#### DIRECTOR'S REPORT

The Directors of Redco Textiles Limited are pleased to present the 23<sup>rd</sup> annual report along with Audited Financial Statements and Auditors report thereon for the year ended June 30, 2014 and other required information prescribed under the Code of Corporate Governance.

#### Overview

With the blessing & grace of Allah Al Mighty, the Company been able to earn a profit of PKR 5.42 Million during the year ended 30th June 2014 with EPS of PKR 0.110 per share despite domestic economic challenges in which the shortage of power is at its peak. To achieve most optimum results in the given circumstances, your management worked closely on production planning and monitoring of production and efficiency outcomes.

#### Operational Performance

Your company continued to perform well despite tough business and economic conditions and posted a profit before taxation for the year ended 30<sup>th</sup> June 2014 of PKR 24.36 Million (30<sup>th</sup> June 2013: PKR 32.3 Million). The achievements of the year under review may be compared against preceding year are as under:

2014	2013
Rupees	Rupees
2,211,316,146	2,438,127,292
2,141,950,869	2,358,299,891
69,365,277	79,827,401
6,363,404	7,127,692
23,240,014	19,274,672
4,717,089	8,369,139
34,320,507	34,771,503
35,044,770	45,055,898
2,008,901	813,588
37,053,671	45,869,486
12,695,186	13,573,323
24,358,485	32,296,163
	Rupees 2,211,316,146 2,141,950,869 69,365,277 6,363,404 23,240,014 4,717,089 34,320,507 35,044,770 2,008,901 37,053,671 12,695,186

Sales have decreased from PKR 2.438 billion to PKR 2.211 billion due to decrease in production & sale of high value items during the year ended 30<sup>th</sup> June 2014 as compared to previous year ended 30<sup>th</sup> June 2013. Operational Profitability percentages of the company slightly decreased. In the last quarter of the year sale prices for yarn & fabric were under pressure and also production costs increased. Overall the outcome remained at the same levels as compared to the previous year, due to aggressive efforts of the management regarding marketing and control on various costs by better utilization of available resources.

During the year under review, the cost of production has increased due to a surge in the prices of fuel and power as electricity prices are increasing and availability of Gas is decreasing. Salaries and wage rates were increased by government and other consumables prices remained unstable due to cost push inflation.

Gross profit for the year under review is amounting to PKR 69.37 million as compared to PKR 79.83 million in the prior year. Whereas profit before taxation for the year under review is amounting to PKR 24.358 million as compared to PKR 32.296 million in prior year.

#### Acknowledgment

We humbly and gratefully bow our heads before Almighty Allah, the most Gracious and Merciful for guiding us and hope that the company will continue to be rewarded and blessed by His innumerable bounties.

We also take the opportunity to express our gratitude towards worthy staff, share holders, our valued customers, suppliers and bankers for their co-operation and continued support.

#### **Future Prospects**

Our Expansion/BMR program is a continuing process and during the year under review we had imported one Latest Auto cone machine and two Cards for improving the quality along with Two Loptex machines to reduce the dependence on labor for cotton cleaning and improving quality in the spinning unit. In the weaving unit a new loom shed is in process of construction and L/C for import of 24 new latest technology Air Jet Looms with initial Deposit of Rs.38.88 millions was established in year under review and L/C was retired through additional Long term Financing of Rupees 100 millions from Bank Alfalah Ltd & machines have arrived in the current year and in process of installation and will start production by end of this month.

#### Dividend Distribution

The company is following residual dividend policy and increasing the working capital base to avail the benefits of holdings.

Chief Executive

Dated: October 09, 2014

# STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE FOR THE YEAR ENDED 30th JUNE 2014

This statement is being presented to comply with the Code of Corporate Governance contained in listing Regulation No. 37, 43 & 36 of listing regulations of Karachi, Lahore & Islamabad Stock Exchanges respectively for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The Company has applied the principles contained in the Code in the following manner;

 The company encourages representation of independent non-executive Directors and Directors representing minority interests on its Board of Directors. At present the board includes one independent non-executive Director. During the financial year under review, fresh Election of Directors was held to elect Seven Directors of the Company for the next term of three years.

