Similarly, the Digital Services also yielded an increase in revenues based upon its multitude of products meeting the needs of diversified corporate customers.

Operating Costs

Based upon effective cost optimization measures in place during the year, the total operating cost for PTCL decreased by 3% compared to previous year (excluding the exceptional expense of last year as stated earlier). On similar basis, the decrease in PTCL's Group operating expenses was 1% per annum as well. Of the PTCL operating expenses, the cost of services of Rs. 53.8 billion decreased by 3% and administrative and general expenses of Rs. 9.8 billion decreased by around 1%. Selling and marketing expenses of Rs. 3.5 billion, however, increased by 7% as compared to last year due to aggressive marketing campaigns launched during the year encompassing broad range of the products being offered by your Company. Salaries, allowances and other benefits; foreign operators' cost and satellite charges; depreciation on property, plant and equipment; amortization of intangible assets; fuel and power; advertisement and distribution charges and store, spares and loose tools consumed were the main constituents of the operating expenses.

Dividends and Appropriations

For the year under review, the Directors have recommended a final cash dividend of 10% (Re. 1.0 per share) which is in addition to the interim cash dividend of 10% (Re. 1.0 per share). The total dividends for the year thus stood at 20% (Rs. 2.0 per share).

For equalizing the final dividend declared, the Directors have approved transfer of Rs. 3 billion from general reserve to unappropriated profits. Also, the income of Rs. 0.2 billion earned on insurance reserve funds was transferred from unappropriated profits to the insurance reserve.

Other Matters

Your attention is drawn to note 12.12 of PTCL's financial statements as well as note 17.12 of the consolidated financial statements for the year, which contains the information and explanation regarding the review petitions filed by the Company, Pakistan Telecommunication Employees Trust and the Federal Government before the Supreme Court of Pakistan against its order dated June 12, 2015 as highlighted by external auditors in their audit reports.

3. Product & Services

Your Company, having the distinction of being the only fully integrated telecom service provider in the country, serves all segments of the customers ranging from households to enterprises as well as other telecom operators based upon its extensive and advanced network capabilities. Towards this end, PTCL continued to offer new products and services and also strengthened the existing offerings as per customers' requirements by introducing new features at competitive and affordable prices.

During 2015, the products portfolio encompassing broadband, contents and media, voice, services for corporate and enterprise segments, interconnect offerings, international connectivity etc. was further streamlined and augmented, a brief of which is provided in ensuing paragraphs.

Wireline Broadband

Wireline Broadband services encompassing diversified technologies such as ADSL (Asymmetric Digital Subscriber Line), VDSL (Very High-Speed Digital Subscriber Line) and GPON (Gigabit Passive Optical Network) showed steady growth during 2015 in revenues as well as in subscribers' base. The growth was made possible through a number of product launches, enhancements as well as win-back and upgrade campaigns with tariff rationalization which were well received by the customers.

Continuing the momentum of 'Broadband 4 Mbps for All' campaign introduced during last year, the subscribers of 1Mbps and 2Mbps were upgraded to 4Mbps speed at existing price for a limited period with discounted rate offerings for additional period. A '4 Mbps Triple Play Bundle' was also launched offering voice, broadband and smart TV at single economical price.

Similarly, through Broadband Double Speed Promotion, the customers were provided with the

opportunity to avail 2Mbps Student and 2Mbps Capped data rates in price of existing 1Mbps packages for a limited time with additional benefit of waiver of Smart TV monthly charges during the offer period.

Further, the 8Mbps Promotion was launched as an auto upgrade campaign wherein all 4Mbps subscribers with feasible lines were upgraded to 8Mbps without any additional charges for a limited time period with discounted price for additional period. PTCL also launched an 8Mbps promotional package targeting 4Mbps GPON users.

Your Company also launched a commercial Broadband Reconnect campaign with attractive discount as well as remission of installation / restoration charges upon full payment of the outstanding PTCL dues. Building on our efforts towards promoting double and triple play packages, an appealing campaign offered waiver of DSL installation charges for single play customers connected through MSAGs (Multi Services Access Gateways) with the aim to enhance utilization of the MSAG capacity by offering customers uninterrupted double/triple play services.

Besides these measures, PTCL also rationalized pricing of various 1Mbps and 2Mbps packages with enhanced download volumes in certain cases with the objective to retain and enlarge the respective customer base forming a considerable part of the Broadband business segment.

Moreover, an all-product-bundle branded as 'Power Pack' which comprises of a combination of EVO, Broadband, Smart TV and landline was launched during the period. Both existing and new customers can purchase the bundle and receive a unified postpaid bill for all services. Creating the concept of a 'PTCL Digital Home', the product is positioned as a single convenient bundle catering to the voice and data needs of an average Pakistani household.

For the internet gaming enthusiasts using PTCL's Broadband packages, your Company launched a Pakistan Gaming Lounge service which focuses towards multiplayer gaming users and youth of Pakistan.

Wireless Broadband

Based on the careful analysis of contemporary market dynamics resulting in identification of areas of potential growth, several innovative products and campaigns were launched with a view to retain and increase the existing customer base of wireless Broadband.

During the year, Charji EVO service was extended to various cities viz. Faisalabad, Multan, Peshawar, Sialkot, Gujranwala, Lalamusa and Kharian, enabling access to CharJi EVO products (CharJi EVO Wingle, CharJi EVO Clouds and CharJi EVO Tablets) with improved data rates and high speed wireless internet up to 36 Mbps. Launch of CharJi EVO service in these cities enabled your Company to address the growing demand for high speed internet services thus maintaining PTCLs' image of ensuring extensive network coverage across the country.

PTCL also introduced a new product viz. CharJi EVO Tablet. The dual sim (CharJi & GSM) high performance quad core tablet has attractive features and is packaged with free capped data usage, a complimentary Smart-TV application valid for one year, free on-net Ufone minutes, a free Sygic GPS navigation application, a complimentary car tablet-holder and vehicle charger. Additionally,

through the Wireless Upgrade offer, existing users can trade-in any EVO device for an upgrade with attractive discount. Resultantly, a number of subscribers upgraded to newer devices with higher tier packages.

In order to address the needs of price-savvy customers, PTCL introduced EVO Limitless Offer with the view to retain and enhance the EVO subscriber base through economical packages. The new limitless package tariffs are designed to stay abreast of the market competition and meet the requirements of price-conscious wireless subscribers. The offer is in addition to the earlier-launched un-bundled CharJi EVO packages for the same customer segment. A new CharJi EVO Wingle device was also introduced in the product mix.

Besides the EVO Recharge Offer for inactive EVO 9.3 subscribers with discounted line rent, a time-bound, lucky-draw promotion viz. EVO Luck Patti Promotion was launched to encourage usage and recharges for Charji and EVO services. Subscribers wishing to participate in the offer had to simply recharge, upgrade or purchase any CharJi or EVO device to qualify for attractive daily cash prizes. The campaign helped to increase the recharges by the users thus enhancing the revenues.

An EVO Reconnect Offer was launched aimed at enticing inactive subscribers, who had not recharged their pre-paid device or paid their post-paid bills. Subscribers opting for the offer receive unlimited packages, valid for 1 month, by simply recharging Rs. 100. Besides, EVO 3.1 inactive subscribers were offered discounted packages at joining back.

In compliance of the regulatory requirements, your Company launched an EVO Biometric Campaign whereby the EVO / Charji subscribers, new and existing, are required to have ownership of their devices biometrically verified. For the customers to have the devices verified easily, PTCL has established various touch-points throughout its vast distribution network by providing the needed equipment and connectivity at each such location.

Content & Multimedia

With the objective to make PTCL the largest multimedia content aggregator thus providing quality entertainment and video contents meeting the needs of PTCL's diversified customer base, your Company's Smart TV services were further enriched during the year.

Your Company collaborated with Akamai for the installation of CDN (Content Delivery Network) nodes in Karachi, Lahore and Islamabad. These nodes will not only enhance customers' video streaming experience but will also conserve international bandwidth by serving the contents locally.

Under the partnership with ARY Network - the leading content house of Pakistan, the ARY content archives were made accessible over the internet benefiting the entire Broadband user base of PTCL.

PTCL also signed a content deal with eVision (Subsidiary of Etisalat) for provision of Kids content on PTCL Smart TV which ranges from pre-school series to grown-up kids titles.

Your Company launched OTT (Over the Top) Smart TV Application on the occasion of ICC Cricket World Cup featuring ad-free cricket matches. The application offers more than 140 live TV channels, video on demand service and interactive features such as TVOD (Transactional Video on Demand), PVR (Personal Video Recording) parental lock etc.

Moreover, as part of furthering PTCL Group's multi-screen strategy, the Smart TV application was extended to Ufone customers' base through easy registration and subscription methodology. This was in addition to the earlier offer of pre-installed Dailymotion application on Ufone smart phones.

PTCL also re-launched smart TV App with easy in-app registration process using prepaid and PTCL billing options, along with enhanced app features. It allows any internet user to download the application from the app

stores and register it at his/her convenience. Further, through a new application, interaction with Smart TV programs / advertisements was also made possible.

In collaboration with various film makers, contents of Smart TV Video on Demand (VOD) service were further enlarged with addition of popular films.

Voice

Being the pioneer of fixed line telephony in Pakistan, PTCL introduced an appealing landline package for its subscribers. The 'Utalk Bundle' package at economical price was launched in collaboration with Ufone with the objective to encourage subscribers to enhance the landline usage with unlimited monthly minutes for calling Ufone numbers. The package proved successful as a sizeable number of customers subscribed to this service in a short span of time increasing both number of calls made and minutes consumed.

Building on to the tradition of introducing innovative products, PTCL launched a landline application named SmartLink making the traditional PTCL landline mobile. SmartLink android application aims at offering mobility to all landline users and enables them to make audio calls, enjoy video calling and access mobile TV on the go. In this regard, an EVO-PSTN Bundle promotion was launched offering the landline customers a free 3G EVO Wingle or any Charji EVO device on convenient monthly installments included in normal PSTN bills.

With the objective to increase value for PSTN existing and new customers, a PSTN VAS (Value Added Services) Bundle was also launched. The product offers various useful value added services at economical price.

In order to encourage timely bill payment by landline subscribers thus further improving the cash flows, PTCL launched the campaign titled 'PTCL Eidi Offer' in the month of Ramadan with attractive prize schemes based upon lucky draws.

With the view to increase volume of international outgoing traffic, your Company further rationalized the tariff for selected international destinations after thorough analysis of customers' preferences.

Carrier and Wholesale Services

Being the only fully integrated telecom operator in the country, PTCL is well positioned to serve other carriers and telecom operators based upon its extensive and modern technical networks. In this regard, the products offered by your Company include interconnection, IP bandwidth, backhaul and active / passive infrastructure services at affordable price thus enabling the carriers to build and extend their networks and provide a broad range of voice and data services to their end-users.

Based upon its vast fiber footprint across the country, PTCL continued to offer its consistent support to carriers in their launch and expansion of next generation data (3G & 4G) services capitalizing on the increased demand for IP bandwidth capacity by adopting a competitive pricing strategy. As a result, the carries have increased utilization of the IP bandwidth of PTCL through deployment of 10 GE (Gigabit Ethernet) interfaces. With the inclusion of Wi-Fi Hotspots offering, Managed Colocation Services and Tower Sites Leasing in the existing product range, PTCL has proven its commitment towards innovation and progression.

International Business

PTCL is the major provider of IP bandwidth in the country serving all segments of its vast customer base ranging from retail to enterprises as well as other carriers and telecom operators. The said provisioning is made possible based upon the extensive network capabilities in the form of three submarine cable systems owned by your Company with required redundancy. During the year, PTCL continued to invest in upgradation of these cables as 2nd and 4th upgradation of I-ME-WE and SEA-ME-WE-4 submarine cables respectively were duly undertaken. As a result, the ever-increasing country-wide demand of the IP bandwidth was satisfactorily met by your Company at economical cost.

Further, in spite of challenges like growth in OTT (Over the Top) traffic and reducing termination rates and volumes because of ICH (International Clearing House) deregulation, PTCL continued to maintain its leading position during the year as being the preferred LDI (Long Distance and International) carrier in domestic market as well as neighboring countries for international traffic and media provisioning at reducing costs made possible due to adoption of modern technologies and practices.

Digital Services

During the year, PTCL further expanded the customer base of digital services besides broadening the service portfolio to the existing enterprise customers. As a result, the related revenues during the year increased by 6% over last year. Additionally, your Company also focused on different ICT (Information and Communication Technology) projects providing a wider range of services in collaboration with various system integrators which also contributed towards higher business growth.

In the wake of the requirements of our customers to address their security needs, focus on providing appropriate solutions based on iSentry – IP Camera Surveillance services was intensified. Similarly, the managed services portfolio was expanded to incorporate up-to-date offerings such as Managed Wi-Fi. Point-to-Multipoint connectivity, another modern technology, was also introduced for corporate customers.

Besides growing the business with large-sized enterprises of the country in major cities, your Company's focus on targeting tier-II cities resulted in continuous expansion of enterprise customer base in these areas as well.

Moreover, SMEs (Small and Medium Enterprises) is a sizeable market opportunity for PTCL. Although, the segment is highly fragmented in fulfilling their ICT needs, however, based upon the dedicated efforts, PTCL attained sizeable growth in this sector as well.

In cloud services, PTCL launched SaaS (Software as a Service) platform, targeting SMEs and business customers. The platform hosts six applications comprising of web building tool, HD video conferencing, email marketing tool with analytics, online storage box, end-point protective software and patient management system for doctors and clinics.

PTCL also signed an exclusive agreement with 'IT Butler', a front-end partner of Blackboard to offer fully managed LMS (Learning Management System) in Pakistan. The Blackboard LMS software for automating the administration, documentation, tracking, reporting, delivery of e-learning education courses and blended training programs will address the needs of public and private universities, educational institutions, government departments and the corporate sector.

4. Support Functions

Network Infrastructure

Commensurate with the potentials in business growth, PTCL continued expansion of its network infrastructure during the year. Capacity enhancement in access – wireline and wireless both, core and transport networks was made to ensure that new business opportunities, with innovative products and improved IP based technologies, are timely availed by your Company.

Network resilience was strengthened through various initiatives. Health, safety and environment aspects of major transmission hub sites were further improved with modern and sophisticated techniques for the increased protection of assets and to ensure seamless service availability to the customers. In this regard, a new hub site was established at Lahore which ensures protection and availability of all types of services throughout PTCL network.

Your Company expanded its wireline access network to meet the growing demand of higher speed and enhanced quality of various broadband services and products. Towards this end, GPON (Gigabit Passive Optical Network) based FTTH (Fiber to the Home) pilot projects were launched in selected areas of Islamabad, Lahore, Karachi and Faisalabad. The projects encompass end-to-end fiber connectivity enabling provisioning of ultrahigh speed broadband to the valued customers. Similarly, existing brown field areas are also being progressively migrated from copper to fiber network through deployment of MSAGs (Multi Services Access Gateways) which are also GPON-enabled thus paving way for further extension of FTTH services.

For the wireless access network, PTCL extended its flagship 'EVO CharJi' services to seven more cities. The wireless footprint was further expanded through commissioning of new BTS (Base Transceiver Station) sites while a number of BTS sites were upgraded to 3G – EVDO (Evolution-Data Optimized) technology. With the objective to enhance experience of customers availing PTCL wireless broadband services, your Company not only acquired additional 5MHz spectrum during the year but also reframed the spectrum to mitigate interference to 3G/4G cellular operators. PTCL also launched EVDO services in 1900 MHz in Haripur, Abbotabad, Mansehra, Mardan, Swabi, Charsadda, Nowshera and Peshawar, providing superior service to the subscribers in these areas. Your Company also acquired another 5 MHz spectrum in Azad Jammu and Kashmir & Gilgit-Baltistan areas in 1900 MHz band and up to 60 MHz spectrum in 3.5 GHz band to provide quality service to customers of these areas.

For the core transport network, PTCL doubled the long-haul DWDM (Dense Wavelength Division Multiplexing) capability by increasing it from 40 Lambdas to 80 Lambdas. Likewise, capacity of Internet Gateway was also expanded to 450 Gbps. These upgradations enable PTCL to offer upgraded and customized broadband packages to its esteemed diversified customer base. Existing spurs legacy transmission nodes were replaced with IP based MPLS-TP (Multi-Protocol Label Switching – Transport Profile) nodes with multi-folds capacity to cater to the increasing bandwidth requirements with flexible options. Also, additional media and fiber at multiple paths made the existing transport network more resilient enabling uninterrupted service availability especially to corporate customers and other operators. Further, deployment of Web and Video Content Caching solution at domestic core sites and selected edge sites not only conserved usage of international core bandwidth thus saving costs but, more importantly, enabled speedier access of popular content by our valued customers.

Your Company also introduced a state-of-the-art and the only DDoS (Distributed Denial of Service) detection and mitigation system in the country. The system provide comprehensive visibility with real-time reporting of critical network traffic, services and applications to proactively protect against DDoS attacks, including comprehensive protection for dual-stack IPv4/IPv6 infrastructure. The system contains a full suite of countermeasures that surgically remove DDoS attack traffic while enabling the flow of legitimate traffic without interrupting the service thus ensuring quality of service and reliable performance of PTCL IP network.

PTCL continued its effort to support public agencies for the execution of different welfare projects. An example in this regard is successful delivery of GPON based connectivity solution to Rawalpindi/ Islamabad Metro Bus Project to interlink its stations and ticketing systems.

In order to meet the growth in international traffic, international submarine cable station expansion and associated projects are progressing as per agreed plan with the consortium AAE-1 (Asia-Africa-Europe-1) thus enabling high bandwidth channels on international routes. A new project was also initiated for international connectivity with Afghan Telecom on Torkhum – Karachi route.

