### DIRECTORS'REPORT TO THE SHAREHOLDERS

The Directors of SARDAR CHEMICAL INDUSTRIES LIMITED are pleased to present their report along with financial statements (un-audited) of the Company for the third quarter ended on March 31, 2016.

#### RESULTS FOR THE QUARTER ARE SUMMERIZED AS UNDER:

	<u>2015</u>	2016
	(Rupees in the	ousands)
Sales-Net	49,408	50,353
Cost & Expenditures	47,945	49,552
Profit/(Loss) before Taxation	1,463	801
Profit/(Loss) after Taxation	994	537

There was increase of 1.91% increase as compared to the last quarter ended on 31-03-2015 in the net Sales of the Company but the profit before taxation decreased by 45.23%. This increase in net Sales is very nominal but decrease in profit before taxation was noted with deep concern by the Board of Directors of Company. Our dyes are mainly for export oriented industries of the country and the exports of the country in the field of Leather and Textile remained under pressure during this quarter due to unforeseen circumstances. The reduction in profit before taxation was happened due to fluctuation in prices of our raw materials internationally. The traders have also reduced business activities in the market. These elements increased the cost of production and due to this our products could not compete in the international market according to our expectations.

### **FUTURE PROSPECTS:**

The management of the Company is very much optimistic about the future of the Sales of the Company's products as the Government is seems very seriously working on energy crises which provide hope to the industrial sector of the country for better future.

The Company will continue to focus on quality products meeting with the international standards and remedial measure will be taken to put the company on the path of profitability with consistency in production and supply to our valued customers.

For and on behalf of the Board