1.	Ms. Sarah Saif Khan	Chief Executive
2.	Mrs. Muniza Saif Khan	Non-Executive
3.	Mrs. Taufiqa Amanullah Khan	Non-Executive
4.	Mrs. Samina Asad	Non-Executive Independent
5.	Mr. Imran Zia	Executive
6.	Mr. Ahsan ur Rehman Khan	Non-Executive
7.	Mr. Khalid Rehman Khan	Non-Executive

- The Directors have confirmed that none of them is serving as a director in more than seven listed companies, including this Company.
- All the resident Directors of the Company are registered as tax payer and none of them has
  defaulted in payment of any loan to a banking company, DFI or a NBFI or, being a member of
  stock exchange, has been declared as a defaulter by the stock exchange.
- 4. No casual vacancy occurred in the Board during the financial year under review.
- The Company has prepared a 'Code of Conduct, and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.
- The Board has developed a Vision /Mission Statement, overall corporate strategy and significant policies of the Company. A complete record of particulars of significant policies along with the dates on which they were approved or amended have been maintained.
- All the powers of the board have been duly exercised and decision on the material transactions, including appointment and determination of remuneration and terms and conditions of employees of the CEO and other executive directors, have been taken by the Board.
- 8. The Meetings of the Board were presided over by the Chairperson and, in his/her absence, by one of the directors present elected by the Board for this purpose and the Board met at least once in every quarter. Written Notices of the Board Meeting along with the agenda and working papers were circulated at least seven days before the meeting. The minutes of the meeting were appropriately recorded and circulated.

- Majority of Directors are exempt from training requirement and one Director Mr. Imran Zia has completed Director's Training Certification session in 2013.
- The board has approved appointment of CFO, Company Secretary and Head of Internal Auditor, including their remuneration and terms and conditions of employment, as determined by the CEO.
- 11. The Directors report for this year has been prepared in compliance with the requirements of the code and fully describes the salient matters required to be disclosed.
- The financial statements of the Company were duly endorsed by CEO and CFO before approval of the Board.
- 13. The Directors, CEO and Executives do not held any interest in the shares of the company other than that disclosed in the pattern of shareholding.
- 14. The Company has complied with all the corporate and financial reporting of the Code.
- 15. The Board has formed an audit Committee. It comprises of four members including the Chairperson of the Committee, of whom three are non-executive directors.
- 16. The meetings of the Audit Committee were held prior to approval of interim and final results of the company as required by the Code. The terms of reference of the Committee have been formed and advised to the committee for compliance.
- 17. The Board has formed an HR and Remuncration Committee. It comprises of three members including the Chairperson of the Committee, of whom one is non-executive directors.
- 18. The board has outsourced the internal audit function to M/s Muniff Ziauddin & Co, who is considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the company.
- 19. The statuary auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan, that they or any of the partner of the firm, their supouses and minor children do not hold shares of the Company and the firm and all its partners are in compliance with International Federation of Accountants (IFAC) Guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan.
- 20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 21. The 'closed period', prior to announcement of interim/final results, and business decisions, which may materially affect the market price of company's securities, was determined and intimated to directors, employees and stock exchanges.
- Material/price sensitive information has been disseminated among all market participants at once through stock exchanges.
- 23. We confirm that all other material principals contained in the code have been complied with.

Chief Executive

#### REVIEW REPORT TO THE MEMBERS

On the Statement of Compliance with Best Practices of the Code of Corporate Governance

We have reviewed the enclosed statement of compliance with the best practices contained in the Code of Corporate Governance ("the Code") prepared by the Board of Directors of Redco Textile Limited for the year ended June 30, 2014 to comply with the requirements of Listing Regulation No. 35 of the Karachi Stock Exchange Limited and Lahore Stock Exchange Limited where the company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the statement of compliance reflects the status of the company's compliance with the provisions of the Code of Corporate Governance and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the company's personnel and review of various documents prepared by the company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all the risks and controls or to form an opinion on the effectiveness of such internal controls, the company's corporate governance procedures and risks.

The Code requires the company to place before the audit committee and upon recommendation of audit committee, places before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of approval of related party transactions by the Board of Directors upon recommendation of the audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the statement of compliance does not appropriately reflect the company's compliance, in all material respects, with the best practices contained in the Code as applicable to the company for the year ended June 30, 2014.

#### AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed Balance Sheet of **Redco Textile** Limited as at June 30, 2014 and the related profit and loss account, statement of comprehensive income, cash flow statement, and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit.