To overcome prevailing power crisis in the country, your Company deployed alternate power back-up solutions for telecom equipment. These include enhanced battery backup, deployment of new technologies like smart switches and fast charging batteries leading to improvement in network performance. PTCL also introduced state-of-the-art shell-based precision cooling system for essential equipment to reduce operational expenses. Additionally, PTCL has deployed solar based power solution at BTS sites to ensure the uninterrupted power availability.

Information Technology (IT)

In line with the technological advancements and to facilitate the subscribers more, PTCL further expanded its information technology capabilities during the year effectively supporting the core business functions. Commensurate with the growth in internet penetration and to enhance the customer experience, your Company implemented online Web and Mobile interfaces which include the online shop, complaints registration and notifications for customer information.

The capabilities of bill collections through online real time channels were further enhanced and the ratio of collections through these modern channels increased to 98% of total bill collections during the year. The facility not only enabled timely collections but, more importantly, was instrumental in improving customers' satisfaction levels by redressing the related complaints instantly.

The customer segmentation was implemented in the CRM (Customer Relationship Management) application enabling tailor-made priority services including fast provisioning to high-value customers.

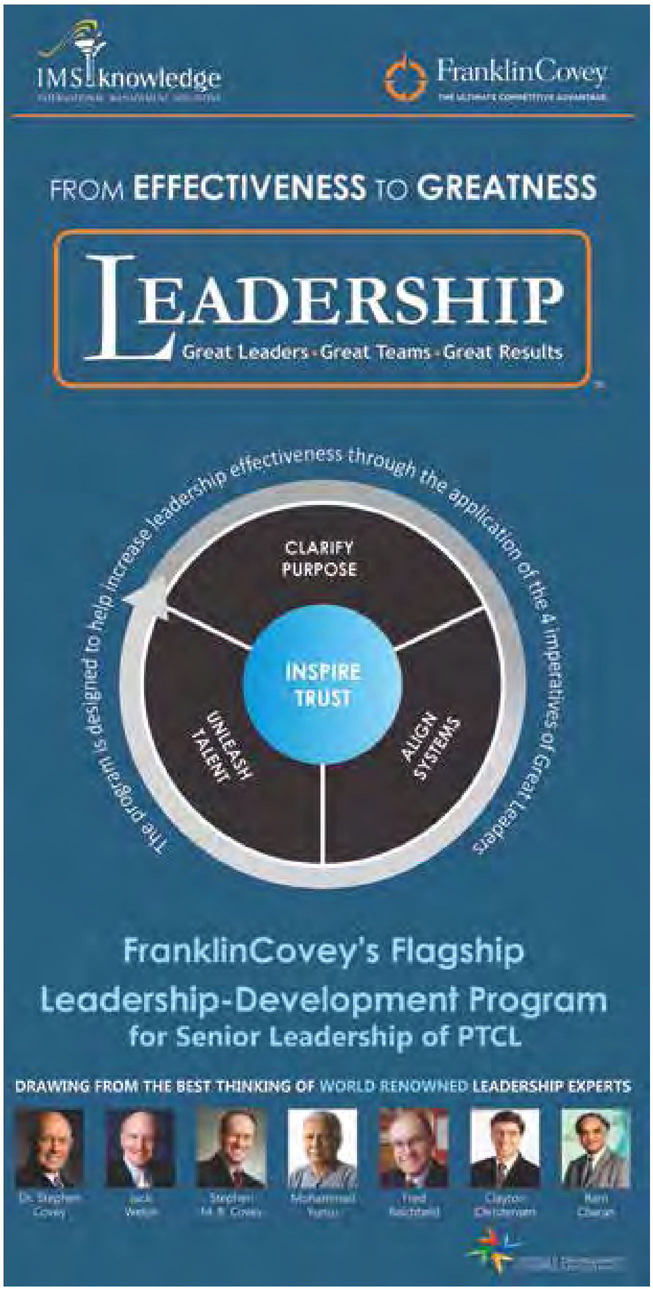
Your Company further optimized the IT infrastructure through measures like consolidation of storage, data back-up solution, optimization of licenses and re-negotiation of contracts etc. with resultant reduction in related operating costs as well as economies in usage of available resources. In this regard, the newly implemented Enterprise Data Warehouse System provides insights into the various business segments through dashboards and interactive reports in such a way that 360-degree view of all transactions related to various products, services and customers is obtained through one data model.

PTCL also undertook several measures to ensure information security especially with regards to its customer data such as introduction of new security policies which include 'Information Classification and Exchange Policy' and 'Mobile Secure Environment Policy'. Implementation of latest anti-virus software and corporate back-up solutions as well as strengthening of passwords were also undertaken in this direction.

Human Resources

With the objective to further develop a strong talent and leadership pipeline, a number of initiatives were introduced by PTCL during the year. The key initiatives included the increased emphasis on succession planning through SuccessFactors (The Leader in Cloud Solutions for HR) with enhanced benchmarking against business critical positions; development of a Functional Competency Framework for leadership skills; globally recognized online learning program HMM (Harvard ManageMentor®) for members of Leadership Excellence and Future Leadership Program as well as a customized Strategic Visioning Retreat held in UAE for the future leaders. Further, distinctive training interventions like 'The 8th Habit®', 'Silicon Valley Best Practices in Culture, Organization & Leadership' and 'Disruptive Innovation & Technology Trends' were also conducted by world-renowned trainers to help senior leaders stay abreast with latest industry trends. Also, a strategic action plan viz. 'ACE' focused on maximizing employee engagement by building an Aligned, Capable and Energized workforce to achieve business excellence.

Further, under the Professional Enrichment Program (PEP), personal and professional development of employees was accelerated through partnership



with LUMS (Lahore University of Management Sciences) to offer prestigious Executive development opportunities to PTCL's mid-career and senior executives through the Management Development Program and Executive MBA conducted by LUMS. Moreover, trainings were imparted to the management cadre for Creativity & Innovative Thinking and Taking Ownership & Speedy Execution.

Your Company focused on employee recognition and welfare to enhance the motivation and productivity of staff. Notable initiatives included launch of a web-based e-Rewards & Recognition system; the prestigious annual Business Excellence Awards; discounted hospitalization services to previously non-entitled dependents of employees; e-Medical Service portal; Company sponsored Hajj for 21 employees; a 24/7 helpline relating to PTCL's products and services with exclusive discounts for the employees; flexible time arrangement for all employees and work from home facility for working mothers. To promote culture of a healthy and safe work environment, extensive firefighting and safety awareness trainings and cleanliness campaigns were also launched.

To strengthen PTCL's image as the employer of choice, campus drive viz. 'O2 Lounge' was organized in renowned educational institutions. Your Company also attained the status of authorized training employer for the prestigious Institute of Chartered Accountants in England and Wales (ICAEW).

For the second consecutive year, your Company was awarded the prestigious HR Excellence Award (EFQM), for the 'Most Improved OPCO' by Etisalat Group, in recognition of its effective human resource practices.

Marketing and Communication

Based on continuous and comprehensive marketing campaigns and inspiring branding initiatives, PTCL brand perception and equity grew substantially during the year. To extend our reach to hitherto untapped customer segments, various research initiatives were taken and marketing campaigns were specifically tailored for both traditional and digital media.

Special emphasis remained on digital media space, which led to registering PTCL's value proposition and brand equity to expanded demographic segments. Special collaboration with Google was also undertaken through 'Techmela' and with the leading e-commerce site 'Daraz' for Black Friday sales event to promote PTCL products for online purchase.

To serve the growing data communication and infotainment needs of customers and to increase brand loyalty, various campaigns were launched during the year, coupled with promotion drives and bundle offers. A focused 360 degree campaign on Charji was launched in the seven cities where the Charji service was extended during the year, which was supported by various marketing activities with wide coverage in mainstream media. Another widely-covered campaign related to promotion of Pakistan Gaming Lounge (PGL) which was unveiled through comprehensive brand activation activity. In compliance with the regulatory requirements, a campaign was also undertaken with national zeal for biometric verification of EVO & CharJi devices. The innovative side of the brand was amplified through the Smart TV Application launch showing Ad-Free World Cup and Smart Link campaign, while the value and convenience of PTCL landline service was emphasized through a thematic campaign – 'Lagataar'.

The company's brand visibility was amplified through presence in mainstream media, boosting customers recall value and ensuring maximum attention of existing and prospective customers. Positive reputation of PTCL was strengthened through placement of company news and events in national media and integration of strategic communication initiatives.

Customer Care

In order to rectify the customer complaints in shortest possible time, a pilot project was implemented in ITR (Islamabad Telecom Region) efficiently integrating

the NOC (Networks Operations Centre) with CRM (Customer Relationship Management) application which enables instant redressal of customers' complaints with regard to network outages. Your Company intends to replicate the project in selected regions going forward. Moreover, to expedite fault rectification complaints, customer care back offices were set up in each region.

PTCL also consolidated related customer care functions under single administrative leadership in order to further enhance the customer satisfaction levels at each touch point. Based on detailed data analysis, segmentation of PTCL's wireline and wireless customer base was also carried out thus enabling priority services to high value customers.

Customer retention initiatives were further augmented thus improving Company's perception amongst valued customers. The online channel accessibility was increased by adding online shop and payment facilities. The staff was empowered to settle bill disputes to provide speedier service to our subscribers. The Company also undertook various programs to improve customer satisfaction level such as strict monitoring, guidance and process reengineering to minimize customer complaints at all levels. The bill format was redesigned for easier understanding of the customers as to the service charges.

In addition to telemarketing, Contact Centers ensured up-selling high-end package plans to increase yield and to reduce churn while ensuring quality and timely service. Contact Center activities have consistently supported business zones and contributed in new order registration.

To facilitate regional customers, Pashto language IVR (Interactive Voice Response) was launched. The digital medium also remained a key focus area for serving customers an example of which is increased online chat transactions with subscribers via internet.

Internal Audit

Your Company's internal audit (IA) function provides the needed assurance and advisory service in line with the regulatory requirements and contemporary corporate practices. The IA functions of PTCL and Ufone are the first in Pakistan to achieve prestigious Quality Certification from IIA (Institute of Internal Auditors), Spain having its head office in USA. Both companies' IA functions succeeded in attaining the highest rating of 'Generally Conforms' with the IIA standards, and were also rated amongst the top 5 percentile IA functions globally which is an exceptional feat.

Regulatory Affairs

During the year your Company acquired 100% ownership of DVCOM Data (Private) Limited along with the 5 MHz spectrum in 1900 MHz band licensed to it in nine telecom regions by fully complying with all the regulatory requirements. PTCL also acquired the additional spectrum in 1900 MHz and 3.5 GHz spectrum for the three regions of Azad Jammu Kashmir & Gilgit-Baltistan.

In line with previous year's performance, PTCL continued to be successful in achieving significant progress with respect to Universal Service Fund (USF) projects and accordingly received subsidy of Rs. 2.6 Billion during the year for different USF projects.

As per directives of the regulators, your Company equipped its sales channels with needed resources to enable timely biometric verification of the EVO and Charji devices owned by its customers.

Quality Assurance

With the objective to bring in continuous improvement in quality of service to our esteemed customers, concerted measures were undertaken to ensure higher network availability through network resilience management coupled with periodic risk assessment measures. Further, the device testing, network health check, assessment of customer satisfaction levels, sample-based quality testing of installations and quality check of different network elements such as MSAGs were the other major initiatives undertaken by PTCL during the year.

Your Company also achieved Quality Management certifications with regards to quality of service and customer satisfaction, including the one for 'One Stop Shop' in Peshawar. Hitherto, 23 units of PTCL have successfully achieved this international certification which focuses on standardization of processes and procedures to enhance customer service levels.

5. Corporate Social Responsibility

Your Company takes pride in being a socially responsible and active organization, undertaking a wide range of initiatives in the fields of education, health, disaster relief and welfare.

PTCL proactively reached out to almost 6,400 flood victims in collaboration with the local authorities and Pakistan Army by setting up 40 mobile medical camps in affected areas of Khyber Pakhtunkhwa, Sindh and Punjab. Throughout the year, 395 mobile medical units were set up across the Country to provide free health awareness and medical care to more than 32,000 local residents. To extend a helping hand to the victims of the recent earthquake, your Company stepped forward by taking up the task of complete rehabilitation of three educational institutes (2 schools and 1 girls college) in the calamity struck areas of Swat and Chitral. In these institutes, special computer labs were developed with full connectivity and latest equipment by PTCL with donations worth Rs. 3.5 million during the year.

Triple-E (Enrichment, Encouragement & Evolution) Internship Program was being carried out successfully for the third consecutive year. This unique program offered business and engineering graduates from local universities- who were selected through a transparent and rigorous merit-based process- an opportunity to undergo internship of one year at PTCL. Objective of the program was to impart on-job practical experience of the corporate world to the participants, polishing their professional skills while getting paid a handsome stipend. The real-time corporate environment and world-class systems at PTCL offer a unique chance for the youth to get themselves acquainted with the practicalities of the actual business environment.

Your Company also participated in 'PlanX Startup Demo Day', a project of Punjab Information Technology Board, to encourage entrepreneurs and startups towards empowerment. To build a greener environment, tree plantation drives were organized and World Environment Day was celebrated. PTCL employees participated in blood donation drives and also visited various orphanages including SOS and Pak Sweet Homes to spend quality time with the children there.

Further, PTCL provides free internet access at Metro buses and stations in Islamabad to thousands of commuters every day. Moreover, events and noble causes like Annual Entrepreneurial Conference, a Christmas event for children, awareness for spinal cord patients, Pink Ribbon campaign to create awareness regarding breast cancer and Lahore Literacy Festival were some other initiatives supported by PTCL during the year.

6. Subsidiaries

Pak Telecom Mobile Limited-Ufone

2015 would be remembered as one of the most challenging years in terms of revenue and subscribers decline for the mobile cellular industry. Biometric customer verification exercise which was concluded in May 2015 resulted in 15 % drop in the overall subscriber base. Revenues from voice, SMS and value added services declined due to escalation in utilization of 3G & 4G data services by subscribers. The growth in data services revenue could not offset the decrease in overall revenues. However, in the last quarter of 2015, Ufone managed to achieve growth in net subscribers' addition as well as in revenues over same period last year and accordingly was second among CMOs (Cellular Mobile Operators) in this respect.

To counter the adverse impact of declining revenues, Ufone implemented effective cost rationalization and optimization measures during the year which resulted in only less than 1% increase in operating costs. The cost optimization measures included several innovative measures including, but not limited to, alignment of strategies, requirements and operations within PTCL Group companies to benefit from synergies and volumetric discounts.

Ufone aggressively expanded its 3G coverage in more than 80 cities during the year touching a total of 104 cities in Pakistan. As part of customer centricity drive, Ufone further extended its backhaul capacity to provide higher speed and enhanced customer experience.

Product of Super Card, launched in 2014, offering great value for money to customers, reached new levels of acceptability among the subscribers during 2015 and over 2 million subscribers opted for the Rs. 499 denomination Super Card. In spite of the fierce competition, this economical product continues to attract a large segment of customers proving the lead of Ufone in industry changing initiatives.

In collaboration of Meezan bank, the leading Islamic bank in Pakistan, Ufone successfully launched Meezan-UPaisa - the world's first branchless Islamic banking product, through which the customers are provided with state-of-the-art financial services in accordance with the sharia-compliant principles.

Ufone initiated 'Own Shop' project - first of its kind in the country, which has evolved the retail experience. The shops provide access to customers to perform self service activities, acquire first-hand experience of the handsets and seek assistance of trained customer services staff. By the end of 2015, six company-operated service centers and forty franchise shops were transformed into new 'Own Shop' model.

The introduction of biometric verification for new connections as per the regulatory requirements made the old process of new connection activation from the call center redundant thus creating vacant capacity at the call centers. The vacant capacity was effectively utilized by attracting other companies to outsource their call center business to Ufone which generated sizeable additional income.

Acknowledging the hardship faced by farmers because of unfavorable weather conditions, falling income and declining trend in prices of agricultural commodities, Prime Minister of Pakistan announced a relief package to revive the agriculture sector. In line with our core values of social responsibility to help people in need, Ufone came up with a simple yet innovative way of biometric verification for fair cash disbursements amongst the farmers on behalf of the Government.

Ufone achieved significant milestones in its branding activities. All major telecom companies in Pakistan participated in 'Pakistan Advertising Society (PAS) Awards' and sent multiple entries. Out of the 18 total entries, all top 3 award finalists for the PAS 2015 belonged to Ufone, amplifying the strength of Ufone's brand communication.

U Microfinance Bank Limited-Ubank

Ubank, a 100% owned subsidiary of PTCL, is engaged in providing micro-finance and branchless banking services in line with the licenses granted by the State Bank of Pakistan. The branchless banking services are delivered in collaboration with Ufone under the 'U-Paisa' brand.

During the year, performance of Ubank remained satisfactory. With the growth in business in terms of increased deposits and advances under microfinance banking, profitability of the bank increased over previous year. The said increase was result of successful execution of the bank's long term strategy of achieving continuous growth in advances and deposits and the resultant income coupled with strong risk management.

For the branchless banking services, synergies with Ufone to further strengthen the 'U-Paisa' brand were enhanced. In this regard, new venues of fund transfer in the form of mobile wallet and bank-to-bank transfer were successfully implemented by the bank. Besides the tested services including bill payments and donations disbursement, more innovative products, based upon the available capabilities are in offing.

Geographical spread of the bank's operations was also further extended during the year to cover hitherto untapped segments of the society in need of bank's services. Resultantly, by end of 2015, the said services were provided through 45,000 franchise outlets, 27 fully- operational branches and 11 service centers.