It is the responsibility of the company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by the management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verifications, we report that;

- in our opinion, proper books of accounts have been kept by the company as required by the Companies Ordinance, 1984;
- (b) in our opinion;
  - the Balance Sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of accounts and are further in accordance with accounting policies consistently applied, except for change in accounting policies as stated in note 4.9 to the accompanying financial statements with which we concur;
  - (ii) the expenditure incurred during the year was for the purpose of the company's business; and
  - the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the company;
- (c) in our opinion and to the best of our information and according to the explanations given to us, the Balance Sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the company's affairs as at June 30, 2014 and of the profit, comprehensive income, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

CHIEF EXECUTIVE 21

The annexed notes from 1 to 40 form an integral part of these financial statements.

# REDCO TEXTILES LIMITED NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2014

#### 1 STATUS AND NATURE OF BUSINESS

Redco Textiles Limited is a Public Limited Company, incorporated in Pakistan on 17 October 1991. It was incorporated under the Companies Ordinance, 1984, and is listed on the Karachi and Lahore Stock Exchanges. Redco's principal activities include manufacture and sale of yarn and greige fabric. The registered office of the Company is situated at 78-E, Redco Arcade, Blue Area, Islamabad.

#### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the requirements of The Companies Ordinance, 1984 (the Ordinance) and the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standard Board and Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under The Companies Ordinance, 1984, provisions of and directives issued under The Companies Ordinance, 1984. Wherever the requirements of The Companies Ordinance, 1984 or directives issued by Securities and Exchange Commission of Pakistan differ with the requirements of IFRS or IFAS, the requirements of The Companies Ordinance, 1984 or the requirements of the said directives prevail.

#### 2.2 Functional and presentation currency

These financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

#### 2.3 Standards, interpretations and amendments to published approved accounting standards

#### 2.3.1 Standards, interpretations and amendments to published approved accounting standards that are effective in the current year

Following are the amendments that are applicable for accounting periods beginning on or after January 1, 2013:

- IAS 19, Employee Benefits'. With effect from 01 January 2013, the revised IAS 19 Employee Benefits' became effective. The revised IAS 19 requires actuarial gains and losses to be recognized immediately in other comprehensive income. Previously, actuarial gains and losses over and above the corridor limit were amortized over the expected average remaining working lives of employees as allowed under the relevant provision of previous IAS 19. Further, any past service cost is now recognized immediately in profit and loss account as soon as any change in benefit plan is made, previously only vested past service cost was recognized immediately in profit and loss account and non-vested cost was amortized to profit and loss account over the vesting period. The standard also replaces the interest cost on the defined benefit obligation and the expected return on plan assets with a net interest cost based on the net defined benefit assets or liability and the discount rate, measured at the beginning of the year. Refer note 4.9 for revised accounting policy.
- Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7). The amendments to IFRS 7 contain new disclosure requirements for financial assets and liabilities that are offset in the statement of financial position or subject to master netting agreement or similar arrangement. The amendment does not have any effect on the company.
- IFRIC 20 Stripping cost in the production phase of a surface mining. The interpretation requires production stripping cost in a surface mine to be capitalized if certain criteria are met. The amendments have no impact on financial statements of the Company.
- 2.3.2 Standards, interpretations and amendments to existing standards that are applicable to the company but are not yet effective:

The following amendments and interpretations to existing standards have been published and are mandatory for the company's accounting periods beginning on or after their respective effective dates:

Offsetting Financial Assets and Financial Liabilities (Amendments to IAS 32) - (effective for annual periods beginning on or after 1 January 2014). The amendments address inconsistencies in current practice when applying the offsetting criteria in IAS 32 Financial instruments: Presentation. The amendments clarify the meaning of 'currently has a legally enforceable right of set-off'; and that some gross settlement systems may be considered equivalent to net settlement.

- IAS 39 Financial Instruments: Recognition and Measurement. Novation of Derivatives and Continuation of Hedge Accounting (Amendments to IAS 39) (effective for annual periods beginning on or after 1 January 2014). The narrow scope amendments will allow hedge accounting to continue in a situation where a derivative, which has been designated as a hedging instrument, is novated to effect clearing with a central counterparty as a result of laws or regulation, if specific conditions are met (in this context, a novation indicates that parties to a contract agree to replace their original counterparty with a new one). The amendments have no impact on financial statements of the Company.
- IFRIC 21- Levies "an Interpretation on the accounting for levies imposed by governments" (effective for annual periods beginning on or after 1 January 2014). IFRIC 21 is an interpretation of IAS 37 Provisions, Contingent Liabilities and Contingent Assets. IAS 37 sets out criteria for the recognition of a liability, one of which is the requirement for the entity to have a present obligation as a result of a past event (known as an obligating event). The Interpretation clarifies that the obligating event that gives rise to a liability to pay a levy is the activity described in the relevant legislation that triggers the payment of the levy. The Interpretation has no impact on financial statements of the Company.
- Amendment to IAS 36 "Impairment of Assets" Recoverable Amount Disclosures for Non-Financial Assets (effective for annual periods beginning on or after 1 January 2014). These narrow-scope amendments to IAS 36 Impairment of Assets address the disclosure of information about the recoverable amount of impaired assets if that amount is based on fair value less costs of disposal. The amendments have no impact on financial statements of the Company.
- IAS 27 Separate Financial Statements (2011) (effective for annual periods beginning on or after 1 January 2015). IAS 27 (2011) supersedes IAS 27 (2008). Three new standards IFRS 10 Consolidated Financial Statements, IFRS 11- Joint Arrangements and IFRS 12- Disclosure of Interest in Other Entities dealing with IAS 27 would be applicable effective 1 January 2015. IAS 27 (2011) carries forward the existing accounting and disclosure requirements for separate financial statements, with some minor clarifications. The amendments have no impact on financial statements of the Company.
- IAS 28 Investments in Associates and Joint Ventures (2011) (effective for annual periods beginning on or after 1 January 2015).
  IAS 28 (2011) supersedes IAS 28 (2008). IAS 28 (2011) makes the amendments to apply IFRS 5 to an investment, or a portion of an investment, in an associate or a joint venture that meets the criteria to be classified as held for sale; and on cessation of significant influence or joint control, even if an investment in an associate becomes an investment in a joint venture. The amendments have no impact on financial statements of the Company.
- a IFRS 10, 'Consolidated Financial Statements', applicable from January 01, 2015, build on existing principles by identifying the concept of control as the determine factor in whether an entity should be included within the consolidated financial statements of the parent company. The standard provides additional guidance to assist in the determination of control where this is difficult to assess.
- IFRS 11, Joint Arrangements', applicable from January 01, 2015, is a more realistic reflection of joint arrangements by focusing on the rights and obligations of the arrangement rather than its legal form. There are two types of joint arrangement; joint operations and joint ventures. Joint operations arise where a joint operator has rights to the assets and obligations relating to the arrangement and hence accounts for its interest in assets, liabilities, revenue and expenses. Joint ventures arise where the joint operator has rights to the net assets of the arrangement and hence equity accounts for its interest. Proportional consolidation of joint ventures is no longer allowed.
- IFRS12, Disclosures of interests in other entities, applicable from January 01, 2015, this standard includes the disclosure requirements for all forms of interests in other entities, including joint arrangements, associates, special purpose vehicles and other off balance sheet vehicles.
- IFRS 13, 'Fair value measurement', applicable from January 01, 2015, this standard provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. The requirements do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards within IFRSs or US GAAP.
- 2.3.3 Annual Improvements 2010-2012 and 2011-2013 cycles (most amendments will apply prospectively for annual period beginning on or after 1 July 2014). The new cycle of improvements contain amendments to the following standards:
- u IFRS 2 'Share-based Payment', IFRS 2 has been amended to clarify the definition of 'vesting condition' by separately defining 'performance condition' and 'service condition'. The amendment also clarifies both how to distinguish between a market condition and a non-market performance condition and the basis on which a performance condition can be differentiated from a vesting condition.
- p IFRS 3 'Business Combinations'. These amendments clarify the classification and measurement of contingent consideration in a business combination. Further, IFRS 3 has also been amended to clarify that the standard does not apply to the accounting for the formation of all types of joint arrangements including joint operations in the financial statements of the joint arrangement themselves.