DVCOM Data (Private) Limited-DVCOM Data

Effective, 1st April, 2015, PTCL acquired 100% ownership of DVCOM Data (Private) Limited along with the 5 MHz spectrum in 1900 MHz band licensed to it in nine telecom regions to provide Wireless Local Loop (WLL) operations after fully complying with all the regulatory requirements. The said company was acquired with the objective to supplement the EVDO wireless broadband services of PTCL through synergies within PTCL Group companies. Towards this end, formal commercial arrangements were put in place in between PTCL and DVCOM Data during the year.

Smart Sky Private Limited-Smart Sky

Smart Sky, a 100% owned subsidiary of PTCL, was incorporated in October 2015 with the objective to provide Direct-to-Home (DTH) television services throughout Pakistan under the license from Pakistan Electronic Media Regulatory Authority (PEMRA). As the said license is yet to be auctioned by the regulators, Smart Sky has not started its commercial operations during the year.

7. Financial Reporting Framework

- During the year, Directors Training Program as per the criteria specified by the Securities and Exchange Commission of Pakistan (SECP) was arranged for the Directors. All existing Directors have completed their required Directors Certification except for Dr. Waqar Masood Khan who has been exempted by the SECP for such certification.

Change in President & Chief Executive Officer

In a meeting of Board of Directors held on March 02, 2016, the Board appointed Dr. Daniel Ritz as President & Chief Executive Officer of PTCL and PTCL Group, in place of Mr. Walid Irshaid who had earlier resigned from the said post. The Board has placed on record its appreciation for the diligent service of Mr. Walid Irshaid to PTCL and PTCL Group.

Historic business indicators, composition of Audit Committee, Human Resource & Remuneration (HR&R) Committee, number of Board Meetings, attendance of Directors and Shareholding Pattern are part of this report.

8. Challenges and Way Forward

Pakistan lies in a geographic region where GDP (Gross Domestic Product) is expected to grow at the fastest rate among developing regions. The decreasing global oil and commodity prices, easing inflation and fiscal pressures and progress on structural reforms have provided space for growth-oriented strategies for the economy of Pakistan. The China Pakistan Economic Corridor (CPEC) agreement, which envisages investment of about US$ 45 billion in energy, infrastructure and transportation sectors is expected to bolster the economic growth for the country in the near to medium term.

In this background of growing economic prospects, PTCL Group is well positioned with its infrastructure, product portfolio and services to support the digital consumers who play a dominant role in creation of value through consumption and transport of contents and transactions via internet links, be it fixed lines, mobile phones or branchless banking channels. Broadband connectivity value chain along with the delivery avenues provided by PTCL Group is at the heart of digital transformation taking place in the economy where the middle class now represents about half of the population placing Pakistan among the top five countries with fastest growing middle class populations in the Asia Pacific Region.

Consumers in the vital middle class segment, armed with high performance digital services, are driving the demand for high speed broadband internet for video streaming, gaming, multiparty collaboration and creation and transport of high definition contents and transactions. Your Company has strong reasons to be optimistic about the future of this evolving marketplace where it can leverage the unique assets of PTCL Group and play a leading role in developing the digital ecosystem. PTCL is also the leader in the enterprise connectivity market where its services are critical for business continuity in all industry verticals. Ultra-high speed connectivity, managed services, cloud services, custom-made solutions, IoT (Internet of Things) and M2M (Machine to Machine) connectivity will drive the growth in corporate services market, going forward.

The prospective opportunities in sight outweigh the current challenges faced by telecom sector in Pakistan. PTCL, the only integrated ICT service provider along with its subsidiaries, is well positioned to take full advantage of the prospects offered by use of digital services by consumers across all segments of the economy.

9. Acknowledgements

The Board of Directors of the Company would like to thank all our customers, suppliers, contractors, service providers, stakeholders and shareholders for their continued support.

We would also like to appreciate the hard work, diligence and dedicated efforts of our employees across the country which enabled the Company to successfully face the challenges of a highly competitive operating environment. We would also like to express our special thanks to the Government of Pakistan and Etisalat Group for their continued support and encouragement in striving to achieve the objective of enhancing shareholders' value.

مالیاتی جائزہ اور دیگر اہم امور برائے 2015

1- مالیاتی کارکردگی

سال 2015 کے دوران آپ کی کمپنی کی کارکردگی مستحکم رہی۔ ڈیٹا سروسز میں ریونیو اور صارفین دونوں لحاظ سے اضافہ ہوا۔ سال کا منافع بھی بڑھا جس سے فی شیئر آمدنی بڑھ گئی۔

منافع

گزشتہ برس کے مقابلے میں آپ کی کمپنی کا خالص منافع 68 فی صد اضافے کے ساتھ 8.8 ارب روپے رہا۔ یہ کارکردگی لاگت میں کمی کے ساتھ ساتھ 2014 میں رضا کارانہ علیحدگی سکیم پر غیر معمولی اخراجات اور آتشزدگی سے اثاثوں کو پہنچنے والے نقصان کے باوصف رہی۔ پی ٹی سی ایل گروپ کا بعد از ٹیکس منافع 1.9 ارب روپے رہا۔ پی ٹی سی ایل گروپ کا نفع مالیاتی لاگت اور Amortization کے اخراجات کی وجہ سے جن میں یوفون کے لیے 3G نیٹ ورک کے اخراجات شامل ہیں، دباؤ کا شکار رہا یوفون پی ٹی سی ایل کا 100 فی صد ملکیتی ذیلی ادارہ ہے۔ پی ٹی سی ایل کا منافع فی شیئر 1.75 روپے جبکہ پی ٹی سی ایل گروپ کا منافع فی شیئر 0.37 روپے رہا۔

آمدن

امسال پی ٹی سی ایل گروپ کی سالانہ آمدن 118.6 ارب روپے تھی۔ پی ٹی سی ایل کی سالانہ آمدن میں کمی دیکھنے میں آئی اور یہ آمدن 75.8 ارب روپے رہی جس کی بڑی وجہ ICH کی ڈی ریگولیشن سے پی ٹی سی ایل کے وائس ریونیو میں کمی ہے۔ تاہم ڈیٹا جو کہ وائر لائن اور وائرلیس براڈبینڈ کے ساتھ ساتھ مواد (Content) اور ملٹی میڈیا پر مشتمل ہے کے نتائج بہت اچھے رہے۔ یہی وجہ ہے کہ ڈیٹا کے شعبے میں آمدن 12 فیصد زیادہ رہی۔ اسی طرح کارپوریٹ کسٹمرز کی ہمہ جہت ضروریات پوری کرتے ہوئے ڈیجیٹل سروسز سے حاصل ہونے والے ریونیو میں بھی اضافہ ہوا۔

آپریٹنگ اخراجات

دوران سال موثر کفایتی اقدامات کے سبب پی ٹی سی ایل کے آپریٹنگ اخراجات میں گزشتہ سال کی نسبت 3 فیصد کمی واقع ہوئی (جیسا کہ پہلے بیان کیا گیا ہے ان میں گزشتہ سال کے درج بالا غیر معمولی اخراجات شامل نہیں)۔ اسی طرح پی ٹی سی ایل گروپ کے سالانہ آپریٹنگ اخراجات میں ایک فیصد کمی دیکھنے میں آئی۔ پی ٹی سی ایل کے خدمات سے منسلک اخراجات جو کہ 53.8 ارب روپے تھے ان میں 3 فیصد کمی ہوئی جبکہ انتظامی اور عمومی اخراجات میں ایک فی صد کمی ہوئی اور اس میں 9.8 ارب روپے کے اخراجات ہوئے تاہم سیل اور مارکیٹنگ کے اخراجات سات فیصد اضافے کے ساتھ 3.5 ارب روپے رہے۔ اس اضافے کی بڑی وجہ گزشتہ سال کی نسبت نئی مصنوعات وخدمات کے لیے موثر مارکیٹنگ ہے۔ تنخواہیں، الاؤنسز اور دیگر اخراجات، فارن آپریٹرز کی لاگت اور سٹیلائٹ چارجز پلانٹ، آلات اور جائیداد کی Depreciation، Amatization، ایندھن اور بجلی، اشتہارات اور ڈسٹری بیوشن کے چارجز اور سٹورز سپیرز، اور ٹولز آپریٹنگ اخراجات کی مرکزی مدیں رہیں۔

ڈیویڈنڈ اور اختصاص

زیر جائزہ سال کے لیے ڈائریکٹرز نے فائنل کیش ڈیویڈنڈ کی مد میں 10 فیصد (ایک روپیہ فی شیئر) کی سفارش کی جو کہ ایک روپیہ فی شیئر کے عبوری کیش ڈیویڈنڈ کے علاوہ ہے۔ اس طرح پورے سال کے دوران ڈیویڈنڈ 20 فیصد رہا (2 روپے فی شیئر)۔ اعلان شدہ فائنل ڈیویڈنڈ کو مساوی (Equalize) کرنے کے لیے ڈائریکٹرز نے عمومی ریزرو کے 3 ارب روپے غیر مختص نفع میں منتقل کرنے کی منظوری دی۔ اسی طرح 0.2 ارب روپے کی آمدن بھی غیر مختص نفع سے انشورنس کے ریزرو میں ٹرانسفر کر دی گئی۔

دیگر معاملات

آپ کی توجہ اس سال کے پی ٹی سی ایل کے فنانشل سٹیٹمنٹ کی شق 12.12 کے ساتھ مربوط فنانشل سٹیٹمنٹ کی شق 17.12 کی جانب مبذول کروا رہے ہیں جن میں کمپنی، پاکستان ٹیلی کمیونیکیشن ایمپلائز ٹرسٹ اور فیڈرل گورنمنٹ کی جانب سے سپریم کورٹ میں جمع کرائی گئی نظر ثانی درخواستوں کے بارے میں معلومات دی گئی ہیں یہ درخواستیں سپریم کورٹ کے 12 جون 2015 کے حکم نامے کے خلاف ہیں جیسا کہ بیرونی آڈیٹرز نے اپنی آڈٹ رپورٹس میں واضح کیا ہے۔

2- صدر اور چیف ایگزیکٹو آفیسر کی تبدیلی

02 مارچ 2016 کو منعقد ہونے والی بورڈ آف ڈائریکٹرز کی میٹنگ میں بورڈ نے ولید ارشید کے مستعفی ہونے پر ڈاکٹر ڈینیل رٹز کی بہ حیثیت پی ٹی سی ایل اور پی ٹی سی ایل گروپ کے صدر اور چیف ایگزیکٹو آفیسر تقرری کر دی۔ بورڈ نے اس موقع پر ولید ارشید کی پی ٹی سی ایل اور پی ٹی سی ایل گروپ کے لئے خدمات کو خراج تحسین پیش کیا۔

3- درپیش مسائل اور متوقع مستقبل

پاکستان ایک ایسے خطے میں واقعہ ہے جہاں ترقی پذیر دنیا کے دیگر ممالک کی نسبت جی ڈی پی کی شرح تیزی سے بڑھنے کے امکانات ہیں۔ عالمی سطح پر تیل اور دیگر اشیاء کی قیمتوں میں کمی، افراط

Pakistan Telecommunication Company Limited

Statement of compliance with the code of corporate governance

For the year ended December 31, 2015

This statement is being presented to comply with the Code of Corporate Governance (the "Code") contained in Rule No. 5.19.23 of the Rule Book of Pakistan Stock Exchange Limited for the purpose of establishing a framework of good governance, whereby a listed Company is managed in compliance with the best practices of corporate governance.

Pakistan Telecommunication Company Limited (the "Company") has applied the principles contained in the Code in following manner:

1. The Board of Directors (the "Board") comprises nine Members. Pursuant to the provisions of the Share Purchase Agreement effected as per provisions of the Privatization Commission Ordinance, 2000, between Government of Pakistan ("GoP") and the Strategic Investor, as well as under the Articles of Association of the Company, the GoP nominates four (04) Members on the Board of the Company while Etisalat International Pakistan ("EIP") nominates five (05) Members. The aforesaid constitution of PTCL Board is covered under the proviso to the clause of the Code titled 'Composition of the Board'.

2. The Directors have confirmed that none of them is serving as a director on more than seven listed companies, including this Company.

3. All resident Directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a Development Finance Institution or a Non-Bank Financial Institution or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.

4. Casual vacancies occurring on the Board on April 10 and June 18, 2015 were filled up by the Directors within 30 days thereof.

5. The Company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the Company along with its supporting policies and procedures.

6. The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.

7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the Chief Executive Officer ("CEO") and executives have been taken by the Board.

8. The meetings of the Board were presided over by the Chairman and the Board met at least once in every quarter. Written notices of the Board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.

9. During the period, Directors Training Program as per the criteria specified by the Securities and Exchange Commission of Pakistan ("SECP") was arranged for the Directors. All existing Directors have completed their required Directors Certification except for Dr. Waqar Masood Khan who has been exempted by the SECP for such certification.

10. The Board appoints the Chief Financial Officer, Company Secretary and Head of Internal Audit, and determines their respective remuneration and terms and conditions of employment. The post of Company Secretary fell vacant during 2015, and was duly filled by the Board.

11. The Directors' Report for this year has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.

12. The Financial Statements of the Company were duly endorsed by CEO and CFO before approval of the Board.

13. The Directors, CEO and executives do not hold any interest in the shares of the Company other than that disclosed in the pattern of shareholding.

14. The Company has complied with all the corporate and financial reporting requirements of the Code.

15. The Board has formed an Audit Committee. It comprises five members, of whom four (04) members, including the Chairman of the Committee, are non-executive Directors.

16. The meetings of the Audit Committee were held at least once every quarter prior to approval of interim and final results of the Company and as required by the Code. The terms of reference of the Committee formulated by the Board have been communicated to the Committee for compliance.

17. The Board has formed a Human Resource and Remuneration Committee. It comprises five members and all members including the Chairman of the Committee are non-executive Directors.

18. The Board has set up an effective internal audit function.

19. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan ("ICAP"), that they or any of the partners of the firm, their spouses and minor children do not hold

shares of the Company and that the firm and all its partners are in compliance with International Federation of Accountants ("IFAC") guidelines on code of ethics as adopted by the ICAP.

20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.

21. The 'Closed Period', prior to the announcement of interim/final results was determined and business decisions, which may materially affect the market price of Company's securities, were determined and intimated to Directors, employees and the stock exchange(s).

22. Material/price sensitive information has been disseminated among all market participants at once through the stock exchange(s).

23. We confirm that all other material principles enshrined in the Code have been complied with.

Review report to the members on statement of compliance with the code of corporate governance

We have reviewed the enclosed Statement of Compliance (the Statement) with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors (the Board) of Pakistan Telecommunication Company Limited (the Company), for the year ended December 31, 2015 to comply with the Listing Regulation No 5.19.23 of the Pakistan Stock Exchange Limited where the Company is listed.

The responsibility for compliance with the Code is that of the Board of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement reflects the status of the Company's compliance with the provisions of the Code and report, if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal controls covers all risks and controls, or to form an opinion on the effectiveness of such controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail at arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of approval of related party transactions by the Board upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended December 31, 2015.

1. The Company and its operations

Pakistan Telecommunication Company Limited ("PTCL", "the Company") was incorporated in Pakistan on December 31, 1995 and commenced business on January 01, 1996. The Company, which is listed on the Pakistan Stock Exchange Limited (PSX) (formerly Karachi, Lahore and Islamabad Stock Exchanges), was established to undertake the telecommunication business formerly carried on by the Pakistan Telecommunication Corporation (PTC). PTC's business was transferred to the Company on January 01, 1996 under the Pakistan Telecommunication (Re-organization) Act, 1996, on which date, the Company took over all the properties, rights, assets, obligations and liabilities of PTC, except those transferred to the National Telecommunication Corporation (NTC), the Frequency Allocation Board (FAB), the Pakistan Telecommunication Authority (PTA) and the Pakistan Telecommunication Employees Trust (PTET). The registered office of the Company is situated at PTCL Headquarters, G-8/4, Islamabad.

The Company provides telecommunication services in Pakistan. It owns and operates telecommunication facilities and provides domestic and international telephone services and other communication facilities throughout Pakistan. The Company has also been licensed to provide such services in territories of Azad Jammu and Kashmir and Gilgit-Baltistan.

2. Statement of compliance

These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, and provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

These financial statements are the separate financial statements of the Holding Company (PTCL). In addition to these separate financial statements, the Company also prepares consolidated financial statements.

2.1 Adoption of new and revised standards, amendments and interpretations:

a) The following standards and amendments to published accounting standards were effective during the year and have been adopted by the Company:

		Effective date (annual periods beginning on or after)
IFRS 3	Business Combinations (Amendments)	July 01, 2014

IAS 38	Intangible Assets (Amendments)	July 01, 2014
IAS 40	Investment Property (Amendments)	July 01, 2014

b) The following standards have been issued by the International Accounting Standards Board (IASB), which are yet to be notified by the Securities and Exchange Commission of Pakistan (SECP) for the purpose of their applicability in Pakistan:

		Effective date (annual periods beginning on or after)
IFRS 1	First-Time Adoption of International Financial Reporting Standards	July 01, 2009
IFRS 9	Financial Instruments	January 01, 2018
IFRS 14	Regulatory Deferral Accounts	January 01, 2016
IFRS 15	Revenue from Contracts with Customers	January 01, 2018

c) The following standards and amendments to published accounting standards were not effective during the year and have not been early adopted by the Company:

		Effective date (annual periods beginning on or after)
IFRS 5	Non-current Assets Held for Sale and Discontinued Operations (Amendments)	January 01, 2016
IFRS 7	Financial Instruments: Disclosures (Amendments)	January 01, 2016

IAS 34	Interim Financial Reporting (Amendments)	January 01, 2016
IAS 38	Intangible Assets (Amendments)	January 01, 2016

The management anticipates that adoption of above standards and amendments in future periods will have no material impact on the Company's financial statements other than in presentation / disclosure.