- IFRS 8 'Operating Segments' has been amended to explicitly require the disclosure of judgments made by management in applying the aggregation criteria. In addition this amendment clarifies that a reconciliation of the total of the reportable segment's assets to the entity assets is required only if this information is regularly provided to the entity's chief operating decision-maker. This change aligns the disclosure requirements with those for segment liabilities.
- Amendments to IAS 16 'Property, Plant and Equipment' and IAS 38 'Intangible Assets'. The amendments clarify the requirements of the revaluation model in IAS 16 and IAS 38, recognizing that the restatement of accumulated depreciation (amortization) is not always proportionate to the change in the gross carrying amount of the asset.
- IAS 24 'Related Party Disclosure'. The definition of related party is extended to include a management entity that provides key management personnel services to the reporting entity, either directly or through a group entity.
- IAS 40 'Investment Property'. IAS 40 has been amended to clarify that an entity should assess whether an acquired property is an investment property under IAS 40 and perform a separate assessment under IFRS 3 to determine whether the acquisition of the investment property constitutes a business combination.
- There are no other IFRSs or IFRIC interpretations that are not yet effective that would be expected to have a material impact on the company.
- 2.3.4 Standards, interpretations issued by the IASB that are applicable to the company but are not yet notified by the SECP:
- IFRS 9, 'Financial Instruments', addresses the classification, measurement and derecognition of financial assets and financial liabilities. The standard is not applicable until January 01, 2013 but is available for early adoption. This is the first part of a new standard on classification and measurement of financial assets and financial liabilities that will replace IAS 39, 'Financial Instruments' Recognition and measurement'. IFRS 9 has two measurement categories: amortized cost and fair value. All equity instruments are measured at fair value. A debt instrument is measured at amortized cost only if the entity is holding it to collect contractual cash flows and the cash flows represent principal and interest. For liabilities, the standard retains most of the IAS 39 requirements. These include amortized-cost accounting for most financial liabilities, with bifurcation of embedded derivatives. The main change is that, in cases where the fair value option is taken for financial liabilities, the part of a fair value change due to an entity's own credit risk is recorded in other comprehensive income rather than the income statement, unless this creates an accounting mismatch. This change will mainly affect financial institutions. There will be no impact on the company's accounting for financial liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at fair value through profit or loss, and the company does not have any such liabilities.
- 2.3.5 There are a number of other minor amendments and interpretations to other approved accounting standards that are not yet effective and are also not relevant to the Company and therefore have not been presented here.

#### 3 BASIS OF MEASUREMENT

These financial statements have been prepared under the historical cost convention on accrual basis except Cash flows and for revaluation of certain financial instruments at fair value and recognition of certain staff retirement benefits at present value.

The company's significant accounting policies are stated in note 4. Not all of these significant policies require the management to make difficult, subjective or complex judgments or estimates. The following is intended to provide an understanding of the policies which the management considers critical because of their complexity, judgment of estimation involved in their application and their impact on these financial statements. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. These judgments involve assumptions or estimates in respect of future events and the actual results may differ from these estimates. The areas involving higher degree of judgments or complexity or areas where assumptions and estimates are significant to the financial statements are as follows.

#### 3.1 Income Taxes

The Company takes into account relevant provisions of the current income tax laws while providing for current and deferred taxes as explained in notes of these financial statements.

#### 3.2 Property, Plant & Equipment

The Company reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on the depreciation charge and impairment loss.

#### 3.3 Stores, spares and loose tools

Management has made estimates for realizable amounts of slow moving and obsolete stores and spares items to determine provision for slow moving and obsolete items. Any future change in the estimated realizable amounts might affect the carrying amount of stores and spares with corresponding effect on amounts recognized in the profit & loss account as provision / reversal.

#### 3.4 Defined Benefits Plan

Certain actuarial assumptions have been adopted as disclosed in respective note of these financial statements for valuation of present value of defined benefit obligation. Any changes in these assumptions in future years might affect actuarial gains/losses recognized in those years with corresponding effect on carrying amount of defined benefit plan liability.

#### 4 SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented unless otherwise stated.

#### 4.1 Property, plant and equipment

Operating fixed assets are stated at cost or revalued amounts, as the case may be, less accumulated depreciation or impairment, if any and capital work in progress is stated at cost.

Depreciation is charged on the basis of written down value method whereby cost or revalued amount of an asset is written off over its useful life without taking into account any residual value. Depreciation on additions to fixed assets or deletion is charged on prorata basis for the period of use during the year.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income during the period in which they are incurred.

Amount equivalent to incremental depreciation charged on revalued assets is transferred from surplus on revaluation on of property, plant and equipment net of deferred taxation to retained earnings (unappropriated profit).

The assets' residual value and useful lives are reviewed and adjusted if significant at each balance sheet date.

Disposal of assets is recognized when significant risks and reward incidental to the ownership have been transferred to buyers. Gains and losses on disposal of operating fixed assets are taken to profit and loss account.

#### 4.2 Impairment losses

The company assesses at each balance sheet date whether there is any indication that assets excluding inventory may be impaired. If any such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying value exceeds the recoverable amount, assets are written down to the recoverable amount and the difference is charged to profit and loss account, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease.

#### 4.3 Long term investments

#### Investment available for sale

These are initially recognized at cost and at subsequent reporting dates measured at fair values. Gains or losses from changes in fair values are taken to equity until disposal at which time these are recycled to profit and loss account.

#### 4.4 Stores, spares and loose tools

Stores and spares are stated at lower of weighted average cost and estimated net realizable value. These have been valued using moving average cost except for those in transit which are valued at actual cost. Provision is made for slow moving and obsolete items.

#### 4.5 Stock in trade

Stock in trade, except stock in transit are valued at lower of cost and net realizable value except waste / rags which are valued at contract prices. Stocks of yarn / cloth purchased are valued at lower of weighted average cost and net realizable value. Cost is determined as follows:

- Raw materials Year:y moving average method except stock in transit.
- Work in process Average manufacturing cost including proportionate production overheads
- Finished goods Lower of cost and net realizable value.

Net realizable value represents estimated selling prices in the ordinary course of business less expenses incidental to make the sale.

Stock in transit is valued at cost comprising invoice value plus other charges thereon.

#### 4.6 Trade debtors

Trade debts are carried at original invoice amount being the fair value, less an estimate made for doubtful debts based on review of outstanding amounts at the year end, if any. Provision is made against those having no activity during the current financial year and is considered doubtful by the management. Balances considered bad and irrecoverable are written off when identified.

#### 4.7 Other receivables

Other receivables are recognized at nominal amount which is fair value of the consideration to be received in future.

#### 4.8 Cash and bank balances

Cash in hand and at banks are carried at nominal amounts.

#### 4.9 Staff retirement benefits

The Company operates contributory unfunded gratuity scheme for its officers and employees. Provision for gratuity is made on the basis of last drawn salary for each completed year of service. Minimum qualifying period for gratuity benefit is one year from the date of joining. Contributions made are based on actuarial recommendations. The most recent actuarial valuation was carried out at June 30, 2014 using the Projected Unit Credit method (note 19.1).

During the period, the company has adopted IAS 19, (Revised) 'Employee Benefits'. The amendments in the revised standard require the company to eliminate the corridor approach and recognize all actuarial gains and losses (now called 'remeasurements', that result from the remeasurement of defined benefits obligations and fair value of plan assets at the balance sheet date) in other comprehensive income as they occur, immediately recognize all past service costs and replace interest cost and expected return on plan assets with a net interest amount that is calculated by applying the discount rate to the net defined benefits (lability / asset.

This change in accounting policy has been accounted for retrospectively as required under International Accounting Standard - 8 'Accounting Policies, Changes in Accounting Estimates and Errors', and the comparative financial statements have been restated.

#### Effects of the change in the accounting policy have been summarized below:

	June 30,	June 30,
	2013	2012
Impact on Balance Sheet	Rupees	Rupees
Increase / (decrease) in staff retirement benefits	14,415,941	6,533,785
(Decrease) / increase in deferred taxation liability	4,901,421	2,221,488
Decrease in accumulated profits	9,514,520	4,312,297
Impact on profit and loss account		
Decrease in cost of sales	1,152,636	•
Increase in deferred tax expense	372,834	5
Impact on Other comprehensive income		
Decrease in other comprehensive income - net of tax	5,962,963	

#### 4.10 Taxation

#### Current

The Company accounts for current taxation on the basis of taxable income at the current rates of taxation after taking into account tax credits and rebates available, if any, in accordance with the provisions of the Income Tax Ordinance, 2001.

#### Deferred

Deferred tax is computed using the balance sheet liability method providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the liability is settled based on tax rates that have been enacted or subsequently enacted at the balance sheet date.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profit will be available and the credits can be utilized.

Further, the Company has recognized the deferred tax liability on surplus on revaluation of fixed assets which has been adjusted against the related surplus.

#### 4.11 Trade and other payables

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for the goods and services received, whether or not billed to the Company.