3. Basis of preparation

These financial statements have been prepared under the historical cost convention, except for the revaluation of certain financial instruments at fair value and the recognition of certain employees retirement benefits on the basis of actuarial assumptions.

4. Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historic experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements, are as follows:

(a) Provision for employees retirement benefits

The actuarial valuation of pension, gratuity, medical, accumulating compensated absences plans and benevolent grants (note 5.20) requires the use of certain assumptions related to future periods, including increase in future salary / pension / medical costs, expected long-term returns on plan assets and the discount rate used to discount future cash flows to present values.

(b) Provision for income tax

The Company recognizes income tax provisions using estimates based upon expert opinions of its tax and legal advisors. Differences, if any, between the recorded income tax provision and the Company's tax liability, are recorded on the final determination of such liability. Deferred income tax (note 5.19) is calculated at the rates that are expected to apply to the period when these temporary differences reverse, based on tax rates that have been enacted or substantively enacted, by the date of the statement of financial position.

(c) Recognition of government grant

The Company recognizes government grants when there is reasonable assurance that grants will be received and the Company will be able to comply with conditions associated with grants.

(d) Useful life and residual value of fixed assets

The Company reviews the useful lives and residual values of fixed assets (note 5.10) on a regular basis. Any change in estimates may affect the carrying amounts of the respective items of property, plant and equipment and intangible assets, with a corresponding effect on the related depreciation / amortization charge.

(e) Provision for stores, spares and loose tools

A provision against stores, spares and loose tools is recognized after considering their physical condition and expected future usage. It is reviewed by the management on a quarterly basis.

(f) Provision for doubtful receivables

A provision against overdue receivable balances is recognized after considering the pattern of receipts from, and the future financial outlook of, the concerned receivable party. It is reviewed by the management on a regular basis.

(g) Other provisions and contingent liabilities

The management exercises judgment in measuring and recognizing provisions and the exposures to contingent liabilities related to pending litigations or other outstanding claims. Judgment is necessary in assessing the likelihood that a pending claim will succeed, or a liability will arise, and to quantify the possible range of the financial settlement. Because of the inherent uncertainty in this evaluation process, actual losses may be different from the originally estimated provision.

5. Summary of significant accounting policies

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years for which financial information is presented in these financial statements, unless otherwise stated.

5.1 Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates (the functional currency). These financial statements are presented in Pakistan Rupees (Rs), which is the Company's functional currency.

5.2 Foreign currency transactions and translations

Foreign currency transactions are translated into the functional currency, using the exchange rates prevailing on the date of the transaction. Monetary assets and liabilities, denominated in foreign currencies, are translated into the functional currency using the exchange rate prevailing on the date of the statement of financial position. Foreign exchange gains and losses resulting from the settlement of such transactions, and from the translation of monetary items at end of the year exchange rates, are charged to income for the year.

5.3 Insurance reserve

The assets of the Company are self insured, as the Company has created an insurance reserve for this purpose. Appropriations out of profits to this reserve, are made at the discretion of the Board of Directors. The reserve may be utilized to meet any losses to the Company's assets resulting from theft, fire, natural or other disasters.

5.4 Government grants

Government grants are recognized at their fair values, as deferred income, when there is reasonable assurance that the grants will be received and the Company will be able to comply with the conditions associated with the grants.

Grants that compensate the Company for expenses incurred, are recognized on a systematic basis in the income for the year in which the related expenses are recognized. Grants that compensate the Company for the cost of an asset are recognized in income on a systematic basis over the expected useful life of the related asset.

5.5 Borrowings and borrowing costs

Borrowings are recognized equivalent to the value of the proceeds received by the Company. Any difference, between the proceeds (net of transaction costs) and the redemption value, is recognized to income, over the period of the borrowings, using the effective interest method.

Borrowing costs, which are directly attributable to the acquisition and construction of a qualifying asset, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalized as part of the cost of that asset. All other borrowing costs are charged to income for the year.

5.6 Trade and other payables

Liabilities for creditors and other amounts payable are carried at cost, which is the fair value of the consideration to be paid in the future for the goods or services received, whether or not billed to the Company.

5.7 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each statement of financial position date and are adjusted to reflect the current best estimates.

5.8 Contingent liabilities

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, the existence of which will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events, not wholly within the control of the Company; or when the Company has a present legal or constructive obligation, that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

5.9 Dividend distribution

The distribution of the final dividend, to the Company's shareholders, is recognized as a liability in the financial statements in the period in which the dividend is approved by the Company's shareholders; the distribution of the interim dividend is recognized in the period in which it is declared by the Board of Directors.

5.10 Fixed assets

(a) Property, plant and equipment

Property, plant and equipment, except freehold land and capital work in progress, is stated at cost less accumulated depreciation and any identified impairment losses; freehold land is stated at cost less identified impairment losses, if any. Cost includes expenditure, related overheads, mark-up and borrowing costs (note 5.5) that are directly attributable to the acquisition of the asset.

Subsequent costs, if reliably measurable, are included in the asset's carrying amount, or recognized as a separate asset as appropriate, only when it is probable that future economic benefits associated with the cost will flow to the Company. The carrying amount of any replaced parts as well as other repair and maintenance costs, are charged to income during the period in which they are incurred.

Capital work in progress is stated at cost less impairment value, if any. It consists of expenditure incurred in respect of tangible and intangible fixed assets in the course of their construction and installation.

Depreciation on assets is calculated, using the straight line method, to allocate their cost over their estimated useful lives, at the rates mentioned in note 13.1.

Depreciation on additions to property, plant and equipment, is charged from the month in which the relevant asset is acquired or capitalized, while no depreciation is charged for the month in which the asset is disposed off. Impairment loss, if any, or its reversal, is also charged to income for the year. Where an impairment loss is recognized, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value, over its estimated useful life.

The gain or loss on disposal of an asset, calculated as the difference between the sale proceeds and the carrying amount of the asset, is recognized in income for the year.

(b) Intangible assets

(i) Licenses

These are carried at cost less accumulated amortization and any identified impairment losses. Amortization is calculated using the straight line method, to allocate the cost of the license over its estimated useful life specified in note 14, and is charged to income for the year.

The amortization on licenses acquired during the year, is charged from the month in which a license is acquired / capitalized, while no amortization is charged in the month of expiry / disposal of the license.

(ii) Computer software

These are carried at cost less accumulated amortization, and any identified impairment losses. Amortization is calculated, using the straight line method, to allocate the cost of software over their estimated useful lives specified in note 14, and is charged to income for the year. Costs associated with maintaining computer software, are recognized as an expense as and when incurred.

The amortization on computer software acquired during the year is charged from the month in which the software is acquired or capitalized, while no amortization is charged for the month in which the software is disposed off.

5.11 Investments in subsidiaries and associates

Investments in subsidiaries and associates, where the Company has control or significant influence, are measured at cost in the Company's financial statements. The profits and losses of subsidiaries and associates are carried in the financial statements of the respective subsidiaries and associates, and are not dealt within the financial statements of the Company, except to the extent of dividends declared by these subsidiaries and associates.

5.12 Investment in finance lease

Leases in which the Company transfers substantially all the risk and rewards incidental to the ownership of an asset to the lessees are classified as finance leases. Receivable is recognized at an amount equal to the present value of minimum lease payments.

5.13 Impairment of non financial assets

Assets that have an indefinite useful life, for example freehold land, are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment on the date of the statement of financial position, or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized, equal to the amount by which the asset's carrying amount exceeds its recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows. Non financial assets that suffered an impairment, are reviewed for possible reversal of the impairment at each statement of financial position date. Reversals of the impairment loss are restricted to the extent that asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss has been recognized. An impairment loss, or the reversal of an impairment loss, are both recognized in the income for the year.

5.14 Stores, spares and loose tools

These are stated at the lower of cost and net realizable value. Cost is determined using the weighted average method. Items in transit are valued at cost, comprising invoice values and other related charges incurred up to the date of the statement of financial position.

5.15 Trade debts

Trade debts are carried at their original invoice amounts, less any estimates made for doubtful debts based on a review of all outstanding amounts at the year end. Bad debts are written off as per Company policy.

5.16 Financial instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument and derecognized when the Company loses control of the contractual rights that comprise the financial assets and in case of financial liabilities when the obligation specified in the contract is discharged, cancelled or expires. All financial assets and liabilities are initially recognized at fair value plus transaction costs other than financial assets and liabilities carried at fair value through profit or loss. Financial assets and liabilities carried at fair value through profit or loss are initially recognized at fair value, and transaction costs are charged to income for the year. These are subsequently measured at fair value, amortized cost or cost, as the case may be. Any gain or loss on derecognition of financial assets and financial liabilities is included in income for the year.

(a) Financial assets

Classification and subsequent measurement

The Company classifies its financial assets in the following categories: fair value through profit or loss, held to maturity investments, loans and receivables and available for sale financial assets. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. Regular purchases and sales of financial assets are recognized on the trade date; the date on which the Company commits to purchase or sell the asset.

(i) Fair value through profit or loss

Financial assets at fair value through profit or loss, include financial assets held for trading and financial assets, designated upon initial recognition, at fair value through profit or loss.

Financial assets at fair value through profit or loss are carried in the statement of financial position at their fair value, with changes therein recognized in the income for the year. Assets in this category are classified as current assets.

(ii) Held to maturity

Non derivative financial assets with fixed or determinable payments and fixed maturities are classified as held to maturity when the Company has the positive intention and ability to hold these assets to maturity. After initial measurement, held to maturity investments are measured at amortized cost using the effective interest method, less impairment, if any.

(iii) Loans and receivables

Loans and receivables are non derivative financial assets with fixed or determinable payments, that are not quoted in an active market. After initial measurement, these financial assets are measured at amortized cost, using the effective interest rate method, less impairment, if any.

The Company's loans and receivables comprise 'Long term loans and advances', 'Trade debts', 'Loans and advances', 'Accrued interest', 'Receivable from the Government of Pakistan', 'Other receivables' and 'Cash and bank balances'.

(iv) Available for sale

Available for sale financial assets are non-derivatives, that are either designated in this category, or not classified in any of the other categories. These are included in non current assets, unless management intends to dispose them off within twelve months of the date of the statement of financial position.

After initial measurement, available for sale financial assets are measured at fair value, with unrealized gains or losses recognized as other comprehensive income, until the investment is derecognized, at which time the cumulative gain or loss is recognized in income for the year.

Investments in equity instruments that do not have a quoted market price in active market and whose fair value cannot be reliably measured, are measured at cost.

Impairment

The Company assesses at the end of each reporting period whether there is an objective evidence that a financial asset or group of financial assets is impaired as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event'), and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

(b) Financial liabilities

Initial recognition and measurement

The Company classifies its financial liabilities in the following categories: fair value through profit or loss and other financial liabilities. The Company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value and, in the case of other financial liabilities, also include directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification as follows:

(i) Fair value through profit or loss

Financial liabilities at fair value through profit or loss, include financial liabilities held-for-trading and financial liabilities designated upon initial recognition as being at fair value through profit or loss.

Financial liabilities at fair value through profit or loss are carried in the statement of financial position at their fair value, with changes therein recognized in the income for the year.

(ii) Other financial liabilities

After initial recognition, other financial liabilities which are interest bearing are subsequently measured at amortized cost, using the effective interest rate method.

(c) Offsetting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position, if the Company has a legally enforceable right to set off the recognized amounts, and the Company either intends to settle on a net basis, or realize the asset and settle the liability simultaneously.

5.17 Cash and cash equivalents

Cash and cash equivalents are carried at cost. For the purpose of the statement of cash flows, cash and cash equivalents comprise cash in hand and bank and short term highly liquid investments with original maturities of three months or less, and that are readily convertible to known amounts of cash, and subject to an insignificant risk of changes in value.

5.18 Revenue recognition

Revenue comprises of the fair value of the consideration received or receivable, for the provision of telecommunication, broadband and related services in the ordinary course of the Company's activities and is recognized net of services tax, rebates and discounts.

The Company principally obtains revenue from providing telecommunication services such as wireline and wireless services, interconnect, data services and equipment sales. Equipment and services may be sold separately or in a bundled package.

Revenue is recognized, when it is probable that the economic benefits associated with the transaction will flow to the Company, and the amount of revenue and the associated cost incurred or to be incurred can be measured reliably, and when specific criteria have been met for each of the Company's activities as described below:

(i) Rendering of telecommunication services

Revenue from telecommunication services comprises of amounts charged to customers in respect of wireline and wireless services, equipment sales and interconnect, including data services. Revenue also includes the net income received or receivable from revenue sharing arrangements entered into with overseas and local telecommunication operators.

(a) Wireline and wireless services

Revenue from wireline services, mainly in respect of line rent, line usage and broadband, is invoiced and recorded as part of a periodic billing cycle.

Revenue from wireless services is recognized on the basis of consumption of prepaid cards which allow the forward purchase of a specified amount of airtime by customers; revenue is recognized as the airtime is utilized. Unutilized airtime is carried as advance from customers.

(b) Data services

Revenue from data services is recognized when the services are rendered.

(c) Interconnect

Revenue from interconnect services is recognized when the services are rendered.

(d) Equipment sales

Revenue from sale of equipment is recognized when the equipment is delivered to the end customer and the sale is considered complete. For equipment sales made to intermediaries, revenue is recognized if the significant risks associated with the equipment are transferred to the intermediary and the intermediary has no right of return. If the significant risks are not transferred, revenue recognition is deferred until sale of the equipment to the end customer by the intermediary or the expiry of the right of return.

(ii) Income on bank deposits

Return on bank deposits is recognized using the effective interest method.

(iii) Dividend income

Dividend income is recognized when the right to receive payment is established.

5.19 Taxation

The tax expense for the year comprises of current and deferred income tax, and is recognized in income for the year, except to the extent that it relates to items recognized directly in other comprehensive income, in which case the related tax is also recognized in other comprehensive income.

(a) Current

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the date of the statement of financial position. Management periodically evaluates positions taken in tax returns, with respect to situations in which applicable tax regulation is subject to interpretation, and establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

(b) Deferred

Deferred income tax is accounted for using the balance sheet liability method in respect of all temporary differences arising between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred income tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred income tax is calculated at the rates that are expected to apply to the period when the differences reverse, and the tax rates that have been enacted, or substantively enacted, at the date of the statement of financial position.

5.20 Employees retirement benefits

The Company provides various retirement / post retirement benefit schemes. The plans are generally funded through payments determined by periodic actuarial calculations or up to the limits allowed in the Income Tax Ordinance, 2001. The Company has constituted both defined contribution and defined benefit plans.

(a) PTCL Employees GPF Trust

The Company operates an approved funded provident plan covering its permanent employees. For the purposes of this plan, a separate trust, the "PTCL Employees GPF Trust" (the Trust), has been established.

Monthly contributions are deducted from the salaries of employees and are paid to the Trust by the Company. In line with the Trust's earnings for a year, the board of trustees approves a profit rate for payment to the members. The approved profit rate for Financial Year 2015 was 12% (December 31, 2014: 12%) per annum. The Company contributes to the fund, the differential, if any, of the interest paid / credited for the year and the income earned on the investments made by the Trust.

(b) Defined benefit plans

The Company provides the following defined benefit plans:

(i) Pension plans

The Company accounts for an approved funded pension plan operated through a separate trust, the "Pakistan Telecommunication Employees Trust" (PTET), for its employees recruited prior to January 01, 1996 when the Company took over the business from PTC. The Company operates an unfunded pension scheme for employees recruited on a regular basis, on or after January 01, 1996.

(ii) Gratuity plan

The Company operates an approved funded gratuity plan for its New Terms and Conditions (NTC) employees and contractual employees.

(iii) Medical benefits plan

The Company provides a post retirement medical facility to pensioners and their families. Under this unfunded plan, all ex-employees, their spouses, their children up to the age of 21 years (except unmarried daughters who are not subject to the 21 years age limit) and their parents residing with them and any other dependents, are entitled to avail the benefits provided under the scheme. The facility remains valid during the lives of the pensioner and their spouse. Under this facility, there are no annual limits to the cost of drugs, hospitalized treatment and consultation fees.

(iv) Accumulating compensated absences

The Company provides a facility to its employees for accumulating their annual earned leaves. Accumulated leaves can be encashed at the end of the employees service, based on the latest drawn gross salary as per Company policy.

(v) Benevolent grants

The Company pays prescribed benevolent grants to eligible employees / retirees and their heirs.

The liability recognized in the statement of financial position in respect of defined benefit plans, is the present value of the defined benefit obligations at the date of the statement of financial position less the fair value of plan assets.

The defined benefit obligations are calculated annually, by an independent actuary using the projected unit credit method. The most recent valuations were carried out as at December 31, 2015. The present value of a defined benefit obligation is determined, by discounting the estimated future cash outflows, using the interest rates of high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating the terms of the related liability. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized through other comprehensive income for the year except remeasurement gains and losses arising on compensated absences which are recognized in statement of profit and loss.

9.6 Sensitivity analysis

The calculations of the defined benefits obligation is sensitive to the significant actuarial assumptions set out in note 9.1 (d). The table below summarizes how the defined benefit obligation at the end of the reporting period would have increased / (decreased) as a result of change in the respective assumptions.

	1% Increase in assumption	1% Decrease in assumption
	Rs '000	Rs '000
Future salary / medical cost		
Pension - funded	1,100,176	(995,205)

	Increase by 1 year	Decrease by 1 year
	Rs '000	Rs '000
Pension - funded	(2,383,472)	2,369,116
Pension - unfunded	(36,685)	35,700
Gratuity - funded	(12,823)	12,479
Accumulating compensated absences - unfunded	(19,970)	19,432
Post-retirement medical facility - unfunded	(344,708)	346,026
Benevolent grants - unfunded	(94,171)	94,531

The above sensitivity analysis are based on changes in assumptions while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied when calculating the pension liability recognized within the statement of financial position.

9.7 Through its defined benefit pension plans the Company is exposed to a number of actuarial and investment risks, the most significant of which include, interest rate risk, property market risk and longevity risk for pension plan and salary risk for all the plans.

12. Contingencies and commitments

Contingencies

12.1 Against the decision of Appellate Tribunal Inland Revenue (ATIR) upholding tax authorities' decision to impose FED amounting to Rs 474,417 thousand on Technical Services Assistance fee assuming that the fee is against franchise arrangement for the period from July 2007 to June 2010, Honorable Islamabad High Court remanded the cases back to ATIR with the directions to decide the cases afresh. Accordingly, the stay order earlier granted by the Honorable Islamabad High Court upholds.

12.2 Based on an audit of certain monthly returns of the FED, a demand of Rs 1,289,957 thousand was raised on the premise that the Company did not apportion the input tax between allowable and exempt supplies. The Company is in appeal before the ATIR, which is pending adjudication. Meanwhile, the Honorable Islamabad High Court has granted a stay order in this regard.

12.3 Against the decision of Sindh Revenue Board (SRB) imposing sales tax of Rs. 4,417 million on revenues from international incoming calls for 2012 and 2013, the appeal is pending adjudication before the Commissioner Appeals. Meanwhile, the Honorable Sindh High Court has granted a stay order against the recovery.

12.4 Against the decision of the Customs Appellate Tribunal imposing additional custom duties, a reference as well as writ petition against order passed by the Custom Tribunal is pending before Honorable Sindh High Court. Further, through the petition filed before the Honorable Sindh High Court stay order has been obtained against order of the Tribunal. Sindh High Court has stayed the recovery of the levies amounting to Rs. 932,942 thousand.

12.5 For the tax year 2007, the Company filed an appeal before the ATIR against disallowance of certain expenses by the Taxation Officer with tax impact of Rs 4,887,370 thousand. The ATIR in its judgment endorsed the departmental view regarding satellite charges (tax impact of Rs 80,850 thousand) while judgment on rest of the disallowances is pending. A reference application filed by the Company with the Honorable Islamabad High Court is pending adjudication.

12.6 For the tax year 2008, the ATIR, while disposing off the Company's appeal against the tax demand of Rs 4,559,208 thousand on the basis that the Company applied incorrect withholding tax rate for payments to Voluntary Separation Scheme optees, remanded the case back to the Taxation Officer for verification of filing of options before the concerned Commissioners. The Company has also filed a reference application with the Honorable Islamabad High Court, which is pending adjudication.

12.7 For the tax year 2008, the tax authorities filed an appeal before the ATIR against the decision of the Commissioner Inland Revenue (CIR) Appeals allowing certain expenses with tax impact of Rs 2,126,648 thousand.

12.8 For the tax year 2009, the Taxation Officer disallowed certain expenses with tax impact of Rs 3,278,866 thousand, after the order of CIR Appeals. The Company has filed appeal before ATIR and also filed reference applications before the Honorable Islamabad High Court.

12.9 For the tax year 2010, the CIR Appeals allowed certain expenses with tax impact of Rs 3,955,783 thousand. For the other disallowed expenses with tax impact of Rs. 1,251,913 thousand, the appeal is pending before the ATIR.

12.10 For the tax year 2011, taxation officer disallowed certain expenses with tax impact of Rs 3,860,358 thousand, after taking into account the order of CIR Appeals as well as rectification orders. The Company has filed an appeal before ATIR, pending adjudication.

12.11 For the tax year 2014, certain expenses with tax impact of Rs 6,731,145 thousand were allowed by tax authorities subsequent to the decision of CIR Appeals. For the other disallowed expenses (tax impact Rs 1,320,023 thousand), appeal is pending adjudication before CIR Appeals. Meanwhile, the Honorable Islamabad High Court has granted a stay order against the recovery.

12.12 With regard to the appeals filed by the Company before the Honorable Supreme Court of Pakistan against the orders passed by various High Courts, the Honorable Supreme Court of Pakistan dismissed such appeals through announcement of the earlier-reserved order on 12th June, 2015. Based on the directives contained in the said order and the pertinent legal provisions, the Company is evaluating extent of its responsibility vis-à-vis such order. The Company, the Pakistan Telecommunication Employees Trust and the Federal Government have filed Review Petitions before the Apex Court in this regard. Under the circumstances, the management of the Company is of the view, it is not possible at this stage to ascertain the financial obligations, if any, flowing from the Honorable Supreme Court decision which could be disclosed in these financial statements. In the meanwhile, PTET has issued notices to prospective beneficiaries for the determination of their entitlements.

12.13 The Company implemented policy directives of Ministry of Information Technology conveyed by the Pakistan Telecommunication Authority regarding termination of all international incoming calls into Pakistan. On suspension of these directives by the Honorable Lahore High Court, the Honorable Supreme Court of Pakistan dismissed the pertinent writ petitions by directing Competition Commission of Pakistan (CCP) to decide the case. The Honorable Sindh High Court suspended the adverse decision of CCP and the case is pending for adjudication.

12.14 A total of 1,470 cases (December 31, 2014: 1,635 cases) have been filed against the Company primarily involving subscribers, regulators, retirees and employees. Because of the large number of cases and their uncertain nature, it is not possible to quantify their financial impact at present.

12.15 No provision on account of above contingencies has been made in these financial statements as the management and the tax / legal advisors of the Company are of the view, that these matters will eventually be settled in favour of the Company.

14.2 The Pakistan Telecommunication Authority (PTA) has issued a license to the Company, to provide telecommunication services in Pakistan, for a period of 25 years, commencing January 01,1996, at an agreed license fee of Rs 249,344 thousand. In June 2005 PTA modified the previously issued license to provide telecommunication services to include a spectrum license at an agreed license fee of Rs 3,646,884 thousand. This license allows the Company to provide Wireless Local Loop (WLL) services in Pakistan, over a period of 20 years, commencing October 2004. The cost of the license is being amortized on a straight line basis over the period of the license.

The Company has vacated 1900 MHz spectrum in nine telecom regions acquired from Telecard Limited in September 2013 due to certain conditions mandatory to complete the transaction as stipulated in agreements embodying the commercial arrangement remaining unfulfilled.

14.3 PTA has issued a license under section 5 of the Azad Jammu and Kashmir Council Adaptation of Pakistan Telecommunication (Re-organization) Act, 1996, the Northern Areas Telecommunication (Re-organization) Act, 2005 and the Northern Areas Telecommunication (Re-organization) (Adaptation and Enforcement) Order 2006, to the Company to establish, maintain and operate a telecommunication system in Azad Jammu and Kashmir and Gilgit-Baltistan, for a period of 20 years, commencing May 28, 2008, at an agreed license fee of Rs 109,270 thousand. During the year 2015, PTA allocated additional spectrum for WLL services in Azad Jammu & Kashmir (AJ&K) and Gilgit-Baltistan (GB) for Rs 98,487 thousand. The duration of the License shall be for the remaining period of the existing WLL licenses. The cost of the licenses is being amortized, on a straight line basis, over the period of the licenses.

14.4 IPTV license has been renewed by Pakistan Electronic Media Regulatory Authority effective from November 02, 2011, at an agreed license fee of Rs 15,910 thousand. The cost of the license is being amortized, on a straight line basis, over a period of 5 years.

14.5 Cost of computer software except for SAP-ERP is being amortized, on a straight line basis, over a period of 5 years. Cost of SAP - Enterprise Resource Planning (ERP) system is being amortized, on a straight line basis, over a period of 10 years.

43. Financial risk management

43.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on its financial performance.

Risk management is carried out by the Board of Directors (the Board). The Board has prepared a 'Risk Management Policy' covering specific areas such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity. All treasury related transactions are carried out within the parameters of this policy.

(a) Market risk

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions, or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD), Arab Emirates Dirham (AED) and EURO (EUR). Currently, the Company's foreign exchange risk exposure is restricted to the amounts receivable from / payable to foreign entities. The Company's exposure to currency risk is as follows:

	2015 Rs '000	2014 Rs '000
USD		
Trade and other payables	(5,557,980)	(5,969,576)
Trade debts	1,913,595	3,648,406
Cash and bank balances	37,759	448,047
Net exposure	(3,606,626)	(1,873,123)
AED		
Trade and other payables	(54,929)	(52,715)
EUR		
Trade and other payables	(1,441)	(1,540)

The following significant exchange rates were applied during the year:

	2015	2014
Rupees per USD		
Average rate	102.88	101.16
Reporting date rate		
Assets	104.60	100.40
Liabilities	104.80	100.60
Rupees per AED		
Average rate	28.01	27.54
Reporting date rate	28.54	27.39
Rupees per EUR		
Average rate	114.20	134.50
Reporting date rate	114.54	122.37

If the functional currency, at the reporting date, had fluctuated by 5% against the USD, AED and EUR with all other variables held constant, the impact on profit after taxation for the year would have been Rs 120,879 thousand (December 31, 2014: Rs 62,640 thousand) respectively lower / higher, mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis.

(ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Company is exposed to equity securities price risk, because of the investments held by the Company in money market mutual funds, and classified on the statement of financial position as available for sale. To manage its price risk arising from investments in mutual funds, the Company diversifies its portfolio.

The other financial assets include available for sale investments of Nil (December 31, 2014: Rs 6,441,389 thousand) which were subject to price risk.

If redemption price on mutual funds, at the year end date, fluctuate by 5% higher / lower with all other variables held constant, total comprehensive income for the year would have been Nil (December 31, 2014: Rs 322,096 thousand) higher / lower, mainly as a result of higher / lower redemption price on units of mutual funds.

(iii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

At the date of the statement of financial position, the interest rate profile of the Company's interest bearing financial instruments is:

	2015 Rs '000	2014 Rs '000
Financial assets		
Fixed rate instruments:		
Staff loans	529,539	505,699
Short term investments - term deposits	26,038,803	12,000,000
Bank balances - deposit accounts	1,673,024	3,564,682
Floating rate instruments:		
Long term loans - loan to subsidiary	-	3,000,000
	28,241,366	19,070,381

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value. Therefore, a change in interest rates at the date of the statement of financial position would not affect the total comprehensive income of the Company.

Cash flow sensitivity analysis for variable rate instruments

If interest rates on long-term loans to subsidiary at the year end date, fluctuate by 1% higher / lower with all other variables held constant, profit after taxation for the year would have been Nil (December 31, 2014: Rs 31,784 thousand) higher / lower, mainly as a result of higher / lower markup income on floating rate loans / investments.

(b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party, by failing to discharge an obligation. The maximum exposure to credit risk at the reporting date is as follows:

	2015 Rs '000	2014 Rs '000
Long term investments	83,900	83,900
Long term loans and advances	2,261,126	2,794,106
Trade debts	14,304,039	15,758,805
Loans and advances	1,593,099	4,136,133
Accrued interest	128,174	344,801
Other receivables	4,743,512	4,808,589
Short term investments	26,038,803	18,441,389
Bank balances	2,210,058	4,516,859
	51,362,711	50,884,582

The credit risk on liquid funds is limited, because the counter parties are banks with reasonably high credit ratings. In case of trade debts the Company believes that it is not exposed to major concentrations of credit risk, as its exposure is spread over a large number of counter parties and subscribers. Long term loans include a loan of Nil (December 31, 2014: Rs 3,000,000 thousand) to the subsidiary- PTML.

The credit quality of bank balances and short term investments, that are neither past due nor impaired, can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

43.4 Capital risk management

The Board's policy is to maintain an efficient capital base so as to maintain investor, creditor and market confidence, and to sustain the future development of the Company's business. The Board of Directors monitors the return on capital employed, which the Company defines as operating income divided by total capital employed. The Board of Directors also monitors the level of dividends to ordinary shareholders.

The Company's objectives when managing capital are:

(i) to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders; and

(ii) to provide an adequate return to shareholders.

The Company manages the capital structure in the context of economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may, for example, adjust the amount of dividends paid to shareholders, issue new shares, or sell assets to reduce debt.

For working capital and capital expenditure requirements, the Company primarily relies on internal cash generation and does not have any significant borrowings.

1. Legal status and nature of business

1.1 Constitution and ownership

The consolidated financial statements of the Pakistan Telecommunication Company Limited and its subsidiaries (the Group) comprise of the financial statements of:

Pakistan Telecommunication Company Limited (PTCL)

Pakistan Telecommunication Company Limited (the Holding Company) was incorporated in Pakistan on December 31, 1995 and commenced business on January 01, 1996. The Holding Company, which is listed on the Pakistan Stock Exchange Limited (PSX) (formerly Karachi, Lahore and Islamabad Stock Exchanges), was established to undertake the telecommunication business formerly carried on by Pakistan Telecommunication Corporation (PTC). PTC's business was transferred to the Holding Company on January 01, 1996 under the Pakistan Telecommunication (Re-organization) Act, 1996, on which date, the Holding Company took over all the properties, rights, assets, obligations and liabilities of PTC, except those transferred to the National Telecommunication Corporation (NTC), the Frequency Allocation Board (FAB), the Pakistan Telecommunication Authority (PTA) and the Pakistan Telecommunication Employees Trust (PTET). The registered office of the Holding Company is situated at PTCL Headquarters, G-8/4, Islamabad.

Pak Telecom Mobile Limited (PTML)

PTML was incorporated in Pakistan on July 18, 1998, as a public limited company to provide cellular mobile telephony services in Pakistan. PTML commenced its commercial operations on January 29, 2001, under the brand name of Ufone. It is a wholly owned subsidiary of PTCL. The registered office of PTML is situated at Ufone Tower, Jinnah Avenue, Blue Area, Islamabad.

U Microfinance Bank Limited (U Bank)

The Holding Company acquired 100% ownership of U Bank on August 30, 2012 to offer services of digital commerce and branchless banking. U Bank was incorporated on October 29, 2003 as a public limited company. The registered office of U Bank is situated at Razia Sharif Plaza, Jinnah Avenue, Blue Area, Islamabad.

DVCOM DATA (PRIVATE) LIMITED (DVCOM Data)

The Holding Company acquired 100% ownership of DVCOM Data effective from April 01, 2015. The company has a Wireless Local Loop (WLL) License of 1900 MHz spectrum in nine telecom regions of Pakistan. The registered office of the Company is located at PTCL Head Quarters South, Hatim Alvi Road, Clifton Karachi.

Smart Sky (Private) Limited (Smart Sky)

Smart Sky was incorporated in Pakistan on October 12, 2015 as a private limited company to provide Direct-to-Home (DTH) television services through out the country under the license from Pakistan Electronic Media Regulatory Authority (PEMRA). However, the said license is yet to be auctioned by the authority and therefore, Company has not yet started its commercial operations. It is a wholly owned subsidiary of PTCL. The registered office of the Company is located at PTCL Headquarters, G-8/4, Islamabad.

1.2 Activities of the Group

The Group provides telecommunication and broadband internet services in Pakistan. PTCL owns and operates telecommunication facilities and provides domestic and international telephone services throughout Pakistan. PTCL has also been licensed to provide such services to territories in Azad Jammu and Kashmir and Gilgit-Baltistan. PTML provides cellular mobile telephony services throughout Pakistan and Azad Jammu and Kashmir. Principal business of the U Microfinance Bank Limited, incorporated under Microfinance Institutions Ordinance, 2001, is to provide nationwide microfinance and branchless banking services.

2. Statement of compliance

These consolidated financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, and provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

These financial statements are the consolidated financial statements of the Group. In addition to these consolidated financial statements, the Holding Company and subsidiary companies (PTML, U Bank, DVCOM Data and Smart Sky) also prepare separate financial statements.

The management anticipates that adoption of above standards and amendments in future periods will have no material impact on the Group's financial statements other than in presentation / disclosures.

3. Basis of preparation

These consolidated financial statements have been prepared under the historical cost convention, except for the revaluation of certain financial instruments at fair value, liability against assets subject to finance lease, license fee payable and the recognition of certain employees retirement benefits on the basis of actuarial assumptions.

4. Critical accounting estimates and judgments

The preparation of consolidated financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. Estimates and judgments are continually evaluated and are based on historic experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are as follows:

(a) Provision for employees retirement benefits

The actuarial valuation of pension, gratuity, medical, accumulating compensated absences and benevolent grant plans (note 5.28) requires the use of certain assumptions related to future periods, including increase in future salary, pension / medical costs, expected long term returns on plan assets, rate of increase in benevolent grant and the discount rate used to discount future cash flows to present values.

(b) Provision for income tax

The Group recognizes income tax provisions using estimates based upon expert opinions of its tax and legal advisors. Differences, if any, between the recorded income tax provision and the Group's tax liability, are recorded on the final determination of such liability. Deferred income tax (note 5.27-b) is calculated at the rates that are expected to apply to the period when these temporary differences reverse, based on tax rates that have been enacted or substantively enacted, by the date of the consolidated statement of financial position.

(c) Recognition of government grants

The Group recognizes government grants when there is reasonable assurance that grants will be received and the Group will be able to comply with conditions associated with grants.