#### 4.12 Provisions

A provision is recognized in the balance sheet when the Company has a legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect current best estimate.

#### 4.13 Revenue recognition

Revenue comprises of the fair value of the consideration received or receivable from the sale of goods and services in the ordinary course of the Company's activities.

Revenue is recognized when it is probable that the economic benefits associated with the transactions will flow to the Company and the amount of revenue can be measured reliably. The revenue arising from different activities of the Company is recognized on the following basis:

Local sales are recognized on dispatch of goods to customers.

Scrap sales are recognized when delivery is made to customers.

Export sales are recognized on shipment basis and the revenue from export rebate is accounted for on accrual basis.

Interest income is recognized as revenue on time proportion basis.

#### 4.14 Borrowing cost

Borrowing cost on long term finances which are specifically obtained for the acquisition of qualifying assets are capitalized. All other borrowing costs are charged to profit and loss account in the period in which these are incurred.

#### 4.15 Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalent comprise cash in hand, cash at bank and short term investments with maturity of not later than three months at known amount in rupees.

#### 4.16 Related party transactions

Transactions involving related parties arising in the normal course of business are conducted at arm's length at normal commercial rates on the same terms and conditions as third party transactions using valuation modes as admissible.

#### 4.17 Dividend and apportioning to reserves

Dividend and appropriation to reserves are recognized in the financial statements in the period in which these are approved.

#### 4.18 Financial instruments

All the financial assets and financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument. The particular recognition methods adopted are disclosed in the individual policy statements associated with each item. Any gain or loss on derecognition of the financial assets and financial liabilities is included in profit and loss account.

#### 4.19 Offsetting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount is reported in the balance sheet if the Company has a legally enforceable right to set-off the recognized amounts and intends either to settle on a net basis or to realize the assets and settle the liability simultaneously.

#### 4.20 Foreign currency translation

Transactions in foreign currencies are converted into Pak rupees at the rates of exchange prevailing on the dates of transactions. Assets and liabilities in foreign currencies are translated into Pak rupees at the rates of exchange prevailing at the balance sheet date. Exchange gains and losses are included in the profit and loss account.

19 1 1	General description			

#### 19.1.1 General description

The scheme provides for termination benefits for all its permanent employees who attain the minimum qualifying period at varying percentages of last drawn gross salary. The percentage depends on the number of service years with the company. Annual charge is based on actuarial valuation carried out as at June 30, 2014, using Projected Unit Credit Method.

Saif Ur Rehman Khan	long term financing from directors and others - payment	8,384,049	3,500,667

33.2 There are no transactions with key management personnel other than under their terms of employment.

## 34 CORRESPONDING FIGURES

Comparative information has been rearranged and reclassified, wherever necessary, for the purpose of better presentation and comparison. Minor reclassifications were made in cash flow statement for better presentation and understanding. No significant reclassifications were made in these financial statements.

#### 35 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

The company has exposures to the following risks from its use of financial instruments.

- 35.1 Credit risk
- 35.2 Liquidity risk
- 15.3 Market risk

The board of directors has overall responsibility for the establishment and oversight of company's risk management framework. The board is also responsible for developing and monitoring the company's risk management policies.

#### 35.1 Credit risk

#### 35.1.1 Exposure to credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the trade debts, loans and advances, trade deposits and short term prepayments and cash and bank balances. Out of total financial assets of Rs. 174.930 millions (June 30, 2013 : 274.073 millions), financial assets which are subject to credit risk aggregate to Rs. 156.975 million (June 30, 2013 : Rs. 253.098 million). The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date is as follows.

	ALC: Y	
	Rupees	Rupees
Long term deposits	4,905,940	4,905,940
Trade debts	149,258,559	244,272,544

# 35.2 Liquidity risk

Not past due Past due 90 days - 1 year More than one year

Impairment

Equidity risk is the risk that the company will not be able to meet its financial obligations as they fall dire. The company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient Equidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damages to the company's reputation. The following are the contractual maturities of financial liabilities, including interest payments and excluding the impact of netting agreements.

35.2.1 The contractual cash flows relating to the above financial liabilities have been determined on the basis of mark up rates effective as at June 30. The rates of mark up have been disclosed in relevant notes to these financial statements.

#### 35.3 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities, and liquidity in the market. The company is exposed to currency risk and interest rate risk only.