(d) Useful life and residual value of fixed assets

The Group reviews the useful lives and residual values of fixed assets (note 5.14) on a regular basis. Any change in estimates may affect the carrying amounts of the respective items of property, plant and equipment and intangible assets, with a corresponding effect on the related depreciation / amortization charge.

(e) Provision for stores, spares and loose tools

A provision against stores, spares and loose tools is recognized after considering their physical condition and expected future usage. It is reviewed by the management on quarterly basis.

(f) Provision for doubtful receivables

A provision against overdue receivable balances is recognized after considering the pattern of receipts from, and the future financial outlook of, the concerned receivable party. It is reviewed by the management on a regular basis.

(g) Provision against advances

U Bank maintains a provision against advances as per the requirements of the Prudential Regulations (the Regulations) for microfinance banks and assesses the adequacy of provision against delinquent portfolio. Any change in the criteria / rate for provision may affect the carrying amount of the advances with a corresponding effect on the mark-up / interest carried and provision charged.

(h) Provisions and contingent liabilities

The management exercises judgment in measuring and recognizing provisions and the exposures to contingent liabilities related to pending litigation or other outstanding claims. Judgment is necessary in assessing the likelihood that a pending claim will succeed, or a liability will arise, and to quantify the possible range of the financial settlement. Because of the inherent uncertainty in this evaluation process, actual losses may be different from the originally estimated provision.

5. Summary of significant accounting policies

The significant accounting policies adopted in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years for which financial information is presented in these consolidated financial statements, unless otherwise stated.

5.1 Consolidation

a) Subsidiaries

Subsidiaries are entities over which the Group has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The consolidated financial statements include Pakistan Telecommunication Company Limited and all companies in which it directly or indirectly controls, beneficially owns or holds more than 50% of the voting securities or otherwise has power to elect and appoint more than 50% of its directors. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date control ceases to exist.

The acquisition method of accounting is used to account for the acquisition of subsidiaries by the Group. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and amount of any non controlling interest in the acquiree. For each business combination, the acquirer measures the non controlling interest in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition costs incurred are expensed. If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value as at the acquisition date through profit and loss. Any contingent consideration to be transferred by the acquirer is recognized at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration, which is deemed to be an asset or liability, will be recognized in accordance with IAS 39, either in profit and loss or charged to other comprehensive income. If the contingent consideration is classified as equity, it is remeasured until it is finally settled within equity.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value at the acquisition date, irrespective of the extent of any non controlling interest. The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. If the cost of acquisition is less than the fair value of the net assets of the subsidiary acquired, the difference is recognized directly in income.

Inter-company transactions, balances and unrealized gains on transactions between Group companies are eliminated. Unrealized losses on assets transferred are also eliminated and considered an impairment indicator of such assets. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

b) Associates

Associates are entities over which the Group has significant influence, but not control, and generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, and are initially recognized at cost. The Group's investment in associates includes goodwill identified on acquisition, net of any accumulated impairment loss.

The Group's share of its associates' post-acquisition profits or losses is recognized in the consolidated statement of profit and loss, and its unrealized gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. Unrealized losses on the assets transferred are also eliminated to the extent of the Group's interest and considered an impairment indicator of such asset. Accounting policies of the associates are changed where necessary to ensure consistency with the policies adopted by the Group.

Dilution gains and losses arising in investments in associates are recognized in the consolidated statement of profit and loss.

5.2 Functional and presentation currency

Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the Group operates (the functional currency). These consolidated financial statements are presented in Pakistan Rupees (Rs), which is the Group's functional currency.

5.3 Foreign currency transactions and translations

Foreign currency transactions are translated into the functional currency, using the exchange rates prevailing on the date of the transaction. Monetary assets and liabilities, denominated in foreign currencies, are translated into the functional currency using the exchange rate prevailing on the date of the consolidated statement of financial position. Foreign exchange gains and losses resulting from the settlement of such transactions, and from the translation of monetary items at year end exchange rates, are charged to statement of profit and loss for the year.

5.4 Insurance reserve

The assets of the Holding Company are self insured, as the Holding Company has created an insurance reserve for this purpose. Appropriations out of profits to this reserve, are made at the discretion of the Board of Directors. The reserve may be utilized to meet any losses to the Holding Company's assets resulting from theft, fire, natural or other disasters.

5.5 Statutory reserve

In compliance with the requirements of the Regulation R-4, U Bank is required to maintain a statutory reserve to which an appropriation equivalent to 20% of the profit after tax is made till such time the reserve fund equals the paid up capital of U Bank. However, thereafter, the contribution is reduced to 5% of the profit after tax.

5.6 Government grants

Government grants are recognized at their fair values, as deferred income, when there is reasonable assurance that the grants will be received and the Group will be able to comply with the conditions associated with the grants.

Grants that compensate the Group for expenses incurred, are recognized on a systematic basis in the income for the year in which the related expenses are recognized. Grants that compensate the Group for the cost of an asset are recognized in income on a systematic basis over the expected useful life of the related asset.

5.7 Contributions

In compliance with the requirements of the section 19 of the microfinance institution ordinance 2001 , U Bank contributes 5% of annual profit after tax to the Depositor's Protection Fund.

5.8 Borrowings and borrowing costs

Borrowings are recognized equivalent to the value of the proceeds received by the Group. Any difference, between the proceeds (net of transaction costs) and the redemption value, is recognized in income, over the period of the borrowings, using the effective interest method.

Borrowing costs, which are directly attributable to the acquisition and construction of a qualifying asset, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalized as part of the cost of that asset. All other borrowing costs are charged to income for the year.

5.9 Trade and other payables

Liabilities for creditors and other amounts payable are carried at cost, which is the fair value of the consideration to be paid in the future for the goods and / or services received, whether or not billed to the Group.

5.10 Deposits

Deposits with U Bank are initially recorded at the amounts of proceeds received. Mark-up accrued on deposits is recognized separately as part of other liabilities and is charged to the consolidated statement of profit and loss over the year.

5.11 Provisions

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each consolidated statement of financial position date and are adjusted to reflect the current best estimates.

5.12 Contingent liabilities

A contingent liability is disclosed when the Group has a possible obligation as a result of past events, the existence of which will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events, not wholly within the control of the Group; or when the Group has a present legal or constructive obligation, that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

5.13 Dividend distribution

The distribution of the final dividend, to the Group's shareholders, is recognized as a liability in the consolidated financial statements in the period in which the dividend is approved by the Group's shareholders; the distribution of the interim dividend is recognized in the period in which it is declared by the Board of Directors of the Holding Company.

5.14 Fixed assets

(a) Property, plant and equipment

Property, plant and equipment, except freehold land and capital work in progress, is stated at cost less accumulated depreciation and any identified impairment losses; freehold land is stated at cost less identified impairment losses, if any. Cost includes expenditure, related overheads, mark-up and borrowing costs (note 5.8) that are directly attributable to the acquisition of the asset.

Subsequent costs, if reliably measurable, are included in the asset's carrying amount, or recognized as a separate asset as appropriate, only when it is probable that future economic benefits associated with the cost will flow to the Group. The carrying amount of any replaced parts as well as other repair and maintenance costs, are charged to income during the period in which they are incurred.

Capital work in progress is stated at cost less impairment value, if any. It consists of expenditure incurred in respect of tangible and intangible fixed assets in the course of their construction and installation.

Depreciation on assets is calculated, using the straight line method, to allocate their cost over their estimated useful lives specified in note 18.1.

Depreciation on additions to property, plant and equipment, is charged from the month in which the relevant asset is acquired or capitalized, while no depreciation is charged for the month in which the asset is disposed off. Impairment loss, if any, or its reversal, is also charged to income for the year. Where an impairment loss is recognized, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value, over its estimated useful life.

The gain or loss on disposal of an asset, calculated as the difference between the sale proceeds and the carrying amount of the asset, is recognized in income for the year.

Assets subject to finance lease are stated at the lower of present value of minimum lease payments at inception of the lease period and their fair value less accumulated impairment losses and accumulated depreciation at the annual rates specified in note 18.1. The outstanding obligation under finance lease less finance charges allocated to future periods is shown as liability. Finance charges are calculated at interest rates implicit in the lease and are charged to the consolidated statement of profit and loss in the year in which these are incurred.

(b) Intangible assets

i) Goodwill

Goodwill is initially measured at cost being the excess of the consideration transferred, over the fair value of subsidiary's identifiable assets acquired and liabilities assumed.

After initial recognition, goodwill is measured at cost, less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Where goodwill forms part of a cash generating unit and part of the operation within that unit is disposed off, the goodwill associated with the operation disposed off is included in the carrying amount of the operation, when determining the gain or loss on disposal of the operation. Goodwill disposed off, in these circumstances, is measured based on the relative values of the operation disposed off and the portion of the cash generating unit retained.

(ii) Licenses

These are carried at cost less accumulated amortization and any identified impairment losses. Amortization is calculated using the straight line method, to allocate the cost of the license over its estimated useful life, and is charged to income for the year.

The amortization on licenses acquired during the year, is charged from the month in which a license is acquired / capitalized, while no amortization is charged in the month of expiry / disposal of the license.

(iii) Computer software

These are carried at cost less accumulated amortization, and any identified impairment losses. Amortization is calculated, using the straight line method, to allocate the cost of software over their estimated useful life, and is charged to income for the year. Costs associated with maintaining computer software, are recognized as an expense as and when incurred.

The amortization on computer software acquired during the year, is charged from the month in which the software is acquired or capitalized, while no amortization is charged for the month in which the software is disposed off.

5.15 Impairment of non financial assets

Assets that have an indefinite useful life, for example freehold land, are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment on the date of consolidated statement of financial position, or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized, equal to the amount by which the assets' carrying amount exceeds its recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows. Non financial assets that suffered an impairment, are reviewed for possible reversal of the impairment at each consolidated statement of financial position date. Reversals of the impairment loss are restricted to the extent that asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss has been recognized. An impairment loss, or the reversal of an impairment loss, are both recognized in the income for the year.

5.16 Stores, spares and loose tools

Store, spares and loose tools are stated at the lower of cost and net realizable value. Cost is determined using the weighted average method. Items in transit are valued at cost, comprising invoice values and other related charges incurred up to the date of the consolidated statement of financial position.

5.17 Stock in trade

Stock in trade is valued at the lower of cost and net realizable value. Cost comprises the purchase price of items of stock, including import duties, purchase taxes and other related costs. Cost is determined on a weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business less estimated cost necessary to make the sale.

5.18 Trade debts

Trade debts are carried at their original invoice amounts, less any estimates made for doubtful debts based on a review of all outstanding amounts at the year end. Bad debts are written off as per Group policy.

5.19 Financial instruments

Financial assets and liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument and de-recognized when the Group loses control of the contractual rights that comprise the financial assets and in case of financial liabilities when the obligation specified in the contract is discharged, cancelled or expired. All financial assets and liabilities are initially recognized at fair value plus transaction costs other than financial assets and liabilities carried at fair value through profit or loss. Financial assets and liabilities carried at fair value through profit or loss are initially recognized at fair value, and transaction costs are charged to income for the year. These are subsequently measured at fair value, amortized cost or cost, as the case may be. Any gain or loss on derecognition of financial assets and financial liabilities is included in income for the year.

(a) Financial assets

Classification and subsequent measurement

The Group classifies its financial assets in the following categories: fair value through profit or loss, held-to-maturity investments, loans and receivables and available for sale financial assets. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. Regular purchases and sales of financial assets are recognized on the trade date - the date on which the Group commits to purchase or sell the asset.

(i) Fair value through profit or loss

Financial assets at fair value through profit or loss, include financial assets held for trading and financial assets, designated upon initial recognition, at fair value through profit or loss.

Financial assets at fair value through profit or loss are carried in the consolidated statement of financial position at their fair value, with changes therein recognized in the income for the year. Assets in this category are classified as current assets.

(ii) Held-to-maturity

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held-to-maturity when the Group has the positive intention and ability to hold these assets to maturity. After initial measurement, held-to-maturity investments are measured at amortized cost using the effective interest method, less impairment, if any.

(iii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments, that are not quoted in an active market. After initial measurement, these financial assets are measured at amortized cost, using the effective interest rate method, less impairment, if any.

The Group's loans and receivables comprise 'Long-term loans and advances', 'Trade debts', 'Loans and advances', 'Accrued interest', 'Receivable from the Government of Pakistan', 'Other receivables' and 'Cash and bank balances'.

(iv) Available for sale

Available for sale financial assets are non-derivatives, that are either designated in this category, or not classified in any of the other categories. These are included in non-current assets, unless management intends to dispose them off within twelve months of the date of the consolidated statement of financial position.

After initial measurement, available for sale financial assets are measured at fair value, with unrealized gains or losses recognized as other comprehensive income, until the investment is derecognized, at which time the cumulative gain or loss is recognized in income for the year.

Investments in equity instruments that do not have a quoted market price in active market and whose fair value cannot be reliably measured are measured at cost.

(b) Impairment

The Group assesses at the end of each reporting period whether there is an objective evidence that a financial asset or group of financial assets is impaired as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event'), and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

(c) Financial liabilities

Initial recognition and measurement

The Group classifies its financial liabilities in the following categories: fair value through profit or loss and other financial liabilities. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value and, in the case of other financial liabilities, also include directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification as follows:

(i) Fair value through profit or loss

Financial liabilities at fair value through profit or loss, include financial liabilities held-for-trading and financial liabilities designated upon initial recognition as being at fair value through profit or loss.

Financial liabilities at fair value through profit or loss are carried in the consolidated statement of financial position at their fair value, with changes therein recognized in the income for the year.

(ii) Other financial liabilities

After initial recognition, other financial liabilities which are interest bearing are subsequently measured at amortized cost, using the effective interest rate method.

(d) Offsetting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the consolidated statement of financial position, if the Group has a legally enforceable right to set off the recognized amounts, and the Group either intends to settle on a net basis, or realize the asset and settle the liability simultaneously.

5.20 Derivative financial instruments

Derivative financial instruments are initially recognised at fair value and are subsequently remeasured at fair value. These are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in fair value of derivative financial instruments is recognised as income or expense in the consolidated statement of profit and loss.

5.21 Cash and cash equivalents

Cash and cash equivalents are carried at cost. For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash in hand, short term finances under mark-up arrangements with banks and short-term highly liquid investments with original maturities of three months or less, and that are readily convertible to known amounts of cash, and subject to an insignificant risk of changes in value.

5.22 Cash reserve

In compliance with the requirements of the Regulation R-3A, U Bank maintains a cash reserve equivalent to not less than 5% of its deposits (including demand deposits and time deposits with the tenor of less than 1 year) in a current account opened with the state bank or its agent.

5.23 Statutory liquidity requirement

In compliance with the requirements of the Regulation 3B, the U Bank maintains liquidity equivalent to at least 10% of its total demand liabilities and time liabilities with tenor of less than one year in the form of liquid assets i.e. cash, gold, unencumbered treasury bills, Pakistan Investment Bonds and Government of Pakistan sukuk bonds. Treasury bills and Pakistan Investment Bonds held under depositor protection fund are excluded for the purposes of determining liquidity.

5.24 Sale and purchase agreements

Securities sold under repurchase agreement (repo) are retained in the financial statements as investments and a liability for consideration received is included in borrowings. Conversely, consideration for securities purchased under resale agreement (reverse repo) is included in lending to financial institutions. The difference between sale and repurchase / purchase and resale price is recognised as return / markup expensed and earned respectively. Repo and reverse repo balances are reflected under borrowings from and lending to financial institutions respectively.

5.25 Revenue recognition

Revenue comprises of the fair value of the consideration received or receivable, for the provision of telecommunication, broadband and related services in the ordinary course of the Group's activities and is recognized net of services tax, rebates and discounts.

The Group principally obtains revenue from providing telecommunication services such as wireline and wireless services, interconnect, data services, equipment sales and cellular operations. Equipment and services may be sold separately or in bundled package. The Group also earns revenue from microfinance operations and branchless banking services.

Revenue is recognized, when it is probable that the economic benefits associated with the transaction will flow to the Group, and the amount of revenue and the associated cost incurred or to be incurred can be measured reliably, and when specific criteria have been met for each of the Group's activities as described below:

(i) Rendering of telecommunication services

Revenue from telecommunication services comprises of amounts charged to customers in respect of wireline and wireless services, equipment sales and interconnect, including data services. Revenue also includes the net income received and receivable from revenue sharing arrangements entered into with overseas and local telecommunication operators.

Revenue from telecommunication services is recognized on an accrual basis, as the related services are rendered.

Prepaid cards and electronic recharges allow the forward purchase of a specified amount of air time by customers; revenue therefrom is recognized as the airtime is utilized. Unutilized airtime is carried in the consolidated statement of financial position as unearned income:

(a) Wireline and wireless services

Revenue from wireline services, mainly in respect of line rent, line usage and broadband, is invoiced and recorded as part of a periodic billing cycle.

Revenue from wireless services is recognized on the basis of consumption of prepaid cards which allow the forward purchase of a specified amount of airtime by customers; revenue is recognized as the airtime is utilized.

(b) Data services

Revenue from data services is recognized when the services are rendered.

(c) Interconnect

Revenue from interconnect services is recognized when the services are rendered.

(d) Equipment sales

Revenue from sale of equipment is recognized when the equipment is delivered to the end customer and the sale is considered complete. For equipment sales made to intermediaries, revenue is recognized if the significant risks associated with the equipment are transferred to the intermediary and the intermediary has no right of return. If the significant risks are not transferred, revenue recognition is deferred until sale of the equipment to the end customer by the intermediary or the expiry of the right of return.

(ii) Income on bank deposits

Return on bank deposits is recognized using the effective interest method.

(iii) Dividend income

Dividend income is recognized when the right to receive payment is established.

(iv) Mark-up / return on investments

Mark-up / return on investment is recognized on accrual / time proportion basis using effective interest method. Where debt securities are purchased at premium or discount, those premiums / discounts are amortized through the consolidated statement of profit and loss over the remaining period on maturity.

(v) Mark-up / return on advances

Mark-up / return on advances is recognized on accrual/ time proportion basis, except for income, if any, which warrants suspension in compliance with the Regulations. Mark-up recoverable on non-performing advances is recognized on a receipt basis in accordance with the requirements of the Regulations. Loan processing fee is recognized as income on the approval of loan application of borrowers.

(vi) Income from interbank deposits

Income from interbank deposits in saving accounts is recognized in the consolidated statement of profit and loss as it accrues using the flat interest method.

(vii) Fee, commission and other income

Fee, commission and other income is recognized when earned.

5.26 Operating lease

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to consolidated statement of profit and loss on a straight line basis over the period of the lease.

5.27 Taxation

The tax expense for the year comprises of current and deferred income tax, and is recognized in income for the year, except to the extent that it relates to items recognized directly in other comprehensive income, in which case the related tax is also recognized in other comprehensive income.

(a) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the date of the consolidated statement of financial position. Management periodically evaluates positions taken in tax returns, with respect to situations in which applicable tax regulation is subject to interpretation, and establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

(b) Deferred income tax

Deferred income tax is accounted for using the balance sheet liability method in respect of all temporary differences arising between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred income tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred income tax is calculated at the rates that are expected to apply to the year when the differences reverse, and the tax rates that have been enacted, or substantively enacted, at the date of the consolidated statement of financial position.

5.28 Employees retirement benefits

The Group provides various retirement / post retirement benefit schemes. The plans are generally funded through payments determined by periodic actuarial calculations or up to the limits allowed in the Income Tax Ordinance, 2001. The Group has constituted both defined contribution and defined benefit plans.

The main features of these benefits provided by the Group in PTCL and its subsidiaries - PTML and U Bank are as follows:

PTCL

(a) PTCL Employees GPF Trust

The Company operates an approved funded provident plan covering its permanent employees. For the purposes of this plan, a separate trust, the "PTCL Employees GPF Trust" (the Trust), has been established. Monthly contributions are deducted from the salaries of employees and are paid to the Trust by the Company. In line with the Trust's earnings for a year, the Board of Trustees approves a profit rate for payment to the members. Profit rate for financial year 2015 is 12% (December 31, 2014: 12%) per annum. The Company contributes to the fund, the differential, if any, of the interest paid / credited for the year and the income earned on the investments made by the Trust.

(b) Defined benefit plans

(i) Pension plans

PTCL accounts for an approved funded pension plan operated through a separate trust, the "Pakistan Telecommunication Employees Trust" (PTET), for its employees recruited prior to January 01, 1996 when the Company took over the business from PTC. PTCL operates an unfunded pension scheme for employees recruited on a regular basis, on or after January 01, 1996.

(ii) Gratuity plan

PTCL operates an approved funded gratuity plan for its New Terms and Conditions (NTCs) employees and contractual employees.

(iii) Medical benefits plan

PTCL provides a post retirement medical facility to pensioners and their families. Under this unfunded plan, all ex-employees, their spouses, their children up to the age of 21 years (except unmarried daughters who are not subject to the 21 years age limit) and their parents residing with them and any other dependents, are entitled to avail the benefits provided under the scheme. The facility remains valid during the lives of the pensioner and their spouse. Under this facility there are no annual limits to the cost of medicines, hospitalized treatment and consultation fees.

(iv) Accumulating compensated absences

PTCL provides a facility to its employees for accumulating their annual earned leaves. Accumulated leaves can be encashed at the end of the employees' service, based on the latest drawn gross salary as per Company policy.

(v) Benevolent grants

PTCL pays prescribed benevolent grants to eligible employees / retirees and their heirs.

The liability recognized in the consolidated statement of financial position in respect of defined benefit plans, is the present value of the defined benefit obligations at the date of the consolidated statement of financial position less the fair value of plan assets.

The defined benefit obligations are calculated annually, by an independent actuary using the projected unit credit method. The most recent valuations were carried out as at December 31, 2015. The present value of a defined benefit obligation is determined, by discounting the estimated future cash outflows, using the interest rates of high quality corporate bonds that are nominated in the currency in which the benefits will be paid, and that have terms to maturity approximating the terms of the related liability. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized through other comprehensive income for the year except remeasurement gains and losses arising on compensated absences which are recognized in consolidated statement of profit and loss.

PTML

(i) Gratuity plan

A funded gratuity scheme, a defined benefit plan, for all permanent employees. Annual contributions to the gratuity fund are based on actuarial valuation by independent actuary. Gratuity shall be equivalent to one month last drawn basic salary for each year of service in excess of six months. The defined benefit obligation is calculated annually using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of government bonds that are denominated in Pakistan rupee and have terms to maturity approximating to the terms of the related liability.

(ii) Provident fund

Approved contributory provident fund, a defined contribution plan, for all permanent employees, and for which, contributions are charged to the consolidated statement of profit and loss.

(iii) Accumulating compensated absences

PTML provides a facility to its employees for accumulating their annual earned leaves. The liability is provided for on the basis of an actuarial valuation, carried out by independent actuary, using the projected unit credit method. The actuarial gains and losses are recognized in the consolidated statement of profit and loss.

U Bank

(i) Gratuity plan

The Bank operates a defined benefit gratuity scheme for all its regular employees. Gratuity equivalent to one month basic salary for each completed year of service is paid to entitled employees, if the period of their service is three years or above.

(ii) Provident fund

The Bank operates a funded provident fund scheme for all its regular employees for which equal monthly contributions are made both by the Bank and by employees at the rate of 8% of the basic salary of the employees. The Bank's contribution is charged to profit and loss account.

5.29 Operating segments

Operating segments are reported in a manner consistent with the internal reporting of the Group in note 51 to the consolidated financial statements.

5.30 Investment in finance lease

Leases in which the Company transfers substantially all the risk and rewards incidental to the ownership of an asset to the lessees are classified as finance leases. Receivable is recognized at an amount equal to the present value of minimum lease payments.

6.4 Except for voting rights, the "A" and "B" class ordinary shares rank pari passu in all respects. "A" class ordinary shares carry one vote and "B" class ordinary shares carry four votes, for the purposes of election of directors. "A" class ordinary shares cannot be converted into "B" class ordinary shares; however, "B" class ordinary shares may be converted into "A" class ordinary shares, at the option, exercisable in writing and submitted to the Holding Company, by the holders of three fourths of the "B" class ordinary shares. In the event of termination of the license issued to the Holding Company, under the provisions of Pakistan Telecommunication (Re-organization) Act, 1996, the "B" class ordinary shares shall be automatically converted into "A" class ordinary shares.

6.5 The Government of Pakistan, through an "Offer for Sale" document, dated July 30, 1994, issued to its domestic investors, a first tranche of vouchers exchangeable for "A" class ordinary shares of the Holding Company; subsequently, through an Information Memorandum dated September 16, 1994, a second tranche of vouchers was issued to international investors, also exchangeable, at the option of the voucher holders, for "A" class ordinary shares or Global Depository Receipts (GDRs) representing "A" class ordinary shares of the Holding Company. Out of 3,774,000 thousand "A" class ordinary shares, vouchers against 601,084 thousand "A" class ordinary shares were issued to the general public. Till December 31, 2015: 599,541 thousand (December 31, 2014: 599,537 thousand) "A" class ordinary shares had been exchanged for such vouchers.

6.6 In pursuance of the privatization of the Holding Company, a bid was held by the Government of Pakistan on June 08, 2005 for sale of "B" class ordinary shares of Rs 10 each, conferring management control. Emirates Telecommunication Corporation (Etisalat), UAE was the successful bidder. The 26% (1,326,000,000 shares) "B" class ordinary shares, along with management control, were transferred with effect from April 12, 2006, to Etisalat International Pakistan (EIP), UAE, which, is a subsidiary of Etisalat.

12.5 During the next financial year, the minimum expected contribution to be paid to the funded pension plan and funded gratuity plan by the Group is Rs 2,030,520 thousand (December 31, 2014 : Rs 1,581,040 thousand) and Rs 187,950 thousand (December 31, 2014: Rs 97,286 thousand) respectively.

12.6 Sensitivity analysis

The calculations of the defined benefit obligations is sensitive to the significant actuarial assumptions set out in note 12.1. The table below summarizes how the defined benefit obligations at the end of the reporting period would have increased / (decreased) as a result of change in the respective assumptions.

	Impact on defined benefit obligation	
	1% Increase in assumption	1% Decrease in assumption
	Rs '000	Rs '000
Future salary / medical cost

Expected Mortality Rates

	Increase by 1 year	Decrease by 1 year
	Rs '000	Rs '000
Pension - funded	(2,383,472)	2,369,116
Pension - unfunded	(36,685)	35,700
Gratuity - funded	(12,823)	12,479
Accumulating compensated absences - unfunded	(19,970)	19,432
Post-retirement medical facility - unfunded	(344,708)	346,026
Benevolent grants - unfunded	(94,171)	94,531

The above sensitivity analyses are based on changes in assumptions while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied when calculating the pension liability recognized within the consolidated statement of financial position.

12.7 Through its defined benefit pension plans the Group is exposed to a number of actuarial and investment risks, the most significant of which include, interest rate risk, property market risk, longetivity risk for pension plan and salary risk for all the plans.

Short term running finance facilities available under mark-up arrangements with banks amounting to Rs 3,000,000 thousand (December 31, 2014: Rs 2,500,000 thousand), out of which the amount availed at the year end is Rs. 427,428 (December 31, 2014: Nil). These facilities are secured by first ranking pari passu charge by way of hypothecation over all present and future assets of PTML, excluding land, building and license.

17. Contingencies and commitments

Contingencies

PTCL

17.1 Against the decision of Appellate Tribunal Inland Revenue (ATIR) upholding tax authorities' decision to impose FED amounting to Rs 474,417 thousand on Technical Services Assistance fee assuming that the fee is against franchise arrangement for the period from July 2007 to June 2010, Honorable Islamabad High Court remanded the cases back to ATIR with the directions to decide the cases afresh. Accordingly, the stay order earlier granted by the Honorable Islamabad High Court upholds.

17.2 Based on an audit of certain monthly returns of the FED, a demand of Rs 1,289,957 thousand was raised on the premise that the Holding Company did not apportion the input tax between allowable and exempt supplies. The Company is in appeal before the ATIR, which is pending adjudication. Meanwhile, the Honorable Islamabad High Court has granted a stay order in this regard.

17.3 Against the decision of Sindh Revenue Board (SRB) imposing sales tax of Rs. 4,417 million on revenues from international incoming calls for 2012 and 2013, the appeal is pending adjudication before the Commissioner Appeals. Meanwhile, the Honorable Sindh High Court has granted a stay order against the recovery.

17.4 Against the decision of the Customs Appellate Tribunal imposing additional custom duties, a reference as well as writ petition against order passed by the Custom Tribunal is pending before Honorable Sindh High Court. Further, through the petition filed before the Honorable Sindh High Court stay order has been obtained against order of the Tribunal. Sindh High Court has stayed the recovery of the levies amounting to Rs. 932,942 thousand.

17.5 For the tax year 2007, the Holding Company filed an appeal before the ATIR against disallowance of certain expenses by the Taxation Officer with tax impact of Rs 4,887,370 thousand. The ATIR in its judgment endorsed the departmental view regarding satellite charges (tax impact of Rs 80,850 thousand) while judgment on rest of the disallowances is pending. A reference application filed by the Company with the Honorable Islamabad High Court is pending adjudication.

17.6 For the tax year 2008, the ATIR, while disposing off the Company's appeal against the tax demand of Rs 4,559,208 thousand on the basis that the Company applied incorrect withholding tax rate for payments to Voluntary Separation Scheme optees, remanded the case back to the Taxation Officer for verification of filing of options before the concerned Commissioners. The Company has also filed a reference application with the Honorable Islamabad High Court, which is pending adjudication.

17.7 For the tax year 2008, the tax authorities filed an appeal before the ATIR against the decision of the Commissioner Inland Revenue (CIR) Appeals allowing certain expenses with tax impact of Rs 2,126,648 thousand.

17.8 For the tax year 2009, the Taxation Officer disallowed certain expenses with tax impact of Rs 3,278,866 thousand, after the order of CIR Appeals. The Company has filed appeal before ATIR and also filed reference applications before the Honorable Islamabad High Court.

17.9 For the tax year 2010, the CIR Appeals allowed certain expenses with tax impact of Rs 3,955,783 thousand. For the other disallowed expenses with tax impact of Rs. 1,251,913 thousand, the appeal is pending before the ATIR.

17.10 For the tax year 2011, taxation officer disallowed certain expenses with tax impact of Rs 3,860,358 thousand, after taking into account the order of CIR Appeals as well as rectification orders. The Company has filed an appeal before ATIR, pending adjudication.

17.11 For the tax year 2014, certain expenses with tax impact of Rs 6,731,145 thousand were allowed by tax authorities subsequent to the decision of CIR Appeals. For the other disallowed expenses (tax impact Rs 1,320,023 thousand), appeal is pending adjudication before CIR Appeals. Meanwhile, the Honorable Islamabad High Court has granted a stay order against the recovery.

17.12 With regard to the appeals filed by the Holding Company before the Honorable Supreme Court of Pakistan against the orders passed by various High Courts, the Honorable Supreme Court of Pakistan dismissed such appeals through announcement of the earlier-reserved order on 12th June, 2015. Based on the directives contained in the said order and the pertinent legal provisions, the Holding Company is evaluating extent of its responsibility vis-à-vis such order. The Holding Company, the Pakistan Telecommunication Employees Trust and the Federal Government have filed Review Petitions before the Apex Court in this regard. Under the circumstances, the management of the Company is of the view, it is not possible at this stage to ascertain the financial obligations, if any, flowing from the Honorable Supreme Court decision which could be disclosed in these financial statements. In the meanwhile, PTET has issued notices to prospective beneficiaries for the determination of their entitlements.

17.13 The Company implemented policy directives of Ministry of Information Technology conveyed by the Pakistan Telecommunication Authority regarding termination of all international incoming calls into Pakistan. On suspension of these directives by the Honorable Lahore High Court, the Honorable Supreme Court of Pakistan dismissed the pertinent writ petitions by directing Competition Commission of Pakistan (CCP) to decide the case. The Honorable Sindh High Court suspended the adverse decision of CCP and the case is pending for adjudication.

17.14 A total of 1,470 cases (December 31, 2014: 1,635 cases) have been filed against the Company primarily involving subscribers, regulators, retirees and employees. Because of the large number of cases and their uncertain nature, it is not possible to quantify their financial impact at present.

17.15 No provision on account of above contingencies has been made in these financial statements as the management and the tax / legal advisors of the Company are of the view, that these matters will eventually be settled in favour of the Company.

PTML

17.17 Tax authorities have raised Federal Excise Duty (FED) demands by assessing the PTML's payments of technical services fee to Etisalat as fee for "Franchise Services" which has not been agreed by the PTML and its appeals are pending at various appellate fora. The management is of the view that payments of technical services fee are outside the ambit of the Federal Excise Act, 2005 and lack the essential element of "franchiser-franchisee" arrangement to be considered franchise services fee. Against the demands created by the tax authorities, PTML has paid Rs 501,541 thousand in prior years under protest and carried as receivable from taxation authorities as reflected in note 30.2 to these financial statements. The total exposure in the case is Rs. 1,454,935 thousand (December 31, 2014: Rs. 1,287,936 thousand)

17.18 The taxation authorities have raised demand amounting to Rs 1,830,000 thousand which represents the amount of advance income tax paid by the PTML under section 148 at import stage on the premise that such tax paid fall under final tax regime. PTML has claimed adjustment of this amount against its tax liability for tax years 2008 to 2014. PTML is of the view that these demands are not based on sound principles as PTML is subject to normal tax regime since its inception and the equipment imported is used in-house for provision of telecom services and not sold by PTML as commercial importer to derive income. PTML's appeal filed with ATIR against the decision of Commisioner Inland Revenue - Appeals is pending adjudication.

17.19 PTML and other telecom operators contested a position taken by Federal Board of Revenue in respect of levy of FED on payment of interconnect charges by all telecom operators on the basis that such position is contrary to the substance of the related mandatory arrangement under Calling Party Pays (CPP) regime. Further, such levy of FED is in disregard to the fact that Duty on full price for the service (including the interconnect part) has already been charged, collected and paid to Government by telecom operator (calling party).

PTML and three other operators had petitioned the Islamabad High Court (IHC) to seek the correct interpretation of the law on the matter. During the year, IHC has passed its judgment in favour of the petitioners. An intra-court appeal has been filed by the taxation authorities against this judgment which is currently pending before IHC. No provision has been carried in the financial statements in this respect.

17.20 PTML is contesting various notices and orders in front of the Pakistan and Azad Jammu and Kashmir tax authorities, Commissioner Inland Revenue (Appeals), Appellate Tribunal Inland Revenue and the High Court in respect of Income Tax, Federal Excise Duty, Federal and Provincial Sales Tax. The management believes that strong legal and factual bases are available to support the PTML's contention that outcome to these proceedings will be favorable. Accordingly, no provision has been carried in these financial statements.