#### 35.3.1 Currency risk

#### Exposure to currency risk

The company is exposed to currency risk on trade debts, borrowing and import of raw inaterial and stores that are denominated in a currency other than the respective functional currency of the company, primarily in US Dollar. The currencies in which these transactions primarily are denominated is US Dollar and Euro. The cumpany exposure to foreign currency risk is as follows.

Trade debts 2014 2,758 271,826
Trade debts 2013 128,119 12,637,521

The following significant exchange rates applied during the year.

	Average	Average rates		Reporting date rates	
Financial assets	2014	2013	2014	2013	
US Dollar to Rupee	98.58	98.10	98.55	98.60	

## Sensitivity analysis

5% strengthening of Pak Rupee against the following currencies at June 30, would have increased // (decreased) equity and profit and loss by the amount shown below. The analysis assumes that all other variables, in particular interest rates, remain constant. 5% weakening of Pak Rupee against the above currencies at periods ends would have had the equal but opposites effect on the above currencies to the amount shown below, on the basis that all other variables remain constant.

2014	2013
Rupees	Rupees
(13.591)	(631, 626)

# US Dollar 35.3.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate exposures arises from short and long term borrowings from bank and term deposits and deposits in PLS saving accounts with banks. At the balance sheet date the interest rate profile of the company's interest bearing financial instrument is as follows.

	2014 Rupees	2013 Rupees
Fixed rate instruments		
Financial assets		
Financial (liabilities		
Variable rate instruments		
Financial assets	96,268	25,188
Financial liabilities	68,887,384	85.550,541

#### Fair value sensitivity analysis for fixed rate instruments

The company does not account for any fixed rate financia; assets and liabilities at fair value through profit and loss. Therefore, a change in interest rates at the reporting date would not affect profit and loss account.

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased / (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for June 30, 2013.

Profit ar	nd lass	Equity	
100 BP Increase	100 BP decrease	100 BP increase	100 BP decrease
	Rup	ees	
688.874	(588,874)		3
855,505	(855,505)		

Cash flow sensitivity - variable rate instruments 2014 Cash flow sensitivity - variable rate instruments 2013

#### 35.4 Fair value of financial assets and liabilities

The carrying value of all financial instruments reflected in the financial statements approximate to their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

		2014	2013
35.5	Off balance sheet items	Rupees	Rupees
	Bank guarantees issued in ordinary course of business	17,233,000	17,233,000

35.6 The effective rate of interest / mark up for the monetary financial assets and (iabilities are mentioned in respective notes to the financial statements.

#### 36 CAPITAL RISK MANAGEMENT

The company's prime object when managing capital is to safeguard its ability to continue as a going concern in order to provide adequate returns for shareholder and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the company may adjust the amount of dividence paid to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the company monitors capital on the basis of the gearing ratio. The ratio is calculated as total borrowings divided by total capital employed. Borrowings represent long-term financing, long-term loan from directors and others and short-term borrowings. Total capital employed includes total equity as shown in the balance sheet plus borrowings.

		2014	2013
Borrowings	Rupees	756,267,728	732,259,795
Total equity	Rupees	1,180,655,326	1,141,993.473

## 37 PLANT CAPACITY AND PRODUCTION

It is difficult to describe precisely the production capacity in textile industry since it fluctuates widely depending on various factors such as count of yarn spun, raw material used, spindle speed and twist. It would also vary according to the pattern of production adopted in a particular year.

Spinning	2014	2013
Number of spindles installed	22,500	22,500
Installed capacity at 20's counts based on 1080 shifts - lbs.	15,156,000	15,156,000
Capacity utilized	77%	69%
Actual production of yarn lbs.	12,146.700	11,246,046
Actual production converted into 20's count - 15:	11,681,100	10,426,027
Number of shifts worked per day	3	3
Number of shifts worked	932	861
Weaving		
Number of tooms installed	96	95
Installed capacity at 60 picks - meters	11,520,000	11,520,000
Capacity utilized	78%	81%
Actual production of cloth - meters	9.627,896	9,848,693
Actual production of cloth converted at 60 picks at 100% efficiency - meters	8.988,091	9,303,094
Number of shifts per day	3	3
Number of shifts worked	917	896

38	NUMBER OF EMPLOYEES Total number of employees at the end of the year Average number of employees during the year	2014 782 871	2013 926 858