DVCOM Data

17.21 In pursuance of the determination by Pakistan Telecommunication Authority (PTA) on March 20, 2015 requiring, inter-alia, a payment of Rs. 3,123,867 thousand principal outstanding dues of Rs. 1,426,785 thousand and late payment charges of Rs. 1,697,082 thousand within fifteen days of the order, DVCOM Data filed a statutory appeal viz. FAO No. 22/2015 before Islamabad High Court on March 30, 2015 against such demand of PTA. The Honorable Islamabad High Court suspended the PTA determination dated March 20, 2015. However, the Honorable Islamabad High Court passed an order for the payment of principal outstanding dues amounting to Rs. 1,426,785 thousand, which was later paid by the holding company on behalf of DVCOM Data whereas, the demand for late payment additional fee was suspended by the Honorable Islamabad High Court.

DVCOM Data based on the advise of its legal advisors believes that the PTA's demand for late payment charges is inconsistent with the pertinent laws, rules and regulations keeping in view the fact that the WLL License issued to the Company by PTA remained terminated by the same Authority for substantial part of the period for which the said late payment charges are being claimed and as such, the question of late payment charges cannot arise for the licenses which are not in field and therefore, the matter is likely to be decided in favor of the DVCOM Data. Hence, no provision for late payment charges of Rs.1,697,082 thousand, has been recognized.

19.3 The Pakistan Telecommunication Authority (PTA) has issued a license to PTCL, to provide telecommunication services in Pakistan, for a period of 25 years, commencing January 01,1996, at an agreed license fee of Rs 249,344 thousand. In June 2005 PTA modified the previously issued license to provide telecommunication services to include a spectrum license at an agreed license fee of Rs 3,646,884 thousand. This license allows the Company to provide Wireless Local Loop (WLL) services in Pakistan, over a period of 20 years, commencing October 2004. The cost of the license is being amortized on a straight line basis over the period of the license.

The Holding Company has vacated 1900 MHz spectrum in nine telecom regions acquired from Telecard Limited in September 2013 due to certain conditions mandatory to complete the transaction as stipulated in agreements embodying the commercial arrangement remaining unfulfilled.

19.4 PTA has issued a license under section 5 of the Azad Jammu and Kashmir Council Adaptation of Pakistan Telecommunication (Re-organization) Act, 1996, the Northern Areas Telecommunication (Re-organization) Act, 2005 and the Northern Areas Telecommunication (Re-organization) (Adaptation and Enforcement) Order 2006, to PTCL to establish, maintain and operate a telecommunication system in Azad Jammu and Kashmir and Gilgit-Baltistan, for a period of 20 years, commencing May 28, 2008, at an agreed license fee of Rs 109,270 thousand. During the year 2015, PTA allocated additional spectrum for WLL services in Azad Jammu & Kashmir (AJ&K) and Gilgit-Baltistan (GB) for Rs 98,487 thousand. The duration of the License shall be for the remaining period of the existing WLL licenses. The cost of the licenses is being amortized, on a straight line basis, over the period of the licenses.

19.5 IPTV license has been renewed by Pakistan Electronic Media Regulatory Authority effective from November 02, 2011, at an agreed license fee of Rs 15,910 thousand. The cost of the license is being amortized, on a straight line basis, over a period of 5 years.

19.6 PTA has issued two licenses to PTML to establish, maintain and operate cellular services in Azad Jammu and Kashmir for a period of 15 years commencing June 2006 respectively.

19.7 During 2014, PTML acquired license for 3G cellular operations throughout Pakistan excluding Azad Jammu & Kashmir (AJK) and Gilgit - Baltistan (GB). The license is to be amortized over the license term of 15 years commencing from May 21, 2014. The remaining period of license is 13 years and 4 months.

19.8 PTML's license for 2G cellular operations throughout Pakistan excluding Azad Jammu & Kashmir (AJK) and Gilgit - Baltistan (GB), was also renewed effective from April 8, 2014. The license is to be amortized over the license term of 15 years. The remaining period of license is 13 years and 3 months.

19.9 Cost of computer software is being amortized, on a straight line basis, over a period of 5 years except for SAP-ERP system and branchless banking software which are being amortized over a period of 10 years.

19.10 This represents machine independent IT software with a useful life of 3 years, being amortized on straight line basis.

The Group also provides free medical and limited residential telephone facilities, to all its executives, including the Chief Executive Officer. The Chairman is entitled to free transport and a limited residential telephone facility, whereas, the Directors of the Group are provided only with limited telephone facilities; certain executives are also provided with the Group maintained cars.

The aggregate amount charged in the consolidated financial statements for the year as fee paid to 12 non executive directors (December 31, 2014: 12 non executive directors), is Rs 120,644 thousand (December 31, 2014: Rs 99,885 thousand) for attending the Board of Directors, and its sub-committee meetings.

46. Rates of exchange

Assets in US dollars have been translated into Rupees at USD 1 = Rs 104.60 (December 31, 2014: USD 1 = Rs 100.40), while liabilities in US dollars have been translated into Rupees at USD 1 = Rs 104.80 (December 31, 2014: USD 1 = Rs 100.60).

47. Financial risk management

47.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on its financial performance.

Risk management is carried out by the Board of Directors (the Board). The Board has prepared a 'Risk Management Policy' covering specific areas such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity. All treasury related transactions are carried out within the parameters of this policy.

(a) Market risk

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions, or receivables and payables that exist due to transactions in foreign currencies.

The Group is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD), Arab Emirates Dirham (AED) and EURO (EUR). Currently, the Group's foreign exchange risk exposure is restricted to the amounts receivable from / payable to foreign entities. The Group's exposure to currency risk is as follows:

	2015 Rs '000	2014 Rs '000
USD		
Trade and other payables	(5,802,397)	(6,182,974)
Long term vendor liability	(9,693,443)	(6,203,595)
License fee payable	(30,633,040)	(33,866,990)
Trade debts	2,089,593	3,848,788
Cash and bank balances	275,334	740,603
Net exposure	(43,763,953)	(41,664,168)
EUR		
Trade and other payables	(47,077)	(225,216)
Trade debts	68,499	100,255
Cash and bank balances	10,942	23,433
Net exposure	32,364	(101,528)
AED		
Trade and other payables	(54,929)	(52,715)

The following significant exchange rates were applied during the year:

	2015	2014
Rupees per USD		
Average rate	102.88	101.16
Reporting date rate		
Assets	104.60	100.40
Liabilities	104.80	100.60
Rupees per EURO		
Average rate	114.20	134.50
Reporting date rate	114.54	122.37
Rupees per AED		
Average rate	28.01	27.54
Reporting date rate	28.54	27.39

If the functional currency, at the reporting date, had fluctuated by 5% against the USD, AED and EUR with all other variables held constant, the impact on profit after taxation for the year would have been Rs 1,444,955 thousand (December 31, 2014: Rs 1,359,099 thousand) respectively lower/ higher, mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis.

(ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Group is exposed to equity securities price risk because of the investments held by the Group in money market mutual funds and classified on the consolidated statement of financial position as available for sale. To manage its price risk arising from investments in mutual funds, the Group diversifies its portfolio.

Financial assets include investments of Rs 180,483 thousand (December 31, 2014: Rs 6,959,345 thousand) which were subject to price risk.

If redemption price on mutual funds/PIBs, at the year end date, fluctuate by 5% higher / lower with all other variables held constant, total comprehensive income for the year would have been Rs 9,024 thousand (December 31, 2014: Rs 347,967 thousand) higher / lower, mainly as a result of higher / lower redemption price on units of mutual funds.

(iii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The interest rate profile of the Group's interest bearing financial instruments at the year end :

	2015 Rs '000	2014 Rs '000
Financial assets		
Fixed rate instruments:		
Staff loans	708,059	740,000
Short term investments - term deposits	26,388,803	12,000,000
Bank balances - savings accounts	2,179,034	4,607,754
Floating rate instruments:		
Bank balances - savings accounts	498,223	-
	29,774,119	17,347,754
Financial liabilities		
Floating rate instruments:		
Long term loans from banks	21,000,000	15,000,000
License fee payable	6,183,200	7,419,250
Liability against assets subject to finance lease	57,270	73,796
Long term vendor liability	7,769,994	9,141,202
Short term running finance	427,428	-
	35,437,892	31,634,248

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value. Therefore, a change in interest rates at the date of consolidated statement of financial position would not affect the total comprehensive income of the Group.

Cash flow sensitivity analysis for variable rate instruments

If interest rates on variable rate instruments of the Group, at the year end date, fluctuate by 1% higher / lower with all other variables held constant, profit after taxation for the year would have been Rs 230,602 thousand (December 31, 2014: Rs 211,949 thousand) higher / lower, mainly as a result of higher / lower markup income on floating rate loans/investments.

(b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party, by failing to discharge an obligation. The maximum exposure to credit risk at the reporting date is as follows:

	2015 Rs '000	2014 Rs '000
Long term loans and advances	2,359,788	2,925,795
Trade debts	15,549,034	15,511,235
Accrued interest	221,179	330,823
Loans and advances	2,643,569	2,114,096
Other receivables	2,204,994	6,577,584
Short term investments	26,388,803	18,441,389
Bank balances	3,068,310	5,633,755
	52,435,677	51,534,677

The credit risk on liquid funds is limited, because the counter parties are banks with reasonably high credit ratings. In case of trade debts the Group believes that it is not exposed to a major concentration of credit risk, as its exposure is spread over a large number of counter parties and subscribers.

The credit quality of bank balances and short term investments, that are neither past due nor impaired, can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

47.4 Capital Risk Management

The Board's policy is to maintain an efficient capital base so as to maintain investor, creditor and market confidence, and to sustain the future development of the Group's business. The Board of Directors monitors the return on capital employed, which the Group defines as operating income divided by total capital employed. The Board of Directors also monitors the level of dividends to ordinary shareholders.

The Group's objectives when managing capital are:

(i) to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders; and

(ii) to provide an adequate return to shareholders

The Group manages the capital structure in the context of economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may, for example, adjust the amount of dividends paid to shareholders, issue new shares, or sell assets to reduce the debt.

For working capital requirements, the Group relies on internal cash generation and does not have any significant borrowings.

NOTICE OF THE
TWENTY FIRST ANNUAL GENERAL MEETING

Notes:

1. Participation in the Annual General Meeting

   Any member of the Company entitled to attend and vote at this meeting may appoint another person as his/her proxy to attend and vote on his/her behalf. A corporate entity, being a member, may appoint any person, regardless whether he is a member or not, as its proxy. In case of corporate entities, a resolution of the Board of Directors /Power of Attorney with specimen signatures of the person nominated to represent and vote on behalf of the corporate entity shall be submitted to the Company along with a completed proxy form. Proxies in order to be effective must be received by the Company at the Registered Office not less than 48 hours before the time fixed for holding the meeting.

2. Closure of Share Transfer Books

   The Share Transfer Books of the Company will remain closed from April 17, 2016 to April 28, 2016 (both days inclusive).

3. Change of Address

   Members holding shares in physical form are requested to notify any change in address immediately to our Share Registrar, M/s FAMCO Associates (Pvt.) Limited at 8-F, Next to Hotel Faran, Nursery, Block-6, P.E.C.H.S., Shahra-e-Faisal, Karachi. Members holding shares in CDC/Participants accounts are also requested to update their addresses with CDC or their Participants/Stock Brokers.

4. Notice to shareholders who have not provided their CNICs

   As per directive of the Securities and Exchange Commission of Pakistan (SECP) vide S.R.O No. 831(I)/2012 dated July 5, 2012, the dividend warrants should bear the Computerized National Identity Card Number (CNIC) of the registered shareholder or the authorized person, except in the case of minor(s) and corporate shareholder(s). Members who have not yet submitted photocopies of their valid CNICs are once again requested to provide the same with their folio numbers to the Company's Share Registrar, M/s FAMCO Associates (Pvt.) Limited to ensure timely disbursement of dividend. Members holding shares in CDC/ Participants accounts are also requested to update their CNIC/NTN with CDC or their Participants/Stock Brokers.

5. Payment of dividend electronically (e-mandate)

   In order to enable a more efficient method of cash dividend, the SECP through its Circular No. 8(4) SM/ CDC 2008 of April 5, 2013, has announced an e-dividend mechanism where shareholders can get their dividend credited directly into their respective bank accounts electronically by authorizing the Company to electronically credit their dividend to their accounts. Accordingly, all non CDC shareholders are requested to send their bank account details to the Company's Share Registrar, M/s FAMCO Associates (Pvt.) Limited.

   Shareholders who hold shares with CDC or Participants/ Stock Brokers, are advised to provide the mandate to CDC or their Participants/ Stock Brokers.

6. Further Guidelines for CDC Account Holders

8. Audited Financial Statements through e-mail

The Securities and Exchange Commission of Pakistan vide SRO 787 (1)/2014 dated September 08. 2014 has provided an option for shareholders to receive audited financial statements along with notice of annual general meeting electronically through email. Hence, members who are interested in receiving the annual reports and notice of annual general meeting electronically in future are required to submit their email addresses and consent for electronic transmission to the share registrar. The consent form in this regard is also available on Company's official website www.ptcl.com.pk.

9. Deduction of withholding tax on the amount of dividend

The following information is being disseminated for information of the members in accordance with the instructions of the Commission circulated vide its Circular No. 19/2014 of October 24, 2014;

(i) "The Government of Pakistan through Finance Act, 2015 has made certain amendments in section 150 of the Income Tax Ordinance, 2001 whereby different rates are prescribed for deduction of withholding tax on the amount of dividend paid by the companies. These tax rates are as under:

(a) For filers of income tax returns: 12.5%

(b) For non-filers of income tax returns: 17.5%

To enable the company to make tax deduction on the amount of cash dividend @ 12.5% instead of 17.5%, all the shareholders whose names are not entered into the Active Tax-pavers List (ATL) provided on the website of FBR, despite the fact that they are filers, are advised to make sure that their names are entered into ATL before the date for payment of the cash dividend i.e. April 16, 2016 otherwise tax on their cash dividend will be deducted @ 17.5% instead @12.5%.

For shareholders holding their shares jointly, as per the clarification issued by the Federal Board of Revenue, with-holding tax will be determined separately on 'Filer/Non-Filer' status of Principal shareholder as well as joint-holder (s) based on their shareholding proportions, in case of joint accounts. Therefore, all shareholders who hold shares jointly are requested to provide shareholding proportions of Principal shareholder and Joint-holder(s) in respect of shares held by them to our Share Registrar, in writing as follows:

			Principal Shareholder		Joint Shareholder	
Company Name	Folio/CDS Account #	Total Shares	Name and CNIC #	Shareholding Proportion (No. of Shares)	Name and CNIC #	Shareholding Proportion (No. of Shares)

The above/required information must be provided to our Share Registrar before April 16, 2016 positively; otherwise it will be assumed that the shares are equally held by Principal shareholder and Joint Holder(s).

(ii) For any further query/problem/information, the investors may contact the Company's Share Registrar M/s. FAMCO Associates (Pvt.) Limited, 8-F, Next to Hotel Faran, Nursery, Block-6, P.E.C.H.S., Shahra-e-Faisal, Karachi (Ph. # +9221- 34380101 and +9221-34380102).

(iii) The corporate shareholders having CDC accounts are required to have their National Tax Number (NTN) updated with their respective participants, whereas corporate physical shareholders should send a copy of their NTN certificate to the company or its Share Registrar i.e. M/s FAMCO Associates (Pvt.) Limited. The shareholders while sending NTN or NTN certificates, as the case may be, must quote company name and their respective folio numbers".

STATEMENT UNDER SECTION 160 1(b) OF THE COMPANIES ORDINANCE, 1984

Proposed Resolution included in AGM Agenda (for your reference please)

i. Resolved that the consent of General Meeting be and is hereby given for disposal of lands and buildings of 611 number of closed exchanges as per the list attached.

ii. Resolved that President & CEO, PTCL be and is hereby authorized to complete all procedural requirements ancillary to carry out actions, deeds, things and other related matters regarding disposal of lands and buildings of above-stated 611 number of closed exchanges.

This statement sets out the material facts concerning special business to be transacted at the 21st Annual General Meeting of Pakistan Telecommunication Company Limited to be held on April 28, 2016.

The proposed special resolutions regarding disposal of non-useable/obsolete assets i.e. lands and buildings of 611 number of closed exchanges having written down value of Rs. 718,096,598/- (as on December 31, 2015), with an estimated net loss of Rs. Nil is necessitated by the following factors:

1. To save related operating expenses pertinent to keep and maintenance of these lands and buildings.
2. To safeguard against possible encroachment on these assets by third parties.
3. To realize possible financial gains from disposing of these unused assets of the Company.

Background

In the wake of the consolidation of Company's operations necessitated due to introduction of newer technologies e.g. MSAGs (Multi Services Access Gateways) and soft switches, these exchanges became redundant and unprofitable. Hence, after securing the approvals of Company's Board of Directors, the operations in these exchanges were ceased in three phases and related assets (excluding lands and buildings) were either used in Company's operations elsewhere or were disposed of. Region-wise summary of 611 closed exchanges is as under:

S.No.	Regions	No. of closed Exchanges	S.No.	Regions	No. of closed Exchanges
1	Central (CTR)	85	7	Peshawar (NTR-1)	32
2	Faisalabad (FTR)	99	8	D I Khan (NTR-2)	31
3	Gujranwala (GTR)	58	9	Rawalpindi (RTR)	25
4	Hazara (HTR)	18	10	Hyderabad (STR-1)	30
5	Lahore North (LTR-N)	2	11	Sukkur (STR-5)	37
6	Multan (MTR)	155	12	Quetta (WTR)	39
	Total Closed Exchanges				611

Shareholders' Value

The disposal of lands and buildings of the closed 611 exchanges is expected to enhance shareholders' equity through realization of envisaged gains.

The Directors of the Company have no direct or indirect interest in the special business.
